1. Legal and Interpretation

This section of the Land Use Bylaw establishes the purpose of the Bylaw, its effective date, purpose, repeal of the previous bylaw and guidance on interpretation. This section also establishes the compliance requirements with other applicable legislation.

1.1 Title

This Bylaw may be referred to as the City of Airdrie Land Use Bylaw No. B-01/2016.
This Land Use Bylaw is referred to as the Bylaw in this text.

1.2 Application

The provisions of the Land Use Bylaw apply to all lands and buildings within the municipal boundaries of the City of Airdrie.

1.3 Purpose

- (1) The purpose of the Bylaw is to facilitate the orderly, economical and beneficial development and use of land and buildings within the City and for that purpose the Bylaw, among other things,
 - (a) Divides the City into land use districts;
 - (b) Prescribes and regulates for each land use district, the purpose for which the land and buildings may be used;
 - (c) Establishes the roles of the Development Authorities;
 - (d) Establishes the method of making decisions on applications for land use redesignations and Development Permits, including the issuing of Development Permits;
 - (e) Sets out the method of appealing any decision relative to this Bylaw; and
 - (f) Prescribes the procedures to notify landowners, residents, and citizens likely to be affected by the issuance of a Development Permit or Land Use Bylaw amendment.
- (2) This Bylaw is intended to be applied in a manner that serves to implement statutory plans that have been adopted by the City.
- (3) This Bylaw shall be used in conjunction with the policies and procedures as adopted and amended by Council from time to time.

1.4 Effective Date

This Bylaw comes into effect at such time as it has received third (3rd) reading and has been signed in accordance with the Act.

1.5 Repeal of Previous Land Use Bylaw

The City of Airdrie Land Use Bylaw No. B-09/2005 and amendments thereto are hereby repealed except as required under Applications in Progress (**Section 1.8**) or as otherwise outlined in this Bylaw. [Bylaw B-12/2017](#)

1.6 Compliance with Requirements and Legislation

A person applying for or in possession of a valid development permit is not relieved from the responsibility of complying with or carrying out development in accordance with:

- (1) The requirements of any other applicable Federal, Provincial and/or Municipal statute, regulation, bylaw, guideline, policy, procedure approval or permit including but not limited to the requirements of the Alberta Safety Codes Act, Alberta Building Code, Alberta Environmental Protection and Enhancement Act, Alberta Agricultural Operation Practices Act and any City Statutory Plan, and
- (2) The conditions of any caveat, covenant, easement, instrument or agreement affecting the land or building.

1.7 Severability

If any provision of this Bylaw is found by a court to be of no force or effect, it is the intention of the Council that such provision be severed from this Bylaw and that every other provision of this Bylaw continue in force and effect.

1.8 Applications in Progress

- (1) All established Land Use Districts shall be transitioned to the closest equivalent district under this Bylaw, as provided by **Map 1** (Land Use Map)
- (2) All Land Use Bylaw Amendment applications in progress prior to the effective date of this Bylaw shall be transitioned to the closest equivalent district and brought forward as proposed amendments to this Bylaw. In the case of an application for a text amendment to the Land Use Bylaw, the application shall be transitioned in the closest and most complete form, having regard for the purpose and intent of the amendment, and brought forward as a proposed amendment to this Bylaw.
- (3) All Subdivision and Development Permit applications received in a complete form prior to the effective date of this Bylaw, including any applications under appeal, shall be processed and considered based on the regulations in effect under Bylaw No. B-09/2005. An applicant may, prior to a decision being made on the application, provide the City with a duly signed amended application requesting that said Amendment, Subdivision or Development Permit application be processed and considered based on the regulations of this Bylaw.
- (4) All Land Use Bylaw Amendment, Subdivision or Development Permit applications, including revisions to any previous applications or decisions, which are received and deemed complete on or after the effective date of this Bylaw shall be processed and considered based on the regulations of this Bylaw.
- (5) An application for Development Permit made under an approved Master Site Plan which is received and deemed complete on or after the effective date of this Bylaw shall be processed and considered based on the regulations of this Bylaw.
- (6) Any development previously exempt from requiring a Development Permit but which would require a Development Permit under this Bylaw shall remain exempt from requiring a Development Permit only where:
 - (a) Evidence is provided to the satisfaction of the Development Authority to show that work was commenced prior to the adoption of this Bylaw, and;
 - (b) All work is completed with reasonable dispatch for a period not longer than one year from the date of the adoption of this Bylaw.
- (7) Any development within a subdivision that was processed and considered based on the regulations in effect under Bylaw No. B-09/2005, and which does not require a Development Permit, shall be processed and considered based on the regulations in effect under Bylaw No. B-09/2005.
- (8) Any application for a subdivision or development for which an approval had been granted, but which has expired or lapsed, shall be considered based on the regulations of this Bylaw.

1.9 Non-Conforming Buildings and Uses

- (1) Non-conforming buildings and uses shall be administered as outlined in the Municipal Government Act.
- (2) In accordance with Section 643(5)(c) of the Act, the Development Authority may issue a variance permitting a non-conforming building to be enlarged, added to, rebuilt or structurally altered where:
 - (a) The proposed development is consistent with the purpose and intent of the applicable land use district;
 - (b) The proposed development will not result in any additional non-compliance with the requirements of the District or other sections of this Bylaw;
 - (c) There is no significant change to the land use or an increase in the intensity of the use, in the opinion of the Development Authority, and;
 - (d) The proposed development meets the requirements of Section 640(6) of the Act.

1.10 Fees

The Council may from time to time, by bylaw, establish and charge fees in respect of any matter related to the administration or enforcement of this Bylaw.

1.11 Bylaw Interpretation

- (1) Words and terms used in this Bylaw shall have the same meaning and definition as those in the Municipal Government Act unless otherwise specifically defined in this Section. Where words and terms are not defined in the Municipal Government Act or this Section, the Interpretation Act, R.S.A. 2000 Chapter I-8, then the Oxford Dictionary, shall apply.
- (2) The preambles and headings provided for sections, paragraphs and sub-sections in this Bylaw are for convenience and reference only; they do not form part of this Bylaw and will not be used in the interpretation of this Bylaw.
- (3) This Bylaw is written in metric measurement.

1.12 Rules of Interpretation

Provisions of this Bylaw shall be interpreted and applied as follows:

- (1) The word 'SHALL' means the provision is mandatory and therefore must be complied with, without discretion;
- (2) The word 'MUST' has the same meaning as "shall" unless otherwise determined by the Development Authority, as the context may require;
- (3) The word 'SHOULD' is a directive term that provides direction to strive to achieve the outlined action, but is not mandatory. When the regulation is directed to the Developer, the onus is on the applicant to justify why the desired action/result is not proposed and/or will not be achieved;
- (4) The word 'MAY' is a discretionary term, providing notification that the regulation in question can be enforced if the City chooses to do so, and is usually dependent on the particular circumstance;
- (5) The word 'EXEMPT' means absolved or waived from a specific requirement or provision of this Bylaw;
- (6) The word 'PERSON' includes an individual, partnership, association, corporation, firm, trustee, executor, administrator and legal representative of a person;
- (7) The word "LOT" also includes the words "parcel" and "plot";
- (8) Words used in the present tense shall also mean the future tense;
- (9) Words used in the singular may also mean the plural where necessary in the given context;
- (10) Words used in the masculine gender shall also mean the feminine gender and the neutral;
- (11) The words "district standard" shall be interpreted to mean the minimum requirements applicable (such as lot width, area, etc.) for a land use district where no other more specific requirements or exemptions apply.
- (12) The words "use", "used", "uses", "occupy", "occupied" or "occupies", applied to any land or building shall include anything done to or arranged, designed or intended for said land or building;
- (13) Where a dimension or standard is provided in both metric and imperial units, the metric standard shall prevail;
- (14) Where a regulation involves two (2) or more conditions, provisions or events connected by a conjunction, the following shall apply:
 - (a) "and" means all the connected items shall apply in combination;
 - (b) "and/or" indicates that the connected items may apply singly or in combination; and
 - (c) "or" indicates the items shall apply singly but not in combination.
- (15) In the case of a conflict between a number written in numerals and a number written in letters, the number written in numerals shall govern;
- (16) In the case of any conflict between the text of this Bylaw and any maps or drawings used to illustrate any aspect of this Bylaw, the text shall govern.
- (17) References to specific road classifications (i.e. Collector, Arterial, etc.) in this Bylaw shall have the same meaning as nearest classification, as determined by the Development Authority, is provided in the Engineering Specifications used by the City of Airdrie, as may be amended from time to time.
- (18) For ease of reference, variations in the wording order of any given definition in this Bylaw shall not affect the meaning prescribed to such definition. For example:
 - (a) "Dwelling, Single Detached" shall also mean "Single Detached Dwelling" and vice versa;
 - (b) "Home Business, General" shall also mean "General Home Business" and vice versa.
- (19) Except where term "Permitted Use" is explicitly used, the word "permitted", shall in no way be interpreted as implying a Permitted Use, but rather to convey that an activity may be allowed if authorized and if in accordance with the Bylaw.

Bylaw B-34/2023

1.13 Definitions

- (1) In the list of definitions provided below, definitions which are shown with a shaded (blue) background are land uses, while other definitions and general terms are left with a white/blank background.
- (2) Use Definitions: If, in the opinion of the Development Authority, a particular use does not conform to any of the following definitions; or if a particular use appears to conform to two or more definitions, the particular use may be deemed to conform to the definition which, in the opinion of the Development Authority is most appropriate.
- (3) The Development Authority may approve ancillary uses which serve the needs of the principal use where not specifically excluded by the land use definition deemed most appropriate by the Development Authority.
- (4) Where examples and typical uses are included, they are meant to offer examples as a way of explaining the use category and are not meant to limit the scope of the definition in any way.
- (5) In this Bylaw, unless the context otherwise requires:

A
Abutting means: Immediately contiguous to or physically touching, and when used with respect to a lot or site means that the lot or site physically touches upon another lot, site or piece of land, and shares a property line or boundary with it.
Accessory Building means: A building or structure that is subordinate or incidental to the principal building, and located on the same site as the principal building or use. Typical uses include garages, sheds, and other incidental storage supporting the principal building or use on the site. Where a structure is attached to a principal building on a site by a roof, an enclosed structure, a floor or foundation, or any structure below grade allowing access between the building and the structure, it is considered part of the principal building.
Accessory Suite means: A secondary dwelling unit, which may include any of the following: <ol style="list-style-type: none">(a) Dwelling, Garage Suite(b) Dwelling, Garden Suite(c) Dwelling, Secondary Suite
Accessory Use means: The use of land or buildings which is secondary to the principal use of the same parcel, building, site or dwelling unit, but may not necessarily be subordinate to or form part of the expected service or function of the principal use.
Act or MGA: Refers to the <i>Municipal Government Act</i> , R.S.A. 2000, Chapter M-26 and regulations passed thereunder, as amended or replaced from time to time.
Adjacent: Refers to those lands or portions of land that are next to the parcel of land that is typically in reference to a Development Permit or subdivision application and includes lands that would be next to the parcel if not for an easement, right of way or natural feature (e.g. public thoroughfare, stream, pipeline, public utility lot, power line, railway).

Agriculture means:

An agricultural activity conducted for the gain or reward or in the hope or expectation of gain or reward, and includes but is not limited to:

- (a) The cultivation of land;
- (b) The raising of poultry and livestock, including game-production animals within the meaning of the *Livestock Industry Diversification Act*;
- (c) The raising of fur-bearing animals, birds or fish;
- (d) The production of agricultural field crops;
- (e) The production of fruit, vegetables, sod, trees, shrubs or other commercial crops;
- (f) The production of eggs, honey and milk;
- (g) The operation of agricultural machinery and equipment, including irrigation pumps; and
- (h) The application of fertilizers, pesticides, fungicides and herbicides for agricultural purposes.

Agricultural Operation, Limited means:

Agricultural activities, including the cultivation or keeping of plants, horses, and small-scale livestock operations on parcels not exceeding 4.0 ha. This use category includes hobby farms, riding arenas, kennels and small farms, but does not include a Cannabis Facility or Cannabis Retail use.

[Bylaw B-27/2018](#)

Agricultural Operation, General means:

Agricultural activities, including the cultivation or keeping of plants and livestock. Uses would include keeping of livestock and commercial riding arenas, but would not include uses with specific siting considerations, or land and water requirements deemed to be intensive by the Development Authority. This use does not include a confined feeding operation as defined in the *Alberta Agricultural Operations Practices Act*, an Animal Service use, or a Cannabis Facility or Cannabis Retail use.

[Bylaw B-27/2018](#)

Agricultural Operation, Major means:

Agricultural activities, including the cultivation or keeping of plants and livestock where the intensity of agriculture operations would have significant land or water demands, and may include off-site impacts that would require mitigation through development. Typical uses might include tree farms, commercial greenhouses and crop production, equestrian centres and health care facilities for farm animals. This use does not include a confined feeding operation as defined in the *Alberta Agricultural Operations Practices Act*, an Animal Service use, or a Cannabis Facility or Cannabis Retail use.

[Bylaw B-27/2018](#)

Air Supported/Fabric/Metal Covered Structure means:

An accessory building where the outer shell is supported by artificially produced and constantly maintained air pressure above local atmospheric level or the outer shell is made of artificial fabric or metal spanned across rigid trusses. This land use is excluded from all Residential and Mixed Use Districts.

Airport Operations means:

An area of land used either in whole or in part for the arrival and departure or servicing of aircraft, and any building, installation, or equipment used in connection with the operation of the airport.

This includes facilities with direct access to the airport airside and which provide supportive services for the airport, including but not limited to: The Airport Terminal Building and associated infrastructure, regularly scheduled and charter airlines, cargo operators, hangars, aircraft manufacturing, flying clubs, air ambulance, aircraft service and maintenance, couriers, aircraft fuel operators, fuel storage, maintenance structures, equipment storage sheds, and air traffic control towers.

This does not include other commercial and industrial services which are complimentary to the airport but are not primarily supporting the operation of the airport, do not have airside access, and may or may not have an aviation focus.

Amenity Area means:

Space provided for active or passive recreation and enjoyment of the occupants of a residential development, or for the public when provided with a non-residential use. Amenity area may be for private or shared use, subject to the regulations of this Bylaw.

<p>Ancillary Use means: A minor or incidental use that is exclusively devoted to, and forms part of, the expected service or function of the principal use.</p>
<p>Animal Service, Limited means: A development where animals normally considered as domestic animals are washed, groomed, and/or trained, but the animals may not be boarded and the development must not have any outside enclosures, pens, runs or exercise areas. Typical uses include veterinary clinics and the retail sales of associated products.</p>
<p>Animal Service, General means: A development for which the principal use is the treatment, day-care, or training of domestic animals in an indoor facility, and may include accessory outside enclosures, pens, runs or exercise areas, and the supplementary sale of associated products. Animals may not be boarded, except for the purposes of providing health care. Typical uses include veterinary hospitals, animal day-care facilities, and animal shelters. Bylaw B-55/2021</p>
<p>Animal Service, Major means: A development for which the principal use is the boarding, kenneling, or impoundment of domestic animals in a facility that includes outdoor enclosures, pens, runs and/or exercise areas and may include the supplementary sale of associated products. Typical uses include boarding and breeding kennels.</p>
<p>Applicant means: A person who is lawfully entitled to make, and makes, an application for any document, approval or other thing that may be issued, made or done under the authority of this Bylaw.</p>
<p>Approving Authority means: Development Authority for development matters and Subdivision Authority for subdivision matters. Bylaw B-04/2024</p>
<p>Area Redevelopment Plan (ARP) means: A statutory plan prepared pursuant to Section 634 of the <i>Municipal Government Act</i> that addresses the redevelopment or rehabilitation of an established area.</p>
<p>Area Structure Plan means: A statutory plan prepared pursuant to Section 633 of the <i>Municipal Government Act</i> for the purpose of providing a framework for subsequent subdivision and development of an area of land. This includes:</p> <ul style="list-style-type: none"> (a) Community Area Structure Plans (CASP) which encompass a large area such as a section of land; (b) Neighbourhood Structure Plans (NSP) which usually cover a quarter-section of land (±160 acres) and are more detailed than CASPs.
<p>Artificial Landscaping means: The provision of landscaping elements which are artificial or synthetic.</p>
<p>Artificial Turf means: Synthetic sod or grass used for the purposes of providing landscaping for a site.</p>
<p>Artist Studio means: A development for which the principal use is the creation of works of art or instruction in art, and may include sales of works of art as an ancillary use.</p>
<p>Auctioning Service means: A development intended for the auctioning of goods and equipment, including the temporary storage of such goods and equipment. This use does not include farmers markets or second-hand retail stores.</p>
<p>Awning means: A cloth-like or lightweight metal shelter projecting from and supported entirely by the exterior wall of a building;</p>

B
<p>Back of Curb means: The edge of the curb that is closest to the property line.</p>
<p>Balcony means: An unenclosed horizontal structure adjoining a building above the first storey floor level and intended for use as a private outdoor amenity space.</p>
<p>Basement means: A portion of a building that is located wholly or partially below grade.</p>
<p>Bay means:</p> <ul style="list-style-type: none"> (a) A self-contained unit or part of a building which can be sold or leased for individual occupancy, or (b) A portion of a building used for a specific function, such as vehicle loading or service.
<p>Bed and Breakfast means: The use of a dwelling where temporary accommodation is provided to the public for remuneration, for up to 14 days with four (4) or fewer guest rooms, with the intent to provide guest services such as meals.</p>
<p>Buffer means: Trees, shrubs, earth berming, open space, fencing or a combination thereof to provide visual screening, sound attenuation and/or separation between sites and districts.</p>
<p>Building means: Anything constructed or placed on, in, over or under land, but does not include a highway or road or a bridge that forms part of a highway or road.</p>
<p>Building Footprint means: The land area covered by buildings at the foundation, but does not include eaves.</p>
<p>Building Mass means: The three dimensional bulk of a building including the height, width and depth.</p>
<p>Business Support Service means: Development used to provide support services to businesses. These services are characterised by one or more of the following features: the use of mechanical equipment for printing, duplicating, binding or photographic processing, the provision of office maintenance or custodial services, the provision of office security, or the sale, rental, repair or servicing of office equipment, furniture and machines. Typical uses include printing and graphics establishments, janitorial firms and ancillary business-related equipment sales and repair facilities.</p>
C
<p>Campground means: Development of land for public or private use, which has been planned and improved for the use of holiday trailers, recreational vehicles, motor homes, tents or campers and other similar recreational vehicles used for temporary overnight accommodation. A Campground may include related Accessory Buildings, including but not limited to administrative offices, eating and cooking shelters, laundry facilities, fire pits, storage, lighting, and water supply and servicing facilities. A Campground is not to be used as year round storage or accommodation for residential use, and the length of stay is not intended to extend beyond a maximum of 180 consecutive or total days.</p>
<p>Cannabis Retail means: A development for which the use is the retail sale of cannabis to the public, as authorized by a license issued by the Province of Alberta and regulated by the Alberta Gaming, Liquor & Cannabis Commission (AGLC). This includes the retail sale of other goods and merchandise deemed ancillary by the Development Authority.</p>

[Bylaw B-27/2018](#)
[Bylaw B-07/2019](#)

<p>Cannabis Facility, Limited means: A development allowing the use of land, buildings or structures for the purpose of cultivation, processing, packaging, testing, destroying, storing and/or shipping of cannabis and associated products as authorized by a license or registration issued by the Federal Government, and where the surface area of cannabis plants does not exceed 200m².</p>	Bylaw B-62/2021
<p>Cannabis Facility, General means: A development allowing the use of land, buildings or structures for the purpose of cultivation, processing, packaging, testing, destroying, storing and/or shipping of cannabis and associated products as authorized by a license or registration issued by the Federal Government.</p>	Bylaw B-27/2018 Bylaw B-62/2021
<p>Canopy means: A structure extending from the outside wall of a building normally used for the purpose of shielding a part of the building from the sun.</p>	
<p>Cantilever means: A structural portion of a building floor, excluding eaves and roof projections, bay windows and fireplace chases, which extends beyond the foundation wall and is not structurally supported from below.</p>	
<p>Carport means: A structure designed for the storage of vehicles, usually attached to the principal building and at least partially unenclosed. A Carport may be treated as an Accessory Building or considered to be an extension of the Principal Building as the context may require.</p>	Bylaw B-26/2023
<p>Cemetery means: Development of a parcel of land primarily as a landscaped open space for the entombment of the deceased, and may include accessory developments including cineraria, columbaria, and mausoleums. Typical uses include memorial parks, burial grounds and gardens of remembrance.</p>	
<p>Change of Use Permit means: A Development Permit required for a change in use of a building or portion of a building.</p>	
<p>Chattel means: A moveable item of personal property.</p>	
<p>Child Care, Commercial means: Deleted</p>	Bylaw B-31/2023
<p>Child Care, Limited means: An accessory use that may or may not be licensed by the Province of Alberta to provide personal care, maintenance, supervision or education, for up to six (6) children under the age of 12 years. This includes neighbourhood daycare centres, kindergartens, and nursery schools.</p>	Bylaw B-31/2023
<p>Child Care, General means: A development licensed by the Province of Alberta to provide personal care, maintenance, supervision, or education, for more than six (6) children under the age of 12 years. This includes licensed facilities within residential buildings as well as commercial community daycare centres and kindergartens but does not include an institution operated by or under the authority of the Director of Child Welfare.</p>	Bylaw B-31/2023
<p>Child Care, Residential means: Deleted</p>	Bylaw B-31/2023
<p>Child Care, Major means: An institutional building licensed by the Province of Alberta and operated under the authority of the Director of Child Welfare to provide personal care, maintenance, supervision or education for children under the age of 12 years; or any Child Care facility licensed by the Province of Alberta to provide personal care, maintenance, supervision or education, for children in an institutional format similar to a school.</p>	Bylaw B-31/2023

<p>City means: The Corporation of the City of Airdrie, or the area contained within the boundaries of the City of Airdrie, in the Province of Alberta.</p>
<p>Clearance means: The shortest vertical distance between the underside of an object and grade.</p>
<p>Commercial Outdoor Patio means: A temporary or permanent outdoor area, attached to and forming part of a restaurant, café, bar, microbrewery, or other business for the purpose of outdoor seating and extending the functional space of the principal use. Bylaw B-18/2022</p>
<p>Commercial Riding Arena means: A commercial business which may be used by clients other than the owners or occupants of the site on which the building is located for the training and exercising of horses, but is not used for horse shows, rodeos or similar events to which there is a fee to participate in or to use the facilities.</p>
<p>Commercial School means: A development used for the training and instruction in a specific trade, skill or service for the financial gain of the individual or company owning and/or operating the school. Typical uses include small-scale adult education facilities as well as specialized schools providing training in business, dance, music, administration, and personal service.</p>
<p>Community Garden means: A site or part of a site that does not contain a residence on which vegetables or fruits (but not cereal grains or animals of any kind) are cultivated for consumption or distribution on a not-for-profit basis. Community gardens may include the provision for the keeping of bees.</p>
<p>Community Service Facility means: A development used by the public or public groups for social, cultural or community activities. Typical uses are large, destination facilities and include multi-purpose recreation facilities, private clubs, YMCA/YWCA, tourist information/interpretive centres, museums, and libraries.</p>
<p>Compatibility means: The characteristics of different uses or activities or designs which, in the opinion of the Development Authority, allow them to be located near or adjacent to each other in harmony. Some elements affecting compatibility include: height; scale; mass and bulk of buildings, signs, and other structures. Other characteristics include volumes of pedestrian and vehicular traffic, circulation, access and parking impacts. Other important characteristics that affect compatibility are: landscaping, lighting, noise, odor and architecture. Compatibility does not mean “same as”. Rather, compatibility refers to the sensitivity of development proposals in maintaining the character of existing developments.</p>
<p>Condominium means: The individual ownership of a unit in a multi-unit structure as defined in the <i>Condominium Property Act</i>, R.S.A. 2000, Chapter C-22, as amended or replaced from time to time.</p>
<p>Container, Shipping Container or Sea Can means: An accessory sealed unit used for the land and sea transport of goods and materials, which may also be used for storage.</p>
<p>Council means: The elected Council of the City of Airdrie.</p>
<p>Corner Visibility Triangle means: A triangular area on a corner parcel located 1.05m above the road surface and formed by the two curb lines and a straight line which intersects them 7.5m in each direction from the corner where they meet. Bylaw B-12/2017</p>

<p>Cul-de-sac means: A street or passage that is closed at one end.</p>	Bylaw B-30/2024
<p>Curb Cut means: The lowering of a curb, sidewalk or boulevard to provide vehicular access to a parcel or lot.</p>	
D	
<p>Dangerous or Hazardous Goods means: A product, substance or organism listed in the <i>Dangerous Goods Transportation and Handling Act</i> and by the Major Industrial Accidents Council of Canada (MIACC), as amended.</p>	
<p>Data Centre means: The industrial use of a building, dedicated space within a building, or a group of buildings to house computer systems and associated components, such as telecommunications and storage systems. It generally includes backup components and infrastructure for power supply, data communication connections, environmental controls (e.g. air conditioning, fire suppression) and various security devices.</p>	Bylaw B-13/2021
<p>Day Care means: See “Child Care”</p>	
<p>Deck means: An uncovered horizontal structure with a surface height greater than 0.60 metres above grade at any point that is intended for use as an outdoor amenity space. Any stairs or landing connected to the deck that gives access from the structure to a yard or building is considered part of the deck for the regulations of this Bylaw. For similar structures equal to or less than 0.60m above grade, see “Patio”</p>	
<p>Density means: The number of Dwelling Units on a parcel, lot, or development site expressed in units per hectare. Methods for calculating density for the purposes of determining compliance with this Bylaw are provided in Section 7.3</p>	
<p>Derelict means: In a very poor condition or non-functioning as a result of disuse and neglect.</p>	
<p>Development means:</p> <ul style="list-style-type: none"> (a) An excavation or stockpile and the creation of either of them; (b) A building or an addition to, or replacement or repair of a building and the construction or placing in, on, over or under land of any of them. (c) A change of use of land or a building or an act done in relation to land or a building that results in or is likely to result in a change in the use of the land or building, or; (d) A change in the intensity of use of land or a building or an act done in relation to land or building that results in or is likely to result in a change in the intensity of use of the land or building; 	
<p>Development Agreement means: An agreement between a developer or a property owner and the City that defines the terms and conditions under which a development must be carried out in accordance with the <i>Municipal Government Act</i>, as amended from time to time.</p>	
<p>Development Authority means: A Development Authority established pursuant to the Act, as amended, and in accordance with the provisions of this Bylaw. Development Authority includes the following in accordance with the powers and authority set out in this Bylaw:</p> <ul style="list-style-type: none"> (a) A Development Officer (b) The Municipal Planning Commission (c) Airdrie City Council 	

<p>Development Completion Certificate means: A document or certificate issued by the Development Officer confirming that the requirements and conditions of a Development Permit have been met.</p>
<p>Development Officer means: The Chief Administrative Officer or his delegate(s) who is responsible for carrying out the duties listed in this Bylaw and the Subdivision and Development Authority Bylaw;</p>
<p>Development Permit means: A document authorizing the commencement of a development pursuant to the provisions of this Bylaw.</p>
<p>Development Site Servicing Plan (DSSP) means: A plan or collection of plans which outline the details of any changes to grading, servicing, stormwater management or other City infrastructure associated with a proposed development. A DSSP is reviewed to ensure that the grading and servicing of a site is designed and installed to meet the requirements of all applicable codes and design standards.</p>
<p>Discontinued means: The point in time when substantive construction activity or use of a building or land ceases.</p>
<p>Discretionary Use means: A use of a site or a building for which a Development Authority may in its discretion issue a Development Permit to an applicant, if the application meets the purpose and intent of the land use district, the provisions of this Bylaw and makes good planning sense with regard to Compatibility.</p>
<p>Display means: An activity associated with furthering or contributing to the growth and prosperity of a business enterprise and located in areas such as shopping malls, private buildings, yards and parking areas.</p>
<p>Domestic Animal means: An animal, such as a dog, cat, bird, rodent (including a rabbit), fish, or turtle, that is commonly kept in the home for pleasure rather than for commercial purposes.</p>
<p>Double-Fronting site means: A site on which a front yard setback is required onto more than one road, but also includes a site which abuts two public roads, except lanes, which are parallel or nearly parallel where abutting the site.</p>
<p>Drive-Through means: A land use which is accessory to the principal use which offers goods and/or services to a person in a parked or stationary vehicle by way of a service window or structure, and may include but is not limited to an automated banking machine with vehicle access or a fast food drive-through business and coffee-services.</p>
<p>Driveway means: That portion of a lot used to provide access from a street or lane to a parking space or spaces and which has been graded, constructed and maintained with concrete, asphalt or other hard surface and dustless materials at the discretion of the Development Authority. This does not include a parking pad.</p>
<p>Dwelling or Dwelling Unit means: A building or portion of a building consisting of one (1) or more rooms operated or intended to be operated as a residence for a household, containing cooking, sleeping and sanitary facilities only for that unit. Part or all of the dwelling may be constructed through prefabrication or modular assembly.</p>

Dwelling, Back-to-Back Townhouse means:

A building containing six (6) or more dwelling units as its principal uses, separated from each other by two or more party walls from foundation to roof, which must include a rear wall constructed as a party wall. Each dwelling unit must have its own separate entrance. This includes:

- (a) Freehold townhouses (back-to-back) developed on fee simple lots where each individual unit is located on its' own lot (i.e., one dwelling unit per lot) and where the lots are created by a plan of subdivision or;
- (b) Condominium townhouses (back-to-back) that are or will be established as separate units within a condominium plan or strata space plan and may include shared common areas of the overall development site, facilities, and/or landscaping.

[Bylaw B-61/2021](#)

Dwelling, Duplex means:

A building containing only two (2) dwellings, with one dwelling placed over the other in whole or in part where each dwelling has its own separate entrance. This type of development is designed and constructed as two dwellings at the time of initial construction of the building. This use does not include Secondary Suites.

Dwelling, Garage Suite means:

A secondary dwelling unit that is located above a detached garage or attached to the side or rear of a detached Garage at grade. A Garage Suite is accessory to a Dwelling, Single Detached, has an entrance separate from the vehicle entrance to the Garage, and contains living, cooking, sleeping, and sanitation facilities which are separate from those of the principal dwelling located on the site. This Land Use does not include a Dwelling, Secondary Suite or a Dwelling, Garden Suite. This land use may also be referred to in this Bylaw as "Garage Suite."

Dwelling, Garden Suite means:

A single-storey secondary dwelling unit that is located in a building separate from a Dwelling, Single Detached on the same site. A Garden Suite contains living, cooking, sleeping, and sanitation facilities which are separate from those of the principal dwelling located on the site. This Land Use does not include a Dwelling, Secondary Suite or a Dwelling, Garage Suite. This land use may also be referred to in this Bylaw as "Garden Suite."

Dwelling, Live-Work Unit means:

A business operated from a dwelling by the principal resident of the dwelling where the business is located on the ground floor and faces the road, and the associated dwelling unit does not contain a home business.

Dwelling, Secondary Suite means:

A secondary dwelling unit that is located within and accessory to a Dwelling, Single Detached or Dwelling, Semi-Detached. A Secondary Suite has an entrance separate from the entrance for the principal dwelling and contains living, cooking, sleeping, and sanitation facilities which are separate from those of the principal dwelling located on the site. This Land Use does not include a Dwelling, Garage Suite or a Dwelling, Garden Suite. This land use may also be referred to in this Bylaw as "Secondary Suite."

[Bylaw B-30/2024](#)

Dwelling, Semi-Detached means:

A building comprising two (2) dwelling units joined side by side with a common wall and each dwelling unit having at least one separate entrance.

Dwelling, Single Detached means:

A building containing one (1) dwelling.

Dwelling, Townhouse means:

A building containing three (3) or more units as its principal use, each with a direct access from the finished grade. Each dwelling is separate from the adjoining dwelling by a vertical party wall. This includes:

- (a) Freehold townhouses developed on fee simple lots where each individual unit is located on its' own lot (i.e., one dwelling unit per lot) and where the lots are created by a plan of subdivision or;
- (b) Condominium townhouses that are or will be established as separate units within a condominium plan or strata space plan and may include shared common areas of the overall development site, facilities, and/or landscaping.

