Toilet Replacement Program

Your big old toilet is costing you a fortune! A toilet can waste thousands of litres of water every year, and with it flushing your money down the drain. New six litre toilets with proven technology can do the same with less, saving up to 2/3 with every flush and save up to $100 per year in water and sewer charges.

The Residential Toilet Replacement Program is giving Airdrie citizens an opportunity to get a utility bill credit for replacing out toilets with a new water saving toilet. Applicants may be

eligible for a utility bill credit by putting in a water saving six litre or a three litre/six litre dual flush toilet. Rebates range from $50 - $100 per toilet. Water saving toilets can cost as little as $150

WHY SWITCH YOUR TOILET?

- Utility bill credit.
- Save money on water bills.
- Preserve the environment.