[Bylaw B-11/2021](#)

E

<p>Easement means: A legal right of use over another person's property which provides the easement holder with specific rights with respect to access or use of that property.</p>
<p>Eave line means: The horizontal line on a building that marks the extreme edge of the overhang of a roof and where there is no overhang, the eave line shall be the horizontal line at the intersection of the wall and roof.</p>
<p>Educational Institution, Private means: A development for which the principal use is to provide academic and technical instruction which does not meet the definition of school as per the reserve land provisions of the <i>Municipal Government Act</i> and which may or may not offer courses of study equivalent to those offered on a public school. This use may also include ancillary uses such as school cafeterias and eating establishments, book stores, retail sales related to the educational function, recreation facilities and day care facilities. This use does not include Commercial Schools or a Home Business.</p>
<p>Educational Institution, Public means: A development for which the principal use is to provide academic and technical instruction grades K to 12 as defined by Provincial legislation, which may be located on reserve land as per the <i>Municipal Government Act</i>. This use may also include ancillary uses such as administration offices, school cafeterias and eating establishments, book stores, and retail sales related to the educational function, recreation facilities and day care facilities.</p>
<p>Educational Institution, Major means: A development for which the principal use is to provide education, training or instruction for post-secondary students and may include community colleges, technical and vocational schools and universities. This use may include dormitories, and ancillary uses such as administration offices, cafeterias, eating and drinking establishments, book stores, and retail sales related to the educational function, recreation facilities and day care facilities. This use definition does not include Commercial schools.</p>
<p>Enclosed means: A space or structure that is surrounded by two or more walls, and a roof, beam structure, or other means of enclosure, which is 1.2m in height or greater as measured from grade.</p>
<p>Entertainment, Adult means: Any premise or parts thereof in which products or services are provided which are of a sexual intent and shows or displays nudity with an erotic or sexually explicit intent. These uses include:</p> <ul style="list-style-type: none"> (a) Adult mini-theatres, which are any premise wherein live performances, film or video or other electronic or photographic reproductions are performed and shown as a principal use or accessory to some other business activity which is conducted on the premises; (b) Erotic dance clubs or strip club; (c) Retail stores where greater than 20% of the leasable floor area is used to sell, lease or rent "X" rated adult video tapes, digital, electronic or photographic reproductions, or other adult toys and accessories, other than clothing or apparel, or; (d) Services of which a principal feature or characteristic is the nudity or partial nudity of any person.
<p>Entertainment, Gaming means: A development, for which the principal use is to provide patrons the opportunity to engage in games of chance, and includes a bingo hall and a casino, but does not include an Adult Entertainment facility.</p>
<p>Entertainment, General means: A development for amusement and leisure pastimes and may incorporate a restaurant as an accessory use. This term refers to uses such as movie theatres and cinemas, amusement/video arcades, pool halls, and bowling alleys.</p>

<p>Environmental Site Assessment means: An investigation in relation to a parcel of land to determine the environmental condition of the property, prepared in accordance with the Alberta Environmental Site Assessment Standard and the <i>Environmental Protection and Enhancement Act</i>, as amended.</p>
<p>Equestrian Centre means: Public facilities (buildings, shelters or other structures) at which horses are exercised or trained, training in equestrian skills or equestrian competitions or shows are held.</p>
<p>Essential Public Service means: A development that is necessary for the continued health, safety, or welfare of the residents of the City. This includes fire stations, ambulance services, police stations and similar facilities.</p>
<p>Existing means: In place as of the date of adoption of this Bylaw or any amendments to the Bylaw.</p>
<p>F</p>
<p>Façade means: The exterior outward face of a building. Buildings on the corner of two roads present two public façades.</p>
<p>Farmers Market means: A development used for the sale of new or used goods, crafts and food products by multiple vendors renting tables and space either in or out of an enclosed building. Vendors may vary from day to day, although the general layout of space to be rented out stays the same. This includes operations that are of a seasonal nature.</p>
<p>Fence means: A vertical physical barrier constructed to provide visual screening or to prevent access, and excludes golf ball barrier nets on private lots which abut a golf course.</p>
<p>Financial Service means: A development where a building or portion of a building used primarily for the banking or lending of money. This use encompasses a broad range of organizations that manage money, and includes credit unions, banks, credit card companies, insurance companies, accountancy companies, consumer finance companies, stock brokerages and investment funds. This use does not include Pawn Shops.</p>
<p>Firewall means: A construction assembly that acts as a barrier against the spread of fire constructed in accordance with the current Alberta Building Code.</p>
<p>Flood Fringe means: Those lands which are identified on Flood Hazard Mapping established by the Province of Alberta that may be impacted by a 1:100-year flood event. The flood fringe is generally shallower and flows more slowly than in the floodway.</p>
<p>Floodway means: Those lands which are identified on Flood Hazard Mapping established by the Province of Alberta that may be impacted by a 1:100-year flood event. The floodway is the area where flows are deepest, fastest and most destructive, and typically includes the main channel of a stream and a portion of the adjacent overbank area.</p>
<p>Floor Area means: Any finished floor area intended for human occupancy.</p>
<p>Floor Area Ratio (FAR) means: The numerical value obtained by dividing the gross floor area of all buildings on a site, excluding parking structures and parking below grade, by the site area.</p>

<p>Foundation means: The lower portion of a building usually concrete or masonry and includes the footings, which transfer the weight of loads on a building to the ground.</p>
<p>Frontage, Building means: The uninterrupted length of a building or series of buildings facing the same public street.</p>
<p>Frontage, Site means: The linear distance of a property line or site boundary, measured along a street.</p>
<p>Funeral Service, Limited means: A development for which the principal use is the preparation of the deceased for burial or cremation and the holding of funeral services. This use does not include a crematorium.</p>
<p>Funeral Service, General means: A development for which the principal use is the preparation of the deceased for burial or cremation and the holding of funeral services and may include a crematorium.</p>
<p>G</p>
<p>Garage means: An accessory building or part of a principal building, which is used for the storage of motor vehicles, as the context may require.</p>
<p>Garage Width means: The horizontal distance between the furthest corners of the building façade designed to accommodate vehicles, whether recessed or not, that directly faces the street from which it is accessed. This does not include portions of such façade which are recessed and are not designed to accommodate vehicles.</p>
<p>Garden Centre means: A commercial development for which the principal use is the growing, storage, wholesale and/or retail sale of plants of any kind and materials and equipment used for gardening or lawn care and may include a greenhouse and accessory uses related to the storing, displaying and selling of gardening, nursery and related products. This use does not include a Cannabis Facility or Cannabis Retail use. Bylaw B-27/2018</p>
<p>Garden Centre, Seasonal means: A temporary development, which may or may not include fencing and/or outdoor storage, erected on a site of an existing retail store for the purpose of selling gardening and related goods on a seasonal basis. This use does not include a Cannabis Facility or Cannabis Retail use. Bylaw B-27/2018</p>
<p>Government Service means: A development for which the principal use is to provide municipal, provincial or federal government services to the public. Typical uses include taxation and employment offices, courthouses, post offices, school division headquarters, and social services. This use does not include educational institutions or correctional facilities.</p>
<p>Grade means: The ground elevation established for the purpose of regulating the number of storeys and the height of a building. The building grade shall be the elevation adjacent to the walls of the building if the finished grade is level. If the ground is not entirely level the grade shall be determined by averaging the elevation of the ground for each face of the building.</p>
<p>Greenhouse means: An accessory building used for the growing, acclimating, propagating, and harvesting fruits and vegetables and ornamental plants. This use does not include a Cannabis Facility or Cannabis Retail use. Bylaw B-27/2018</p>
<p>Gross Floor Area means: The total floor area of a building contained within the outside surface of exterior and basement walls and includes all floors except parking levels. Bylaw B-50/2021</p>

Gross Vehicle Weight means:

The total weight of a vehicle, including its maximum allowable load.

H**Hard Surfacing** means:

Asphalt, concrete, paving stone, or similar material that is used in the construction of a driveway or parking area. Gravel is not considered hard surfacing, unless determined appropriate by the Development Authority as the context may require.

Health Care, Limited means:

A development for which the principal use is to provide medical and health care services on an outpatient basis only, and includes community health clinics, medical labs, walk-in clinics, medical and dental offices, and counseling services. This use includes counseling services relating to cannabis use where the sale of cannabis is not permitted, as well as respite and day-time care facilities where overnight accommodation is infrequent and permitted only at the discretion of the Development Authority.

[Bylaw B-27/2018](#)

Health Care, General means:

A development for which the principal use is to provide medical and health care services on both an in-patient and out-patient basis and/or provides provincially licensed extended medical care. Services may be of a preventative, diagnostic, treatment, therapeutic, rehabilitative or counseling nature. Typical uses include medical centres, emergency care centres and may include accessory uses such as dispensaries selling pharmaceutical and medical supplies, as well as hospices, respite, and day-time care facilities where overnight accommodation may be provided.

Heavy Vehicle Sales and Leasing means:

A development used for the retail sale, service and rental of new or used commercial and industrial vehicles, exceeding a gross vehicle weight of 4,500 kilograms and including boats, horse trailers, farm vehicles and equipment and trucks. This use may also include incidental storage and maintenance services as well as the sale of parts and accessories. This use does not include sales and leasing of RVs.

Heavy Vehicle Storage and Repair means:

A development used for the storage, service, cleaning or repair of heavy vehicles, machinery or mechanical equipment typically used in construction and industrial operations with no sales or rental of equipment. This use does not include storage, service, and repair of RVs.

Height means:

The vertical distance between the average grade established by the Development Authority and the highest point of a building excluding any device or addition not structurally essential to the building (e.g. ventilating fan, skylight, steeple, chimney, smoke stack, flagpole, antenna).

Home Business, Limited means:

A temporary development allowing the secondary use of a residential dwelling for the purposes of home office by the occupant of the dwelling. This use does not permit business associated visits; any additional non-resident employees within the dwelling; or any additional parking or storage outside of the area designated within the dwelling.

Home Business, General means:

A temporary development allowing the secondary use of a residential dwelling for the purpose of a business by the occupant of the dwelling, which includes business-associated visits to the residence.

[Bylaw B-26/2023](#)

Home Business, Major means:

A temporary development allowing the secondary use of a residential dwelling for the purpose of a business by the occupant of the dwelling, which includes business-associated visits to the residence.

[Bylaw B-26/2023](#)

Hospital means:

An institutional development used to provide in-patient and out-patient health care to the public, usually in a campus-type setting. Typical developments include comprehensive health centres and full-service hospitals.

<p>Hostel means: The use of a building to provide temporary accommodation for remuneration, and provides at least one of sleeping, cooking, living, or sanitary facilities in a shared format.</p>
<p>Hotel means: A development used for the provision of rooms or suites for temporary sleeping accommodation where the rooms have access to a common interior corridor and may be equipped with individual kitchen facilities, and may include a manager's suite, accessory food and beverage establishments, meeting rooms, personal service and retail stores.</p>
<p>Hotel and Conference Centre means: A development used for the provision of rooms or suites for temporary accommodation where the rooms have access from a common interior corridor and may be equipped with individual kitchen facilities, and where permanent facilities are provided for meetings, seminars, conventions, weddings or other special events. Facilities may include a manager's suite, auditoriums, concert halls, lecture halls, meeting rooms, and/or conference rooms.</p>
<p>I-J-K</p>
<p>Illumination means: Lighting by artificial means.</p>
<p>Indoor Recreation, Limited means: A development for which the principal use is to provide recreation and sport facilities conducted indoors within a limited space. Typical uses include gyms and yoga or cross-fit studios with a capacity of 50 or fewer people.</p>
<p>Indoor Recreation, General means: A development for which the principal use is to provide recreation and sport facilities that are conducted indoors. Typical uses include recreation centres, indoor swimming pools, tennis courts, play fields, hockey rinks, and gyms, and may include sports stadiums.</p>
<p>Industrial Agriculture and Production means: The use of land, buildings or structures as an industrial operation for the cultivation, processing, testing, destruction, packaging, storage, and shipping of agricultural products or supporting businesses in such activities. Typical uses would include commercial greenhouses and crop production. This use does not include Cannabis Facility or Cannabis Retail uses, confined feeding operations as defined in the <i>Alberta Agricultural Operations Practices Act</i> and does not include an Animal Service.</p> <p style="text-align: right;">Bylaw B-27/2018</p>
<p>Industrial Distribution means: The use of a building and site primarily for the transfer or shipping of goods and merchandise. It includes trucking terminals, distribution centres, and inter-modal transfer areas.</p>
<p>Industrial Manufacturing and Operations means: Development for which the principal use is:</p> <ul style="list-style-type: none"> (a) Processing of raw or finished materials; (b) The manufacturing, assembly, making, preparing, inspecting, finishing, treating, altering, repairing, storing or adapting for sale of any goods, substance, article, thing or service. (c) Cleaning, servicing, repairing or testing of materials, goods, and equipment normally associated with industrial or commercial businesses; (d) Crushing, dismantling, processing or sorting recyclable or reusable waste products provided that these activities do not involve the use of chemicals or the application of heat; and/or (e) Storage or shipping of materials, goods or equipment. <p>This land use may also include accessory indoor display, office, technical or administrative support areas or sales accessory to the industrial uses, but does not include a Cannabis Facility or Cannabis Retail use.</p> <p style="text-align: right;">Bylaw B-27/2018</p>

<p>Industrial Manufacturing, Limited means: A development for which the principal use is secondary manufacturing, assembly, and/or altering of consumer and capital goods within an enclosed building which does not exceed 500m² in Floor Area. This includes limited facilities for the storage or shipping of associated materials, goods, or equipment.</p> <p style="text-align: right;">Bylaw B-13/2021</p>
<p>Industrial Service and Sales means: A development for which the principal use is to provide sales or services to agricultural, industrial or business clients, and includes agricultural supplies, services and sales, building supply centres, bulk fuel sales, contractor's offices, large equipment and vehicles sales and services, lumber yards and wholesale centres.</p>
<p>Intensity means: The relative degree of utilization or capacity of a site or building.</p>
<p>Issuance means: The date a Development Permit or order is issued by the Development Authority.</p>
<p>Kennel means: The keeping of dogs for breeding purposes or the boarding of dogs over three months of age.</p>
L
<p>Laboratory, Limited means: The use of a building, or part of a building for non-hazardous scientific or technical work including research and development, quality control, testing, teaching or analysis. This may include client visits to the facility but does not include Health Care facilities as defined in this Bylaw.</p>
<p>Laboratory, General means: The use of a building, or part of a building for scientific or technical work, which may be hazardous, including research and development, quality control, testing, teaching or analysis. Such work may involve the use of chemicals including dangerous goods, pathogens and harmful radiation, or processes including electrical or mechanical work which could be hazardous. This includes such support areas as instrument and preparation areas, laboratory stores and any offices attached or adjacent to the laboratory. Client visits to the facility are prohibited. This use does not include Health Care facilities as defined in this Bylaw.</p>
<p>Land Use means: The purpose or activity for which a site or parcel or its buildings are designed, arranged, developed or intended, or for which it is occupied or maintained.</p>
<p>Landing means: A horizontal structure providing access to a deck or building as the context may require, and is not designed to provide amenity space for the property.</p>
<p>Landscaped Area means: That portion of a site which is required to be landscaped and may not be used for parking, storage, or display of items for sale.</p>
<p>Landscaping means: The preservation or modification of a site through the use of any or all of the following elements:</p> <ul style="list-style-type: none"> (a) Soft Landscaping elements such as trees, shrubs, hedges, plants, lawn, ground cover and ornamental plantings; (b) Hard Landscaping consisting of non-vegetative materials such as bricks, stone work, rocks, decorative pavers, excluding monolithic concrete or asphalt. This excludes areas for parking of vehicles, regardless of the surface materials used.
<p>Lane means: A narrow roadway intended chiefly to give access to the rear of a building or parcel of land, and is also known as an alley as defined in the <i>Traffic Safety Act</i> of Alberta, as amended.</p>

<p>Large Vehicles means: A vehicle, other than a recreational vehicle, with a gross vehicle weight stated by the manufacturer, vehicle signage, or vehicle registration, to be in excess of 4,500 kilograms, with one or more of the following characteristics:</p> <ul style="list-style-type: none"> (a) tandem axles; (b) a passenger capacity more than 15 persons; or (c) dual wheels where the vehicle includes a flat deck or other form of utility deck; or that can be generally described as a bus, cube van, dump truck, flatbed truck, tractor, trailer, or tractor trailer combination. <p style="text-align: right;"><u>Bylaw B-26/2023</u></p>
<p>Livestock means: Horses, cattle, sheep, swine, fur-bearing animals raised in captivity, game-production animals within the meaning of the Livestock Industry Diversification Act, live poultry and bees, except wild boars., unless otherwise permitted under an Urban Agriculture program or a similar City initiative.</p>
<p>Loading Space means: An off-street space on the same site as a building or group of buildings, for the temporary parking of a large vehicle while commodities are being loaded or unloaded.</p> <p style="text-align: right;"><u>Bylaw B-26/2023</u></p>
<p>Lot means:</p> <ul style="list-style-type: none"> (a) A quarter section; (b) A river lot shown on an official plan, as defined in the <i>Surveys Act</i>, that is filed or lodged in a land titles office; (c) A settlement lot shown on an official plan, as defined in the <i>Surveys Act</i>, that is filed in a Land Titles office; (d) A part of land in a certificate of title if the boundaries of the part are described in the certificate of title other than by reference to a legal subdivision; or (e) A part of a parcel of land described in a certificate of title if the boundaries of the part are described in a certificate of title by reference to a plan of subdivision.
<p>Lot Area means: The area contained within the boundaries of a lot as shown on a plan of subdivision or described in a Certificate of Title.</p>
<p>Lot Depth means: The shortest horizontal distance between the front and rear lot lines of a site.</p>
<p>Lot Line means any of the following:</p> <ul style="list-style-type: none"> (a) Lot Line, Front: A property line separating a lot from an abutting road other than a lane. In the case of a corner lot, the front lot line shall be determined by the Development Authority with the intent of ensuring that setbacks are regulated in a manner that is consistent with the proposed land uses and appropriate for the design of the site. (b) Lot Line, Rear: Either the property line of a lot which is the furthest from and opposite the front lot line or, where there is no such property line, the point of intersection of any property lines other than a front lot line which is the furthest from and opposite the front lot line. (c) Lot Line, Side: The property line of a lot other than a front lot line or rear lot line.

Lot Type means any of the following:

- (a) **Corner Lot:** A lot situated at the junction of two or more roads which, at their point of junction, form an angle of no more than 135 degrees.
- (b) **Flag Lot:** A land parcel having the configuration of an extended flag and pole. The pole represents access to the site which is usually located to the rear of another lot fronting a main road.
- (c) **Double-Frontage Lot:** Any lot that faces roads on both its front and rear boundaries, and is adjacent to more than one interior lot on the same side.
- (d) **Interior Lot:** A lot bounded by a road at its front, but not its rear or either of its sides.
- (e) **Irregular Lot:** A lot that does not fit any of the other descriptions in this Section.
- (f) **Pie Lot:** A lot which is generally configured such that its width at the rear lot line is greater than at its front lot line.
- (g) **Reverse Pie Lot:** A lot which is generally configured such that its width at the rear lot line is less than at its front lot line.

Lot Width means:

The horizontal distance between the side property lines of a parcel:

- (a) Measured eight (8) metres from the front lot line along the shortest side property line for pie-shaped or reverse pie-shaped lots in a residential district;
- (b) Measured at a right angle to the shortest side property line for all other circumstances.

Bylaw B-24/2024

Low Impact Development means:

A comprehensive land planning and engineering design approach to stormwater management with a goal of maintaining the pre-development hydrologic regime of a watershed or watersheds.

M

Manufactured Home means:

A detached dwelling unit that is exclusively constructed through prefabrication or modular assembly and placed in a comprehensively-planned residential area where it is intended to allow part or all of the planned area to have this type of residential development. This type of development is not a recreational vehicle, and is not intended to be placed or developed to provide temporary industrial/project accommodation.

Master Site Plan means:

A document created to support a development application on a Mixed-Use, Commercial or Industrial site, intended to address how the development relates and interfaces with its surrounding area, and how it meets any City planning policies and standards applicable to the site.

Microbrewery means:

A development for which the principal use contains both production or processing facilities for alcoholic beverages including wine, beer, and others, as well as a restaurant and/or retail sales of beverages produced on-site. This Use does not include a distillery.

[Bylaw B-25/2019](#)

Mixed Use Development means:

Development that is designed to accommodate a mix of one or more commercial, residential and/or industrial uses within a single site subject to compatibility. The use mix may be horizontal or vertical.

Mixed Use Development, Limited means:

A building comprising a combination of up to two (2) dwelling units and commercial space, primarily intended for offices, retail uses, childcare and personal services.

[Bylaw B-13/2021](#)

Mixed Use Development, General means:

A building comprising a combination of three (3) or more dwelling units and commercial space, primarily intended for offices, retail uses, childcare and personal services.

[Bylaw B-13/2021](#)

<p>Mobile Vendor means: A portable cart, truck or similar arrangement located on a lot for the sale of food, beverage, goods, or services, which may be removed each day at the end of business.</p> <p style="text-align: right;"><u>Bylaw B-18/2022</u> <u>Bylaw B-28/2023</u></p>
<p>Motel means: A development for which the principal use is to provide temporary sleeping accommodation in rooms or suites with separate access to the outdoors from each room or suite and may also include a manager's suite.</p>
<p>Motor Vehicle means: A motor vehicle as defined in the <i>Traffic Safety Act</i> of Alberta, as amended.</p>
<p>Multi-Residential Development means: A building or part of a building, other than a "Townhouse Dwelling", containing three (3) or more dwelling units arranged in any horizontal or vertical configuration which may have separate entrances at grade or a shared entrance area through a common vestibule. Typical examples include apartment buildings.</p>
<p>Multi-Unit Development means: A development of three or more dwellings, commercial or industrial uses developed on a site that includes common property, such as, but not limited to, communal parking areas, driveways, private roadways, amenity areas or maintenance areas that are shared. Typical multi-unit developments include rental properties and conventional condominium developments, developed in accordance with the <i>Condominium Property Act</i>, as amended. Also may be commonly referred to as a "condominium development"</p>
<p>Municipal Development Plan or MDP means: A statutory plan adopted by bylaw under Section 632 of the <i>Municipal Government Act</i>. The City of Airdrie's municipal development plan is referred to as the Airdrie City Plan.</p>
<p>Municipal Planning Commission means: A body of citizen representatives and/or members of Council responsible for carrying out the duties listed in this Bylaw as a form of Development Authority, and for carrying out other duties as may be assigned in the terms of reference for this body.</p>
<p>N</p>
<p>Nightclub means: A use licensed under the <i>Liquor Act</i> where minors are prohibited at all times and liquor is sold and consumed on the premises and where entertainment is provided to patrons in the form of a dance floor, live music stage, live performances or recorded music in areas greater than 30.0 square metres.</p>
<p>Non-Conforming Building means: A building:</p> <ul style="list-style-type: none"> (a) That is lawfully constructed or lawfully under construction at the date the land use bylaw affecting the building or the land on which the building is situated becomes effective; and (b) That on the date the land use bylaw becomes effective does not, or when constructed will not, comply with this bylaw.
<p>Non-Conforming Use means: A lawful specific use:</p> <ul style="list-style-type: none"> (a) Being made of land or a building or intended to be made of a building lawfully under construction at the date a land use bylaw affecting the land or building becomes effective; and (b) That on the date the land use bylaw becomes effective does not, or in the case of a building under construction will not comply with this bylaw.
<p>O</p>

<p>Occupancy means: The use or intended use of a building or part thereof for the shelter of persons or property. Where used in this Bylaw this is a general term and is not to be confused with Occupancy permits or requirements under the <i>Alberta Building Code</i>.</p>
<p>Office means: A building that provides professional, management, administrative, consulting and similar services. This Land Use would include the office of an architect, engineer, insurance agent, lawyer, travel agent or similar profession but does not include a Financial Service, Government Service, or Health Care facility.</p>
<p>Outdoor Display Area means: An area of a commercial or industrial site used for the outdoor display of goods or equipment.</p>
<p>Outdoor Recreation Facility means: A development for which the principal use is to provide active recreation and sports facilities that are conducted outdoors. Typical uses include golf courses, outdoor swimming pools, sport fields, tennis courts, unenclosed ice surfaces or rinks, athletic fields, bowling greens and fitness trails, and may include sports stadiums.</p>
<p>Outline Plan means: A detailed plan prepared in accordance with the policies outlined in an Area Structure Plan, which focuses on smaller areas of land (between 40-160 acres) and provides detail as to how the land will be further subdivided, serviced and built upon. An Outline Plan typically provides the next level of detail in terms of community design, infrastructure requirements and community design that was undertaken in the ASP.</p>
<p>Overlay means: Additional regulations superimposed on specific areas of the Land Use District Map, which supersede or add to the regulations of the underlying Land Use District.</p>
<p>P-Q</p>
<p>Parapet Wall means: That part of any wall extending above the roof line, or a wall that serves as a guard at the edge of a balcony or roof.</p>
<p>Parcel means: See "Lot."</p>
<p>Park means: Land developed for passive recreational activities that do not require major buildings or facilities and may include picnic areas, playgrounds, pedestrian and bicycle paths, or landscaped areas. Uses may also include associated public washrooms and maintenance facilities less than 10.0 square metres in area.</p>
<p>Parking Lot means: An area of land used principally for the parking of vehicles.</p>
<p>Parking Pad means: A hard surfaced area intended to accommodate part or all of the required off-street parking space(s) for a residential land use where a garage, parking lot or other parking facilities may or may not be otherwise provided. This does not include a driveway.</p>
<p>Parking Space means: That portion of a parking lot or structure that is intended to accommodate a single parked vehicle, and which meets the minimum required dimensions and area otherwise determined within this Bylaw.</p>
<p>Parking Structure means: A structure designed and erected to provide space for the parking of automobiles.</p>

<p>Patio means: An uncovered horizontal structure with a surface height, at any point, no greater than 0.60 metres above grade, intended for use as an outdoor amenity space. For similar structures greater than 0.60m above grade, see “Deck”</p>
<p>Pawn Shop means: The use of a building or a portion of a building where money is lent or transferred in conjunction with the exchange of merchandise. Additionally, merchandise may be sold to the public according to an agreement with the owner of the merchandise. This Use does not include the sale of used vehicles, recreation craft or construction and industrial equipment, and does not include second-hand and consignment stores and other businesses of a similar nature.</p> <p style="text-align: right;">Bylaw B-25/2019</p>
<p>Permanent Structure means: A building that is permanently fixed to a foundation below grade and is connected to utility services such as electrical, gas and plumbing.</p>
<p>Permitted Use means: The use of land or a building which is listed in the column titled “Permitted Uses” in a table of uses for each of the respective land use districts in this Bylaw. A Development Permit must be issued for a Permitted Use if the application otherwise conforms to the standards and requirements of this Bylaw.</p>
<p>Personal Service means: A development used for the provision of personal services to an individual which are related to their care, well-being or appearance. This use includes such uses as barber-shops, hairdressers, tattoo parlours, spas, and beauty salons, tanning salons, shoe repair shops, but does not include health services or adult entertainment facilities.</p>
<p>Plot means: See “Lot.”</p>
<p>Plot Plan means: A review conducted by the City of Airdrie during a Building Permit application where Planning staff checks a site plan for development which is exempt from the Development Permit process to ensure compliance with minimum Bylaw requirements.</p>
<p>Porch means: A covered, unenclosed structure typically attached to the front or sides of a residential dwelling at the ground floor entry level and extending along the outside of the building.</p>
<p>Principal Building or Principal Use means: A building or use that:</p> <ul style="list-style-type: none"> (a) Occupies the major or central portion of the site; (b) Is the primary or main building or use among one or more buildings or uses on a site; or (c) Constitutes, by reason of its use, the main purpose for which the building or site is used. <p>There shall be no more than one (1) principal building or use on each site, unless permitted otherwise in this Bylaw.</p>
<p>Projection means: Structures extending from the wall of a building. Common structures include balconies, terraces, alcoves, bay or oval windows and chimneys.</p>
<p>Promotion or Display means: An activity associated with furthering or contributing to the growth and prosperity of a business enterprise and located in areas such as shopping malls, private buildings, yards and parking areas.</p>

<p>Public Assembly, Limited means: A building used for public gatherings and assemblies with an assembly area capacity of less than 50 people. This use includes assembly areas used for religious, charitable, educational or social activities, but does not include an Educational Institution.</p>
<p>Public Assembly, General means: A building used for public gatherings and assemblies with an assembly area capacity of between 50 and 250 people. This use includes assembly areas used for religious, charitable, educational or social activities, but does not include an Educational Institution.</p>
<p>Public Assembly, Major means: A building used for public gatherings and assemblies with an assembly area capacity of more than 250 people. This use includes assembly areas used for religious, charitable, educational or social activities, but does not include an Educational Institution. Typical uses include auditoriums, meeting halls, convention centres, churches, mosques, and monasteries. This may incorporate accessory uses such as community gardens, community service facilities, cemeteries, and temporary outdoor events.</p>
<p>Public Floor Area means: The portion of floor area designed exclusively for public use and does not include the horizontal areas devoted to mechanical rooms, utility rooms, public washrooms, stairwells, elevators, escalators, common walkways and non-leasable basement space.</p>
<p>Public Transportation means: Publicly owned, operated and/or funded transit and transportation facilities.</p>
<p>R</p>
<p>Recreational Vehicle (RV) means: A motor vehicle that is primarily designed to provide temporary living quarters for recreational travel or camping. This includes motorhomes, travel trailers, fifth-wheel trailers, tent trailers, campers (whether or not the camper is attached to a vehicle), and boats, but does not include a manufactured home.</p>
<p>RV Sales and Service means: A development used for the retail sale, service, and rental of recreational vehicles. This use does not include RV storage or the sale or service of other types of vehicles.</p>
<p>RV Storage means: A development where the principal use is the storage of recreational vehicles. This use does not include the sale, display, or production of recreational vehicles.</p>
<p>Recycling Depot means: A development used for the collection and temporary storage of recyclable material, including bottles, cans, newspapers and similar household goods for transfer, as permitted by the Government of Alberta. All storage shall be contained within enclosed storage containers or buildings.</p>
<p>Renewable Energy System means: A method for producing energy, which may or may not be used by a development or portion of a development, and which does not depend on non-renewable energy sources. Typical examples of renewable energy systems include, but are not limited to, Solar, Wind, Hydroelectricity, and Geothermal energy.</p>
<p>Deleted</p>
<p>Residential Sales Centre means: A building or structure used for the purpose of marketing residential land or buildings, including office and administrative functions pertaining to that purpose.</p>

[Bylaw B-26/2021](#)

[Bylaw B-26/2021](#)

<p>Residential Show Home means: A building or structure taking the form of a future dwelling unit, and used for a limited period of time for the purpose of marketing residential land or buildings.</p>
<p>Restaurant means: A development where the primary purpose of the facility is the sale of prepared foods and beverages to the public, for consumption within the premises or off the site. Typical uses are restaurants, neighbourhood pubs and bars, wine bars and lounges, but does not include Nightclubs.</p>
<p>Retail Store, Convenience means: A development used for the retail sale of goods required by the public on a day to day basis in an enclosed building which does not exceed 335m² in Public Floor Area. Typical uses include small food stores, drug stores, and variety stores. This use may also include a second-hand or consignment store.</p> <p style="text-align: right;">Bylaw B-25/2019</p>
<p>Retail Store, General means: A development used for the retail sale of groceries, beverages, household goods, furniture, appliances, clothing, hardware, printed matter, confectionary, tobacco, pharmaceutical and personal care items, automotive parts and accessories, office equipment, stationery and similar goods within an enclosed building. This use may also include a second-hand or consignment store.</p> <p style="text-align: right;">Bylaw B-25/2019</p>
<p>Retail Store, Liquor means; A retail store licensed by the Province to sell alcoholic beverages to the public, for consumption elsewhere. Typical uses include liquor stores, wine and beer stores.</p>
<p>Rezoning means: A type of Land Use Bylaw amendment involving a change to a land use district or districts applied to a site, or sites, also known as a Land Use amendment.</p>
<p>Riding Arena means: A building used by the owners or occupants of the site on which the building is located for the training and exercising of horses, but is not used for horse shows, rodeos or similar events to which there is a fee to participate in or to use the facilities.</p>
<p>Riparian area means: The lands adjacent to streams, rivers, wetlands, lakes, and other water bodies, where the vegetation and soils show evidence of being influenced by the presence of water. Riparian areas are the green zones around lakes, rivers, and wetlands. They are the transitional zone between surface water and the drier uplands and play a vital role in the healthy functioning of both.</p>
<p>Road means; Any public road, including the boulevards, sidewalks and improvements, but excluding a lane or walkway.</p>
<p>S</p>
<p>Salvage Yard means: Land or buildings where vehicles, tires and vehicle components are disassembled repaired, stored or wrecked usually for parts or scrap metal re-sale.</p>
<p>Screening means: The use of landscaping, fences or berms to visually separate areas, sites or uses.</p>
<p>Security Suite means: An attached or detached structure that is accessory to the construction of a development or use, or a permanent development or use on a site, may include all the elements of a dwelling unit, for the purpose of providing surveillance for the maintenance and safety of the development or use(s) on site.</p>

<p>Setback means: The minimum horizontal distance to a lot line or another feature, as may be described elsewhere within this Bylaw, to which the development, or an aspect of the development, as the context may require, must adhere. A setback is not a yard. A setback may include any of the following:</p> <ul style="list-style-type: none"> (a) Setback, Corner OR Side (Exterior): A minimum distance prescribed from a side lot line facing a road on a corner lot to which the development, or an aspect of the development must adhere. (b) Setback, Exterior: A minimum distance prescribed from any lot line facing a road. (c) Setback, Front: A minimum distance prescribed from a front lot line. (d) Setback, Interior: A minimum distance prescribed from any lot line which does not face a road, as determined by the Development Authority. (e) Setback, Rear: A minimum distance prescribed from a rear lot line. (f) Setback, Side (Interior): A minimum distance prescribed from a side lot line which does not face a road.
<p>Shopping Centre means: A type of commercial multi-unit development where one or more freestanding buildings are developed on a site incorporating shared parking and a number of retail and service uses.</p>
<p>Similar Use means: A use of a site or building in a district which is, in the opinion of the Development Authority, is so similar to a Permitted Use or Discretionary Use in that district that it meets the intent of the Council for the development of that district as set out in the purpose and intent statement, but does not include a use that is specifically defined as a Permitted or Discretionary Use in any other district.</p>
<p>Site means: A lot, or a portion of a lot, or a portion of lots, or multiple lots being reviewed for the purposes of Development Approval, as the context may require.</p>
<p>Site Area means: The area of land contained within boundaries of a site as shown on a site plan.</p>
<p>Site Coverage means: The total horizontal area of all covered buildings or structures on a site that are located at 0.6m above grade, including parking pads required under the 'Parking, Access and Connectivity' section of a land use district, and any covered or enclosed projections (i.e. verandas, porches, enclosed/covered raised decks), expressed as a percentage of the total lot area. This definition does not include:</p> <ul style="list-style-type: none"> (a) Steps, eaves, cornices and similar projections; (b) Driveways, aisles, surface parking spaces except where outlined above, and; (c) Unenclosed amenity features as outlined in Section 7.26 (Projections and Encroachments). <p style="text-align: right;"><i>Bylaw B-17 2024</i></p>
<p>Site Depth means: The horizontal distance between the front and rear site boundaries.</p>
<p>Site Plan means: The document that describes how a parcel of land is to be improved. It includes the outlines of all structures and site improvements, such as buildings, driveways, parking lots, and landscaping. A Site Plan accompanies all Development Permit applications.</p>
<p>Site Width means: The average horizontal distance between the side boundaries of a site measured at 8 meters from the front property line.</p>
<p>Special Recreation Facility means: A development or site for which the principal use is to provide a venue for outdoor recreational activities that may cause an off-site impact to other lands, and includes a place where vehicles of any kind are raced, a firearm shooting range, outdoor paintball or a remote controlled vehicle course.</p>

<p>Stacked Townhouse means: See “Multi-Residential Development.”</p>
<p>Statutory Plan means: An inter-municipal development plan, a municipal development plan, an area structure plan and an area redevelopment plan adopted by a municipality under the <i>Municipal Government Act</i>, as amended.</p>
<p>Storage Facility, Indoor means: A site exclusively utilized for the storage of goods, materials, or equipment within buildings or structures. Typical uses include warehouses and other commercial or industrial facilities where no accessory display or retail of products is provided. This use does not include RV Storage.</p>
<p>Storage Facility, Outdoor means: A site exclusively utilized for the storage of goods, materials, or equipment on bare-land. Un-serviced buildings or structures may be included with this use and are considered accessory buildings. Typical uses include heavy equipment storage compounds and pipe yards. This use does not include RV Storage.</p>
<p>Storage Facility, Public means: A development for which the principal use is to lease portions of a site and/or buildings to the general public for the storage of goods. This includes mini-storage, and self-storage facilities, and outdoor storage limited to vehicle or boat storage. This use does not include RV Storage.</p>
<p>Storey means: That portion of a building, which is situated between the top of any floor and the top of the floor next above it. If there is no floor above, the storey is the portion of the building, which is situated between the top of any floor and the ceiling above it. If the top of the floor directly above a basement is more than 1.7m above grade, it shall be considered a storey for the purpose of this Bylaw.</p>
<p>Street means: See “Road”</p>
<p>Stripping and Grading means: A development comprising any work, operation or activity that results in a disturbance of the earth including, but not limited, to the removal of top soil, berming, excavating, trenching, backfilling, re-contouring, and grading.</p> <p style="text-align: right;">Bylaw B-57/2021</p>
<p>Structure means: Anything constructed with a fixed location on the ground or attached to something having a fixed location on the ground and supplementary to a building or buildings on a site, including, but not exclusive to walls, light standards, fences and signs.</p>
<p>Subdivision means: The division of a parcel of land into one or more smaller parcels by a plan of subdivision or other instrument, or as defined in the <i>Municipal Government Act</i>, as amended.</p>
<p>Subdivision Authority means: A Subdivision Authority established pursuant to the Act, as amended, and in accordance with the provisions of this Bylaw and the Act. The Subdivision Authority includes the following in accordance with the powers and authority set out in this Bylaw:</p> <ul style="list-style-type: none"> (a) A Subdivision Officer (b) The Municipal Planning Commission (c) Airdrie City Council <p style="text-align: right;">Bylaw B-04/2024</p>
<p>Subdivision Officer means: The Chief Administrative Officer or delegate(s) who is responsible for carrying out the duties listed in this Bylaw and the Act.</p> <p style="text-align: right;">Bylaw B-04/2024</p>

<p>Subdivision Servicing Agreement means: An agreement between a developer or a property owner and the City that defines the terms and conditions under which subdivision must be carried out in accordance with the Municipal Government Act, as amended from time to time.</p>
<p>Supportive Housing, Limited means: A type of long-term accommodation integrated with other residential land uses in a neighbourhood context providing on-site professional care and supervision, where services might include regular housekeeping, nursing care, personal care, health, wellness, and recreational support for three (3) to five (5) residents (clients). This use does not include an institution such as extended medical treatment centres, detention and correction facilities, or temporary care housing.</p> <p style="text-align: right;">Bylaw B-33/2024</p>
<p>Supportive Housing, General means: A long-term institutional care facility providing residential accommodation in addition to services for professional care, supervision and health treatment for six (6) or more residents (clients). This includes large-scale centres and facilities where the scale and type of services require special siting considerations or may impact adjacent lands. This use does not include an institution such as extended medical treatment centres, detention and correction facilities, or temporary care housing.</p> <p style="text-align: right;">Bylaw B-33/2024</p>
<p>T</p>
<p>Tandem means: In reference to parking configurations, to have two parking stalls required for the same land use arranged with one in front of another and facing the same direction.</p> <p style="text-align: right;">Bylaw B-30/2024</p>
<p>Tele-Communication Facility means: The development of an Industry Canada regulated communication facilities including radio towers, television, microwave and cell towers and accessory structures. This does not include small-scale antenna structures typical of residential districts or amateur radio facilities. (See also – Special Use Regulations)</p>
<p>Temporary Development means: A use or development that may or may not require a Development Permit, as the context may require, and which may not remain in place up to, but not longer than, three consecutive calendar years at the discretion of the Development Authority, unless otherwise defined in this Bylaw.</p>
<p>Temporary Care Housing, Limited means: A short-term accommodation integrated with other residential land uses in a neighbourhood context providing temporary residence in addition to support services with the intent to assist individuals in developing the skills and resources necessary to move into permanent housing. This housing option can accommodate for three (3) to five (5) residents (clients) and has a specific time limit, usually ranging from a few months to a couple of years. This use does not include an institution such as extended medical treatment centres, detention and correction facilities, or supportive housing.</p> <p style="text-align: right;">Bylaw B-33/2024</p>
<p>Temporary Care Housing, General means: A short-term institutional care facility providing residential accommodation in addition to support services for six (6) or more residents (clients) with the intent to assist individuals in developing the skills and resources necessary to move into permanent housing. This includes large-scale centres and facilities where the scale and type of services require special siting considerations or may impact adjacent lands. This use does not include an institution such as extended medical treatment centres, detention and correction facilities, or supportive housing.</p> <p style="text-align: right;">Bylaw B-33/2024</p>
<p>Temporary Event means: An organized public activity that is temporary in nature and is in keeping with the context and scale of development anticipated for the district and its surrounding land uses. Typical examples of this use may include organized sporting events, community festivals, trade shows, ceremonies, and outdoor faith services. This use does not include a Special Recreation Facility.</p>

Temporary Storage means:

The storage of goods and materials on a temporary basis for which the length of time is determined at the discretion of the Development Authority.

Third-Party means:

A person(s) conducting a land use on a site who is not the owner of that site.

U

Unenclosed means:

An outdoor space or structure which is surrounded by not more than 2 walls, nor a lattice, or other enclosing device whatsoever above 1.2 meters in height, as measured from the floor.

Unit Type means any of the following:

- (a) **Corner Unit:** In a multi-unit development, a unit facing onto the intersection of two or more roads which, at their point of junction, form an angle of no more than 135 degrees.
- (b) **End Unit:** In a multi-unit development, a unit that only shares one common wall with an adjoining unit, but not a corner unit.
- (c) **Interior Unit:** In a multi-unit development, a unit that shares common walls with adjoining units along two or more sides.

Urban Agriculture means:

A development allowing the secondary use of a parcel for the purposes of growing plants and, in some cases, the keeping of backyard hens in urban and suburban areas. This use does not include commercial operations, intensive agriculture, and confined feeding operations. Where an Urban Agriculture use is proposed to include keeping of backyard hens, the use includes the following elements:

- (a) **Hens:** female chickens over four (4) months of age
- (b) **Henhouse:** a structure that houses hens at night and includes places for laying eggs.
- (c) **Run:** an attached open area that is fenced for hens to range in.
- (d) **Coop:** the combined facilities of a Henhouse and Run.

[Bylaw B-08/2021](#)

[Bylaw B-42/2021](#)

Utility means:

The development of a system or works used to provide one or more of the following for public or private benefit, consumption, convenience or use:

- (a) Water treatment and distribution;
- (b) Irrigation;
- (c) Alternate energy structures such as micro-wind or solar facilities;
- (d) Drainage;
- (e) Waste water collection, treatment and disposal facilities;
- (f) Fuel;
- (g) Electric power;
- (h) Heat;
- (i) Street lighting;
- (j) Waste management;
- (k) Public transportation operated by or on behalf of the municipality;
- (l) Stormwater management facilities, including ponds, wetlands and dry ponds, or;
- (m) Any building required to operate the utility as defined in the *Municipal Government Act*, as amended.

V

Variance means:

A variation or relaxation of a development regulation or other development requirement under this Bylaw.

Vehicle Sales and Leasing means:

A development used for the retail sale or rental of new or used motor vehicles including automobiles, motorcycles, snowmobiles, tent trailers, boats, travel trailers, and horse trailers, together with incidental maintenance services and sale of parts. This use includes automobile dealerships, rental agencies and motorcycle dealerships, but does not include sale and leasing of RVs, large trucks or manufactured homes. The gross weight of vehicles in this use class shall not exceed 4,500 kilograms.

Vehicle Service, Limited means:

A development used for the servicing, washing and repairing of vehicles with three bays or less, and for the sale of gasoline, other petroleum products and/or a limited range of automotive parts and accessories. This use may also include a Retail Store, convenience. This use does not include servicing or repair of RVs.

Vehicle Service, General means:

A development used for the servicing, washing and repairing of vehicles, the sale of gasoline and petroleum products and sale, installation or servicing of related accessories and parts. This use may also include a Restaurant and/or a Retail Store, Convenience. This use does not include servicing or repair of RVs.

Vehicle Service, Major means:

A development where mechanical repairs, painting and structural changes or repairs are made to motor vehicles including automobiles, trucks, farm equipment, recreational vehicles. This use includes the sale, installation, servicing or storage of related accessories and parts. This includes auto body shops, paint shops, repair shops. This use does not include servicing or repair of RVs.

Vehicle Service, Bulk Fuel Depot means:

A development used for the bulk storage and distribution of petroleum products and may include card lock retail sales. This use does not include servicing or repair of RVs.

Verandah means:

See "Porch."

W-X**Warehouse Sales** means:

A development used for the wholesale or retail sale of a limited range of bulky goods from within an enclosed building where the size and nature of the principal goods being sold typically require large floor areas for direct display to the purchaser or consumer. This use includes developments where the principal goods sold are bulky items such as furniture, floor coverings, major appliances and building materials. This use does not include developments used for the retail sale of foods or a broad range of goods for personal or household use.

Waste Management Facility means:

A site used primarily for the storage, processing, treatment and disposal of solid wastes. Typical uses include sanitary landfills, garbage transfer and compacting stations, waste-to-energy stations and facilities for the recycling of materials.

Wetland means:

All lands that are partly or wholly saturated with water on a seasonal or permanent bases, to the extent that it provides a distinct ecosystem, typically characterized by water-loving plants. A wetland may or may not be taken as Environmental Reserve in accordance with the *Municipal Government Act*.

Y

Yard means:

A part of a site unoccupied by any portion of a building or structure 0.6m or more above grade except for specifically permitted encroachments and accessory developments permitted in this Bylaw – and includes all of the following:

- (a) **Yard, Front** means a yard extending across the full width of a lot and situated between the front lot line and nearest exterior wall of the principal building.
- (b) **Yard, Rear** means a yard extending across the full width of a lot and situated between the rear lot line and the nearest exterior wall of the principal building.
- (c) **Yard, Side** means a yard extending from the front yard to the rear yard and situated between a side lot line and the nearest exterior wall of the principal building.

Z

Zero Lot Line Development means:

A form of residential development in which buildings are permitted to be located on one side lot line with no yard between the building and that one side lot line.

2. Administrative Requirements

2.0 Subdivision Authority

Preamble: The purpose of this Section is to establish the roles and responsibilities of the Subdivision Authorities with respect to the administration and enforcement of this Bylaw and the Act.

2.0.1 Establishment of the Subdivision Authority

The Subdivision Authority for the City is hereby established in accordance with the powers and authority set out in this Bylaw and the Act.

2.0.2 Council

Council is the subdivision authority and considers and renders a decision on subdivision applications when Council passes a resolution or bylaw directing that Council is the Subdivision Authority for any subdivision applications relating to a specific amendment to this Bylaw.

2.0.3 Municipal Planning Commission

The Municipal Planning Commission is the subdivision authority and considers and renders a decision on subdivision applications referred to the Commission by a Subdivision Officer.

2.0.4 Subdivision Officer

- (1) A Subdivision Officer is the subdivision authority and considers and renders decisions on subdivision applications that do not fall within the circumstances set out in sections 2.0.2 and 2.0.3.
- (2) A Subdivision Officer may refer any subdivision application to Municipal Planning Commission to consider and render a decision on the application.
- (3) A Subdivision Officer is authorized, upon the granting of approval for registration of a subdivision plan, to accept minor modifications to lot lines provided:
 - (a) No more than one additional lot is created;
 - (b) The area of municipal or environmental reserve does not change;
 - (c) Roadways standards are not compromised; and
 - (d) Such adjustments comply with municipal bylaws with the exception that minor changes to the Land Use Bylaw standards may be included as provided for in Section 654(2) of the Act.

2.0.5 Decisions

The Subdivision Authority prepares and issues decisions in accordance with the Act, including attaching any conditions when the subdivision application is approved and providing written reasons when a subdivision application is refused.

Bylaw B-04/2024

2.1 Development Authority

Preamble: The purpose of this Section is to establish the roles and responsibilities of the Development Authorities with respect to the administration and enforcement of this Bylaw.

2.1.1 Establishment of the Development Authority

The Development Authority for the City is hereby established in accordance with the powers and authority set out in this Bylaw.

2.1.2 Duties of the Development Officer

The Development Officer shall:

- (1) Determine whether or not a Development Permit application is required.
- (2) Receive and process all applications for a Development Permit;
- (3) Keep and maintain for inspection during regular municipal office hours, a copy of this Bylaw as amended and ensure that copies are available to the public;
- (4) Keep a register of all Development Permit applications including the decisions rendered on them and the reasons thereof for a minimum of ten years;
- (5) Be considered a designated officer for the purpose of performing site inspections pursuant to the Act;

- (6) Make decisions on all Development Permit applications for Permitted Uses and set conditions, as authorized by this Bylaw or the Act;
- (7) Make decisions on Development Permit applications for the following Discretionary Uses:
 - (a) Accessory uses;
 - (b) Secondary Suites; [Bylaw B-12/2017](#)
 - (c) Changes of use in a bay, building, or portion of a site, except for Change of Use applications to a Cannabis Retail or Cannabis Facility land use; [Bylaw B-27/2018](#)
 - (d) Home Businesses pursuant to provisions of **(Section 6.12)**;
 - (e) Signs listed as “Discretionary” under **Part 5** (Sign Regulations);
 - (f) The development of a Discretionary Use or Building which is consistent with an approved Master Site Plan, and;
 - (g) Additions, including expansions to an existing building, the addition of a new building, and intensification of an existing use, for Discretionary Uses providing the size of the addition does not exceed 30% of the approved, established development. Any addition exceeding 30% of the approved, established development shall be referred to the Municipal Planning Commission for decision.
 - (h) Revisions to an approved Development Permit in accordance with the requirements and considerations outlined in **Section 2.4.9**.
- (8) Make decisions on Variance applications where the variance applies to a development or use listed under the Development Officer’s authorities and responsibilities, outlined in **Section 2.1.2(6)** and **(7)**;
- (9) Make decisions on all applications for extensions to the required timeline for the completion of conditions, or the commencement or completion of the development, as outlined in **Section 2.4.7**;
- (10) Ensure that every Master Site Plan application is processed and presented to Municipal Planning Commission for consideration and decision;
- (11) Ensure that every application made to amend the Land Use Bylaw is processed, and a corresponding amending bylaw presented to Council for consideration with adequate supporting material including a staff recommendation, as expeditiously as an appropriate review and available resources will allow.
- (12) Refer all other Development Permit and Variance applications for Discretionary Uses to the Municipal Planning Commission;
- (13) The Development Officer may:
 - (a) Refer any Development Permit application to the Municipal Planning Commission;
 - (b) Refer any other planning or development matter to the Municipal Planning Commission for its review, support or advice. [Bylaw B-12/2017](#)

2.1.3 Municipal Planning Commission

The Municipal Planning Commission is hereby established and shall:

[Bylaw B-04/2024](#)

- (1) Review and provide recommendations to City Council on amendments to the Land Use Bylaw;
- (2) Review and issue decisions on Master Site Plan applications;
- (3) Issue decisions on all Development Permit and Variance applications referred to it by the Development Officer, including applications for Discretionary Uses which are outside the scope of uses listed in **Section 2.1.2(7)**, and set Development Permit conditions as authorized in this Bylaw and the Act;
- (4) Issue decisions and state terms and conditions for Development Permit applications in Direct Control districts where designated by Council;
- (5) Consider and state terms and conditions on any other planning or development matter referred to it by the Development Officer or the Subdivision Officer with respect to which it has jurisdiction under this bylaw.

[Bylaw B-04/2024](#)

2.1.4 City Council

The Airdrie City Council shall:

- (1) Issue decisions and state terms and conditions for Development Permit applications within Direct Control Districts, unless Council has otherwise delegated this authority to another Development Authority;
- (2) Review and make decisions on all amendments to the provisions of the Land Use Bylaw pursuant to the Municipal Government Act.

2.1.5 Development Authority for Direct Control Districts

Unless otherwise specified within a particular Direct Control District, Council hereby delegates the authority to make decisions on Development Permit applications pertaining to lands within Direct Control Districts to the

Development Officer and the Municipal Planning Commission in accordance with their respective authority and duties as set out in **Sections 2.1.2 and 2.1.3** of this Bylaw and the provisions of the applicable Direct Control District.

2.2 Amendments

2.2.1 Bylaw Amendments

Any amendment to this Bylaw shall be made pursuant to the *Act*.

2.2.2 Procedures for Amendments

- (1) Any person may apply to amend this Bylaw by making an application and submitting it to the Development Officer on the prescribed form for processing and referral to Council.
- (2) Council may, on its own initiative and in accordance with the Municipal Government Act, initiate amendments and/or changes to land use designations of any parcel of land, including a parcel within a Direct Control District.

2.2.3 Eligibility to Apply

A person, who makes a rezoning application or applies for a Development Permit, must be the registered owner of the lands affected as shown on the certificate of title or show written proof to the satisfaction of the Development Officer that the registered owner consents to the application.

2.2.4 Amendment Application Requirements

- (1) An application for amendment to this Bylaw shall be made to the Development Officer on the amendment application form in effect at the date of the application, and shall be signed by the applicant or the applicant's agent authorized in writing, and shall include an application fee as described on the City of Airdrie's Fees and Charges Bylaw.
- (2) In addition to the requirements outlined on the application form, the Development Officer may require other information to evaluate the application properly, which may include:
 - (a) Conceptual drawings of any future development on the property including a Site Plan and architectural designs (elevations);
 - (b) A statement describing how the Airdrie City Plan (Airdrie's municipal development plan) or other relevant statutory or non-statutory plans affecting the application and this Bylaw have been considered;
 - (c) A traffic impact analysis when a rezoning application may result in a more intense use with a higher traffic generation rate than the existing use; and,
 - (d) Any additional technical studies as requested by the Development Authority.
- (3) Where the proposed amendment is for a change in text and no property is singularly affected, the requirements outlined above shall be applied by the Development Officer as necessary to ensure that the application's purpose, scope, and potential impacts are clearly defined.

2.2.5 Applications for Direct Control Districts

- (1) Direct Control Districts are intended to be used under this Bylaw to allow for flexibility with development regulations where the proposed development is not otherwise captured, or cannot reasonably be facilitated within an existing land use district.
- (2) Direct Control Districts are not intended to function as a method for varying or waiving the standard site and development requirements of an otherwise-equivalent land use district. Direct Control Districts are intended to include:
 - (a) Innovative development concepts that provide a fine integration of a variety of forms and uses;
 - (b) Development that requires a different or specialized form to respond to significant site-specific features or constraints.

Application Requirements

- (3) An application for a Direct Control District shall provide a rationale in support of the District, identifying the features of the development or site which make a traditional district unfeasible or undesirable.
- (4) An application for a Direct Control District shall include a site plan showing the information outlined in Section 2.3.3(9), as well as the following:
 - (a) Intended land uses, building sizes, footprints, and general massing;

- (b) Areas designated as public and private roadways, where applicable;
- (c) Common areas, including dimensions for emergency access routes, amenity areas, maintenance areas, waste and recycling areas and common parking areas;
- (d) Provision of appropriate parking and landscaping for the intended land uses;
- (e) Accessibility for pedestrian and vehicular traffic, loading vehicles, snow clearing and storage;
- (f) Important or sensitive locations where the site interfaces with the surrounding area, and associated design treatments/responses;
- (g) Such other information as deemed necessary by the Development Authority.

2.2.6 Amendment Review

- (1) Upon receipt of a complete amendment application, the Development Officer:
 - (a) May refer the application to any City department for review and comment; and
 - (b) May refer the application to any external agency for comment or advice at the discretion of the Development Authority. An amendment application may be referred to an external agency for comment or advice at the discretion of the Development Authority.
- (2) Before an amendment application is reviewed by Council and a Public Hearing is held, the Development Authority shall post a notice of the public hearing outlining the proposed amendments, in accordance with the requirements of the *Municipal Government Act* and the City's Public Notification Bylaw No. B-02/2019, as amended. Bylaw B-25/2023

2.2.7 Notification and Public Hearing

- (1) The requirements and procedures for amending this Bylaw are established in the Municipal Government Act and in particular by Sections 230, 606 and 692 of the Act.
- (2) If the scope of the Bylaw amendment is to rezone a parcel to a different land use district, the applicant shall erect a minimum of one public information sign on the site. The required notification sign must:
 - (a) Have a sign face of at least 1.2m by 1.2m;
 - (b) Have a total height not to exceed 3 metres;
 - (c) Be in a format with lettering size approved by the City of Airdrie;
 - (d) Indicate the present district, proposed district, and a general description of the proposed uses that could be developed under the proposed district;
 - (e) Include the proposed area, height, density and floor area ratio, if applicable;
 - (f) Provide the City of Airdrie's contact phone number;
 - (g) Be placed on the subject property and in a location clearly visible from the front roadway;
 - (h) Not interfere with pedestrian or vehicular traffic, or obstruct visibility from roadways, lanes or driveways;
 - (i) Be capable of withstanding weather conditions;
 - (j) Be installed and maintained in a sound manner;
 - (k) Be in place until a public hearing of Council is completed or the application is abandoned; and
 - (l) Be removed within seven days of the completion of the public hearing of Council.
- (3) If the scope of the Bylaw amendment is to rezone a parcel to a different land use district:
 - (a) The Development Officer shall provide a notice to the applicant and property owner and all adjacent property owners within a minimum of 60m radius; and
 - (b) The Development Officer shall provide notice to adjacent municipalities in accordance with the provisions of the Intermunicipal Development Plan in effect.
- (4) If deemed necessary, and in accordance with the provisions of the Act, the City may initiate an amendment to this Bylaw affecting any parcel of land without the owner's consent. The Council shall, prior to consideration of an application, notify the affected landowner(s) in writing of the proposed amendment and provide a summary of the effects of the amendment.

2.2.8 Reapplication Interval

If Council refuses an application for a Bylaw amendment, the City may elect not to accept another application on the same land for the same or similar purpose until six (6) months after the date of such refusal.

2.3 Development Applications

This section identifies the requirements associated with developments that require a Development Permit and those that do not require a permit.

2.3.1 Control of Development

- (1) Except as provided in **Section 2.3.2** (Developments Not Requiring a Development Permit), no person shall commence a development in the City unless a Development Permit has first been issued pursuant to this Bylaw and the development is in accordance with the terms and conditions of the Development Permit.
- (2) A person who makes a rezoning application, applies for a Development Permit, or submits information in respect of a Development that does not require a Development Permit, must be the registered owner of the lands affected as shown on the certificate of title or show written proof to the satisfaction of the Development Officer that the registered owner consents to the application.

[Bylaw B-25/2019](#)

2.3.2 Developments Not Requiring a Development Permit

- (1) It shall not be necessary to obtain a Development Permit prior to commencement of any of the types of development described below in **Table 1**, provided that such a development complies with all applicable provisions of the Bylaw, does not require a variance, and is not located in a floodway area.
- (2) However, where a Development Permit is not required, prior to construction or implementation of the development, the owner shall provide the Development Officer with written information detailing the proposed development. Such developments shall otherwise comply with the provisions of this Bylaw and must be carried out or performed in accordance with all other applicable legislation, regulations and bylaws.

Table 1: Development Not Requiring a Development Permit

Land Use	Conditions/Description
Airport Operations	Where listed as a Permitted Use in accordance with the AP, Airport Employment District.
Arbors, Gazebos, and Pergolas	The erection and construction of arbors, gazebos, and pergolas in any district provided that they do not exceed 3.0m in height or 20.0m ² in area.
Buildings less than 10.0m ² (Excluding Decks)	Where any building has a Gross Floor Area of less than 10m ² . All buildings must meet all applicable land use district regulations, such as, but not limited to, setbacks and height restrictions. Bylaw B-25/2019
Change of Use	A change of use of a building to a Permitted Use where there is no increase to the Gross Floor Area or intensity of use.
Child Care, Limited	The secondary use of a residential dwelling for the purposes of providing personal care, maintenance, supervision or education, without overnight accommodation, for up to six (6) children under the age of 12 years. Bylaw B-25/2019
Demolition And Removal Of Buildings And Structures	Demolition of a building where a Development Permit has been issued for a new development on the same site, if demolition of the existing building is allowed under the terms of the new Development Permit.
Development associated with a Development Agreement	Any developments or improvements related to the construction of public infrastructure, as authorized by a Development Agreement or Subdivision Servicing Agreement.
Development Subject to Plot Plan Review	Unless otherwise required by this Bylaw, the construction of Single Detached, Semi Detached, Duplex and Manufactured Home dwellings, as well as Accessory Buildings, additions, decks and other features for the same that meet the requirements of this Bylaw and that have been approved via Plot Plan Review. Bylaw B-25/2019
Driveways, Walkways and Patios	The construction, maintenance or repair of residential driveways, walkways and patios that meet the requirements of this Bylaw. This does not include the widening of an existing driveway or addition of a second driveway pursuant to Section 7.12 .
Essential Public Services	The construction of buildings and facilities that fall under Essential Public Services, as defined by this Bylaw.
Farm-Related Structures and Maintenance	The construction and repair of general agriculture and associated accessory agricultural buildings such as granaries, silos, hay or animal shelters located on a parcel of agricultural zoned land with a parcel size of 16 hectares (Ha) or more.

Land Use	Conditions/Description
Fences and Gates	The erection of a fence or gate provided that there is no contravention of this or any other Bylaw of the City and provided that such fence or gate does not in the opinion of the Development Authority obstruct the vision of persons using roads abutting the parcel.
Freehold Townhouses	Where the development is listed as a Permitted Use within the Land Use District that applies to the site, meets all requirements in Section 7.38 (Townhouse Exemption Requirements), and meets all other applicable requirements of this Bylaw. Bylaw B-11/2021
Hard Surfacing	The hard surfacing of any area that is part of a development for which a Development Permit has been issued for the purpose of providing vehicle or pedestrian access or parking.
Home Business, Limited	The secondary use of a residential dwelling for the purposes of home office by the occupant of the dwelling in accordance with Section 6.12 of this Bylaw.
Interior Renovations	The internal alteration to a building as long as the alterations do not result in a change of use or the intensity of the existing use. This does not absolve requirements for Building Permits or any other approvals.
Landscaping	Landscaping, including incidental or decorative moveable structures (e.g. mailboxes, shared library book-sharing boxes, etc.) providing the existing grade and natural surface drainage pattern will not, in the opinion of the Development Authority, be materially affected. Bylaw B-25/2019
Maintenance of a Building	The carrying out of routine maintenance to any building, provided that such work does not include or constitute structural alterations. Typical routine maintenance includes but is not limited to siding replacement, window replacement, roofing, painting, etc.
Mobile Vendors	The operation of a Mobile Vendor where it is considered a Permitted Use in accordance with Section 6.13.1(3) and Section 8.4(1) and complies with all applicable regulations in this Bylaw. Bylaw B-18/2022 Bylaw B-28/2023
Municipal Facilities or Projects	The construction, renovation, repair or use of land authorized as a municipal facility, project or other initiative on land that is publicly owned or controlled which has the approval of City Council, by Council resolution or as an approved budget item, and is subject to the project's guidelines, standards and authorizations. Typical examples may include City buildings, transit facilities and shelters, Recreational Facilities and Emergency Service Facilities.
Occupancy of Commercial or Industrial Businesses	The occupancy of vacant space by a Permitted Use in an existing or approved commercial centre or industrial business centre if the Development Permit for the space is still valid and the development standards have not changed.
Parks and Pathways	Where developed as part of a subdivision or neighbourhood, provided that it conforms to the design outlined in the Neighbourhood Structure Plan and Landscaping drawings that may be required as part of the applicable Subdivision application. Where incorporated as part of a development on a privately-owned parcel, provided that there are no conflicts with Utility Rights-of-Way and any existing development approvals. Where developed by a Municipal, Provincial or Federal government on land that is owned or controlled by that level of government.
Promotion or Display	Promotion or display that is accessory to an approved Land Use for the site, where it would not unduly interfere with the amenities of the neighbourhood, exceed a 21 day period, and not reoccur within 90 days.
Public Art	Public art that has been commissioned for, or approved by, the City.
Public Improvements	The construction, alteration, maintenance or repair of a street, lane, utility, undertaken upon a public thoroughfare or utility easement or undertaken to connect the same with any lawful use of building or land.

Land Use	Conditions/Description
Residential Renovations	The internal alteration to a residential building as long as the alterations do not result in an increase in the number of dwelling units. This does not absolve requirements for Building Permits or any other approvals.
Residential Show Homes	For a term not to exceed three (3) years where servicing, fire protection, and all-weather access are all in place and all other requirements of this Bylaw have been met. Extensions to the approved term may also be granted by the Development Authority without requiring a Development Permit application.
Satellite Dish	Less than 1.2 m in diameter directly attached to a roof, side wall or balcony.
Security Suites	A Security Suite identified in the approved drawings associated with an issued Development Permit for a use listed in Section 6.23
Signs	Signs identified in Section 5.4 or listed as “Exempt from Development Permit application” in Section 5.7
Solar Collectors	The installation and repair of solar collectors mounted to a building or structure, in accordance with Section 7.31 . Bylaw B-56/2021
Striping, Site Grading, or Excavation	Stripping, site grading, or excavation that is outlined within a Development Permit or Subdivision Servicing Agreement and corresponding grading plans which have been approved by the Development Authority. Bylaw B-57/2021
Supportive Housing	Supportive housing facilities with two (2) or fewer residents. Bylaw B-33/2024
Swimming Pools and Hot Tubs	An outdoor in-ground or above-ground swimming pool or hot tub associated with a residential use.
Telecommunication Facilities	Telecommunication towers, antennas and associated ground equipment under the jurisdiction of the Federal Government. These types of applications are still required to adhere to the City of Airdrie Telecommunication Infrastructure Policy, or similar, as may be amended from time to time. Bylaw B-25/2023
Temporary Buildings Associated with Construction	A temporary building not to be used for residential purposes, such as a construction trailer, where the sole purpose of the building is incidental to the erection or alteration of a permanent building for which a Development Permit has been issued under this Bylaw. The temporary building must be removed within thirty (30) days of substantial completion of the approved development, or as determined to be appropriate for the removal of the temporary building by the Development Authority. This does not include a real estate office, show home or similar facility
Temporary Events	The use of a building or parcel of land for a Temporary Event in compliance with the regulations in this Bylaw, where the event, in the opinion of the Development Authority, is in keeping with the purpose and intent of the land use district it is located in, and risks no impacts resulting from scale, traffic or interface with adjacent building and uses.
Temporary Government Services	The use of a building, or part thereof, as any official temporary use in connection with a Federal, Provincial or Municipal election, referendum or census. This also includes candidate’s campaign offices and returning officers’ headquarters.
Temporary Retail Sales	Temporary and seasonal sales that have been reviewed and approved under the Development Permit for an associated retail use on the same site. This may include seasonal sale of Christmas trees, flowers, food products or other items providing the activity or use does not contravene any provisions of this Bylaw. This does not include third-party temporary or mobile vendors that are not associated with the approved retail use.
Third-Party Temporary Retail Sales	The operation of third-party temporary retail sales (i.e. seasonal outside sales and activities) may be permitted without a Development Permit if, in the opinion of the Development Authority, such uses do not exceed thirty (30) days and would not adversely affect the parking, traffic flow, appearance, and public safety on the subject site.

Land Use	Conditions/Description
Urban Agriculture Without animals/livestock	The secondary use of a residential parcel for the purposes of growing plants in urban and suburban areas in accordance with Section 6.26 of this Bylaw. This exemption does not apply to any animals, including backyard hens, that are allowed under Section 6.26 subject to a Development Permit application. Bylaw B-08/2021
Utilities on Public Land	The installation, maintenance and repair of public works, services and utilities carried out on behalf of Federal, Provincial or Municipal authorities on land that is publicly owned or controlled.
Utilities on Private Land	Railways, pipelines, irrigation ditches, conduit flumes and utility lines not integral to an approved development
Uses/Development exempted under the <i>Municipal Government Act</i>	Those uses and developments exempted under Section 618 of the <i>Municipal Government Act</i> , or similar legislation, and regulations thereto.

2.3.3 Requirements for a Development Permit Application

An application made to the Development Officer on the prescribed form that shall be signed by the Applicant or his agent authorized in writing, along with the applicable fee.

A Development Permit application shall include all of the following items:

- (1) Completed application form;
- (2) Applicable application fee;
- (3) A statement of intended uses of the proposed development;
- (4) A copy of the Certificate of Title indicating ownership and any encumbrances;
- (5) A Letter of Authorization from all of the registered owners authorizing an agent to apply on their behalf, as the context requires.
- (6) An Abandoned Well Declaration identifying abandoned oil and gas wells and, where present, complying with setback requirements of the Energy Resources Conservation Board (ERCB).
[Bylaw B-13/2021](#)
- (7) Plans showing elevations, floor plans and the perspective of the proposed development including a description of the exterior finishing materials and colours;
- (8) A vicinity map indicating the location of the proposed development in relation to nearby streets and other significant physical features which may have implications on the proposed development;
- (9) A detailed landscape plan of the entire site to show grading, tree planting, any tree removals, grassed areas including the location and species of shrubs and trees, playgrounds and parks.
- (10) Site Plans as required by the application form and an electronic (AutoCAD and PDF) version showing the following:
 - (a) Scale of the plan, minimum of 1: 1,000 or to the satisfaction of the Development Authority;
 - (b) Legal description of the property;
 - (c) North arrow;
 - (d) Municipal address;
 - (e) Lot lines shown with dimensions;
 - (f) Front, side and rear yards with dimensions;
 - (g) Dimension layout of existing and proposed parking areas, driveways, paved areas, entrances and exits abutting streets and lanes, shown and labelled;
 - (h) Location of driveway, walkways, sidewalks and curbs;
 - (i) Location of existing and proposed municipal and private local improvements;
 - (j) Location, dimensions and height of principal buildings and other structures, including accessory buildings, garages, garbage facilities, storage areas and fences that are existing and proposed;
 - (k) Location of Fire Department Connections;
 - (l) Location of major landscaped areas including retaining walls, existing trees, buffering and screening areas where provided;
 - (m) Site topography, drainage patterns, grades and other conditions; and
 - (n) Locations of all registered utility easements and rights-of-way.

2.3.4 Supplementary Requirements for a Development Permit Application

The Development Authority *may* require:

- (1) A Real Property Report to verify the location of an existing building or development that is the subject of the Development Permit application;
- (2) Photographic prints showing the site in its current condition;
- (3) A description of how the form, mass and character of the proposed development will relate to neighbouring development;
- (4) Examples of exterior finishing materials;
- (5) A detailed landscape plan of the entire site to show grading, tree planting, any tree removals, grassed areas including the location and species of shrubs and trees, playgrounds and parks;
- (6) Location of parking areas and emergency access routing;
- (7) Development Site Servicing Plan prepared and signed by a member in good standing of APEGA;
- (8) A geo-technical or floodplain study prepared by a qualified engineer if, in the opinion of the Development Authority, the site is potentially hazardous or unstable or is located within a floodway or flood fringe area;
- (9) A biophysical assessment;
- (10) An environmental site assessment, to the extent required to determine potential contamination and mitigation;
- (11) A traffic impact analysis prepared by a qualified engineer specializing in transportation engineering. Such an analysis shall address, but not be limited to, impact of adjacent public roadways, pedestrian circulation on and off site, vehicular circulation on and off the site, turning radius diagrams for large truck movements and emergency vehicles on and off the site and any other information required by the Development Authority;
- (12) A hazardous materials impact analysis;
- (13) A parking study prepared by a qualified professional;
- (14) A noise attenuation study prepared by a qualified professional;
- (15) A report showing the effects of wind and shadows produced by the proposed development;
- (16) Copies of the plan of survey prepared by an Alberta Land Surveyor showing the site to be developed;
- (17) Information to assist in assessing the impact the proposed development may have on utilities, municipal services, traffic circulation within the site and on adjacent public roadways, land uses, community facilities, and other matters;
- (18) A site remediation plan where remediation of the site may be required after the removal of a temporary development or use;
- (19) Elevations, sign face, and content of any signs proposed;
- (20) A view-shed study or other visual impact analysis;
- (21) A photometric plan showing light intensity throughout the property to the boundary lines;
- (22) Such other plans, photographs or other documents or information of any kind that the Development Authority may consider necessary to properly evaluate the proposed development;
- (23) The Development Authority may require additional copies of plans, specifications and information and, that information be provided in a digital format.

2.3.5 Supporting Plans and Documents

Master Site Plan

- (1) A Master Site Plan is a document to support the development of a Mixed-Use, Commercial, Industrial, large Residential sites, or other large sites requiring comprehensive planning and site design, and is submitted prior to or concurrent with the submission of the first Development Permit application for such sites.
- (2) The purpose of a Master Site Plan is to demonstrate that the development will be compatible with the surrounding area, meet all NSP policies and other requirements, and address principles of good planning and site design to the satisfaction of the Development Authority.
- (3) Where there are multiple Development Permits or stages of development on a site requiring a Master Site Plan, the subsequent Development Permits shall adhere to the approved Master Site Plan.
- (4) A Master Site Plan:
 - (a) Is required for any Mixed-Use or Commercial site over 3.0 hectares in size;
 - (b) Is required for any Residential site over 5.0 hectares in size;
 - (c) May be required at the discretion of the Development Authority for any Industrial site exceeding 8.0 hectares in size, and;
 - (d) May be required at the discretion of the Development Authority for any other development site exceeding 8.0 hectares in size.
- (5) A Master Site Plan must provide the following information:
 - (a) Proposed land uses considered within the Master Site Plan
 - (b) Building footprints and allocation of gross floor area;

- (c) Building massing, including heights and setbacks;
 - (d) Site access and egress points, and interface with the surrounding area;
 - (e) Public realm, amenity areas, and landscaping;
 - (f) Pedestrian, transit, and vehicular traffic circulation, proposed sidewalks and walkway connections;
 - (g) On-site parking and loading areas;
 - (h) Facilities for waste and recycling collection and snow clearing or storage, and;
 - (i) Proposed transit access and transit zone locations.
 - (j) Such other information as deemed necessary by the Development Authority.
- (6) A development analysis may be required with the submission of a Master Site Plan, and must address the following requirements and performance standards:
- (a) An outline of the development's compatibility with the purpose and intent of the District;
 - (b) An outline of the development's compatibility with adjacent features and land uses, including how the development will respond to address any important or sensitive interface conditions;
 - (c) An outline of the access, traffic, and parking requirements for the development, and any related impacts.
 - (d) Such other information as deemed necessary by the Development Authority.

Environmental Site Assessment Reports

- (7) The Development Authority may require an Environmental Site Assessment Report as supporting material to an application for a Development Permit or to a Rezoning Application, where in the opinion of the Development Authority there may be a risk of any pre-existing contamination on or near the Site; or the proposed Development may create an environmental risk to other lands.
- (8) If an environmental assessment or environmental study or report of any kind is required as part of a provincial or federal approval process for a Development, a Development Authority may require the Applicant to provide a copy of the environmental assessment, study or report and may take its content into consideration in making a decision on a Development Permit application or in making a recommendation with respect to a Rezoning Application.
- (9) If a Development Authority concludes, based on the content of an Environmental Site Assessment Report or any environmental assessment or study or report required by a provincial or federal regulatory authority, that a proposed Development could have a negative impact on the environment, then regardless of whether the Development is a Permitted Use or a Discretionary Use the Development Authority may:
 - (a) Approve the issuance of a Development Permit upon such conditions as the Development Authority deems advisable to mitigate negative impact on the environment associated with the Development; or
 - (b) Refuse to approve the issuance of a Development Permit for a Discretionary Use if the Development Authority is of the opinion that there are no reasonable conditions of approval that could adequately mitigate negative impact on the environment associated with the Development.
- (10) A proposed Development does not conform to this Bylaw if, in the opinion of a Development Authority, there are no reasonable conditions of approval that could adequately mitigate negative impact on the environment associated with the Development.

2.4 Development Approval Process

Preamble: This section outlines the approval process of a development application as well as the suspension and cancellation of Development Permits.

2.4.1 Complete Applications

- (1) An application for a Development Permit shall not be considered complete and received by the City of Airdrie until such time as the requirements of **Section 2.3.3** (Requirements for a Development Permit Application) have been met to the satisfaction of the Development Authority. Where these have not been completed to the satisfaction of the Development Authority, then the Development Authority may:
 - (a) Return the application form and all submission material to the applicant, together with the appropriate refund in compliance with the fee schedule; and
 - (b) Deem the application not to have been submitted until all required information and details have been submitted to the Development Authority.
- (2) The determination of completeness shall not be based on the perceived merits of the development proposal. The Development Permit application shall not be reviewed on its merits until it is determined complete by the Development Authority.
- (3) When a Development Permit application is deemed complete the Development Authority shall, using information provided on the application form and all submission material, determine the appropriate land use definition(s) for proposed development.

- (4) Where a development is capable of fitting within the definition of more than one use, the use under which the development more clearly fits must govern.
- (5) When a proposed development includes multiple uses, subject to any restrictions on use combinations contained within this Bylaw, the Development Authority must issue a single Development Permit listing each approved use.
- (6) The Development Authority must consider a proposed development as a Discretionary Use in accordance with the requirements of this Bylaw if the Development Permit application is for:
 - (a) Multiple uses including at least one Discretionary Use; or
 - (b) a Permitted Use which shares a use area with a Discretionary Use.

Bylaw B-34/2023

2.4.2 Development Permit Referral Process

- (1) The Development Authority may refer for comment any matter or any application for a Development Permit to any authority it deems necessary.
- (2) Where the proposed development is located adjacent to the municipal boundary, the Development Authority shall refer a Development Permit application to Rocky View County as per the requirements outlined in the Intermunicipal Development Plan and the Airdrie City Plan.
- (3) In reviewing a Development Permit application, the Development Authority shall consider any technical study deemed necessary to support the review of the application, and based on those technical study results, shall recommend approval or refusal of the application and/or impose such conditions that are considered necessary to mitigate any potential problems or impacts.
- (4) Having received a reply on a matter or application referenced above, the Development Authority shall give consideration to those recommendations.
- (5) After thirty (30) days from the date of referral, the Development Authority may deal with the application whether or not comments have been received.

2.4.3 Decision on a Development Permit Application

The Development Authority, in making a decision on a Development Permit application for:

- (1) A Permitted Use:
 - (a) Shall approve, with or without conditions, the application if the proposed development conforms with this Bylaw; or
 - (b) May approve the application, with or without conditions, even if the proposed development does not conform with this Bylaw, if, in the opinion of the Development Authority there would not be an undue impact on the use, enjoyment, amenity and value of the adjacent properties and/or neighbourhood, or if the impact on such properties could be mitigated through the adherence of specific conditions of approval.
 - (c) May refuse the application if the proposed development does not conform to this Bylaw.
- (2) A Discretionary Use:
 - (a) May approve the application if it meets the requirements of this Bylaw, with or without conditions, based on the merits of the application including Compatibility with existing or future uses, any approved statutory plan or approved policy affecting the site; or
 - (b) May refuse the application even though it meets the requirements of this Bylaw if the proposed development is not compatible with existing or future uses or for any other planning and development reason.
- (3) A Discretionary Use in a Direct Control District:
 - (a) May consider the application and may approve the application providing it meets the direction set out by Council, where Council has delegated the decision to another Development Authority; and
 - (b) Shall refer the development application to Council recommending approval with conditions or recommending refusal, when Council has not delegated the decision to another Development Authority.
- (4) In reviewing a Development Permit application for a Discretionary Use, the Development Authority shall have regard to:
 - (a) The purpose and intent of any statutory plan adopted by the City;
 - (b) The purpose and intent of any non-statutory Plan and pertinent policy adopted by the City.
 - (c) The purpose and intent of the applicable Land Use District;

- (d) The circumstances and merits of the application, including but not limited to:
 - i. The design, character and appearance of the proposed development and, in particular, whether it is Compatible with and complementary to the surrounding properties;
 - ii. Servicing requirements;
 - iii. Access and transportation requirements;
 - iv. Vehicle and pedestrian circulation within the parcel;
 - v. The impact on properties in the vicinity by such nuisance factors as smoke, airborne emissions, odours and noise;
 - vi. The impact on the public transit system, where applicable; and
 - vii. Sound planning principles.
- (5) A Development Permit may be issued on a temporary basis for a period specified by the Development Authority.
- (6) Notwithstanding any provision or requirements of this Bylaw, the Development Authority may establish a more stringent standard for a Discretionary Use when the Development Authority deems it necessary to do so to address any relevant planning and development matter.
- (7) The Development Authority may approve a Development Permit with or without conditions for a use or site or a building that is neither a Permitted Use or a Discretionary Use in the District in which the development is to be located, provided that:
 - (a) The proposed use is similar to a use identified within the District and not more closely aligned with another use that is prohibited in that District;
 - (b) The proposed use is evaluated as a Discretionary Use; and
 - (c) All public notices of the Development Permit approval specifically reference the fact that the use was approved as a similar use.
- (8) An application for a Development Permit may, at the option of the applicant, be deemed to be refused when the Development Authority does not make a decision within 40 days after the receipt of the application that is deemed to be complete by the Development Authority, unless an agreement to extend the 40-day period is entered into between the applicant and the Development Authority.

2.4.4 Variances

Unless as specific provision of this Bylaw provides otherwise, a Development Authority may allow a variance as a condition of a Development Permit if:

- (1) The proposed development is a Permitted Use, Discretionary Use or Similar Use in the district in which it is to be located;
- (2) The proposed development, with variance, would not unduly interfere with the amenities of the neighbourhood or materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land;
- (3) The variance is a function of an aspect or feature that is specific to the site, building or sign to which it applies, not shared by other sites, buildings or signs in the City;
- (4) The variance is a result of an error in the situating of a building or structure, and the rectifying of the error would create unnecessary hardship to the property owner;
- (5) The variance is expressed to be a condition of Development Permit approval, and is specifically mentioned in public notices of the Development Permit approval; or
- (6) The variance would not cause undue hardship to bring the subject building(s) or structure(s) into compliance with the requirements of the *Safety Codes Act*, the *Alberta Building Code*, and the *Alberta Fire Code*.

2.4.5 Development Permit Conditions

- (1) The Development Authority may, as a condition of issuing a Development Permit for a Permitted Use or a Discretionary Use, require the applicant to enter into a Development Agreement with the City to do any or all of the following:
 - (a) Construct or pay for the construction of a road required to give access to the development,
 - (b) Construct or pay for the construction of a pedestrian walkway system to serve the development and/or pedestrian walkways to connect the pedestrian walkway system serving the development with a pedestrian walkway system that serves or is proposed to serve an adjacent development,

- (c) Install or pay for the installation of public utilities, other than telecommunications systems or works, that are necessary to serve the development,
 - (d) Construct or pay for the construction of off-street or other parking facilities,
 - (e) Construct or pay for the construction of loading and unloading facilities,
 - (f) Pay an off-site levy,
 - (g) Pay a redevelopment levy,
 - (h) Pay for all or a portion of a cost of an off-site improvement constructed or paid for in whole or in part by the City or another party at any time prior to the date of approval of the Development Permit which benefits the development,
 - (i) Construct or pay for all or a portion of an off-site improvement having excess capacity, subject to an endeavor to assist agreement, and
 - (j) Provide security in the form of an unconditional Letter of Credit to ensure that the terms of the Development Agreement are carried out in accordance with **Section 2.5** (Development Securities)
- (2) The Development Authority may, as a condition of issuing a Development Permit for a Permitted Use or Discretionary Use, or as a condition of granting a variance to the Development Standards set out in the Land Use Bylaw with respect to either a Permitted Use or a Discretionary Use, impose any condition that addresses any relevant planning and development matter including:
- (a) Ensuring that the development is constructed and maintained in accordance with the approved plans,
 - (b) Ensuring that the Development Standards set out in the Land Use Bylaw are met,
 - (c) Ensuring that recommendations from technical studies and reports are complied with,
 - (d) Ensuring that applicable provisions of Statutory Plans are complied with, and
 - (e) Ensuring that the City's Servicing Standards are met.
 - (f) Ensuring Compatibility,
 - (g) Ensuring that the purpose and intent of the Land Use District is met,
 - (h) Noise,
 - (i) Dust control,
 - (j) Landscaping,
 - (k) Special parking provisions;
 - (l) Location, appearance and character of a building;
 - (m) Grading of a site to protect other properties; and
 - (n) Buffering,
 - (o) Lighting,
 - (p) Environmental issues,
 - (q) Hours of operation, and
 - (r) Off-site road use including entering into a road use agreement
- (3) Conditions for Discretionary Uses or a variance may require the Development Authority to impose higher standards than set out in the General Regulations for the purpose of addressing the above noted considerations.
- (4) To ensure compliance with a Development Agreement, the City may register a caveat agreement against the property being developed which shall be discharged upon the terms of the Development Agreement being met. This requirement does not apply to developments under the authority and control of the Federal, Provincial, and Municipal governments.

2.4.6 Notice of Decision

For the purposes of this Bylaw, notice of the decision on an application for a Development Permit shall be given as follows:

- (1) After approving any Development Permit application for a Permitted Use in full conformity with this Bylaw and without variance or relaxation, or a Development Permit application for a Sign that is a Discretionary Use and limited to a temporary period of a maximum of thirty (30) days, the Development Authority shall:
 - (a) Send a Notice of Decision to the applicant;
 - (b) Publish a notice online in accordance with the standards of Public Notification Bylaw No. B-02/2019 for the duration of the appeal period described in the *Municipal Government Act*;
- (c) Approve and issue the Development Permit as of the date of the decision.

Bylaw B-78/2021

- (2) After approving any other Development Permit application not described by **Section 2.4.6(1)**, the Development Authority shall:
- (a) Send a Notice of Decision to the applicant;
 - (b) Publish a notice online in accordance with the standards of Public Notification Bylaw No. B-02/2019 for the duration of the appeal period described in the *Municipal Government Act*;
 - (c) Send a notice stating the location and use of the parcel and additional details describing the approved development as deemed appropriate by the Development Authority to adjacent landowners.
 - (d) Require the applicant/owner to post a Notice of Decision for the duration of the appeal period described in the *Municipal Government Act*, stating the location and use of the parcel and additional details describing the approved development as deemed appropriate by the Development Authority conspicuously on the subject property

[Bylaw B-78/2021](#)

- (3) In addition to any notices described in **Section 2.4.6(1)** and **(2)**, the Development Authority may direct that a Notice of Decision be mailed to all registered owners of land within an area in proximity to the lot of the proposed development that, in the Development Authority's opinion, may be affected by the proposed development.
- (4) When an application for a Development Permit is refused, the Notice of Decision, with reasons for refusal, shall be sent to the applicant.
- (5) For purposes of this Bylaw, Notice of Decision of the Development Authority on an application for a Development Permit is deemed to have been received:
- (a) On the date that the decision is given to the applicant, and as described under the Public Notification Bylaw 02/2019;
 - (b) Deleted.

[Bylaw B-78/2021](#)

- (6) When notice is required pursuant to **Section 2.4.6(2)**, a Development Permit shall not be issued:
- (a) before the 21 day appeal period referred to in the Municipal Government Act has expired or;
 - (b) in the case of an appeal to the Subdivision and Development Appeal Board (SDAB), until such time as the appeal has been fully dealt with by the SDAB, or the Alberta Court of Appeal in the case of an appeal or leave to appeal of a decision of the SDAB, or the appeal has been withdrawn or abandoned.
- (7) If an appeal is made to the Subdivision and Development Appeal Board against the Development Permit, the Development Permit will not come into effect until the Board approves or upholds the issuance of the Development Permit with or without conditions.

[Bylaw B-50/2021](#)

2.4.7 Suspension and Cancellation of a Development Permit

- (1) If a Notice of Decision for approval has been granted by a Development Authority, all conditions required for the issuance of the Development Permit shall be met to the satisfaction of the Development Authority within twelve (12) months from the date of decision. The Development Authority may grant up to a six (6) month extension for the completion of the conditions. If the conditions required for the issuance of the Development Permit are not met within the time period granted, the Development Permit shall be deemed void.
- (2) If the development authorized on an approved Development Permit has not commenced within twelve (12) months from the date of its issuance, the Development Permit shall be deemed void, unless the applicant advises the Development Authority, within forty (40) days prior to the expiry of such twelve (12) month period, that the applicant desires an extension and the Development Authority grants an extension. The Development Authority may grant up to a six (6) month extension of a Development Permit.
- (3) A development shall be completed to the satisfaction of the Development Authority within twenty-four (24) months of the Development Authority's issuance of the Development Permit, unless the applicant applies for and obtained an extension from the Development Authority forty (40) days prior to the end of the twenty-four (24) month period.
- (4) The Development Authority may suspend or cancel a Development Permit following its approval or issuance:
- (a) If the application contains an misrepresentation;
 - (b) If the fees have not been paid or a cheque is returned "NSF";
 - (c) Where facts have not been disclosed which should have been at the time of consideration of the application for the Development Permit;
 - (d) If the Development Permit was issued in error;
 - (e) As part of a Bylaw Enforcement action pursuant to **Section 2.8.7(5)**;

- (f) Where the applicant requests, by way of written notice to the Development Authority, the cancellation of the Development Permit, provided that commencement of the use, development or construction has not occurred, or;
- (g) If the development or use of the land has been abandoned for a period exceeding twelve (12) months.
- (5) If the Development Authority suspends or cancels a Development Permit, the Development Authority must provide written notice of the suspension or cancellation of the application.
- (6) Upon receipt of the written notice of suspension or cancellation, the applicant must cease all development and activities to which the Development Permit pertains.

2.4.8 Reapplication for Development Permit

- (1) Where a Development Permit has been cancelled or an application for a Development Permit is refused by the Development Authority or, on appeal, by the Subdivision and Development Appeal Board, the submission of another application for the same or similar use on the same parcel, by any applicant, may not be made for a period of six (6) months from the date of issuance of the decision cancelling the Development Permit or refusing the Development Permit application, except where the Development Authority deems that the application has been updated in a manner that addresses the reasons that the initial Development Permit had been cancelled or refused.
- (2) Council may by resolution waive the six (6) month waiting period.
- (3) If necessary, the determination of what constitutes same or similar use shall be made by referring the matter to the Development Authority.

2.4.9 Revisions to an Approved Development Permit

- (1) Where any part of an approved Development Permit is modified or updated over the course of construction, the Development Authority shall require the applicant to provide updated plans and information as deemed necessary by the Development Authority in order to understand the nature of the proposed changes, or apply for a revision to the Development Permit. When evaluating a revision to an approved Development Permit, the Development Authority shall consider the following:
 - (a) The location, orientation, capacity, and use of all buildings and structures approved under the Permit;
 - (b) Any potential impacts to site landscaping, amenity, access, parking, and circulation;
 - (c) Any changes to quantities and measures required under this Bylaw – including setbacks, allocation of lot coverage, provisions for landscaping, tree counts, parking stalls, amenity area, etc.
- (2) The Development Authority, in reviewing a revision to an approved Development Permit:
 - (a) Where the proposed revisions do not impact any of the above noted items, or in the case of any measures required under this Bylaw, where there are minimal changes and the proposed revisions are still in compliance with this Bylaw, the Development Authority may approve such revisions and notify the applicant in the form prescribed by the City.
 - (b) Where the proposed revisions include a change that impacts any of the above noted items, where there is substantial change to any measures required under this Bylaw, or where the proposed revisions require adjustments to the Development Permit Conditions or the granting of a variance pursuant to this Bylaw the Development Authority shall require a new Development Permit application to be made for the proposed revisions, which shall be reviewed in accordance with **Section 2.4** (Development Approval Process).
 - (c) Where the proposed revisions include a change to the approved location, orientation, capacity, and use of the approved Development Permit, the Development Authority shall require a new Development Permit application to be made in full, subject to the requirements of **Section 2.3** (Development Applications).

2.5 Development Securities

The City collects securities through the Development Permit process to cover on and off site improvements which affect the safety of the site and the quality of the built environment. As part of the development approval, applicants may be required to post securities for Development Permits.

2.5.1 Development Security Requirements

- (1) Where identified by the conditions of a Development Permit approval or an agreement required pursuant to **Section 2.4.5** (Development Permit Conditions), development securities shall be required.
- (2) The amount required as security shall be based on the estimated cost of construction of on-site and off-site infrastructure pursuant to the table below, unless otherwise determined in the terms of the Development Permit approval or the Development Agreement.

- (3) Cost estimates are subject to review and verification by the Development Authority, and quoted costs shall be valid for the required work.
- (4) A cost estimate shall include the items identified in **Table 2**:

Table 2: Items Included in Cost Estimates

Type of Work	Details to be included in estimate
On-site Landscaping Costs	<ul style="list-style-type: none"> ▪ Rough grading of the landscaped area; ▪ Minimum of 300mm of topsoil and sod or seed; ▪ Trees and shrubs in accordance with approved Development Permit drawings; ▪ 150mm height concrete curb separating landscaped areas and parking areas.
On-Site Accesses and Fire Lanes	<ul style="list-style-type: none"> ▪ Grading, granular base, construction, and paving.
Other On-site Works	<ul style="list-style-type: none"> ▪ Tree protection fencing; ▪ Construction fencing for the site; ▪ Retaining walls or similar structures; ▪ Parking stall and aisle painting and permanent signage; ▪ Garbage and recycling enclosures; ▪ Site screening; ▪ Environmental protection measures determined through the Development Permit conditions; ▪ Other works as may be required by the Development Authority.
Off-site Works	<ul style="list-style-type: none"> ▪ Works required for servicing the development, as may be required by the Development Authority.

- (5) Securities shall be provided for an amount equal to 110% of the on-site work and 150% of the off-site work as outlined above.
- (6) In addition to the items outlined in **Table 2**, the Development Authority may require securities for on-site or off-site remediation and protection of Municipal infrastructure related to an approved Development Permit.
- (7) Securities shall be provided in a form acceptable to the Development Authority, which may include an irrevocable Letter of Credit, before the Development Permit is issued.

2.5.2 Requirements of a Letter of Credit

Where securities are provided as a Letter of Credit, the Letter of Credit shall:

- (1) Be issued by a chartered bank or treasury branch;
- (2) Be issued in Canadian funds;
- (3) Be irrevocable;
- (4) Contain provisions for either a covenant by the issuer that if the issuer has not received a release from the City thirty (30) days prior to the expiry date of the security, then the security shall automatically be renewed, upon the same terms and conditions, for a further period of one (1) year;
- (5) Not contain any restrictions on the City's ability to place a demand on the Letter of Credit, and;
- (6) Allow for partial draws by the City, if the conditions of the Development Permit are not completed to the satisfaction of the Development Authority.

2.5.3 Reduction and Release of Securities

The owner of a development, or his/her designate, may apply for a Development Completion Certificate (DCC) to determine the degree of completion of the secured aspects of a development. The Development Completion Certificate process may initiate a reduction or release of securities by the City of Airdrie through the Development Completion Review outlined in **Section 2.6.3**:

- (1) Where the City determines that the development has been completed in all aspects and no deficiencies are outstanding, the development securities shall be released.
- (2) Where the City determines that deficiencies remain, the amount of development securities will be reduced, and the City will retain an amount corresponding to the estimated cost of the remaining deficiencies.

- (a) Notwithstanding the items included in cost estimates and secured by the Development Authority, where there are deficiencies noted for non-secured aspects of the development, the Development Authority may retain an amount of the development securities for such deficiencies.
- (b) Where the development securities are reduced and the estimated cost of the remaining deficiencies is less than \$25,000, the City shall retain a minimum of \$25,000 until such time as all works have been completed to the full satisfaction of the Development Authority.
- (c) Where there are off-site works secured as part of a development, the Development Authority shall retain development securities until such time that a Final Acceptance Certificate (FAC) has been issued by the City's Engineering Services department for the off-site works. A portion of the required securities may be released with the issuance of a Construction Completion Certificate (CCC) by the Engineering Services department of the City of Airdrie.

2.5.4 Release of Securities for Landscaping Requirements

- (1) Securities for landscaping requirements shall be released once an inspection of the site demonstrates to the satisfaction of the Development Authority that the landscaping has been well maintained and is in a healthy condition.
 - (a) on completion of a successful inspection for freehold residential developments;
 - (b) after one year for other on-site landscaping covered under a development permit application, or;
 - (c) after two years and following the issuance of a Construction Completion Certificate (CCC) and Final Acceptance Certificate (FAC) by the Engineering Services department of the City of Airdrie.
- (2) Landscaping shall be required to be completed within twelve months of the completion of the approved development. In the event seasonal conditions prohibit the completion of landscaping, the site shall have all landscaping completed prior to July 15 of the following growing season.
- (3) A request for a Landscaping Completion Inspection must be submitted no later than September 30 of each calendar year. The timing and scheduling of Landscaping Completion Inspection are subject to weather, ground, and seasonal conditions that allow for an effective assessment of the site at the discretion of the Development Authority.

[Bylaw B-11/2021](#)
[Bylaw B-25/2023](#)

2.5.5 Use of Securities

- (1) In circumstances where the Development Authority has identified that a development or aspects thereof have not been completed to the satisfaction of the Development Authority and the owner/applicant has refused to address the deficiencies to the satisfaction of the Development Authority:
 - (a) The City may draw on the development securities and the amount thereof shall be paid to the City for its use in completing the deficient aspects of the development.
 - (b) Notwithstanding the list of on-site and off-site works used as a basis for the cost estimate and securities above, the Development Authority may use securities to complete any deficient aspects of the development relating to site functionality, life and safety issues, and overall completion of the development.
 - (c) All expenses incurred by the City, to renew or draw upon any irrevocable Letter of Credit, shall be reimbursed by the owner/applicant to the City by payment of invoice or from the proceeds of the Letter of Credit.
 - (d) In the event the owner/applicant does not complete the required conditions of the Development Permit and the proceeds from the Letter of Credit are insufficient for the City to complete the required work, should it elect to do so, the City may take enforcement actions deemed appropriate under the *Municipal Government Act*.
- (2) Where the City has drawn on development securities, the City shall provide an accounting to the owner/applicant indicating how the proceeds of the securities were applied within sixty (60) days of completing the deficient aspects of the development.

2.6 Development Completion Certificates

A Development Completion Certificate (DCC) is a document issued by the Development Authority to confirm the degree to which an approved development has been completed to the required standards of the Development Authority. Development Completion Certificates may be processed as either:

- *Partial DCCs, which review the completion of part of a development (such as a single building or phase) where there are remaining parts under the same Development Permit which have not been completed to the point where a review of completion can be conducted by the Development Authority, or;*
- *Full DCCs, which review the completion of all aspects approved under a Development Permit.*

2.6.1 When a Development Completion Certificate is Required

- (1) When required as a condition of a Development Permit, the owner of the development, or his/her authorized designate shall apply for a Development Completion Certificate (DCC) when the approved development has been completed to ensure that all requirements and standards of the Development Authority have been met.
- (2) When development securities have been required by the City in accordance with **Section 2.5.1** (Development Security Requirements), the owner of the development may apply for a Development Completion Certificate (DCC) to determine the degree of completion of the secured aspects of the development and initiate a reduction or release of securities pursuant to **Section 2.5.3** (Reduction and Release of Securities).

2.6.2 Development Completion Certificate Application

Application for a Development Completion Certificate shall be made on the prescribed form and shall list as completed all the requirements and conditions of approval of the Development Permit.

When the owner of the development applies for a Development Completion Certificate (DCC), the Development Authority may require:

- (1) A Real Property Report or Final Site Plan describing the true location of all completed buildings, structures, features, and accesses;
- (2) Digital copies of the approved Development Permit drawings;
- (3) Digital and hard copies of as-built drawings for any services installed as part of the development;
- (4) A letter from a professional engineer, confirming the site grading, drainage, and servicing has been constructed according to the approved design;
- (5) Issuance of CCC and FAC for off-site infrastructure works or rehabilitations, and;
- (6) Any other information required to evaluate the completion of the development.

2.6.3 Development Completion Review

After receiving a DCC application, the Development Authority shall evaluate the information provided and determine the degree to which the development has been completed. This review may include confirming that:

- (1) All buildings, parking, landscaping, and any other elements of the site have been developed in accordance with the approved Development Permit drawings;
- (2) All elements of the site secured in accordance with **Section 2.5.1** (Development Security Requirements) have been completed to the satisfaction of the Development Authority;
- (3) The site grading, drainage, and servicing has been constructed according to the approved design;
- (4) All services required for the development have been properly installed and inspected;
- (5) There has been no damage or impacts to off-site Municipal infrastructure;
- (6) All conditions of the Development Permit have been met, and;
- (7) Where the Development Authority is able to confirm, the land uses are consistent with those approved through the Development Permit.

2.6.4 Development Completion Certificate Issuance and Deficiencies

After a DCC application has been reviewed, the Development Authority shall issue a Development Completion Certificate which outlines the degree to which the development has been completed and identifies any remaining deficiencies which must be corrected or addressed.

2.7 Development Appeals

Preamble: In accordance with the provisions of the Municipal Government Act, this section of the Land Use Bylaw outlines the procedure and associated requirements for appealing a decision on a Development Permit to the Subdivision and Development Appeal Board, the Municipal Government Board, or the Court of Appeals. The intent of this section is to inform applicants of their rights and procedures pertaining to subdivision and development appeals.

2.7.1 Appeal Authorities

In accordance with the provisions of the *Municipal Government Act*, the City has established a Subdivision and Development Appeal Board.

2.7.2 Appealing a Decision

- (1) The person applying for a Development Permit or affected by a Stop Order, or any person affected by a decision or Stop Order may appeal the decision to the Subdivision and Development Appeal Board when a Development Authority:
 - (a) Refuses or fails to issue a Development Permit to within 40 days of receipt of a completed application;
 - (b) Issues a Development Permit subject to conditions;
 - (c) Issues a Development Permit where the provisions of the Bylaw were relaxed; or
 - (d) Issues a stop order under Section 645 of the *Municipal Government Act*.
- (2) A Development Permit for a Permitted Use may only be appealed if the provisions of this Bylaw were varied, relaxed or misinterpreted.
- (3) In addition to the applicant, any person affected by a Development Permit or the decisions on it, may appeal to the Subdivision and Development Appeal Board.
- (4) An appeal shall be commenced by filing a notice of appeal, containing reasons, with the Secretary of the Subdivision and Development Appeal Board within twenty-one (21) days; Bylaw B-25/2023
 - (a) In the case of an appeal by the applicant, after
 - i. The date the applicant is notified of the decision; or
 - ii. If no decision is made on the Development Permit application within 40 days of the application being made, the date that period or any extension of it expires.
 - (b) In the case of an appeal by a person affected, after the date on which the City publishes notice of the Development Permit decision in the newspaper circulating in the City.
- (5) A decision on a development application within a Direct Control District cannot be appealed where Council is the Development Authority for that Direct Control District.

2.7.3 The Appeal Process

- (1) If the decision to approve a Development Permit application is reversed by the Board, the Development Permit shall be null and void.
- (2) If the decision to refuse a Development Permit application is reversed by the Board, the Development Officer must issue a Development Permit in accordance with the decision of the Board, unless the Board directs otherwise.
- (3) If the decision to approve a Development Permit application is varied by the Board, the Development Officer must issue a Development Permit in accordance with the terms of the decision of the Board, unless the Board directs otherwise.

Bylaw B-24/2024

2.8 Bylaw Enforcement

Preamble: This section of the Land Use Bylaw outlines the procedures for enforcing the provisions outlined in this Bylaw and the associated fines and penalties. The purpose of this section is to ensure that development within the City of Airdrie is orderly, economical and beneficial; and that the requirements of this Bylaw are enforced fairly and consistently.

2.8.1 Ability to Enforce

- (1) In accordance with the provisions of the Municipal Government Act, this section of the Land Use Bylaw outlines the procedure for enforcing the provisions of the Land Use Bylaw, Part 17 of the Municipal Government Act or its regulations as amended, a Development Permit, or Subdivision approval.

- (2) For the purposes of this Land Use Bylaw, a Peace Officer and Development Officer are Designated Officers for the purposes of carrying out inspections, remedial actions, and enforcement.
- (3) A Development Officer, or the Development Authority as outlined under Section 2.1, may enforce the provisions of the Municipal Government Act and its regulations, this Bylaw, the conditions of a Development Permit and the conditions of a Subdivision Approval. Enforcement may be by way of written warning, Stop Order, Violation Ticket, injunction order, or any other authorized action to ensure compliance.
- (4) Only a Development Authority may issue a Stop Order pursuant to Section 645 of the Act and Section 2.8.8 of this Bylaw.

2.8.2 Right of Entry: Inspections, Remedial Action and Enforcement

- (1) After providing reasonable notice to the owner or occupant of land or a building in accordance with Section 542 of the Municipal Government Act, a Designated Officer may enter any land or building at reasonable times to ascertain if the requirements of this Bylaw are being met.
- (2) For the purpose of this Section, "reasonable notice" means not less than 48 hours except in the case of an emergency or extraordinary circumstance, in which case no notice is required to be provided.
- (3) For the purpose of this Section, "reasonable time" means any time between 8 am and 8 pm, Monday-Friday with the exception of statutory holidays, except in the case of an emergency or extraordinary circumstance, in which case the Designated Officer may enter the land or building at any time.
- (4) If a person fails or refuses to comply with a Stop Order or an order issued by the Subdivision and Development Appeal Board pursuant to Section 687 of the Municipal Government Act, a Designated Officer may enter the land or the building and take any steps necessary to carry out the order in accordance with Section 542 of the Municipal Government Act and this Section.
- (5) No person shall prevent or obstruct a Designated Officer from carrying out any official duty under this Bylaw. If a person prevents, obstructs or interferes with a Designated Officer carrying out any official duty under this Bylaw or if a person refuses to produce anything to assist the Designated Officer in carrying out his/her official duties pursuant to this Bylaw, then the City may apply to the Court of Queen's Bench for an Order pursuant to Section 543 of the Municipal Government Act.

2.8.3 Warning Letter

- (1) Where the Development Officer finds that a development, land use or use of a building is in contravention of this Bylaw, Part 17 of the Municipal Government Act, the regulations under Part 17 of the Municipal Government Act, a Development Permit or Subdivision Approval, or the provisions of an agreement entered into pursuant to Section 650 or 655 of the Municipal Government Act, the Development Officer may issue a written warning to the owner and/or occupant of the property or development.
- (2) The Warning Letter shall describe the subject property or development by:
 - (a) Municipal address or location; and/or
 - (b) Legal description.
- (3) The Warning Letter should:
 - (a) State the nature of the contravention;
 - (b) Give reasonable particulars of the corrective actions required to remedy the contravention;
 - (c) State the time period within which the corrective actions are to be done to bring the development, land use or use of the building into compliance;
 - (d) Unless considered to be a matter of life safety or otherwise stated, give not less than seven (7) days' notice from the date of delivery of the Warning Letter for compliance; and
 - (e) State that if the contravention is not remedied, the City may undertake further enforcement measure(s) pursuant to this Bylaw and the Municipal Government Act.
- (4) The Development Officer may serve the Warning Letter by any or all of the following means:
 - (a) Personally delivering the Warning Letter to the owner and/or occupant of the subject property, structure or development;
 - (b) Delivering the Warning Letter by regular mail addressed to the owner at the owner's address as shown on the assessment roll for the property and/or at the last known postal address of the occupant to whom the Warning Letter is addressed;
 - (c) Posting the Warning Letter in a conspicuous place on the subject property, structure or development when the Development Officer has reason to believe that it is improbable that the Warning Letter will be received by the owner and/or occupant to whom it is addressed within seven (7) days of the date of delivery of the Warning Letter if it is delivered in any other form or if there is reason to believe that the owner and/or occupant is evading service of the Warning Letter.

- (5) Where the Warning Letter is served by posting the Warning Letter on the property, structure or development in contravention or served personally to the owner and/or occupant of the subject property, structure or development, service is affected as of the date and time the Warning Letter was posted or delivered.
- (6) Where the Warning Letter is served via regular mail, service shall be presumed to be effected:
 - (a) 7 days from the date of mailing if the Warning Letter is mailed to an address in Alberta, or
 - (b) 14 days from the date of mailing if the Warning Letter is mailed to an address outside of Alberta.

2.8.4 Bylaw Enforcement for Signs

In addition to other enforcement remedies available to the City as set out in this Bylaw and the Municipal Government Act, all sign development which is in contravention of this Bylaw or the conditions of a permit shall be subject to the following enforcement action which may be taken in addition to, or as an alternative to, all other enforcement remedies available to the City:

- (1) Any sign or other advertising device placed on any wall or fence or elsewhere on or adjacent to a public roadway or public place without a permit or placed in contravention of this Bylaw or a permit may be removed by the City without any prior notice being provided to the owner of the sign or other advertising device;
- (2) The owner of any sign or advertising device placed on any wall or fence or elsewhere on or adjacent to a public roadway or public place without a permit or placed in contravention of this Bylaw or a permit shall be liable for the costs incurred by the City incurred in removing the sign or advertising device; and
- (3) Any sign or other advertising device removed in accordance with this section must be claimed within thirty (30) days of its removal by the City or the sign or other advertising device shall be deemed to be abandoned property and the City shall dispose of the sign or other advertising device as the City deems appropriate.

2.8.5 General Offences

- (1) Any person who:
 - (a) Contravenes or causes, allows or permits a contravention of any provision of this Bylaw;
 - (b) Contravenes or fails to comply with a Development Permit or any conditions forming part of the Development Permit;
 - (c) Contravenes or fails to comply with a subdivision approval or any conditions forming part of the subdivision approval;
 - (d) Contravenes or fails to comply with an agreement entered into pursuant to Section 650, 651 or 655 of the *Municipal Government Act*;
 - (e) Authorizes or proceeds with any development that is at variance with the description, specification or plans that were the basis for the issuance of a Development Permit;
 - (f) Authorizes or proceeds with any subdivision that is at variance with the description, specification or plans that were the basis for the issuance of a subdivision approval;
 - (g) Continues development after a Development Permit has expired, been revoked or suspended;
 - (h) Continues with subdivision after subdivision approval has expired, been revoked or suspended;
 - (i) Having been issued a Stop Order, does not complete the corrective measures described within the Order within the time period specified;
 - (j) Displays any sign in an abandoned or derelict state; or
 - (k) Displays any sign without a valid permit where a permit is required by this Bylaw,

Is guilty of an offence and is liable upon summary conviction to a fine in an amount not to exceed \$10,000.00, imprisonment for not more than one year, or to both fines and imprisonment.
- (2) For the purposes of this section, Council intends that all offences created under this Bylaw are to be interpreted as strict liability offences.

2.8.6 Violation Tickets and Penalties

- (1) A Designated Officer is hereby authorized and empowered to issue a Voluntary Payment Tag to any Person who the Officer has reasonable and probable grounds to believe has contravened any provision of this Bylaw.
- (2) A municipal Voluntary Payment Tag may be issued to such Person:
 - (a) either personally; or
 - (b) by mailing a copy to such Person at their last known address.
- (3) Where a Voluntary Payment Tag is issued pursuant to this Bylaw, the Person to whom the Voluntary Payment Tag is issued may, in lieu of being prosecuted for the offence, pay to the City the penalty specified on the Voluntary Payment Tag.

- (4) This section does not prevent a Designated Officer from issuing a violation ticket requiring a court appearance of the defendant, pursuant to the provisions of the Provincial Offences Procedures Act, or from the Development Authority first issuing a Stop Order in accordance with this Bylaw and the Municipal Government Act in lieu of or in addition to issuing a violation ticket.
- (5) If the penalty specified on a Voluntary Payment Tag is not paid within the prescribed time period, then a Designated Officer is hereby authorized and empowered to issue a Violation Ticket pursuant to the *Provincial Offences Procedures Act*.
- (6) Notwithstanding any other provision of this Bylaw, a Designated Officer is hereby authorized and empowered to immediately issue a Violation Ticket pursuant to the Provincial Offences Procedures Act to any Person who the Officer has reasonable and probable grounds to believe has contravened any provision of this Bylaw
- (7) This section does not prevent a Designated Officer from issuing a Violation Ticket requiring a court appearance of the defendant, pursuant to the provisions of the Provincial Offences Procedures Act, or from the Development Authority first issuing a Stop Order in accordance with this Bylaw and the Municipal Government Act in lieu of or in addition to issuing a violation ticket.
- (8) Specified and minimum penalties for any offence under this Bylaw are outlined in **Table 3**.

Table 3: Minimum and Specified Penalties for Land Use Bylaw Enforcement

Section	Offence	Minimum Penalty First Offence	Specified Penalty First Offence
2.3.2(1) 2.4.5	Failure to obtain a Development Permit / Failure to comply with Development Permit conditions	\$1,500	\$2,500
2.3.1(1)	Occupy or commence use prior to Development Permit issuance	\$1,500	\$2,500
2.8.2(5)	Failure to allow inspection / Hinder inspector	\$1,000	\$1,500
5.9.4	Illegal display of Third-Party Advertising	\$1,000	\$1,500
5.9.2 5.9.3	Failure to comply with standards for Digital Media or Sign Illumination	\$1,000	\$1,500
7.1	Illegal Adverse Effects or Nuisance	\$1,000	\$1,500
7.18	Failure to Shield or Mitigate Lighting	\$1,000	\$1,500
N/A	Other failure to comply with Land Use Bylaw standards or requirements	\$500	\$750

- (9) Where a contravention of this Bylaw is of a continuing nature, further Voluntary Payment Tags or Summons may be issued by a Designated Officer provided that no more than one (1) Voluntary Payment Tags or Summons shall be issued for each calendar day that the contravention continues.
- (10) Where any Person commits the same offence under this Bylaw more than once in one twenty-four (24) month period, the minimum and specified penalties in respect of the offences shall be:
- double the amount shown in Table 3 for the second offence.
 - triple the amount shown in Table 3 for the third offence.
 - at the discretion of the Development Authority, but not to exceed \$10,000, for additional subsequent offences after the third.

[Bylaw B-50/2021](#)

2.8.7 Other Remedies

- Nothing in this Bylaw diminishes or in any way affects the powers of a Development Authority to issue orders for compliance or in any way affects any person's rights to appeal a Development Authority's order.
- Nothing in this Bylaw diminishes or in any way affects the provisions of the Municipal Government Act relating to offences and penalties.
- Nothing in this Bylaw diminishes or in any way affects the rights of the City pursuant to the Municipal Government Act, or at common law to seek an entry order, order for compliance, injunction or any other order to obtain compliance with this Bylaw.
- The levying and payment of any fine or the imprisonment for any period provided in this Bylaw does not relieve a person from the necessity of paying any fees, charges or costs for which that person is liable under the provisions of this Bylaw, any other Bylaw or other enactment.
- Where there is a violation for failure to comply with the Development Permit conditions of an approved Land Use, the Development Authority may suspend or cancel the Development Permit authorizing that use.

2.8.8 Stop Order

- Where the Development Officer finds that a development, land use or use of a building is in contravention of this Bylaw, Part 17 of the Municipal Government Act, the regulations under Part 17 of the Municipal Government Act, a Development Permit or Subdivision Approval, the conditions of a Development Permit, the conditions of a Subdivision Approval or the provisions of an agreement entered into pursuant to Section 650 or 655 of the Municipal Government Act, the Development Officer may, by written notice, order the owner, the person in possession of the land or building, or the person responsible for the contravention, or any or all of them to:
 - Stop the development or use of land or building in whole or in part as directed by the notice;
 - Demolish, remove or replace the development; and/or
 - Carry out any other actions required by the notice so that the development or use of land or use of the building complies with the Act, this Bylaw, a Development Permit, a subdivision approval or agreement, Within the time set out in the notice.
- The Development Officer may serve the Stop Order by any or all of the following means:

- (a) Personally delivering the Stop Order to the owner and/or occupant of the subject property, structure or development;
 - (b) Delivering the Stop Order by regular mail addressed to the owner at the owner's address as shown on the assessment roll for the property and/or at the last known postal address of the occupant to whom the Stop Order is addressed;
 - (c) Posting the Stop Order in a conspicuous place on the subject property, structure or development when the Development Officer has reason to believe that the owner and/or occupant is evading service of the Stop Order.
- (3) Where the Stop Order is served by posting the Stop Order on the property, structure or development in contravention or served personally to the owner and/or occupant of the subject property, structure or development, service is affected as of the date and time the Stop Order was posted or delivered.
- (4) Where the Stop Order is served via regular mail, service shall be presumed to be effected:
- (a) 7 days from the date of mailing if the Warning Letter is mailed to an address in Alberta, or
 - (b) 14 days from the date of mailing if the Warning Letter is mailed to an address outside of Alberta.
- (5) A person who is affected by the Stop Order may appeal the Stop Order to the Subdivision and Development Appeal Board in accordance with Section 685 of the *Municipal Government Act*.
- (6) If a person fails or refuses to comply with a Stop Order or an order issued by the Subdivision and Development Appeal Board pursuant to Section 687 of the *Municipal Government Act*, the City may do one or more of the following:
- (a) Obtain an injunction or other order from the Court of Queen's Bench pursuant to Section 554 of the *Municipal Government Act*;
 - (b) Register a caveat under the Land Titles Act in respect of the order against the certificate of title for the subject land; and
 - (c) A Designated Officer may enter into or upon the land or building pursuant to Section 542 of the *Municipal Government Act* and take any action necessary to carry out the order pursuant to Section 646 of the *Municipal Government Act*.
- (7) The costs and expenses incurred by the City in carrying out a Stop Order may be:
- (a) Charged to the registered owner of the lands subject to the Stop Order; and
 - (b) Added to the tax roll of the lands subject to the Stop Order whereupon the amount is deemed to be property tax and forms a special lien against the land.

3. Landscaping Requirements

Preamble: The regulations contained in this section establish the landscaping requirements for all development within the City. It is recognized that landscaping is an integral component of development and enhances the appearance and environmental performance of developments. It should be noted that while this section outlines the minimum landscaping requirements, specific regulations may also be included within specific land use districts as required to ensure quality development and use compatibility. All sections of this Bylaw pertaining to landscaping should be reviewed and adhered to when developing site plans, design plans and landscaping plans.

3.1 New Development

- (1) All development shall provide landscaping in compliance with this Bylaw.
- (2) The Development Authority may vary the landscaping requirements contained in this Section for an individual development site if the required landscaping has been provided at a broader, more comprehensive level of plan. This may include an Area Structure Plan, Neighbourhood Structure Plan, or Master Site Plan.
- (3) For any variance considered under the above, landscaping must still be provided in a manner that is compatible with the purpose and intent of this Bylaw, properly addressing of the use and development of the site, streetscape, amenity and environmental performance.

3.2 Existing Development

- (1) Development approved prior to the adoption of this Bylaw shall adhere to the landscaping requirements of its approval, to the satisfaction of the Development Authority, unless a new Development Permit application is made.

3.3 General Landscaping Requirements

The following landscaping standards and requirements apply to all development covered under this Bylaw, unless detailed otherwise within a specific land use district or overlay.

- (1) Any portion of a site not occupied by buildings, pedestrian circulation or storage or parking areas shall be landscaped.
- (2) The minimum landscaping requirement listed in any district shall be applied to the whole development site. Where a site includes multiple lots, the landscaping requirement shall be applied comprehensively and not to individual lots.
- (3) All required yard (setback) areas, except for those specifically required for sidewalks and motor vehicle access, are to be landscaped.
- (4) When a landscaped area is required adjacent to a boulevard, the tree species chosen must complement the existing boulevard trees.
- (5) The Development Authority may require landscaping within a site that is intended for future development if, in the opinion of the Development Authority, the lack of landscaping creates a potential negative visual impact, given the visibility of the area from adjacent properties and public roadways.
- (6) All landscaped areas shall be designed to facilitate effective surface drainage consistent with a lot grading plan.
- (7) Parking or storing of vehicles is not permitted on landscaped areas unless approved as a display area on approved Development Permit drawings.
- (8) The siting or location of coniferous and deciduous trees shall be to the satisfaction of the Development Authority, having regard to such considerations as solar access and shade, screening and sight lines, and year-round provision of foliage.
- (9) All areas subject to landscaping shall be maintained as a landscaped area once complete.
- (10) Soft landscaping shall be maintained to the minimum standards of this Bylaw on an ongoing basis. Any tree or shrub required to meet the minimum standards of this Bylaw that does not survive shall be replaced within one year.
- (11) Where any landscaping is to be provided on a site and is not governed by a Development Permit, Development Agreement, or Subdivision Servicing Agreement, such landscaping must be completed within 2 years. Bylaw B-25/2023
- (12) If the Development Authority allows a variance from the requirements set out in this section, the Development Authority may impose as a condition of development approval, where feasible and practical, landscaping alternatives that focus on the enhancement of streetscape and environmental performance by the addition of landscaping between the building and the adjacent road, and in the parking areas adjacent to the road.

3.4 Landscape Plans

A landscape plan for a proposed development must be submitted as part of each Development Permit application and must include the following information:

- (1) The property lines of the site, adjacent land uses, approximate location of buildings and landscaping on adjacent sites;
- (2) All overhead, surface and underground utilities, limits of easements and right-of-ways;
- (3) The existing and proposed topography;
- (4) The existing vegetation and indication of whether it will be retained or removed;
- (5) The layout of berms, open space, pedestrian circulation, retaining walls, screening, soft landscaped areas, and hard landscaped areas;
- (6) The location, height and materials of all proposed walls, fences and screening;
- (7) Common and botanical names, sizes, and quantities of plant material and the types of landscaped areas; planting details indicating soil depths, amount of topsoil, and mulch types;
- (8) Irrigation systems, if proposed;
- (9) A table indicating the required quantities of plant material, as required by this Bylaw;
- (10) Established City landscaping and infrastructure within 6 metres of the subject property, or any other established landscaping and infrastructure that will be impacted by the proposed development.

3.5 Review and Approval of Landscape Plans

- (1) The Development Authority shall review the landscape plan to verify its compliance with the provisions of this section. The Development Authority may approve, deny or require changes to the landscape plan if it is not in compliance. Provided that the purposes of this section are still achieved, written requests for alternative landscaping schemes may be submitted to the Development Authority and may be considered when the following conditions apply:
 - (a) Topography, soil or other site conditions are such that full compliance is impossible or impractical;
 - (b) It can be demonstrated that the alternative proposal will result in better environmental or aesthetic quality and conditions; or
 - (c) Safety considerations are involved and no other alternative exists to reduce potential hazards.
 - (d) The site has space limitations or an unusual shape;
- (2) The Development Authority may authorize minor changes to an approved landscape plan without requiring a separate Development Permit application.

3.6 Planting Requirements

- (1) Landscaping materials must be selected based on the context of the site and in the case of soft landscaping, for their hardiness, disease-resistance, drought-resistance and maintenance characteristics. When new landscaping is required, existing mature trees and established soft landscaping are encouraged to be retained and augmented where possible.
- (2) Naturalized landscapes, where provided, shall be designed to reflect the plant materials, soil types and topography typical to the relevant sub-region. Generally, naturalized landscapes would apply to areas adjacent to Nose Creek, environmental reserves, major utility right-of-ways and public utility lots, and parking lot islands. Naturalized landscapes may be accommodated in any land use district subject to an approved landscape plan.
- (3) All plants used to complete landscaping required by this Bylaw must be listed in the Alberta Horticultural Guide and shall be tolerant to specific site conditions, such as sun, shade, excessive wind, road salt, etc.
- (4) Tree planting shall be in groupings or mulched beds to encourage improved growth, survivability and aesthetics.
- (5) Shrubs shall be planted in groups of three or more.
- (6) For the purposes of calculating the Number of Plantings Required, the requirements shall be based on the amount of landscaped area required for the site. Where the calculation of Number of Plantings Required results in a fractional number, the requirement shall be rounded up to the nearest whole number.
- (7) Where the calculation of Number of Plantings Required results in less than one tree or less than three shrubs, a minimum of one tree or three shrubs, respectively, shall be provided.
- (8) The quality and extent of landscaping established on a site shall be the minimum standard to be maintained on the site for the life of the development. Adequate means of irrigating and maintaining the landscaping shall be provided.
- (9) Any trees or shrubs which are found at the time of an inspection that are identified as diseased or in decline must be replaced during the next planting season, unless otherwise accepted by the Development Authority.

- (10) The minimum specifications for plantings required by this Bylaw at the time of planting shall be as outlined in **Table 4** (Minimum Landscaping Requirements) below:

Table 4: Minimum Landscaping Requirements

Feature	Minimum Requirements
Deciduous Trees (Small)	50mm Caliper
Deciduous Trees (Large): Must be at least 50% of trees provided	70mm Caliper
Deciduous Shrubs	450mm Height OR 2 Gallon Pot Size
Coniferous Trees	2.5m Height
Coniferous Shrubs	600mm Height and 350mm Spread OR 5 Gallon Pot Size
Ratio of Deciduous/Coniferous Trees	Deciduous Trees shall represent between 25-75% of the required tree count as determined to be appropriate by the Development Authority.
Shrub Substitution	5 shrubs may be substituted for any one small or large tree at the discretion of the Development Authority
Number of Plantings Required	1 tree and 2 shrubs per 25m ² in Residential Districts except as otherwise stated in this Bylaw 1 tree and 2 shrubs per 30m ² in Commercial and Mixed-Use Districts 1 tree and 2 shrubs per 45m ² in Industrial Districts 1 tree and 2 shrubs per 70m ² in Public Districts, unless a different standard is determined to be appropriate by the Development Authority.

[Bylaw B-50/2021](#)

- (11) No individual tree species shall represent more than 33% of the total trees required for any development.
- (12) Notwithstanding the Number of Trees Required outlined in **Table 4** (above) for Single Detached, Semi-Detached, and Duplex developments, or portions thereof for a comprehensive development, the requirement for front yard landscaping shall be:
- Two (2) trees per lot, or;
 - A combination of trees and shrubs equivalent to two (2) trees per lot, in accordance with the Shrub Substitution provisions outlined in **Table 4** (Minimum Landscaping Requirements), or;
 - A xeriscaping plan, incorporating drought-resistant and local plant species, prepared to the satisfaction of the Development Authority.

3.7 Hard Landscaping Requirements

- Unless otherwise accepted by the Development Authority, all landscaping required for a development site shall be provided as soft landscaping.
- The Development Authority may accept the provision of Hard Landscaping to satisfy the requirements of this Bylaw where the landscaping provided meets all of the following criteria:
 - Is consistent with the purpose and intent of the Land Use District in which it is located;
 - Provides amenity for the site;
 - Is permeable and does not alter the approved grading and drainage pattern for the site;
 - Contributes to the environmental performance of the site; and
 - Is sensitive to conditions of the site and its interface with the surrounding area.

3.8 Alternate Landscaping Requirements

- Where a proposed development provides Enhanced or Low Water Landscape treatments and meets or exceeds all other requirements of this Bylaw, the Development Authority may reduce the minimum required landscaped area by up to 20% of the requirement that is stated in the district.
- For Enhanced Landscaping treatments, the minimum landscaped area required by the district may be reduced at the discretion of the Development Authority where:
 - 1.0 trees and 2.0 shrubs are planted for every 30m² of landscaped area provided;
 - All deciduous trees have a minimum calliper of 70mm at the time of planting;
 - Coniferous trees have a minimum height of 3.0 metres at the time of planting.

- (3) For Low Water Landscaping treatments, the minimum landscaped area required by the district may be reduced at the discretion of the Development Authority where:
 - (a) A low water irrigation system is provided and irrigation is confined to trees and shrubs on-site;
 - (b) Trees and shrubs with similar water requirements are grouped together;
 - (c) A maximum of 30% of the required landscaped area is planted with sod and the remainder is covered with plantings or mulch;
 - (d) A minimum of 30% of required plantings provided on-site are Low Water plantings.

3.9 Artificial Landscaping

- (1) Artificial landscaping shall be at the discretion of the Development Authority and subject to review of a landscaping plan complete with specifications on the artificial landscaping proposed (i.e. composition, installation, base materials, drainage test reports, etc.);
- (2) Artificial turf must be permeable and able to meet appropriate drainage and runoff standards to the satisfaction of the Development Authority;
- (3) Where artificial turf is proposed in residential districts, it:
 - (a) Shall be complementary to other natural landscaping elements proposed on the subject property and the surrounding area that would, in the opinion of the Development Authority, improve the overall aesthetic of the property and the neighbourhood;
 - (b) Shall include a thatch layer to provide integrated colour variation to the satisfaction of the Development Authority;
 - (c) Shall provide an appropriate material weight and varied blade height to ensure a natural aesthetic to the satisfaction of the Development Authority
- (4) Artificial turf shall not be permitted in all other districts, except where forming part of a Day Care, Animal Service, or Outdoor Recreation facility;
- (5) Artificial landscaping must be maintained and repaired or replaced if damaged within thirty days of receipt of notice from the Development Authority;
- (6) The Development Authority, in evaluating a proposal for artificial landscaping, shall consider:
 - (a) Interface with landscaping on adjacent properties and other landscaping treatments on the site;
 - (b) Visibility of the artificial landscaping from the street and adjoining properties;
 - (c) Existing distribution of artificial landscaping in the surrounding area, as determined by the Development Authority.

3.10 Landscaping in Industrial Districts

Notwithstanding the setbacks identified in any industrial district, any development in an industrial area:

- (1) Shall include a 5.0m landscape buffer adjacent to the property line that abuts or is adjacent to a residential district, or as determined by the Development Authority;
- (2) Shall include a 5.0m landscape buffer adjacent to the property line that abuts Veterans Blvd., Yankee Valley Blvd., East Lake Blvd., Hamilton Blvd. or Kings Heights Blvd.;
- (3) Shall include a 3.0m landscape buffer adjacent to the property line that abuts any other Collector or Arterial road.

3.11 Landscaping in Commercial and Institutional Districts

Notwithstanding the setbacks identified in any commercial or institutional district, any development in a commercial or institutional district, except the Downtown Core Mixed Use District (M3):

- (1) Shall include a 3.0m strip of landscaped area adjacent to a property line that abuts a road;
- (2) Shall ensure that off-street loading spaces in any commercial district adjoining or fronting onto any residential property in a residential district are screened on each side by a wall, fence, berm or hedge not less than 1.8m in height to the satisfaction of the Development Authority;
- (3) Shall screen all outdoor storage areas from view of adjacent arterial roads through the use of fencing, landscaping, masonry wall, berm, or combination thereof, in addition to the any other applicable regulations in this section, to the satisfaction of the Development Authority;
- (4) May require other types of screening at the discretion of the Development Authority to reduce visual impact between the residential and non-residential district.

3.12 Landscaping in Parking Areas

- (1) Landscaping shall be incorporated into the design of parking lots to improve streetscape and aesthetics of the site, enhance the pedestrian environment, improve the internal circulation and allow for stormwater infiltration on the site.
- (2) Landscape islands shall be required for surface parking areas with a capacity of 50 or more vehicles.
- (3) Landscaped islands provided in parking areas:
 - (a) Shall be provided at the beginning and end of every row of parking stalls;
 - (b) Shall be spaced with no more than 24 parking stalls between landscaped islands;
 - (c) Shall be provided with a minimum area of at least 20m² and a minimum dimension of at least 1.8m;
 - (d) Shall be provided with a minimum depth of 0.75m and a minimum volume of 15m³;
 - (e) Shall require a minimum of 1 tree or equivalent plantings per 10m² of landscaped island area. Planting types and species provided for this requirement shall be selected based on survivability in constrained landscaped areas;
 - (f) May identify up to one-third of the provided landscaped islands on a site which can be used to accommodate snow storage for the site during winter and may have reduced plantings provided within such islands accordingly.
- (4) Landscaped islands must be surrounded with a concrete curb and designed and located in such a way that the health of all landscaping associated with them can be maintained for the life of the principal development.
- (5) The Development Authority may approve a different planting requirement where the landscaped island contains a naturalized planting scheme, and/or where the landscaped island is used to detain storm water.

3.13 Securities and Letters of Credit

At the time of subdivision, or as a condition of a Development Permit, an irrevocable letter of credit or other form of security deemed acceptable to the Development Authority may be required to ensure that proposed landscaping is carried out with reasonable diligence. The details and requirements of this security shall accord with all applicable security policies of the City and related agreements (e.g. subdivision servicing, development agreements), as may be amended from time to time, including but not limited to Section 2.5 of this Bylaw, where applicable.

4. Parking Requirements

Preamble: This section of the Bylaw establishes general parking and loading requirements. The parking requirements reflect the different activity levels and parking demands associated with different land uses throughout the city. The intent of regulating parking requirements is to ensure that developments do not impose off-site impacts and traffic problems on adjacent properties.

4.1 Parking Approvals and Administrative Standards

- (1) The following requirements shall apply to all parking and loading facilities required by this Bylaw. Notwithstanding the requirements of this part, specific rules contained in any land use district shall govern the parking and loading requirements for that district.
- (2) Where parking and/or loading space(s) are required as a condition of a Development Permit, the owner/applicant shall provide the required parking and loading spaces at or before the time of occupancy of the building, unless otherwise deemed acceptable by the Development Authority.
- (3) Unless otherwise approved by the Development Authority, all parking stalls and loading spaces required by this Bylaw shall be located on the same sites as the use requiring them. At no time shall a parking stall or loading space encroach onto an adjacent property.
- (4) Unless otherwise stated in this Bylaw, parking areas required for non-residential uses shall be paved prior to occupancy.
- (5) In the event that seasonal conditions prohibit the completion of paving, the lot shall be compacted and maintained in a manner to allow access by emergency vehicles and all paving shall be completed prior to July 1 of the following year.

4.2 Design Requirements for Parking

- (1) Unless otherwise approved by the Development Authority, all required parking stalls shall be hard-surfaced with asphalt, concrete, paving stones or a similar material prior to occupancy.
- (2) Unless otherwise defined in this Bylaw, all parking spaces shall have minimum dimensions of 2.7 metres in width and 6.0 metres in length.
- (3) Parking spaces shall not be located in the required landscaped area in the front yard of a site.
- (4) Parking and loading areas shall be designed and located so as to minimize any disruption to the continuity of the pedestrian system and adjacent roadways.
- (5) The driveway portion of all access/egress to sites shall be hard-surfaced to the satisfaction of the Development Authority.
- (6) Sites shall be designed so that streets and access routes for firefighting equipment shall be provided in accordance with the requirements of the Safety Codes Act, the Alberta Building Code, and the Alberta Fire Code.
- (7) Where access/egress to public roadways is to be provided to a site utilizing vehicles of 10.0m or greater in length, the applicant may be required to provide diagrams acceptable to the City, to determine that the access/egress geometrics to the site are appropriate for the intended vehicle use.
- (8) No direct access shall be permitted from a lane to a parking lot or structure containing more than three (3) contiguous stalls unless circumstances are judged by the Development Authority to warrant it.

[Bylaw B-50/2021](#)

4.3 Use of Parking Areas

- (1) Parking areas that are intended for public use shall only be used for the temporary parking of motor vehicles and shall not be used for the extended storage of motor vehicles, for the sale of motor vehicles, or any other type of storage or outdoor display.
- (2) Parking of vehicles is not permitted on vacant lots, unless a Development Permit has been issued by the Development Authority.
- (3) No portion of a front yard or exterior side yard that is not a driveway shall be used for the purpose of parking a motor vehicle, recreational vehicle or trailer.
- (4) Unless otherwise approved by the Development Authority, only those areas approved for parking shall be paved and/or utilized for parking of motor vehicles.

[Bylaw B-13/2021](#)

4.4 Parking Stall Requirements

- (1) For any development or land use, parking stalls shall be provided in accordance with the use listed in **Table 5** (minimum required parking).
- (2) In the case of a use not specified in **Table 5** (Minimum Required Parking), the number of stalls provided shall be the same as for a similar use, as determined by the Development Authority
- (3) Where a development on a parcel includes more than one land use or development, the required number of stalls shall be the sum of the requirements for each of the uses as specified, unless an alternative parking standard has been approved by the Development Authority.
- (4) Where the calculations of parking spaces result in a fractional number, the required number of spaces shall be rounded up where the fraction exceeds 0.5 and rounded down where the fraction is 0.5 or lower.
- (5) Unless otherwise deemed appropriate by the Development Authority, calculations for parking requirements involving more than one land use shall be added together as their fractional components and then rounded in accordance with **Section 4.4(4)** (above).
- (6) The Development Authority may approve any parking design that does not conform to the requirements of this section, if in the opinion of the Development Authority, the parking design is an integral component of an innovative sustainable design or urban design for the development.
- (7) Any additional parking that exceeds the required number of stalls for the development or land use by more than 20% may only be considered for approval at the discretion of the Development Authority. Through this, the Development Authority may have regard to any conditions specific to the site, anticipated future land uses which may or may not be outlined in a Master Site Plan, and the development's ability to maintain an appropriate interface with the surrounding area.
- (8) If a Development Permit is issued that authorizes an increase to the gross floor area of a development without a change of use or an increase to the intensity of use, the Development Authority may determine that no additional parking may be required.
- (9) Required parking spaces shall not be included in any required loading area.

Table 5: Minimum Required Parking

Use Classification	Minimum Parking Required
Residential Uses	
Dwelling, Detached Dwelling, Duplex Dwelling, Semi-Detached Dwelling, Townhouse Back-to-Back Townhouse Manufactured Home Mixed Use Development, Limited Mixed Use Development, General Multi-Residential Development <i>Forms other than an apartment building</i>	2.0 stalls per dwelling unit <ul style="list-style-type: none"> ▪ Tandem parking configurations may be permitted for Multi-Residential Development, at the discretion of the Development Authority
Mixed Use Development, General Multi-Residential Development <i>Taking the form of apartment building</i>	1.75 stalls per dwelling unit, of which 0.25 stalls per unit shall be specifically designated for visitor parking <ul style="list-style-type: none"> • A minimum of 1 space shall be assigned to each unit • Visitor parking shall be clearly signed and accessible • Tandem parking configurations may be permitted for Multi-Residential Development, at the discretion of the Development Authority.
Dwelling, Live-Work Units	Parking as per the appropriate housing form (above), PLUS Parking required for the business aspect of the development, as outlined within this table.

Use Classification	Minimum Parking Required
Accessory Uses	
Dwelling, Garage Suite Dwelling, Garden Suite Dwelling, Secondary Suite	1.0 stall per suite PLUS Parking as required for any other land uses provided on the site.
Bed and Breakfast	1.0 stall per guest room, PLUS Parking as required for any other land uses provided on the site.
Home Business	Parking as required for the principal dwelling, PLUS As outlined in Specific Use Regulations (Section 6.12)

Use Classification	Minimum Parking Required
Commercial Retail Uses	
Retail, General	2.5 stalls per 100m ² gross floor area
Shopping Centre Retail, General: <i>Large Format (over 4,500m² per building)</i>	4.0 stalls per 100m ² gross floor area
Warehouse Sales Greenhouse Garden Centre	1.5 stalls per 100m ² gross floor area
Other Retail Uses (Not otherwise listed or multi-bay developments without specified uses)	3.5 stalls per 100m ² gross floor area
Commercial Service Uses	
Animal Services	2.5 stalls per 100m ² gross floor area
Business Support Services Financial Services	2.2 stalls per 100m ² gross floor area
Personal Services	3.0 stalls per 100m ² gross floor area
Funeral Services	12.0 stalls per 100m ² gross floor area of seating area PLUS Minimum of 3 staff parking stalls
Other Commercial Service Uses (Not otherwise listed or multi-bay developments without specified uses)	3.0 stalls per 100m ² gross floor area

Use Classification	Minimum Parking Required
Food/Beverage, Office, and Lodging Uses	
Motel	1.0 stall per guest room, PLUS <ul style="list-style-type: none"> Additional stalls may be required for other ancillary uses, at the discretion of the Development Authority.
Hotel	1.0 stalls per guest room, PLUS 5.0 stalls per 100m ² gross floor area for ancillary uses <ul style="list-style-type: none"> Additional stalls may be required for special uses and destination facilities, at the discretion of the Development Authority.
Hotel and Conference Centre	1.0 stall per guest room, PLUS 5.0 stalls per 100m ² gross floor area of conference area and/or major food and beverage facilities.
Hostel	1.0 stall per 4 guest rooms, PLUS <ul style="list-style-type: none"> Additional stalls may be required for other ancillary uses, at the discretion of the Development Authority.
Offices Professional Services	3.0 stalls per 100m ² of gross floor area
Nightclub	15.0 stalls per 100m ² gross floor area PLUS
Food/Beverage, Office,	

Use Classification	Minimum Parking Required
and Lodging Uses	
Entertainment, Adult	1.0 stall per 100m ² gross floor area for staff parking, requiring a minimum of 3 total staff parking stalls
Restaurant Microbrewery	12.0 stalls per 100m ² gross floor area of seating area PLUS Minimum of 3 staff parking stalls

Use Classification	Minimum Parking Required
Recreation and Entertainment Uses	
Entertainment, Adult	15.0 stalls per 100m ² gross floor area, PLUS 1.0 stall per 100m ² gross floor area for staff parking, requiring a minimum of 3 total staff parking stalls
Entertainment, Gaming <i>Bingo Hall, Casino</i>	10.0 stalls per 100m ² gross floor area
Entertainment, General <i>Movie Theatre</i>	12.0 stalls per 100m ² gross floor area of seating area, PLUS 2.0 stalls per 100m ² gross floor area of all other areas
Entertainment, General <i>All other types</i>	4.5 stalls per 100m ² gross floor area
Indoor Recreation, Limited	3.0 stalls per 100m ² gross floor area of classroom space
Indoor Recreation, General	4.5 stalls per 100m ² of gross floor area
Outdoor Recreation Special Recreation	As determined by the Development Authority. <ul style="list-style-type: none"> Spectator facilities or other developments over 15,000m² shall be subject to a parking study.

Use Classification	Minimum Parking Required
Industrial, Storage, and Vehicle Service Uses	
Industrial, Manufacturing and Operations Industrial Distribution Storage Facilities	1.0 stall per staff at full shift, PLUS 5.0 visitor parking stalls.
Vehicle Service, Limited Heavy Vehicle Sales and Leasing Vehicle Sales and Leasing RV Sales and Service RV Storage	2.0 stalls per 100m ² of gross floor area <ul style="list-style-type: none"> This does not include on-site vehicle storage or queuing spaces required for an associated drive-through.
Heavy Vehicle Storage and Repair Vehicle Service, General or Major Vehicle Service, Bulk Fuel Depot	4.0 stalls per 100m ² of gross floor area <ul style="list-style-type: none"> This does not include on-site vehicle storage or queuing spaces required for an associated drive-through.
Other Industrial Uses (Not otherwise listed or multi-bay developments without specified uses)	1.0 stall per staff at full shift, OR 2.0 stalls per 100m ² of gross floor area To be exercised at the discretion of the Development Authority.
Other Vehicle-Related Uses (Not otherwise listed or multi-bay developments without specified uses)	4.0 stalls per 100m ² of gross floor area

Use Classification	Minimum Parking Required
Community, Education, and Institutional Uses	
Artist Studio	3.0 stalls per 100m ² gross floor area of classroom space PLUS 1.0 stall per 10 students (maximum class size) signed for temporary parking for drop-offs
Community Service Facility	2.0 stalls per 5 persons, (based on max. capacity of the facility or as otherwise determined by the Development Authority)
Commercial School	3.0 stalls per 100m ² gross floor area of classroom space PLUS 2.5 stalls per 100m ² gross floor area of office/administrative area

Use Classification	Minimum Parking Required
Educational Institution, Private/Public <i>Elementary and Middle Schools</i>	1.5 stalls per classroom and portable classroom.
Educational Institution, Private/Public <i>High School</i>	1.5 stalls per classroom and portable classroom, PLUS 1.0 stall for every 15 students (based on max. enrollment)
Educational Institution, Major <i>College/University</i>	1.0 stall for every 10 students (based on max. enrollment), OR As determined by a parking study. To be exercised at the discretion of the Development Authority.
Government Services <i>Public or Quasi-Public Offices Registries</i>	5.0 stalls per 100m ² gross floor area
Public Assembly	8.0 stalls per 100m ² gross floor area OR 1.0 stall for every 5 seats To be exercised at the discretion of the Development Authority.
Other Education or Institutional Uses (Not otherwise listed) <i>Libraries, Learning Centres</i>	2.5 stalls per 100m ² gross floor area

Use Classification	Minimum Parking Required
Health and Supportive Services	
Child Care	0.1 stalls per child for pick-up and drop-off for the facility (based on the maximum capacity of the facility) PLUS 1.0 stall per staff only. <div>Bylaw B-31/2023</div>
Health Care, Limited	4.0 stalls per 100m ² gross floor area
Health Care, General	3.0 stalls per 100m ² gross floor area
Hospital	1.0 stall per 3 beds, (based on max. capacity of the facility), OR As determined by a parking study. To be exercised at the discretion of the Development Authority.
Supportive Housing, Limited	Parking as per the appropriate residential housing group PLUS 1.0 stall per staff on site at any given time. Tandem parking configuration(s) may be allowed at the discretion of the Development Authority . <div>Bylaw B-33/2024</div>
Supportive Housing, General	1.0 stall per 4 beds PLUS 1.0 visitor stall per 5 beds
Other Care and Supportive Facilities (Not otherwise listed)	1.0 stall per 3 units OR 3.0 stalls per 100m ² gross floor area To be exercised at the discretion of the Development Authority.

- (10) The Development Authority shall apply a 25% reduction to the minimum parking required for the use classifications found in Table 5 within the Downtown Core Mixed-Use District (M3), except as noted in Section 4.4(11).
- (11) Where a development application for a change in land use of a building, or bay within a building, of less than 100m² within the Downtown Core Mixed-Use District (M3) requires a higher number of parking stalls under the use classifications of Table 5, no variance shall be required, unless:
- The proposed land use has a ratio greater than 4.5 stalls per 100m²; or,
 - The proposed land use is listed in the following classification categories of Table 5:
 - Residential Uses
 - Accessory Uses
 - Food/Beverage, Office and Lodging Uses; or,
 - The proposed land use is among the following uses:
 - Industrial, Manufacturing and Operations
 - Industrial Distribution
 - Storage Facilities
 - Child Care or,
 - The resulting increase in parking from the change in use results in an increase of 5.0 stalls or more, after the parking rate reduction in Section 4.4(10) is applied.

- (12) Notwithstanding Section 4.4(11)(b)(i), “Offices” and Professional Services” are subject to the exemption otherwise afforded by Section 4.4(11).

Bylaw B-06/2022

4.5 Combined or Shared Parking

- (1) The number of parking spaces required may be reduced where, in the opinion of the Development Authority, the parking required by various users on a site or development will vary according to time and/or peak demand so that all needs as defined by this Bylaw can be met at any given time by a reduced number of stalls.
- (2) Permission to share parking spaces may only be granted by the Development Authority in the following circumstances:
 - (a) The developments are within 100m of the site to which the parking spaces are located;
 - (b) The demand for the parking spaces for each development is not likely to occur at the same time;
 - (c) When the developer is authorized by the City to provide one or more shared parking spaces, they shall enter into an agreement under seal with the City and the agreement may be required to be registered against the title or titles at the Land Titles Office, unless:
 - i. An alternative arrangement is made to the satisfaction of the of the Development Authority, or;
 - ii. An agreement acceptable to the Development Authority is provided.
- (3) The following may be required when requesting consideration for combined or shared parking:
 - (a) Submission of a parking study by a professional engineer describing the proposed use, proposed use parking generation, examples of similar requirements from other Alberta municipalities, the proposed alternative to the Bylaw parking requirements, and a clear justification for the alternative.

4.6 Alternative Parking Requirements

- (1) Upon written request by the applicant, the Development Authority may consider an alternative parking stall requirement for non-residential uses and comprehensively designed mixed-use developments.
- (2) The following shall be required when requesting consideration for an alternative parking stall requirement:
 - (a) A clear rationale and justification for the parking alternative and explanation of how the alternative will better accomplish the objectives of this Bylaw than would compliance with the parking standard.
 - (b) A description of the alternative parking stalls to be provided and the variance between the proposed and required parking standards.
- (3) The following may be required when requesting consideration for an alternative parking stall requirement:
 - (a) Submission of a parking study by a professional engineer describing the proposed use, proposed use parking generation, examples of similar requirements from other Alberta municipalities, the proposed alternative to the Bylaw parking requirements, and a clear justification for the alternative.
- (4) The Development Authority will not support an alternative parking requirement if it:
 - (a) May result in any adverse off-site impacts or hardship to surrounding uses;
 - (b) Creates adverse visual and aesthetic impacts on the surrounding neighbourhood or area;
 - (c) Eliminates any required barrier free parking stalls, and/or;
 - (d) Detracts from pedestrian connectivity and convenient access to the development site and adjacent sites.

4.7 Barrier Free Parking Stalls

- (1) Designated barrier free parking stalls shall be provided in accordance with the *Safety Codes Act*, as amended, and shall be included as part of, and not in addition to, the applicable minimum parking requirements. This requirement applies to all developments except residential uses where the development creates individual lot(s) and not a condominium, and where the parking requirement for any individual lot does not meet the threshold of the table below:

Table 6: Required Number of Barrier Free Parking Stalls

Number of Parking Stalls Required	Number of Designated Barrier Free Parking Stalls
2-10 Stalls	1 Stall
11-25 Stalls	2 Stalls
26-50 Stalls	3 Stalls
51-100 Stalls	4 Stalls
Each Additional 100 Stalls Thereafter	1 Additional Stall

This table is intended to reference the requirements for Barrier Free Parking under the Safety Codes Act, as may be amended from time to time. In the event that this table does not match the requirements of the Alberta Building Code, the Alberta Building Code requirements shall apply.

- (2) Barrier Free Parking Stalls shall:
 - (a) Be of a minimum width as required under the *Alberta Building Code*, as may be amended from time to time;
 - (b) Have a curb cut of a minimum of 0.92 metres for wheelchair ramp access;
 - i. Be located within 50m of elevators, ramps, walkways, and building entrances. This should be calculated based on the distance travelled between the parking stall and the entrance or feature.
 - ii. Be designed and located so that users of wheelchairs are not required to pass behind parked cars.
- (3) In circumstances where 2 or more barrier free parking stalls are required, the Development Authority shall use discretion regarding the maximum number of contiguous barrier free stalls. If there are several accessible building entrances, a stall shall be located near each entrance.
- (4) The Development Authority may require additional barrier free parking stalls above the minimum requirements where a higher standard may be appropriate or required to accommodate a specific development or change of land use.
- (5) The Development Authority may require a Fire Department Connection to be located within proximity of a barrier free parking stall where deemed appropriate for the overall servicing of the development.

4.8 Bicycle Parking Requirements

- (1) Bicycle racks shall be provided for Multi-Residential Developments and the number of required bicycle parking stalls shall equal 20% of the required car parking stalls, but in no case shall be less than four (4). This requirement does not apply to Multi-Residential Developments where garages or personal storage areas are provided for the exclusive use of each unit.
- (2) Bicycle parking stalls shall be provided for all Educational Institutions, excluding Commercial Schools, and the number of required bicycle parking stalls shall equal 10% of the student body, based on projected design capacity.
- (3) Bicycle parking stalls shall be provided on all comprehensively designed commercial sites, including all development sites located within the Neighbourhood, Community, and Regional Commercial Districts (C1, C2, and C3, respectively). The number of required bicycle parking stalls shall equal 20% of the required car parking stalls, but in no case shall be less than four (4). The location of bicycle racks shall be indicated on all required site plans and shall be located in safe, well-lit locations near the entranceway to shops and services.
- (4) Unless otherwise provided for in this Bylaw, all bicycle racks shall be provided entirely on the same site as the development.
- (5) Adequate access to and exit from individual bicycle racks shall be provided to the satisfaction of the Development Authority, with an aisle of not less than 1.5 metres in width to be provided and maintained beside or between each row of bicycle parking.
- (6) Bicycle racks shall be separated from vehicle parking by a physical barrier or a minimum 1.5 metres of open space.

4.9 On-Site Loading Requirements

- (1) Loading spaces shall be designed and located so that all vehicles using those spaces can be parked and manoeuvred entirely within the bounds of the site and do not require vehicles to back into public roadways.
- (2) The Development Authority, having regard to the types of vehicles that are likely to use the loading space, may change the minimum loading space dimensions. Unless otherwise specified, a loading space shall have minimum dimensions of 3.5 metres in width, 8 metres in length, and an overhead clearance of 4 metres.
- (3) A loading space shall not be used as a parking space.
- (4) All loading spaces shall be concrete or asphalt-surfaced.
- (5) All loading spaces shall be screened from adjacent properties to the satisfaction of the Development Authority.
- (6) For apartment or multi-unit developments with more than twenty units, adequate loading space located at or near the main entrance to the building shall be provided to the satisfaction of the Development Authority.
- (7) Loading space requirements for uses other than those set out in this section shall be determined by the Development Authority, having regard to similar uses for which specific loading facility requirements are set.

- (8) School sites shall provide an area developed and designed to the satisfaction of the Development Authority for the loading, unloading, and parking of school buses.
- (9) In the case of a multi-unit development that contains more than one land use category (i.e. residential, commercial, industrial), the land use category representing the greatest portion of the development in the opinion of the Development Authority shall be used to calculate the required number of loading spaces.
- (10) Unless otherwise allowed by the Development Authority, the required on-site loading space for any use shall be as follows:

Table 7: Required Number of Loading Spaces

Use of Building or Site	Number of Loading Spaces
Multi-Residential Development Residential Multi-Unit Development	1.0 loading space for each building having 20 or more dwelling units, unless otherwise determined by the Development Authority.
Shopping Centre Commercial Multi-Unit Development	2.0 loading spaces per facility, unless otherwise determined by the Development Authority.
Retail, General <i>Large Format (over 4,500m² per building)</i>	1.0 loading spaces per facility
Funeral Service	1.0 loading spaces per facility
Industrial, Manufacturing/Operations Hotels Recreation Facilities	1.0 loading spaces per facility
Hospitals Hotel and Conference Centre	2.0 loading spaces per facility
Commercial and Industrial Uses (Not otherwise listed)	1.0 loading space per facility, unless otherwise determined by the Development Authority.
Cannabis Facility	1.0 loading spaces per facility
Cannabis Retail	At least 1.0 loading space must be located on the site and available for use by the facility or unit accommodating a Cannabis Retail use. Bylaw B-07/2019
Educational Institution, Public Educational Institution, Private Educational Institution, Major	1.0 loading space per facility, unless otherwise determined by the Development Authority.

4.10 Parking Lots

A parking lot that provides off-street parking must:

- (1) Be surface treated with asphalt, concrete, pavers, or a suitable similar material if environmental performance can be enhanced, as may be determined to be appropriate by the Development Authority;
- (2) Have grades and drainage to dispose of surface water. In no case shall grades be established that would permit surface drainage to cross any sidewalk or site boundary without the approval of the Development Authority;
- (3) Provide curbs, medians, parking space markings, signs and landscaping to the satisfaction of the Development Authority;
- (4) Be designed so that vehicles are not required to back out of a parking stall onto a road;
- (5) Not be located within the required front yard setback, unless otherwise allowed by the Development Authority;
- (6) The parking lot layout shall specifically address the interaction and circulation of pedestrians, vehicles, bicycles, and delivery vehicles in order to provide continuous direct pedestrian access with minimal drive aisle crossings. Pedestrian routes and crossings shall be delineated through means such as sidewalks, bollards, line painting, special paving, and lighting, as determined to be appropriate by the Development Authority.
- (7) Areas designated as parking or loading spaces on an approved site plan shall not be used for storage or display of vehicles, goods, or materials.
- (8) Any artificial lighting proposed to illuminate off-street parking areas shall be located and arranged so that lighting is directed upon the parking area only and not on any adjoining properties.
- (9) Where parking areas are illuminated, lighting fixtures shall be arranged so that no part of any fixture shall be more than 9.2m above the finished grade of the applicable parking area.

4.11 Parking Structures

Parking structures shall be developed in accordance with the following requirements:

- (1) Parking structures and interior stairwells shall be designed for visual accessibility. Elevators, stairwells, building columns and other major visual obstructions shall be clearly marked and located to enable visibility of the parking spaces and stairwells;
- (2) Clear safety glass panels shall be incorporated in all doors leading to stairwells, entrances and elevator lobbies to allow for unobstructed sightlines;
- (3) Directional and informational signage may be required; and
- (4) No dangerous goods, flammable or combustible liquids shall be permitted within a parking structure, other than as contained within, or permanently installed or connected to the fuel system of a motor vehicle using the garage.

4.12 Parking Stall/Facility Dimensions

- (1) A parking stall in a parking lot or facility shall meet the minimum dimension requirements of **Table 8**.
- (2) A parking stall in a parking lot or facility must be setback a minimum of 1.5m from a building façade and must not be located in a required setback.
- (3) A parking stall in a parking lot or facility must have a vertical clearance of at least 2.0m
- (4) When a parking stall in a parking lot or facility abuts a sidewalk or walkway or pathway, a wheel-stop must be provided and setback 0.60m from the front edge of the parking stall.
- (5) Where the side of a parking stall is against any permanent structure greater than 0.2 metres in height, the minimum width shall be 0.3 metres wider than the normal width required. For the purposes of this Section, a permanent structure is interpreted to be a retaining wall, parkade wall, parkade pillar placed further than 1.2m from the nearest edge of the driving aisle, or similar as determined by the Development Authority.

Table 8: Required Dimensions for Parking Stalls and Drive Aisles

Stall Width	Parking Angle (degrees)	Aisle Width	Stall Depth Perpendicular to Aisle	Parking Unit Depth
7.0m	0 (parallel)	3.5m (One-Way)	2.9m	6.4m (One-Way, One-Sided)
		7.0m (Two-Way)		9.3m (One-Way, Two-Sided)

5. Sign Regulations

5.1 Purpose and Intent

- (1) This section of the Land Use Bylaw provides definitions and regulations for signs and outlines sign owner responsibilities. Regulations for signs within the City of Airdrie are put into place for the purposes of:
 - (a) Ensuring that signs are compatible with their surroundings;
 - (b) Providing reasonable and appropriate means for the public to locate and identify facilities, businesses, and services;
 - (c) Providing reasonable and appropriate means for businesses to identify their location, advertise goods and services, and promote their development and growth;
 - (d) Ensuring that signage maintains or enhances the aesthetic appeal of development;
 - (e) Maintaining interests of businesses and the general public;
 - (f) Encouraging positive economic development and growth for the city;
 - (g) Ensuring pedestrian and traffic safety, and;
 - (h) Limiting possible adverse effects of signage on neighbouring properties.
- (2) The regulations in this section are intended to prevent overconcentration, improper placement, and excessive height, bulk, number and/or coverage of signs.

5.2 Interpretation and Definitions

In this Bylaw, unless the context otherwise requires:

Sign Definitions
A-Frame Sign means: A self-supporting local advertising sign, typically A-shaped, which is set upon the ground and may or may not have an external supporting structure;
Awning Sign means: A sign which either forms, or is attached to, in whole or in part, a retractable or permanently affixed canopy structure, and includes a sign suspended below the ceiling or roof of a canopy or marquee;
Banner Sign means: A temporary sign constructed from cloth, plastic or other non-rigid fabric, which moves freely with wind movement, and may include its own supporting structure or be attached to another feature or structure. This may include: <ul style="list-style-type: none">▪ Freestanding▪ Hanging▪ Light Standard
Billboard Sign means: A large freestanding sign located primarily on major traffic corridors, which directs attention to a business, service, product or event that is located, conducted or produced elsewhere than the site where the sign is located;
Building Face means: Any exterior wall of a building;
Changeable Copy means: That portion of a sign upon which copy may be changed from time to time, either manually through the utilization of attachable characters or replacing the sign copy, or electronically in the case of a sign that contains digital media;
Clear Height means: The vertical distance measured from finished grade to the bottom of the lowest hanging overhead obstruction formed by the Sign Structure.
Clear Pedestrian Space means: The horizontal distance measured from walkway or other path intended to accommodate pedestrian traffic to any part of the Sign Structure.
Community Identification means: A type of sign copy which displays the name of a residential neighbourhood, commercial or industrial subdivision, or other development, and which is typically located at the primary entrance to the subdivision or development;

Sign Definitions
<p>Construction means: A type of sign copy which is used for the purpose of advertising items such as the provision of labour, services, materials, or financing of a development or similar project, and which is placed on the site where the project is being constructed;</p>
<p>Development Marketing means: A type of sign copy which is used to promote a new subdivision or development project, vacant lots, and/or show homes;</p>
<p>Digital Media means: A sign feature where the message or copy of the sign incorporates a technology or method for allowing the sign to contain changeable copy without having to physically or mechanically replace the sign or its components. This includes, but is not limited to, digital signs, electronic message boards, gas station price boards, and time/temperature displays;</p>
<p>Election means: A type of sign copy which is used for political advertising and campaigning during a period of a federal, provincial, municipal, school board election, referendum, or plebiscite. This also includes information signs used to identify and direct traffic to polling stations;</p>
<p>Fascia Sign means: A sign that is painted on or attached to the exterior face of a building and runs parallel to a building face, not projecting more than 0.3m out from the wall;</p>
<p>Illuminated, Backlit means: A sign feature where an artificial light source is used to illuminate the sign from the side or back of the display panel, and may be contained within the structure of the sign;</p>
<p>Illuminated, Exterior means: A sign feature where an artificial light source is used to illuminate the sign from an external source directed to the sign copy;</p>
<p>Lawn Sign means: A temporary freestanding sign commonly made of corrugated plastic or a similar type of material. Typical uses include temporary signs used to advertise election campaigns, yard sales, seasonal retail sales and specials, real estate for sale, and community events;</p>
<p>Limited Use means: A type of sign copy which is used to advertise a location, product, event or activity on a temporary basis, either as a single event or activity over a limited duration of time, or as a regular activity that is for limited periods of time and subject to a recurring schedule (i.e. weekly, monthly). This includes but is not limited to signs for garage sales, open houses, show homes, community events, and similar signs that are temporary in nature.</p>
<p>Monument Sign means: A freestanding sign on a supporting structure or foundation, where the base structure or foundation has an equal or greater length than the sign copy. These are intended to be lower-profile signs and may also include associated landscaping;</p>
<p>Mounted Sign means: A flat sign affixed to a fence or other similar structure, but not a building;</p>
<p>Portable Sign means: A temporary sign mounted on a frame, trailer, stand or similar structure that is easily transported and erected for a limited time. This does not include signs attached to, or painted on, vehicles;</p>
<p>Projecting Sign means: A sign that is attached to a wall of a building and horizontally extends more than 0.3m from the building face;</p>
<p>Public Direction means: A type of sign copy that provides assistance in directing the public either on public or private property, and which provides no commercial message;</p>
<p>Pylon Sign means: A freestanding sign which is supported by columns, structures or other supports that are anchored in the ground independent of a building;</p>
<p>Real Estate means: A type of sign copy which is used for the purpose of advertising the sale, lease or rental of the property on which the sign is located;</p>

Sign Definitions
Roof Sign means: Any sign erected upon, against, or directly above a roof of a building. This also may include a sign placed above the parapet of a building;
Rotating means: A sign feature where the sign, or portion of the sign, moves in a revolving manner;
Sign means: An object or device, including its structure and other component parts, intended for the purpose of advertising or calling attention to any business, product, event, service or thing. This does not include a poster equal to or less than 0.3m ² in area;
Sign Area means: The entire area of the sign on which the copy is intended to be placed;
Sign Copy means: The letters, graphics or characters that make up the message on the sign;
Sign Height means: The vertical distance measured from the highest point of the sign or sign structure to the finished grade;
Sign Structure means: Any structure which supports a sign, including materials used to conceal or improve the visual appearance of the structural parts;
Specialized Sign means: A sign that does not fall within any other definition provided in this Bylaw;
Standard means: A type of sign copy for general advertising, promotion, or information dissemination not otherwise defined by another type of sign copy in this bylaw and not otherwise prohibited by this bylaw.
Temporary means: A time limitation for a sign as indicated within this Bylaw. Where no time limitation is set by the regulations of the Bylaw, it shall be determined by the Development Authority or by the length of a Development Permit approval;
Third-Party Advertising means: A sign feature in which the sign copy directs attention to a business, commodity, service or event that is conducted, sold, or offered elsewhere than on the site on which the sign is located.
Valance means: The portion of an awning or canopy which hangs below the structure and parallel to the building face.
Window Sign means: A sign which forms, or is attached to, or painted on, or installed inside a window, and which is intended to be viewed from outside the premises;

5.3 Sign Permit Application Requirements

- (1) Permit applications for signs shall be submitted to the Development Authority on the prescribed form and shall contain all submission requirements as follows:
 - (a) All dimensions of the sign, including height of the sign and the sign structure;
 - (b) Area and design of copy;
 - (c) Type of construction and finishing to be utilized;
 - (d) Method of support;
 - (e) Details of sign illumination and/or digital media;
 - (f) If the sign permit is for a sign containing digital media, the permit must include the name and contact information of a person(s) having access to the technology controls for the sign, who can be contacted 24 hours a day if the sign malfunctions.
 - (g) Site plan showing sign location in relation to property boundaries and buildings;
 - (h) Fees required for the permit; and

- (i) Land owner authorization if applicable.
- (2) The Development Authority may require additional information deemed necessary to evaluate a sign permit application, including but not limited to photographs of the proposed site and adjacent properties.
- (3) A sign permit is automatically void if construction of the sign is not commenced within one year from the date of issuance of the permit.

5.4 Signs Not Requiring a Development Permit

The following signage is exempt from obtaining a Development Permit approval if they otherwise meet all regulations in this Bylaw:

- (1) Signs required under this Bylaw to identify a site with an application for a proposed Bylaw amendment;
- (2) Advertising signs displayed on buses, bus shelters, seats and benches located at transit zones that are subject to an agreement with the City;
- (3) Changing the copy of any sign with a valid Development Permit, as long as the sign still otherwise meets the requirements of this Bylaw;
- (4) Signs contained under a valid, approved Development Permit or Master Site Plan;
- (5) Any Public Direction sign that otherwise meets the requirements of this Bylaw;
- (6) A sign erected by or at the direction of a government including signs identifying public buildings and roads, giving public information, and regulating traffic or safety. This includes community notice boards and structures erected by the City for the purpose of posting temporary community notices;
- (7) Signs erected by the City for the purposes of providing advertising for community events, recognitions, community identification, or forming part of a public art program or installation, that otherwise meet the requirements of this Bylaw;
- (8) A sign with no commercial message that provides assistance, with respect to the premises on which it is maintained, for the direction or safety of the public such as “entrance/exit”, “one way”, “telephone”, “drive-through”, “parking/no parking”, “high voltage”, “no trespassing”, and similar directives;
- (9) A non-illuminated fascia sign attached to a principal and/or accessory building and stating no more than the name of the building or the name of the persons occupying the building or both, provided that the total sign area does not exceed 0.4m²;
- (10) A combination of non-illuminated numbers and letters for the purpose of street addressing where together the total sign area is less than 1.0m²;
- (11) A memorial, veterans, or historical sign, plaque or tablet commemorating or identifying a historical person, structure, place, or event; that does not exceed 1.0m² in area;
- (12) A flag, emblem, or insignia that does not exceed 13.0m in height or the maximum height of a principal building in that district, whichever is less.

5.5 Signs Prohibited

For the purpose of this Bylaw, the following are prohibited within the City of Airdrie:

- (1) Temporary corrugated plastic (coroplast) signs either supported on wire frames or attached to any structure, except where used for Election, Limited Use, or Real Estate purposes and in keeping with the regulations of this Bylaw for those respective purposes.

5.6 General Sign Regulations

The following regulations apply to all signage regulated by this Bylaw:

- (1) Unless otherwise exempted in this Bylaw, no person shall erect, develop, enlarge, relocate, use or alter any sign, without first obtaining a Development Permit approval from the Development Authority.
- (2) Signs shall not conflict with the general character of the surrounding neighbourhood.
- (3) Signs shall not interfere with the movement or sight lines of pedestrian and vehicular traffic.
- (4) No sign shall be attached to a tree or any other vegetation.
- (5) A sign shall not be erected, operated, used or maintained if in the opinion of the Development Authority its position, shape, colour format or illumination may be confused with an official traffic sign, signal or device or other official sign, or it displays lights that may be mistaken for the flashing lights normally associated with danger or those used by police, fire, ambulance or other emergency vehicles.
- (6) No sign shall be erected, operated, used or maintained that fails to provide adequate clearance from overhead power lines, to the satisfaction of the Development Authority.
- (7) No sign shall be erected, operated, used or maintained that incorporates any lights, features, or displays which create a hazard to traffic on a public roadway from which the sign or lights are visible.

- (8) Any sign erected for the purpose of providing street addressing or building identification shall not be permitted to be obstructed, to the satisfaction of the Development Authority.
- (9) No sign shall be erected, operated, used or maintained that may obstruct ingress to or egress from a fire escape door, window or other required exit under the *Alberta Building Code*.
- (10) No sign shall be attached, affixed, or displayed on any parked vehicle or trailer not normally used in the daily activity of the business, which is visible from a road so as to act as a sign for the advertisement of products or services or to direct people to a business or activity.
- (11) The quality, aesthetic appearance and finishing of a sign should have regard for the scale and architectural character of the site and the land use characteristics of surrounding development. The Development Authority may refuse any Development Permit application for a sign that may adversely impact the amenities or character of the adjacent properties and development.
- (12) An approved sign is not an approval for any other aspect of development on the site.
- (13) All sign structures shall be securely built, constructed and erected to conform to the standards set forth in this Bylaw and the *Safety Codes Act*, the *Alberta Building Code*, and the *Alberta Fire Code*, as applicable.
- (14) The owner of a sign shall maintain the sign in a proper state of repair and shall ensure that all sign supports, structural elements and/or guy wires are properly attached. Signs shall be secured to the satisfaction of the Development Authority at all times.

[Bylaw B-15/2020](#)

- (15) Any sign projecting more than 0.15m that could have pedestrians or vehicular traffic underneath must have a minimum clearance from grade of 2.4m.
- (16) It is not permitted to have a sign in a derelict state. A sign is considered to be abandoned if the sign has either intentionally or unintentionally been allowed to fall into a state of disrepair, or is no longer in a readable state, in the opinion of the Development Authority.
- (17) The Development Authority may limit the maximum number of signs for a single site or development to address cumulative impact of signage, having regard for the use of the site and surrounding areas.
- (18) The illumination of any permanent sign should not create a direct glare or have any offsite effects upon any surrounding sites or roadways and any residential developments.
- (19) Signs shall not be placed on City of Airdrie property including, but not limited to, City infrastructure, road right of ways, boulevards, Municipal Reserve or Environmental Reserve spaces unless otherwise allowed in this Bylaw.
- (20) Where the Sign Regulations outlined in this Bylaw or a Development Permit specify a time limitation, the sign must be removed at the end of that time period and cannot be re-erected/replaced within a 48-hour period, or until a new Development Permit or an extension to the previous Development Permit is approved by the Development Authority.
- (21) Signs shall not contain statements, words or pictures that are offensive, obscene, or racist, in the opinion of the Development Authority.

Sign Regulations & Standards

- (1) All signs and sign features are subject to the regulations and standards provided in Part 5.
- (2) Additional regulations or standards may apply to Special Purpose Signs (e.g. Construction signs, Real Estate signs, etc.) which supersede this table. Refer to Sections 5.8 and 5.9.
- (3) Window signs are permitted only where used for an approved Home Business, subject to the regulations and standards provided in **Section 6.12**.
- (4) Awning, Fascia, Projecting, and Window signs are permitted only where used for an approved Live-Work unit, subject to the regulations and standards provided in **Section 6.10**.
- (5) Awning, Fascia, Projecting, and Roof signs used for Community Identification shall be associated with an approved Multi Residential Development, subject to the following requirements:
 - (a) No more than one sign of each of the above types may be permitted for each building within any Multi Residential Development, and;
 - (b) The Development Authority may, in reviewing an application for more than two (2) signs for Community Identification on the same site, utilize discretion and consider the cumulative effect all proposed signage on the site and the surrounding area.
- (6) Pylon signs used for Community Identification shall not exceed 3.0m in height and 4.0m² in area.
- (7) Pylon signs used for Community Identification shall be limited to 1 sign per 150m of frontage, to a maximum of 2 signs per development site.
- (8) All Community Identification signs shall be designed to be consistent with the associated use/development, including use of materials/design elements/etc.

Sign Regulations & Standards

- (1) All signs and sign features are subject to the regulations and standards provided in Part 5.
- (2) Additional regulations or standards may apply to Special Purpose Signs (e.g. Construction signs, Real Estate signs, etc.) which supersede this table. Refer to Sections 5.8 and 5.9.
- (3) Fascia signs for Election purposes shall be removed and the building face completely restored to its original condition to the satisfaction of the Development Authority within three days of Election Day.
- (4) Fascia signs for Real Estate purposes must be removed and the building face completely restored within 1 week of the sale of the subject property.
- (5) No signs of any kind shall be permitted within 0.80 km (0.49 miles) of any road or highway unless the prior approval of Alberta Transportation has been obtained, if required.
- (6) Where listed in the table above, off-site directional signage may be allowed on private property, where in the case of major agricultural, commercial or industrial developments, in the opinion of the Development Authority, volumes of vehicular traffic frequenting such developments may warrant such signage.

Signs for Home Businesses, Bed & Breakfast, or Child Care

- (7) One Window, Lawn, or Mounted sign may be permitted in association with an approved Home Business, Bed & Breakfast, or Child Care use, subject to the following requirements:
 - (a) The sign is commercially produced and contains contact information, logo, and either the name of the resident or the name of the business;
 - (b) The sign is located in a window in the front façade of the principal building or in the front yard;
 - (c) For a Mounted or Lawn sign, the sign shall be either supported on independent posts or attached to existing fencing in an attractive fashion, to the satisfaction of the Development Authority;
 - (d) Maximum sign dimensions shall be as follows: 1.0m in length, 0.6m in height;
 - (e) Sign construction and lettering for Mounted or Lawn signs shall be as follows:
 - i. Sign constructed using 19mm high density plywood or 38mm solid wood;
 - ii. Sign finish consisting of a high density reflective finish, with die cut or silk screen lettering;
 - iii. Minimum letter size of 0.1m and of a uniform letter style;

Limited Use Signs

- (8) A Limited Use sign located in this District shall not:
 - (a) Be located on a parcel of land for more than 90 days;
 - (b) Exceed 4.5m² for parcels of land 8.2 hectares (20 acres) or greater; or 1.2m² for a parcel less than 8.2 hectares (20 acres);
 - (c) Be for the commercial sale of goods or services;
 - (d) Be used for Third Party Advertising.

Sign Regulations

- Awning signs shall be constructed of durable, waterproof, colourfast material.
- Awning signs may provide copy directly on the structure of an awning or have a sign attached to the structure.
- Awning signs shall not extend outside the overall length or width of an awning or extend above the height of the building wall where the awning is attached.
- Where an Awning Sign projects over public property, the regulations in **Section 7.26** (Projections over Public Property) shall apply.

(2) Fascia Sign

Sign Location	
Number of Signs	At the discretion of the Development Authority
Clear Height	N/A
Clear Pedestrian Space	N/A
Projection	0.3m
Setbacks from Property Line	N/A
Separation from Building Entrance	N/A
ROW Encroachment	None Permitted

Sign Size	
Sign Area	The combination of Fascia sign and Window sign area shall not exceed 20% of the Building Face. In a Multi-Unit Development, this shall apply both to the overall Building Face as well as to each individual unit.
Sign Height	N/A
Sign Width	N/A
Copy Area	N/A

Sign Regulations

- No portion of a Fascia Sign may extend above the roof line of a building.
- Fascia Signs shall have no exposed wiring or bulbs.
- A Fascia Sign attached to an exterior wall shall be safely and securely attached to the building by means of metal anchors, bolts or expansion screws, or similar means, to the satisfaction of the Development Authority.
- For the requirements under this section, the Sign Area for Fascia Signs includes any borders or painted areas around the edges of the sign copy.

(3) Projecting Sign

Sign Location		Sign Regulations (a) Visible means of support for Projecting Signs shall be designed to integrate with the building upon which they are located to the satisfaction of the Development Authority. (b) Where a Projecting Sign projects over public property, the regulations in Section 7.26 (Projections over Public Property) shall apply. (c) A Projecting Sign placed at a 45-degree angle at the corner of a building formed by the intersection of two streets shall represent the maximum number of signs permitted for each of the street frontages forming that intersection. (d) No Projecting Sign shall extend above the roof line or a parapet wall of the building. (e) No Projecting Sign installed above the Ground Floor of a multi-storey building shall be allowed to project below the cornice line between the Ground Floor and Second Floor.
Number of Signs	1 per building per street frontage	
Clear Height	2.4m

- All other Locations	26.8m ²
Sign Height	9.0m
Sign Width	
- Within Highway Corridor	14.7m
- All other Locations	7.4m
Copy Area	
- Within Highway Corridor	62.5m ²
- All other Locations	26.8m ²

Location Criteria

- (a) A Billboard Sign located within the Highway Corridor shall be located no less than:
 - i. 800m from any other billboard sign visible to the same on-coming traffic;
 - ii. 400m of any other billboard not visible to the same on-coming traffic.
- (b) A Billboard Sign located in any other location shall be located no less than:
 - i. 50m from any residential or mixed-use district;
 - ii. 30m from any freestanding sign;
 - iii. 20m from any building on a parcel;
 - iv. 20m from an intersection or interchange;

Sign Regulations

- (c) The maximum period for which a Billboard Sign Development Permit may be issued shall be three (3) years, upon which re-assessment and a new permit approval must be obtained. Should the permit not be re-issued, the owner of the sign has six (6) months to remove the sign.
- (d) The appearance of a structure supporting a Billboard Sign shall be compatible with the surrounding area and incorporate design elements to the satisfaction of the Development Authority, having regard to the quality of design provided for the sign structure and incorporating opportunities for placemaking and community identification.

[Bylaw B-41/2018](#)
- (e) The location of a Billboard Sign on any parcel shall be to the satisfaction of the Development Authority who may take into consideration any apparent constraints including, but not limited to, utility right of ways, land constraints, location of buildings and property lines, adjacent land uses, and potential distraction to passing motorists.
- (f) The application for a Billboard Sign shall include a proposal which demonstrates how the Sign will increase the community and economic potential of the City's local businesses and events to the satisfaction of the Development Authority. This may include plans to market advertising space to Airdrie business owners, the use of advertising space for Airdrie community groups and events, and/or other initiatives.
- (g) Where a Billboard Sign is permitted to incorporate Digital Media or Changeable Copy, a minimum of 10% of the copy rotation shall be used to advertise City of Airdrie events or initiatives. This copy rotation may be used by the City of Airdrie to provide local business marketing when not required for emergency messaging or advertising City events or initiatives.

Clear Pedestrian Space		
Projection		
Setbacks from Property Line		
Separation from Building Entrance		
ROW Encroachment		
Sign Size		At the discretion of the Development Authority
Sign Area		
Sign Height		
Sign Width		
Copy Area		

Sign Regulations

(a) The Development Authority shall determine the requirements and conditions for each Specialized Sign on a case by case basis, including but not limited to, the sign dimensions, area, location, materials, and illumination, as well as the duration of any temporary approval.

(b) In reviewing an application for a Specialized Sign, the Development Authority shall consider the compatibility with surrounding development and alignment with the Purpose and Intent of this section and the district where it is located.

5.9 Sign Regulations for Features and Special Purposes

5.9.1 Changeable Copy

- (1) Where a sign incorporates Changeable Copy through use of Digital Media, the standards and requirements of **Section 5.9.2** (Digital Media) shall apply.
- (2) The means of providing Changeable Copy must be appropriate for the type of sign on which it is being placed, to the satisfaction of the Development Authority.

5.9.2 Digital Media

- (1) Signs containing digital media shall meet the following requirements:
 - (a) Signs containing digital media shall be located in such a manner as to minimize any impacts into any adjacent residential or public districts.
 - (b) In the case of a one-sided digital display, or where the rear of the display is visible to the public, it shall be finished with material deemed acceptable by the Development Authority.
 - (c) Signs containing digital media shall provide separation distances from other signs with digital media to the satisfaction of the Development Authority, subject to consideration of adjacent features and land uses, and potential impact on the surrounding area.
- (2) Digital media provided as a part of a sign shall meet the following display requirements:
 - (a) Digital display content must remain in place unchanged for a minimum of 4 seconds before switching to new content.
 - (b) The maximum time between each different digital display on a sign is 0.25 seconds.
 - (c) Digital display content must not include full motion video, animation or flashing images. In the case of an electronic message board, the text may scroll at a pace deemed acceptable to the Development Authority.
 - (d) If any component of a digital display fails or malfunctions such that the display is no longer operating in compliance with this Bylaw, or with the conditions of the Sign Permit, the Sign Permit holder must ensure that the digital display is turned off until all components are fixed and operating in compliance.
 - (e) All digital displays must include a dimming feature that will automatically reduce the brightness to adapt to the ambient light level.
 - (f) Digital display must not exceed the following illumination levels:
 - i. A maximum of 7,500 Nits from sunrise to sunset
 - ii. A maximum of 500 Nits from sunset to sunrise
 - iii. The light levels around the electronic display must not at any time exceed the ambient light level by more than 5.0 LUX

5.9.3 Illumination

Where permitted under the associated Land Use District, signs may incorporate illumination features provided that the following standards and requirements are met:

- (1) The Development Authority may specify or restrict the type of illumination (backlit, exterior) subject to the provisions of the associated Land Use District.
- (2) Any sign providing illumination shall be subject to a Development Permit application and must provide photographs or renderings of the sign and proposed illumination.
- (3) The Development Authority may request a photometric plan showing light intensity created from the illumination of the sign and throughout the site to property/boundary lines.
- (4) Any light source, either from an illuminated sign or used to illuminate a sign, must not be oriented so as to direct glare or excessive illumination onto streets or sidewalks in a manner that may distract or interfere with the vision of drivers, cyclists, or pedestrians.
- (5) No illuminated signs may incorporate flashing lights, strobe lights, or other features which would, in the opinion of the Development Authority, be out of keeping with the purpose and intent of the associated Land Use District, impact adjacent properties, or distract or interfere with traffic.
- (6) All illuminated signs shall be shielded in such a manner that no direct glare can be seen from above.
- (7) Electrical power supply to a sign shall be located underground except when a sign is powered by solar energy. The solar power device may be located above ground, provided it is attached to the sign and no wires, cords, or other components of the power supply device are located on the ground further than 0.3 m from the sign structure. All wiring and conduits shall be concealed from view.
- (8) Any sign located within 30 metres of a residence or a Residential District shall not be illuminated between 10:00pm and 6:00am. The Development Authority may also impose additional conditions to mitigate any other effects that the sign may cause on a residential development.
- (9) Any sign illumination must not exceed the following lighting levels:
 - (a) A maximum of 7,500 Nits from sunrise to sunset
 - (b) A maximum of 500 Nits from sunset to sunrise
 - (c) The light levels around the electronic display must not at any time exceed the ambient light level by more than 5.0 LUX

5.9.4 Third Party Advertising

- (1) Third-Party Advertising shall be limited to circumstances where the purposes of business identification, broadcast of general public messages and other sign copy purposes are deemed appropriate to the satisfaction of the Development Authority.
- (2) Third-Party Advertising is intended to be limited to circumstances where the proposed signage is in keeping with the purpose and intent of this section, the associated land use district, and enhances the character of the surrounding area.
- (3) Notwithstanding the regulations provided in **Section 5.7** (Signs Allowed by District), the Development Authority may approve Signs providing Third Party Advertising in any Land Use District for up to 45 days provided that the purpose and intent of such advertising is for a non-profit organization or a community event. Such signage shall be subject to a Development Permit application and shall be referred to the Municipal Planning Commission.
- (4) Third-Party Advertising shall be considered a Permitted sign feature for all sign types listed as Permitted or Discretionary in Land Use Bylaw B-01/2016.

[Bylaw B-15/2020](#)
[Bylaw B-47/2020](#)
[Bylaw B-46/2021](#)
[Bylaw B-18/2022](#)

5.9.5 Community Identification Signage

- (1) A maximum of one Community Identification sign may be provided at the principal entrance of the community, as determined by the Development Authority.
 - (a) Additional Community Identification signs may be permitted at other locations, at the discretion of the Development Authority. Where reviewing applications for additional Community Identification signs, the Development Authority may request a comprehensive signage plan for the community.
- (2) Any Community Identification sign proposed to be located within a Municipal Road Right of Way shall be deemed a Discretionary Use and subject to decision by Municipal Planning Commission.

When a Sign for Community Identification purposes is proposed to be located on private property or on City property, a document must be registered on the title of the land(s) outlining responsibilities and requirements for maintenance of the sign as a prior to issuance condition of the permit. In any other circumstances, the Development Authority may require a similar document to be registered on title as a prior to issuance condition of the permit.

5.9.6 Construction Signage

- (1) A maximum of one Construction sign is permitted per street frontage for the subject property
- (2) A Construction sign may only be located on a subject site for the duration of the time in which the project is being constructed, as determined by the Development Authority.

5.9.7 Development Marketing/Directional Signage

- (1) Marketing & Directional Signage associated with a subdivision or development project shall be subject to a Development Permit application to facilitate a comprehensive review of the signage proposed for the site and its potential impacts on surrounding areas.
- (2) Notwithstanding the regulations of **Section 5.7** (Signs Allowed by District), an owner/applicant may submit a Development Permit application to comprehensively address the location, type, and number of all Marketing & Directional Signs within a subdivision phase or other development area or site. The Development Authority may use its discretion when reviewing any aspect of such an application. Where such an application has been approved by the Development Authority, the signs addressed within the application shall be deemed a Permitted Use.
- (3) All Marketing & Directional Signs shall be sited such that they allow for access and maintenance of the site, the adjoining boulevards, and surrounding properties, to the satisfaction of the Development Authority.
- (4) All Marketing & Directional Signs shall be sited such that they do not impact any established or occupied residential dwellings.

5.9.8 Election Signage

- (1) Election Signs for federal or provincial candidates may be erected the day the writ of election is issued and must be removed within three days of Election Day.
- (2) Election Signs for municipal candidates may be erected up to 60 days prior to the Election Day and must be removed within three days of Election Day.
- (3) Notwithstanding the Sign Regulations by Type provided in this Bylaw, Election signs may not exceed 1.2m² in total sign area and cannot be higher than 2.0 metres above ground level.
- (4) Election signs may not be illuminated or attached to trees.
- (5) The City is not required to give notice for the removal of an unlawful election sign.
- (6) No person shall deface or willfully cause damage to a lawfully erected election sign.
- (7) No person shall display the City's logo, in whole or in part, on an election sign.
- (8) Election signs may be posted on public property subject to the following conditions:
 - (a) Signs cannot be placed between the curb and the sidewalk, or if there is no sidewalk, signs cannot be placed within 1.0 metres of the curb or edge of the pavement
 - (b) Signs cannot be placed within 30 metres of an intersection or pedestrian crossover or be located on a median or island
 - (c) Signs cannot interfere with the safe operation of vehicular traffic or with the safety of pedestrians
 - (d) Signs cannot be located adjacent to a voting place or any City owned or operated property
- (9) Election signs used primarily for the purpose of identifying or directing traffic to polling stations may be placed on any City property without requiring a Development Permit, provided that they do not adversely affect line of sight or safety for pedestrian and vehicular traffic.
- (10) Election signs may be posted on private property subject to the following conditions:
 - (a) Signs do not interfere with the safe operation of vehicular traffic or with the safety of pedestrians
 - (b) Signs are posted with the consent of the owner or occupant of the property
 - (c) Signs may be higher than 2 metres above ground level provided the signs are displayed indoors.

5.9.9 Limited Use Signage

- (1) Unless otherwise provided under this Bylaw, signs for Limited Use purposes may not be erected for more than a maximum of four consecutive calendar days, and a total of 40 days per calendar year.
- (2) After the allowable time limit for a sign for Limited Use purposes has expired, a new sign for Limited Use purposes may not be erected on that site until at least four days have elapsed from the expiration of the previous time limit.
- (3) Notwithstanding the requirements of Section 5.6(19), signs for Limited Use purposes may be erected within a City boulevard or a public road right of way, provided that:
 - (a) The provided signs are in the form of an A-Frame, Lawn, Portable, Banner, or Specialized Sign;
 - (b) The provided signs are not located between the curb and the sidewalk, or if there is no sidewalk, are not located within 1.0 metres of the curb or edge of the pavement within the road right of way;

- (c) The provided signs are not located within 30.0 metres of an intersection or pedestrian crossover, and are not located on a median or island;
 - (d) The provided signs are located no less than 15.0 metres of any other sign, and;
 - (e) The provided signs meet all other requirements of this Bylaw.
- (4) The Development Officer shall have the authority to waive or vary any provision in Section 5.9.9(1) to Section 5.9.9(3) without the requirement for notification pursuant to Section 2.4.6.

5.9.10 Real Estate Signage

- (1) A maximum of one sign for Real Estate purposes is permitted per 50m of street frontage for the subject property
- (2) A sign for Real Estate purposes shall not exceed 3.0 metres in height
- (3) A sign for Real Estate purposes shall not exceed 1.5m² in sign area where located in a residential district, or 3.0m² in sign area in all other districts.
- (4) A sign for Real Estate purposes shall not be illuminated or incorporate digital media.
- (5) A-Frame signs used for Real Estate purposes may only be used for the duration of an open house or similar limited-term event. Such signs may only be erected for a period of four (4) days and must be removed afterward.
- (6) Notwithstanding the requirements of Section 5.6(19), signs for Real Estate purposes may be erected within a City boulevard or a public road right of way, provided that:
 - (a) The provided signs are in the form of an A-Frame, Lawn, Portable, Banner, or Specialized Sign;
 - (b) The provided signs are not located between the curb and the sidewalk, or if there is no sidewalk, are not located within 1.0 metres of the curb or edge of the pavement within the road right of way;
 - (c) The provided signs are not located within 30.0 metres of an intersection or pedestrian crossover, and are not located on a median or island;
 - (d) The provided signs are located no less than 15.0 metres of any other sign, and;
 - (e) The provided signs meet all other requirements of this Bylaw.

6. Land Use Regulations

- (1) The provisions of this Part apply to specific Land Uses defined within this Bylaw.
- (2) Every use is classified as belonging to a group of uses as set out in **Table 9** below, which is referenced only to compare and contrast related uses.

Table 9: Land Use Groups

Residential Group	Dwelling, Back-to-Back Townhouse Dwelling, Duplex Dwelling, Live-Work Unit Dwelling, Semi-Detached Dwelling, Single Detached Dwelling, Townhouse	Manufactured Home Mixed-Use Development, Limited Mixed Use development, General Multi-Residential Development Residential Show Home Residential Sale Centre

Bylaw B-34/2023

6.1 Accessory Buildings

(1) In Residential Districts:

- (a) An Accessory Building must not be developed prior to development of the principal building on the same site.
- (b) Where an Accessory Building, other than a garage, is attached to the principal building by an open or enclosed roofed structure it is considered a part of the principal building and subject to the setback requirements for the principal building.
- (c) An Accessory Building shall not be used as a residence, or for a Home Business, unless that use is specifically allowed by a provision of this Bylaw and has received a Development Permit.
- (d) An Accessory Building shall not be located in a front yard.
- (e) An Accessory Building shall not be located in an interior side yard along the length of the principal dwelling, unless a clear distance of not less than 1.2m is maintained between the Accessory Building and the interior side yard property line.
- (f) An Accessory Building shall have a residential character and shall be finished in a manner compatible with the character and appearance of the principal building.
- (g) Garages in residential districts shall also meet all requirements and development standards of the land use district in which it is located, as well as those outlined within **Section 7.15** (Garage and Carport Requirements)
- (h) Notwithstanding the lists of Permitted and Discretionary Uses provided in any applicable land use district or Direct Control Bylaw, the development of an Accessory Building over 25.0m² in area that would function as an additional garage where a garage already exists shall be considered a Discretionary Use and require a Development Permit application and approval.

[Bylaw B-27/2023](#)

- (i) Unless otherwise specified in this Bylaw or by a Development Permit, the maximum height of an Accessory Building is 5 metres, or the height of the principal building on the site, whichever is less.
 - i. The maximum height of an Accessory Building may be extended up to 5.5 metres where it is subject to a Development Permit application, evaluated as a Discretionary Use under the authority of the Development Officer, and has regard to suitable architectural design, building placement, and landscaping to impacts on the surrounding properties to the satisfaction of the Development Authority.
 - ii. The maximum height of an Accessory Building may be extended up to 7.3 metres where it is subject to a Development Permit application, evaluated as a Discretionary Use under the authority of the Planning Commission, and has regard to suitable architectural design, building placement, and landscaping to impacts on the surrounding properties to the satisfaction of the Development Authority.
 - iii. A Development Permit application for ii. above shall include renderings of the proposed building showing how it would be viewed from at least two adjoining properties.

[Bylaw B-13/2021](#)

- (j) Where an amenity area is provided on the roof of an Accessory Building, it shall meet all of the standards and requirements for amenity area on the roof of Accessory Buildings, as outlined within **Section 7.4(5)** (Decks and Amenity Areas).

[Bylaw B-25/2019](#)

- (k) An Accessory Building in a residential district must meet the following setback requirements:
 - i. Minimum of 3.0m setback from any corner side yard;
 - ii. Minimum of 0.6m setback from any other side yard;
 - iii. Minimum of 0.6m setback from any rear yard;
 - iv. Minimum of 1.0m separation from the principal building on the site;
- (l) Notwithstanding the above setback requirements, where a residential site abuts a lane with a width of 6.7m or less, the Development Authority may require a rear yard setback greater than that listed above in order to achieve a combined distance of 7.3m or greater between the Accessory Building apron and the width of the rear lane.

- (m) Notwithstanding the above setback requirements, garages in residential districts may have one required side yard reduced to 0.0m at the discretion of the Development Authority, where the garage is designed to share a common wall with another garage on the adjacent site.
- (n) The maximum combined coverage of all Accessory Buildings shall not exceed the coverage of the principal building(s) on the lot, and otherwise shall be as outlined in **Table 10** (Accessory Building Coverage), below:

Table 10: Accessory Building Coverage

Lot Area	Calculation
Up to 360m ²	20% of the Lot Area
Above 360m ²	20% of the Lot Area for the first 360m ² PLUS 5% of the difference in area above 360m ² Up to a maximum of 90.0m ²

[Bylaw B-13/2021](#)

- (2) In Rural Districts:
 - (a) On parcels over 16.0 hectares (40.0 acres) in area that contain an agricultural use, portable cylindrical grain bins and 3-sided stock shelters less than 27.9m² (300 square feet) are not required to meet minimum setback requirements, except no bins or stock shelters shall be placed within 30.0 m (98.4 feet) of a corner of the site that is formed by the intersection of two roads.
- (3) In Non-Residential Districts:
 - (a) An accessory building must not be developed prior to the issuance of a Development Permit for the principal building.
 - (b) An accessory building in a non-residential district is part of a principal use of the site on which it is located, and must be in compliance with the development regulations of the district.
 - (c) Accessory buildings shall have the same height limits and setback requirements as for the principal building, unless otherwise specified in the District.
 - (d) Notwithstanding the above, accessory buildings shall not be located in front of the principal building(s).
 - (e) Fabric Covered Storage Structures are not permitted in a Residential, Mixed Use, Commercial or Office Park Employment District (IB-O), but may be used in other districts, provided the following requirements are met:
 - i. The structure shall not be located in front of the principal building;
 - ii. The structure shall meet the setback requirements of the district and shall be screened and oriented to reduce any visual impacts to the satisfaction of the Development Authority.
 - iii. The structure shall not exceed the maximum height requirement identified for the land use district in which it is located.
 - (f) A Fabric Covered Storage Structure proposed in an Industrial District, other than the Office Park Employment District (IB-O), shall be considered an Accessory Building and shall be subject to the issuance of a Development Permit.
- (4) The use of a Shipping Container/Sea Can Storage Container as an Accessory Building:
 - (a) Shall be subject to an application for Development Permit;
 - (b) May only be permitted in industrial, public, and rural districts;
 - (c) Shall meet all provisions outlined in **Section 7.23** (Outdoor Storage).

[Bylaw B-50/2021](#)

6.2 Adult Entertainment

Any Adult Entertainment facility or other adult-oriented establishment shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions).

6.3 Agricultural Operations

- (1) An Agricultural Operation may incorporate, at the discretion of the Development Authority, the use of land or a building for the upgrading of a product for distribution or for sale that is originally produced in an agricultural operation.
- (2) Any livestock that is kept on site in association with an Agricultural Operation use shall be maintained in accordance with the requirements and standards outlined under **Section 7.19** (Keeping of Livestock).

- (3) Where a commercial riding arena is proposed under an Agricultural Operation land use, the following regulations and standards shall be met:
- (a) In addition to the Requirements for a Development Permit Application established in **Section 2.3**, a Development Permit application is required for this use and shall include:
 - i. A Storm Water Management Plan for all areas of the parcel of land disturbed during or as a result of the development of the Equestrian Centre and supporting facilities;
 - ii. A Traffic Impact Analysis that includes current and projected traffic for the next ten years in the vicinity;
 - iii. Details of water supply and sewage disposal;
 - iv. A Manure Management Plan;
 - v. Details regarding pasture management, parking facilities, and other information required by the Development Authority.
 - (b) The Development Permit shall regulate the maximum number of livestock that may be kept on the site (for purposes of this section, an animal is kept when it is on the site overnight).
 - (c) Overnight camping may be allowed in the Development Permit for a maximum of ten (10) nights per year and the number of persons camping shall not exceed fifty (50) at any time.
 - (d) The Development Permit shall set out conditions that address, but are not limited to, garbage and manure control, pasture management, on site stock trailer parking and participant and spectator parking.
- (4) Accessory Dwelling Units in Support of an Agricultural Operation
- (a) The Development Authority may issue a Development Permit to allow an Accessory Suite on a site where the unit is to provide accommodation to a person engaged in work on agricultural lands that includes the site that is the subject of the application.
 - (b) A Development Permit for Accessory Dwelling Units in Support of an Agricultural Operation shall be limited, at the discretion of the Development Authority, to a maximum term of five (5) years.

6.4 Mixed Use Development

- (1) Within a Residential District, Mixed-Use Apartment developments shall be located on properties adjacent and having immediate access to an arterial or collector road, or as directed by an established Neighbourhood Structure Plan where the Development Authority has considered appropriate location for higher residential densities and mixing of land uses, supported by appropriate transportation networks and neighbourhood design.
- (2) Mixed-Use Apartment developments shall comply with the following standards:

Standard	Regulations
Maximum Area	<ul style="list-style-type: none"> ▪ As defined in the underlying District.
Structural Alterations	<ul style="list-style-type: none"> ▪ Shall comply with standards of the District and Alberta Building Code
Design Standards	<ul style="list-style-type: none"> ▪ Upper floors shall be limited to residential uses.
Unit Access	<ul style="list-style-type: none"> ▪ Residential dwelling units and commercial premises shall not be permitted on the same storey of a building; ▪ The residential dwelling units shall have at grade access that is separate from the access for commercial premises.
Density	<ul style="list-style-type: none"> ▪ As defined in the underlying District.
Equipment and/or Material Storage	<ul style="list-style-type: none"> ▪ No outdoor storage is permitted. No business-related activity is allowed in any garage space required for parking.
Employees	<ul style="list-style-type: none"> ▪ No Restrictions provided that adequate parking is provided in accordance with the other sections of this Bylaw.
Parking	<ul style="list-style-type: none"> ▪ Parking for the residential dwelling units shall be provided in accordance with the parking requirements for apartment buildings in this bylaw. ▪ Parking for the Commercial or Mixed Use areas of the building shall be provided as required for the specific commercial use as outlined in Table 5 of this Bylaw. ▪ Where a building contains residential dwelling units above commercial premises, all parking for the residential units shall be provided on-site.
Signage	<ul style="list-style-type: none"> ▪ Signage taking the form of Awning/Canopy, Fascia, Projecting, or Window Signs not exceeding a total of 2.0m² in area

- (3) There shall be no nuisance created by the business by way of electronic interference, dust, noise, odour, smoke, glare, or anything of an offensive or objectionable nature which is detectable to any normal sensory perception outside the live-work unit.

6.5 Bed and Breakfast Establishments

- (1) A Bed and Breakfast establishment shall be restricted to a site occupied by a single-detached dwelling.
- (2) A Bed and Breakfast shall not be developed on the same site as a General or Major Home Business, Accessory Suite, Child Care Facility, or Supportive Housing Facility;
- (3) The operator of the Bed and Breakfast establishment shall be a permanent resident of the dwelling in which it is located.
- (4) A maximum of three guest rooms shall be permitted in any Bed and Breakfast establishment.
- (5) One on-site parking space for each guest room in a Bed and Breakfast establishment shall be provided and one on-site parking space for each off-site employee shall be provided.
- (6) One non-illuminated sign may be permitted on the site of any Bed and Breakfast establishment the maximum size of which shall be 0.5m² in area
- (7) A Bed and Breakfast establishment shall not be allowed in a Manufactured Home.

6.6 Cannabis-Related Businesses

The following standards apply to Cannabis Facility and Cannabis Retail land uses:

6.6.1 Cannabis Facilities

Where the development of a Cannabis Facility is proposed, it shall meet the following requirements when considering the suitability of the site for the proposed use:

- (1) Besides the functions of a commercial development that would typically and expectedly occur outside of the building (i.e., loading and delivery), all functions of the use shall be fully enclosed within a stand-alone unit or building;
- (2) Except as permitted by the land use definition, the building or unit containing the Cannabis Facility use shall not support the operation of another use within the same space or allow for accessory land uses within the same unit;
- (3) No outdoor storage of goods, materials, or supplies shall be permitted in association with a Cannabis Facility use;
- (4) The site shall be designed and oriented so as to prevent odours and emissions judged by the Development Authority to constitute a nuisance or that would negatively impact the use, enjoyment, amenity, or value of adjacent properties;
- (5) A Cannabis Facility use shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions);

[Bylaw B-07/2019](#)

[Bylaw B-62/2021](#)

6.6.2 Cannabis Retail

The following standards shall apply to all Development Permit applications for Cannabis Retail land uses:

- (1) Besides the functions of a commercial development that would typically and expectedly occur outside of the building (i.e., loading and delivery), all functions of the use shall be fully enclosed within a stand-alone unit or building;
- (2) Except as permitted by the land use definition, the building or unit containing the Cannabis Retail use shall not support the operation of another use within the same space or allow for accessory land uses within the same unit;
- (3) A Cannabis Retail use shall provide its own access and loading areas which are secure and dedicated for the sole use of the Cannabis Retail store;
- (4) No outdoor storage or display areas shall be permitted in association with a Cannabis Retail use;
- (5) The retail operations of the use shall be permitted only between the hours of 10:00AM and 2:00AM;
- (6) A Cannabis Retail use shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions);
- (7) Where the Cannabis Retail use is required to prevent visibility of product through windows and doors, the use is encouraged to achieve this by the location and orientation of the interior display and storage facilities first.

[Bylaw B-27/2018](#)

[Bylaw B-07/2019](#)

[Bylaw B-62/2021](#)

[Bylaw B-25/2023](#)

6.7 Child Care Facilities

All Child Care facilities except for Child Care, Limited, shall meet the following standards:

- (1) In any residential district, no exterior alterations shall be undertaken to a dwelling or former dwelling which would be inconsistent with the residential character of the property or the surrounding neighbourhood.
- (2) Child Care facilities shall provide an on-site drop-off area suitable to accommodate traffic associated with the use and limit any impact on the surrounding community.
- (3) A Child Care facility shall not be developed on the same site as a General or Major Home Business, Suite, Bed and Breakfast, or Supportive Housing Facility;

Bylaw B-31/2023

6.8 Community Gardens

Community gardens shall be subject to a Development Permit and are considered a Permitted Use in all districts provided that the following requirements are met:

- (1) The total area which may be under cultivation on any given parcel does not exceed more than 600m² in area except where the lot size is greater than 2,400m², in which case the area occupied by an urban food garden shall be at the discretion of the Development Authority;
- (2) Production is limited to the growing and harvesting of fruits, vegetables and edible plants. Limited cultivation of flowers and other ornamental plants may be permitted at the discretion of the Development Authority;
- (3) There is no creation of noise, dust, vibration, odour, smoke, glare, fire hazard, or any other hazard or nuisance, to any greater or more frequent extent than that usually experienced in the applicable zone under normal circumstances.

6.9 Drive-Through Facilities

- (1) A Drive-Through Facility must be designed to be complementary in nature to the Principal Use of a site and must be integrated into the overall site design in a manner that does not create a conflict between the movements of pedestrians and motor vehicles, or conflict with adjacent land uses.
- (2) Drive-Through Facilities shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions).
- (3) Without limiting the generality of the above requirement, a Drive-Through Facility must meet the following requirements:
 - (a) Must be designed in a way to accommodate pedestrian access to the building – across a drive-through aisle if necessary;
 - (b) Drive-through aisles must be designed to be internal to the site and accessory to the principal building and use;
 - (c) Drive-through aisles must not face into a public road or be located within a required minimum building or landscaping setback;
 - (d) Must include at least 8 inbound queuing spaces in the case of a Drive-Through Facility associated with a Restaurant and at least 3 inbound queuing spaces for all other uses;
 - (e) Must provide at least 1 outbound queuing space;
 - (f) Must allow for adequate motor vehicle maneuvering within the site; and
 - (g) Must not obstruct a pedestrian walkway, a designated fire lane, or any parking space whether on the Site or elsewhere.
 - (h) Queuing spaces shall be a minimum of 6.5m in length and 3.0m in width.
 - (i) Where possible, must be delineated and separated from surrounding circulation areas by landscaping, curbs, changes in grade, or similar treatments to provide containment and direction for queuing.
 - (j) All drive-through queuing areas must be screened with landscaping to the satisfaction of the Development Authority;
 - (k) Must screen any drive through aisles that are adjacent to a residential district with a fence, landscaping, or other similar treatments to the satisfaction of the Development Authority;
 - (l) Must use landscaping or other screening elements to screen neighbouring properties, roads, and parking areas from headlights.
 - (m) Must fence any drive-through aisles where necessary to prevent access to a lane or street;
 - (n) The orientation of the outdoor speakers shall be to the satisfaction of the Development Authority.

6.10 Dwelling, Live-Work Units

- (1) Within a Residential District, live-work units shall only be located on properties adjacent and having immediate access to an arterial or collector road, or as directed by an established Neighbourhood Structure Plan or Master Site Plan where the Development Authority has considered it to be an appropriate location for higher residential densities and mixing of land uses, supported by appropriate transportation networks and neighbourhood design.
- (2) Live-work developments shall comply with the standards provided in **Table 11**:

Table 11: Live-Work Development Standards

Standard	Regulations
Maximum Area	<ul style="list-style-type: none"> ▪ The floor area of the living space shall be at least 50% of the floor area of the live-work unit.
Structural Alterations	<ul style="list-style-type: none"> ▪ Shall comply with standards of the District
Design Standards	<ul style="list-style-type: none"> ▪ The principal dwelling of the live-work unit shall be physically separated from the working space of the live-work unit. ▪ Upper floors shall be limited to residential uses.
Unit Access	<ul style="list-style-type: none"> ▪ Each space shall have individual access directly from the exterior of the structure or a shared vestibule. The access to each unit shall be clearly separate from other live-work units or other uses within the building.
Density	<ul style="list-style-type: none"> ▪ As defined in the underlying District.
Equipment and/or Material Storage	<ul style="list-style-type: none"> ▪ No outdoor storage is permitted. No business-related activity is allowed in any garage space required for parking.
Employees	<ul style="list-style-type: none"> ▪ The number of non-resident employees or business partners working on site shall not exceed two per unit at any one time.
Parking	<ul style="list-style-type: none"> ▪ Parking for the residential dwelling units shall be provided for the applicable residential form in accordance with the parking requirements of this bylaw. ▪ Parking for the Commercial portions of the building shall be provided as required for the specific commercial use as outlined in Table 5 of this Bylaw.
Signage	<ul style="list-style-type: none"> ▪ May include the use of one (1) non-illuminated identification sign or plaque, no larger than 0.5m² in area and attached to the dwelling or displayed in a window

- (3) There shall be no nuisance created by the business by way of electronic interference, dust, noise, odour, smoke, glare, or anything of an offensive or objectionable nature which is detectable to any normal sensory perception outside the live-work unit.
- (4) No portion of a live-work unit may be separately rented or sold as a separate commercial or industrial space or as an additional residential dwelling unit.
- (5) The Development Authority, in approving a live-work dwelling on any site that also contains an Accessory Suite, Bed and Breakfast, Home Business, or Child Care Facility, may utilize discretion and consider the cumulative effect of uses on the site and the surrounding area.
- (6) The following commercial uses shall not be permitted in a live-work unit:
 - (a) Adult entertainment facilities;
 - (b) Industrial Agriculture and Production;
 - (c) Any use requiring the handling or storage of hazardous, noxious or dangerous goods;
 - (d) Any animal service requiring outdoor enclosures, pens or kennels;
 - (e) Vehicle, industrial or recreational vehicle sales, rentals, storage, services or repairs;
 - (f) Cannabis Retail;
- (g) Any other activity or use as determined by the Development Authority to be incompatible with a residential use and district.

[Bylaw B-27/2018](#)

6.11 Educational Institutions

Without limiting the discretion of the Development Authority generally provided for in **Section 2.4.3**, when reviewing any development permit application for a Private Educational Institution, the Development Authority shall have regard to the following elements of the proposed development and the context of the surrounding area:

- (1) Any development permit application for a Private Educational Institution may be required to provide a new or updated Traffic Impact Assessment or other supporting engineering information to ensure that the site and surrounding transportation infrastructure can accommodate bussing and traffic for the Private Educational Institution without impacting the other users of the site or the surrounding area.
- (2) The Development Authority shall have regard to the scale of the proposed Private Educational Institution and ensure that it is compatible with the surrounding mixed-use/commercial development and supports the purpose and intent of the applicable land use district.
- (3) The Development Authority should ensure that the site accommodates:
 - (a) accessibility and circulation for pedestrian and vehicular traffic;
 - (b) adequate provision of parking, bus loading, and parent drop-off on-site;
 - (c) appropriate landscaping and site design treatments to address the interface of the site with surrounding properties and uses, and
 - (d) appropriate location and design of on-site parking, play fields, and other high activity areas.

Bylaw B-65/2021

6.12 Home Businesses

- (1) The Development Authority may determine, at its discretion that an application for a Home Business requires a probationary period and may issue a Development Permit for a Home Business for a temporary period of not less than 6 months in order to evaluate potential impacts on the surrounding community.
- (2) The Development Authority may approve a Home Business that does not meet the on-site parking standards provided in Table 12, provided that such Development Permits are issued for a temporary period of not less than 12 months in order to evaluate potential impacts on the surrounding community.

Bylaw B-24/2024

- (3) A Home Business shall comply with the standards provided in **Table 12**:

Table 12: Home Business Development Standards

Standard	Home Business, Limited	Home Business, General	Home Business, Major
Maximum Floor Area	35% of the gross floor area of the dwelling, up to a maximum of 100m ²	35% of the gross floor area of the dwelling, up to a maximum of 100m ²	35% of the gross floor area of the dwelling, up to a maximum of 140m ² .
Use of Accessory Buildings	A business may use space within an attached garage or detached accessory building as long as the accommodation of on-site parking for the business and the principal use are not affected.		
Equipment and/or Material Storage	No exterior storage of equipment or other materials associated with the business.		The Development Authority may permit exterior storage representing 1% of the lot area or 400m ² , whichever is less, on any parcel greater than 1.6Ha. All exterior storage shall be sited and screened to the satisfaction of the Development Authority.
Maximum permitted Customer Traffic Generation	Business-associated visits are not permitted.	<ul style="list-style-type: none"> ▪ 6 related vehicle round trips per day <u>Bylaw B-26/2023</u> 	<ul style="list-style-type: none"> ▪ 8 related vehicle round trips per day <u>Bylaw B-26/2023</u>
Parking	No additional parking spaces required	One on-site parking space for client/visitor use, plus one space for each non-resident employee of the business.	One on-site parking space for client/visitor use, plus one space for each non-resident employee of the business.

Standard	Home Business, Limited	Home Business, General	Home Business, Major
Employees	Only those who reside within the residence.	May employ one non-resident employee.	May employ a maximum of two non-resident employees.
Business-related Vehicles	No additional vehicles Bylaw B-26/2023	May accommodate one vehicle onsite associated with the use, provided that it is not a large vehicle. Bylaw B-26/2023	May accommodate one vehicle onsite associated with the use, provided that it is not a large vehicle. Bylaw B-26/2023
Signage	May include the use of one (1) non-illuminated identification sign or plaque, no larger than 0.5m ² in area and attached to the dwelling or displayed in a window. Bylaw B-50/2021		

- (4) A Home Business shall not be developed where it would require couriers and commercial deliveries to the site that would, in the opinion of the development authority, exceed the commercial traffic typical of the surrounding residential area.
[Bylaw B-26/2023](#)
- (5) Notwithstanding the Customer Traffic Generation standards provided in **Table 12** (above), the Development Authority may authorize any General or Major Home Business use for up to four events per calendar year in association with the Home Business, provided that:
- (a) The Development Authority includes restrictions on dates/times and the amount of customer traffic permitted for events in the Development Permit conditions for the Home Business, and;
 - (b) All other requirements of this section are met to the satisfaction of the Development Authority.
- (6) A Home Business must not create any nuisance and shall preserve the privacy and enjoyment of the adjacent residences and the neighbourhood, and must not conflict with or alter the residential character of the district in which it is located;
- (7) A Home Business must be carried on in a manner that is incidental and subordinate to the primary use of the development as a residence;
- (8) A Home Business must not create a risk of harm to the health and safety of any person or risk of adverse impact on nearby sites including, without limitation, excessive noise, on-street parking congestion and vehicle traffic above the norms for a residential area.
- (9) The Development Authority, in approving a Home Business, Limited, on any site that also contains an Accessory Suite, Bed and Breakfast, or Child Care or Supportive Housing facility, may utilize discretion and consider the cumulative effect of uses on the site and the surrounding area.
- (10) All Home Business customer vehicle trips and deliveries, as permitted in accordance with the table above, are restricted to the following hours, unless otherwise permitted through the conditions and requirements of a Development Permit:
- (a) Monday to Saturday between 7:00 am and 7:00 pm, and;
 - (b) Sundays and Statutory Holidays between 10:00 am and 6:00 pm.
- (11) The following commercial uses shall not be permitted as a Home Business:
- (a) Adult Entertainment facilities;
 - (b) Industrial Agriculture and Production;
 - (c) A use requiring the handling or storage of hazardous, noxious or dangerous goods;
 - (d) Any animal services requiring outdoor enclosures, pens or kennels;
 - (e) Vehicle, industrial or recreational vehicle sales, rentals, storage, services or repairs;
 - (f) Cannabis Retail;
- [Bylaw B-27/2018](#)
- (g) Any other activity or use as determined by the Development Authority to be incompatible with a residential use and district.

6.13 Mobile Vendors

The following standards shall apply to Mobile Vendor land uses where the use is contained on a specific development site or multiple sites/locations. This section does not apply to the parking or operation of a Mobile Vendor on public roads.

[Bylaw B-28/2023](#)

6.13.1 Location and Site Selection

- (1) In evaluating a site's suitability to accommodate a Mobile Vendor, the Development Authority shall consider the vendor's location on the site, anticipated customer traffic generation, and any ancillary storage, equipment, and waste associated with the use;

- (2) The Development Authority may consider multiple sites under a Development Permit application for a Mobile Vendor use. A letter of authorization is required from all registered landowners of all sites as outlined in **Section 2.3.3** (Requirements for Development Permit Application);
 - (a) Where the Mobile Vendor is located in coordination and with the authorization of an approved Temporary Event, written consent is required from the Event Organizer.
- (3) A Mobile Vendor shall be considered a Permitted Use in all Land Use Districts pursuant to **Section 8.4(1)** where it meets all other requirements of this Bylaw and is located:
 - (a) In coordination and with the authorization of an approved Temporary Event.
 - (b) On a parcel in a residential district, for not more than four consecutive calendar days and not more than a total of 40 days per calendar year.
 - (c) On a parcel in any other district, for not more than seven consecutive calendar days and not more than a total of 60 days per calendar year.
- (4) Where a Mobile Vendor use requires a variance to any standard in this section or any other applicable regulations of this Bylaw, it shall be considered a Discretionary Use and require a Development Permit application and approval.

Bylaw B-28/2023

6.13.2 Site Operations

- (1) A Mobile Vendor use must not cause any hazards or annoyance to other users of the site or surrounding properties, as outlined in **Section 7.1** (Adverse Effects and Nuisance);
- (2) Any garbage or waste created shall be the responsibility of the vendor and shall not be disposed of in any Municipal facilities or receptacles, including public garbage bins, tree pits, storm drains, sanitary sewer systems or public streets;
- (3) Mobile Vendors may use one A-Frame sign meeting the requirements of **Part 5** (Sign Regulations) of this Bylaw. Any other signage associated with the use requires a separate permit and approval;
- (4) Mobile Vendors may operate between the following hours:
 - (a) Monday to Saturday between 7:00 am and 7:00 pm, and Sundays and Statutory Holidays between 10:00 am and 6:00pm, where the use is adjacent to an established residential use;
 - (b) Between 7:00 am and 11:00 pm in all other locations and situations.

Bylaw B-28/2023

6.13.3 Parking and Site Design:

- (1) A Mobile Vendor shall be sited in a manner that does not materially affect the principal use of the property or site access, circulation, and parking.
- (2) The approved location for parking the Mobile Vendor shall be physically marked.
- (3) Mobile Vendors shall be removed from their approved location(s) after their designated hours of operation unless part of a larger approved event.
- (4) All equipment associated with the Mobile Vendor shall be located within 2.0m of the vehicle.
- (5) The Mobile Vendor operator shall be responsible for disposing of all trash associated with the operation in approved locations and ensuring that all areas within 3.0m of the vehicle are kept clean.
- (6) Mobile Vendor unit(s) shall be clean, well-lit, and maintained to the satisfaction of the Development Authority.
- (7) As part of a Development Permit application for a Mobile Vendor use, the Development Authority may consider encroachments of the Vendor unit, supporting equipment, and staging area onto public property. For any encroachment considered under this section:
 - (a) The Development Authority shall have regard to the provisions of **Section 7.25** (Projections over Public Property) and may require that the Mobile Vendor make provisions for insurance and indemnification, safety, and accessibility to the site and surrounding area.
 - (b) The Development Authority shall not approve an encroachment of a Mobile Vendor into the carriageway of any public road.

Bylaw B-28/2023

6.13.4 Other Requirements

- (1) Storage of equipment related to the operation of the Mobile Vendor unit is permitted on the approving on-site parking area of a residential property providing that:
 - (a) There is an approved Development Permit for a General or Major Home Business to support the Mobile Vendor at that location; and
 - (b) The equipment does not interfere with access of any adjacent property or the movement of emergency vehicles on the property or in the surrounding area.

Bylaw B-12/2017

6.14 Nightclubs

- (1) A Nightclub shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions);
- (2) Shall not have an exterior entrance, except for an emergency exit, located on a façade that faces a residential district;
- (3) The maximum floor area, number of patrons, and provisions for any Commercial Outdoor Patio areas shall be at the discretion of the Development Authority.

Bylaw B-18/2022

6.15 Pawn Shops

A Pawn Shop use shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions).

6.16 Public Assemblies

- (1) Where a Development Permit application for a Public Assembly is intended to incorporate accessory uses such as temporary outdoor events or community service facilities, the applicant shall provide the Development Authority with a plan for off-site parking and traffic management as part of the application for a Development Permit, ensuring that the traffic associated with the Public Assembly and all accessory uses will not negatively impact the surrounding neighbourhood.
- (2) Public Assemblies in multi-use buildings such as commercial plazas and employment condominiums, or other similar configurations, may be allowed within their permitted districts when they occupy no greater than 40% of the total gross floor area of the building for the Public Assembly use and all of its accessory uses.
- (3) The design, location, and site layout of a Public Assembly shall:
 - (a) Provide for a building form and scale that is compatible with, or enhances, the character of surrounding uses;
 - (b) Provide a minimum 6.0m landscape buffer where the Public Assembly abuts an adjacent residential district or other dwelling use; and
 - (c) Mitigate negative impacts on adjacent uses, having regard for the neighbourhood character, and other impacts such as noise, light, traffic and parking.

6.17 Recreational Vehicle Storage

- (1) Buildings and parking areas shall require a minimum setback of 6.0m from any property line;
- (2) Vehicle entrances and exits, as well as internal vehicle routes shall be designed in a manner that provides a safe and clearly defined circulation pattern;
- (3) Any undeveloped portion of the site must be graded in compliance with any applicable Engineering Standards, contoured and seeded and shall provide for a satisfactory disposal of surface water by grading and drainage in such a manner that no surface water shall drain onto public roadway or other neighbouring property;
- (4) There shall be no storage of hazardous materials or goods on-site;
- (5) There shall be no day use or over-night accommodation allowed on-site;
- (6) Recreational vehicle storage shall not include storage or salvage of derelict recreational vehicles;
- (7) The development of a site for recreational vehicle storage shall provide fencing, landscaping, or other screening designed in a manner to provide articulation and visual interest where the site is visible from a public road, to the satisfaction of the Development Authority.

6.18 Restaurants

A Commercial Outdoor Patio may be allowed accessory to a Restaurant use providing the following requirements are met:

- (1) The extension of the Restaurant use shall not create any parking impacts on the site or surrounding area;
- (2) In the case of a Commercial Outdoor Patio located on the roof of a building or structure, it shall be located directly above the footprint of the permitted Restaurant, as defined by its boundaries on the floor below, unless potential impacts on adjoining uses can be successfully mitigated to the satisfaction of the Development Authority;
- (3) A Commercial Outdoor Patio shall meet the minimum front yard setback required in the district. Where the Patio will contribute to an urbanized, active street frontage, the front yard setback may be relaxed up to the front property line;

- (4) Where a Commercial Outdoor Patio is enclosed or otherwise developed in a manner that facilitates year-round use, it shall be considered a part of the principal use and count towards calculations for use area and floor area standards within the land use district;
- (5) Noise emission from any equipment or device shall be prohibited where it affects any adjacent properties;
- (6) A Commercial Outdoor Patio shall not be permitted in any yard adjacent to a Residential district, or in the case of a roof-top patio/terrace it shall not be located on lands adjacent to a Residential district;
- (7) Notwithstanding any requirements to the contrary, a Commercial Outdoor Patio may encroach into a Landscape Buffer, with exception of a buffer required adjacent to a Residential district.

[Bylaw B-18/2022](#)

6.19 Residential Sales Centres

- (1) A Residential Sales Centre shall ensure appropriate and safe access to the site for clients, construction activity, and emergency access.
- (2) A Development Permit for a Residential Sales Centre shall be limited, at the discretion of the Development Authority, to a maximum term of three (3) years. The Development Authority may grant extensions to this approval.
- (3) Without limiting the general provisions of Section 2.4.3 (Decision on a Development Permit Application), in reviewing a Development Permit application for a Residential Sales Centre or an extension to the same, the Development Authority shall have regard to the context of the surrounding neighbourhood, including prospective further development during the term of the Development Permit, to ensure that the building design, parking, screening of parking areas where applicable, and site improvements remain compatible with the development completed on surrounding properties.
- (4) A Residential Sales Centre development shall adhere to the building height, setbacks, and coverage requirements in the land use district applied to the development site.
- (5) A Residential Sales Centre development shall be required to remove or restore the building and any associated site works to the satisfaction of the Development Authority within 90 days of the expiry of its approved term.

[Bylaw B-26/2021](#)

6.20 Residential Show Homes

A Residential Show Home shall:

- (1) Ensure appropriate and safe access to the site for clients, construction activity, and emergency access;
- (2) Be subject to a Development Permit application if any of the required servicing, fire protection, and all-weather access are not in place;
- (3) Where a Development Permit is required for a Residential Show Home, it shall be limited to a maximum term of three (3) years. The Development Authority may grant extensions to this approval.
- (4) Be required to rehabilitate the dwelling unit and any associated site works to the satisfaction of the Development Authority within 90 days of the expiry of its approved term.

6.21 Stripping and Grading

- (1) Where Stripping and Grading is proposed within this Bylaw, it shall be considered:
 - (a) Exempt from a Development Permit application where it meets the considerations provided in Section 2.3.2 (Developments Not Requiring a Development Permit).
 - (b) A Permitted Use where the proposed Stripping and Grading is in alignment with an approved Neighbourhood Structure Plan or Master Site Plan and meets all other applicable requirements of this Bylaw.
 - (c) A Discretionary Use in all other circumstances.
- (2) When reviewing a Development Permit application for Stripping and Grading, the Development Authority shall consider the merits of the application and shall not approve the Development Permit unless they are satisfied that:
 - (a) the operation shall be carried out in a way that minimizes dust and environmental disturbance;
 - (b) the operation is one that, in the opinion of the Development Authority, is reasonably necessary for the use and development of the land in question, considering the timing for future development on the site, needs for preservation of prime agricultural land, natural preservation, and the future need for soil on the site;
 - (c) the operation shall not destroy, disturb, or alter any historical resource designated in accordance with the Alberta Historical Resources Act; and
 - (d) the operation shall not sterilize the site for future development.

- (3) The Development Authority may require, as a condition of a Stripping and Grading Development Permit, that the applicant take the precautions and follow the methods prescribed by the Development Authority for the prevention or control of dust or any other nuisance caused by the proposed operation, and for the reclamation of the site, if required.

[Bylaw B-57/2021](#)

6.22 Suites

- (1) Notwithstanding the lists of Permitted and Discretionary Uses, Accessory Suites shall be considered a Discretionary use on a property which is accessed only by a cul-de-sac.

[Bylaw B-30/2024](#)

[Bylaw B-06/2025](#)

6.22.1 Garage Suites

Deleted

[Bylaw B-30/2024](#)

- (2) A Garage Suite shall meet the following standards:
- (a) A Garage Suite shall not be developed on the same site as a General or Major Home Business, Bed and Breakfast, Child Care Facility, or Supportive Housing Facility;
 - i. Notwithstanding the above, the Development Authority may approve a General, Home Business on the same site as a Garage Suite where the application provides the parking required for the home business.
 - (b) A Garage Suite shall not exceed 55.0m² or the floor area of the garage, whichever is less;
 - (c) A Garage Suite shall not exceed 7.4 metres or the height of the principal dwelling, whichever is less;
 - (d) A Garage Suite may provide an exterior amenity space in the form of a balcony or rooftop patio above the ground level of the garage, provided that it meets all of the standards and requirements for amenity area on the roof of Accessory Buildings, as outlined in **Section 7.4(5)** (Decks and Amenity Areas);
 - (e) A Garage Suite shall only be located in a detached garage and in the rear yard of a site;
 - (f) A Garage Suite shall be setback a minimum of 4.0 metres from the principal dwelling;
 - (g) A Garage Suite shall not be permitted to obtain a separate land title through a condominium conversion or subdivision;
 - (h) The minimum side yard setbacks required for a Garage Suite is the same as the setbacks required for the principal building in the same district;
 - (i) The minimum rear yard setback required for a Garage Suite is the same as the setback required for an accessory building in the same district;
 - (j) Windows contained within a Garage Suite shall be sized and placed to minimize sightlines into yards and dwellings of abutting properties.
 - (k) A Garage Suite shall have a residential character and shall be finished in a manner compatible with the character and appearance of the principal building.
 - (l) A site allowing the development of a Garage Suite shall meet the following Minimum Dimension requirements:

[Bylaw B-30/2024](#)

[Bylaw B-25/2019](#)

<i>Minimum Dimensions</i>	<i>Area</i>	<i>Width</i>
Site accommodating a Garage Suite	260m ² OR the minimum Area listed for the applicable Land Use District, whichever is greater	11.0m OR the minimum Width listed for the applicable Land Use District, whichever is greater

[Bylaw B-30/2024](#)

- (m) Where a Garage Suite is developed on the same site as a zero lot line development, the entrance to the suite shall not be allowed on the same side yard where the private maintenance easement is provided.

[Bylaw B-30/2024](#)

6.22.2 Garden Suites

Deleted

[Bylaw B-30/2024](#)

- (2) A Garden Suite shall meet the following standards:

- (a) A site allowing the development of a Garden Suite shall meet the following Minimum Dimension requirements:

<i>Minimum Dimensions</i>	<i>Area</i>	<i>Width</i>
Site accommodating a Garden Suite	360m ² OR the minimum Area listed for the applicable Land Use District, whichever is greater	11.0m OR the minimum Width listed for the applicable Land Use District, whichever is greater

[Bylaw B-30/2024](#)

- (b) A Garden Suite shall not exceed a floor area of 70m²;
- (c) A Garden Suite shall not be developed on the same site as a General or Major Home Business, Bed and Breakfast, Child Care Facility, or Supportive Housing Facility;
- i. Notwithstanding the above, a Garden Suite may be developed or used as a Bed and Breakfast at the discretion of the Development Authority.
 - ii. Notwithstanding the above, the Development Authority may approve a General, Home Business on the same site as a Garden Suite where the application provides the parking required for the home business.

[Bylaw B-30/2024](#)

- (d) A Garden Suite shall not exceed a height of 5.0m or the height of the principal building on the same site, whichever is less;
- (e) A Garden Suite shall not be located in a front yard;
- (f) A Garden Suite shall be setback a minimum of 2.4 metres from the rear property line;
- (g) A Garden Suite shall be setback a minimum of 4.0 metres from the principal dwelling;
- (h) A Garden Suite shall not be permitted to obtain a separate land title through a condominium conversion or subdivision;
- (i) The minimum side yard setbacks required for a Garden Suite is the same as the setbacks required for the principal building in the same district.
- (j) Windows contained within a Garden Suite shall be sized and placed to minimize sightlines into yards and dwellings of abutting properties.
- (k) A Garden Suite shall have a residential character and shall be finished in a manner compatible with the character and appearance of the principal building.
- (l) Where a Garden Suite is developed on the same site as a zero lot line development, the entrance to the suite shall not be allowed on the same side yard where the private maintenance easement is provided

[Bylaw B-30/2024](#)

6.22.3 Secondary Suites

Deleted

[Bylaw B-30/2024](#)

- (2) A Secondary Suite shall meet the following standards:

- (a) A Secondary Suite must be listed as a Permitted or Discretionary Use within the applicable land use district, except where they are considered pursuant to Direct Control Bylaws within **Section 9.1(2)** (Special Land Use provisions for Direct Control Districts);

[Bylaw B-25/2019](#)

- (b) A Secondary Suite shall not be developed on the same site as a General or Major Home Business, Bed and Breakfast, Child Care Facility, or Supportive Housing Facility;
- i. Notwithstanding the above, the Development Authority may approve a General, Home Business on the same site as a Secondary Suite where the application provides the parking required for the home business.

[Bylaw B-30/2024](#)

- (c) A Secondary Suite floor area shall not exceed the floor area of the principal building;

[Bylaw B-30/2024](#)

- (d) A Secondary Suite shall have separate entryway; and

[Bylaw B-30/2024](#)

- (e) A Secondary Suite shall be developed in such a manner that the exterior of the principal building containing secondary suite shall appear as a single building.

Deleted.

[Bylaw B-30/2024](#)

- (g) Where a Secondary Suite is developed on the same site as a zero lot line development, the entrance to the suite shall not be allowed on the same side yard where the private maintenance easement is provided.

[Bylaw B-30/2024](#)

6.23 Security Suites

A Security Suite shall meet the following standards and requirements:

- (1) The development of a Security Suite shall be limited to one (1) suite per lot;
- (2) A Security Suite shall not exceed a floor area of 70.0m²;
- (3) A Security Suite shall not provide residence for more than two (2) persons at any one time;
- (4) Notwithstanding the list of Permitted and Discretionary Uses in any District, the Development Authority may allow the development of a Security Suite that would remain on-site only for the duration of construction activity where a Development Permit has been issued for any of the following:
 - (a) Attached Housing
 - (b) Multi-Residential Development
 - (c) General Mixed Use Development
 - (d) Any listed use in a Mixed Use, Commercial, Industrial, or Civic District

6.24 Supportive Housing

- (1) In addition to the requirements of Section 2.3.4, a Development Permit application for a Supportive Housing facility may require the submission of the following to the satisfaction of the Development Authority:
 - (a) Proof of completed engagement and/or notification of properties within a 60m radius of the subject property.
 - (b) A written description of how communication with residents within a 60m radius will continue to happen and how future neighborhood compatibility issues are to be resolved including how to contact the facility operator
- (2) Supportive Housing facilities may form a portion of the development of another use, provided that Supportive Housing is listed as a Permitted or Discretionary Use in the district subject to that application.
- (3) Where a Supportive Housing facility is being created in an existing or planned dwelling or building in any residential district, no exterior alterations shall be undertaken which would be inconsistent with the residential character of the building, property, or the surrounding neighbourhood.
- (4) Where a Supportive Housing facility is developed in a residential district, it must be consistent with the scale and form of the residential dwelling types that are listed as either Permitted or Discretionary Uses in that district and must meet the same dimensional requirements for lot sizes, building heights, setbacks, coverage, and provision of amenity area.
- (5) In the review of Development Permit applications where Supportive Housing is listed as a Discretionary Use, consideration shall be given to the proximity of the proposed development to other similar facilities, the location of the facility on the block and in the neighbourhood, and the street classification to ensure that there shall not be cumulative land use impacts on the neighbourhood in which the proposed facility is to be located.
- (6) A Supportive Housing, Limited facility shall not be developed on the same site as a Hostel, Bed and Breakfast Establishment, Home Business General or Major, Child Care Facility, or Accessory Suite.
- (7) A Development Permit for a Supportive Housing facility shall specify the maximum number of residents (clients) that will be living in the home and the maximum number of support staff (full-time employee equivalents) on site at any one time.

[Bylaw B-33/2024](#)

6.25 Temporary Events

A Temporary Event shall meet all of the following requirements and performance standards:

- (1) A Temporary Event includes the temporary use of land as well as the erection of any temporary structures and facilities to support the event;
- (2) In evaluating a site's suitability to accommodate a Temporary Event, the Development Authority shall consider its location on the site, anticipated traffic generation, required emergency service and response, and any temporary buildings and ancillary storage, equipment, and waste associated with the use.
- (3) A Temporary Event may be located on any part of the subject property, other than within a corner visibility triangle;

[Bylaw B-25/2019](#)

- (4) A Temporary Event shall only be located on a parcel, excluding the time required to erect and dismantle any buildings or structures, for a maximum of:
 - (a) Fifteen (15) consecutive days; and
 - (b) Thirty (30) cumulative days in a calendar year;
- (5) A Temporary Event may operate between the following hours:
 - (a) Monday to Saturday between 7:00 am and 7:00 pm, and Sundays and Statutory Holidays between 10:00 am and 6:00pm, where the use has an interface with a residential district or land use;
 - (b) Between 7:00 am and 11:00 pm in all other locations and situations.
- (6) Applicants for Temporary Events shall provide the Development Authority with sufficient information including a site plan and a description of the event, to ensure that the requirements and performance standards listed above will be met.
- (7) Where the performance standards listed above cannot be met or need to be relaxed, a Development Permit application shall be required, and the Development Authority may vary the above requirements provided that there is no material impact on adjacent properties or the surrounding neighbourhood.

6.26 Urban Agriculture

6.26.1 General Requirements

- (1) The Development Authority may determine, at its discretion, that an application for Urban Agriculture requires a probationary period and may issue a Development Permit for an Urban Agriculture use for a temporary period of not less than six (6) months in order to evaluate potential impacts on the surrounding community.
- (2) Plants and animals kept on a property in association with an Urban Agriculture use are intended to be for personal use and may not be used for commercial purposes.
- (3) Any urban agriculture use shall be kept in good repair, capable of being maintained in a clean and sanitary condition, free of vermin, obnoxious smells and substances and not create a nuisance or disturbance to neighbouring residents due to noise, odor, damage, or threats to public health.

6.26.2 Backyard Hens

Where an Urban Agriculture use is proposed to include keeping of backyard hens, it shall meet the following standards and requirements:

- (1) "An Urban Agriculture use for Backyard Hens may only be allowed on a parcel where the principal use is a single-detached dwelling, supportive housing, limited or supportive housing, general.
- (2) An Urban Agriculture use for Backyard Hens shall not be developed on the same site as a Major Home Business, Accessory Suite, or Child Care Facility.
- (3) When considering a Development Permit application for Urban Agriculture uses with backyard hens, the Development Authority may exercise discretion having regard for:
 - (a) any policies for Urban Agriculture uses contained in a statutory plan for the area;
 - (b) compatibility of the facilities for the backyard hens with the siting, grade elevations, height, and land uses of the surrounding development;
 - (c) the impacts on the use and general amenity of adjacent properties; and
 - (d) the cumulative impact of the application with other existing or approved Urban Agriculture uses within the neighbourhood.
- (4) In addition to the requirements of Section 2.3.3, a Development Permit Application for Urban Agriculture uses with backyard hens shall require plans and/or information that outline the following to the satisfaction of the Development Authority:
 - (a) A site plan clearly showing the location, size, and orientation of the Henhouse and Run, as well as any storage or facilities that will support the operation of the Urban Agriculture use.
 - (b) A written description of the Urban Agriculture use, including number of hens and a schedule for regular cleaning and maintenance to be carried out to ensure that the use limits impacts on surrounding properties.
 - (c) Construction details for the henhouse showing that the structure will be draft-proof, dry, and insulated.
- (5) A site allowing the development of an Urban Agriculture use with backyard hens shall be over 300m² in area and meet all other standards and requirements of the applicable land use district. For the purposes of calculating massing and coverage requirements, a henhouse shall be counted towards Site Coverage and the coop area shall not count towards any required soft Landscaping.

- (6) An Urban Agriculture use for Backyard Hens shall be limited to the keeping of:
 - (a) A Minimum of two (2) hens for all uses with backyard hens.
 - (b) A Maximum of two (2) hens on sites with a minimum area under 400m².
 - (c) A Maximum of four (4) hens on sites with a minimum area equal to or greater than 400m².
 - (d) A Maximum number of animals in accordance with **Section 7.19** (Keeping of Livestock) for any site over 1.6 hectares in area.
 - (e) No roosters shall be kept in association with an Urban Agriculture use for Backyard Hens, except where allowed on a site over 1.6 hectares in area in accordance with **Section 7.19** (Keeping of Livestock).
- (7) Facilities for Backyard Hens shall meet the following requirements and performance standards:
 - (a) Maximum henhouse size of 4.65m².
 - (b) Maximum run size of 4.65m².
 - (c) Both the henhouse and the run area shall be fully enclosed (i.e.: fencing, chicken wire, roof covering) to provide hens with secure access to exercise, sunlight, earth and vegetation when unsupervised during the day. It shall be constructed to prevent the hens' escape and prevent entry by intruders/predators.
 - (d) A coop shall not exceed 2m in height (measured from grade to highest point).
 - (e) A coop shall be set back at least 3m from windows and doors on the principal dwellings of neighbouring properties.
 - (f) Manure and wet bedding shall be removed from the coop and animal feeding and lounging areas regularly.
 - (g) Manure that is intended for backyard composting or fertilizing shall be kept within a fully enclosed structure and no more than three (3) cubic feet (0.085m³) of manure may be stored at any time.
 - (h) Thorough, complete cleaning of walls and perches, removal of all bedding and disinfecting of coop and furnishings should be done at least once a year.
 - (i) All feed shall be kept in airtight, rodent-proof containers and any spilled or uneaten food should be removed at the end of the day.
 - (j) Hens must be kept in their henhouse between the hours of 10:00pm and 7:00am.
 - (k) Animals kept on a property in association with an Urban Agriculture use shall not be slaughtered or disposed of on the residential property.

[Bylaw B-08/2021](#)

6.27 Utilities

- (1) Utilities are considered a Permitted Use in all land use districts.
- (2) A public utility building, facility or equipment located in any district shall:
 - (a) As far as possible have the appearance and aesthetic of uses permitted in the district;
 - (b) Have landscaping that reflects the typical landscaping in the district.
- (3) All shallow utility services (e.g., electrical, gas, telecommunication, and cable TV) shall be underground.

6.28 Vehicle-Oriented Land Uses

- (1) The development of any Permitted or Discretionary Use under the Vehicle Service Use Group shall comply with the special regulations of this section. This includes the following land uses:
 - (a) Heavy Vehicle Sales and Leasing
 - (b) Heavy Vehicle Storage and Repair
 - (c) Recreational Vehicle Sales and Service
 - (d) Vehicle Sales and Leasing
 - (e) Vehicle Service (Limited, General or Major)
 - (f) Vehicle Service, Bulk Fuel Depot
- (2) Vehicle-Oriented Land Uses shall be considered a sensitive land use and shall meet the requirements and standards outlined under **Section 7.18** (Interface and Buffering Conditions);
- (3) Vehicle-Oriented Land Uses shall adhere to the following standards:
 - (a) The design, finishing and siting of the development shall achieve a compatible relationship with surrounding development and a high standard of appearance when viewed from adjacent roadways.
 - (b) The orientation of buildings and any service bays, vehicular circulation and queuing aisles associated with development of the site shall be to the satisfaction of the Development Authority, having regard to the minimization of on-site and off-site traffic impacts.
- (4) Vehicle-Oriented Land Uses shall be located:

- (a) On sites deemed capable of accommodating the high traffic demand and nature of the land use to the satisfaction of the Development Authority, such as corner lot locations and locations along collector standard roads;
- (b) As part of a commercial multi-unit development or in conjunction with other commercial development, providing that the development does not adversely affect the function of surrounding public roadways, or traffic circulation on the site.

This page left blank for printing

7. General Development Regulations

7.1 Adverse Effects and Nuisance

- (1) Sites and buildings in all districts shall be maintained in a clean manner, free from all rubbish and debris.
- (2) No use, activity, or storage of goods may be undertaken except where specifically provided under a land use district, which, in the opinion of the Development Authority, constitutes a hazard or annoyance to persons on public property or any other site, by reasons of generation of:
 - (a) Noise or vibration;
 - (b) Smoke, dust, or other particulate matter;
 - (c) Odour;
 - (d) Toxic or noxious matter;
 - (e) Fire and explosive hazards;
 - (f) Radiation hazards;
 - (g) Excessive heat, humidity or glare; or
 - (h) Refuse matter, waste, or waterborne waste.
- (3) Industrial developments shall not create, or have any adverse effect or nuisance apparent outside any building.
- (4) Buildings that have been brought to the site pre-built shall be visually compatible with the site, in the opinion of the Development Authority, and may require a Development Permit.
- (5) In determining the significance of adverse effects or nuisance of a proposed development on adjacent or nearby sites, the Development Authority shall consider the following aspects:
 - (a) The magnitude of the adverse effect or nuisance;
 - (b) The extent, frequency and duration of exposure to the adverse effect or nuisance; and
 - (c) The use, sensitivity of adjacent or nearby sites relative to the adverse effect or nuisance.

Air and Water Quality:

- (6) Development shall conform to all applicable local, provincial and federal air quality regulations and standards, including but not limited to, those regulating odour, dust, fumes or gases which are noxious, toxic or corrosive, solid wastes and hazardous substances.
- (7) Development shall comply with all applicable local, provincial and federal water quality standards, including, but not limited to, those regulating erosion and sedimentation, storm drainage and runoff control, solid wastes and hazardous substances.

Hazardous Materials:

- (8) The proposed location, construction and processing of hazardous material facilities shall be considered to control community risk. If any use on the development site may entail the use or storage of hazardous materials on-site, the project shall be designed to comply with all safety, fire and building codes for the use and storage of hazardous materials involved. Adequate precautions shall be taken to protect against negative off-site impacts of a hazardous materials release, using the best available technology.
- (9) To evaluate the impact of hazardous materials risk, development proposals that have the potential to cause off-site impacts during a release of hazardous material may be required to provide a hazardous materials impact analysis at the discretion of the Development Authority. These include land uses such as service stations, bulk fuel depots, and any other establishment that requires the use or storage of flammable or toxic substances.
- (10) The Development Authority will take information and recommendations provided in the impact analysis into consideration when making a decision on such applications.

Noise and Vibration:

- (11) The proposed land uses and activities shall be conducted so that any vibration created by the use of the property will be imperceptible without instruments at any point along the property line. Noise generated by emergency vehicles and airplanes shall be exempted from the requirements of this provision.

7.2 Bare-Land Condominiums

- (1) A bare-land condominium development prepared pursuant to the *Condominium Property Act* and the Condominium Property Regulation must comply with all general regulations of this Bylaw, including the regulations of the applicable land use district;
- (2) A bare-land condominium development prepared pursuant to the *Condominium Property Act* and the Condominium Property Regulation shall be consistent with any approved Development Permit(s) pursuant to this Bylaw, as applicable to the site and as required by the Development Authority.
- (3) A comprehensive site plan shall be required for the development of a residential bare-land project, and all development shall conform to the comprehensive site plan. The proposed plan must include the following information to the satisfaction of the Development Authority:
 - (a) The site pattern showing dimensions and structures;
 - (b) Site access, internal road system, pathway system;
 - (c) Designated emergency access routes;
 - (d) Open space designated for recreational use;
 - (e) Location of parking areas for every proposed lot and visitor parking areas;
 - (f) Setbacks and building separation to address building interfaces, access, and amenity;
 - (g) Any additional information as deemed necessary by the Development Authority.

7.3 Calculations of Residential Density

- (1) Density is calculated by dividing the number of units by the Site Area, rounded up to the nearest whole number.
- (2) For the purposes of calculating density on a condominium site, the Development Authority may subtract internal condominium roads from the site area.

7.4 Decks and Amenity Areas

Decks for Residential Land Uses

- (1) No deck shall be located on or over a utility right-of-way, drainage right-of-way, or easement.
- (2) Decks shall be developed in accordance with the setbacks outlined in the land use district where it is located, and the exceptions provided in **Section 7.25** (Projections and Encroachments).
- (3) If a deck is enclosed or fully covered, it is considered a part of the principal building and subject to all development regulations that apply to the principal building in that land use district.
- (4) Decks that are constructed in association with any semi-detached dwelling or a townhouse may extend up to the common lot line between the adjacent units if the deck is provided with a privacy wall, or shall otherwise require a setback from the common lot line of 1.2 metres.
 - (a) A privacy wall provided under this section must extend the full depth of the deck and may be up to a maximum of 1.83m high – as measured from the surface of the deck to the top of the wall.

[Bylaw B-13/2021](#)

- (5) Where an amenity area is provided on the roof of an Accessory Building, it shall meet the following standards and requirements:
 - (a) The Accessory Building and amenity area shall be subject to a Development Permit application;
 - (b) The amenity area shall be located and designed to minimize and screen sightlines into yards and dwellings of abutting properties, to the satisfaction of the Development Authority;
 - (c) The Accessory Building with amenity area shall have a residential character and shall be finished in a manner compatible with the character and appearance of the principal building;
 - (d) The Accessory Building with amenity area must be within the prescribed height limits of this section or the applicable land use district;
 - (e) No additional or ancillary structures are permitted within the amenity area which would add to the overall height of the development;
 - (f) The floor amenity area shall not be located above the second storey of the Accessory Building or more than 4.0m above grade.

[Bylaw B-25/2019](#)

Amenity Areas in Multifamily Residential Districts

The following standards shall apply to any residential development in the R3, R4, R5, and R-BTB districts:

- (6) Where balconies are provided as a private amenity area for a residential unit, they shall have a minimum area of at least 4.5m² and a minimum dimension of at least 1.5m.
- (7) All other types of amenity space provided in this district must meet the minimum area requirements outlined in the applicable land use district and a minimum dimension of at least 2.44m. [Bylaw B-13/2021](#)
- (8) Where portions of a larger amenity space do not meet the minimum dimension requirements listed above, the Development Authority may deem that it complies with this section as long as the development meets all other requirements of this Bylaw and the space provided is appropriate for the associated land use.
- (9) For Multi-Residential Development, at least 30% of the minimum amenity area required within the district regulations must be provided as a private amenity area for exclusive use of the dwelling unit (yard, porch, deck, balcony, etc.)
- (10) Where a Multi-Residential Development exceeds 100 dwelling units at least 1m²/unit must be provided as common/shared amenity space, in addition to the amenity area requirements outlined in the applicable land use district.

7.5 Development in a Floodway

No development is allowed in the floodway with the exception of:

- (1) Structures and associated works for flood control;
- (2) A structure, fence, or retaining wall that in the opinion of the Development Authority is not likely to be significantly damaged by a flood or obstruct the flow of water. Written support from Alberta Environment may be considered in rendering this decision;
- (3) Public Parks and Outdoor Recreation facilities that do not obstruct the flow of water;
- (4) Agricultural land uses that do not obstruct the flow of water;
- (5) Public utilities, bridges, and pedestrian walkways that do not obstruct the flow of water;
- (6) No development, including buildings, replacement of existing buildings, external alterations or additions to existing buildings is allowed in the floodway that may in the opinion of the Development Authority adversely alter the floodway hydraulics.
- (7) No grading, filling or removal of material of any kind is allowed in the floodway unless expressly approved in writing by the Alberta Environment and deemed appropriate by the Development Authority.

7.6 Development in a Flood Fringe

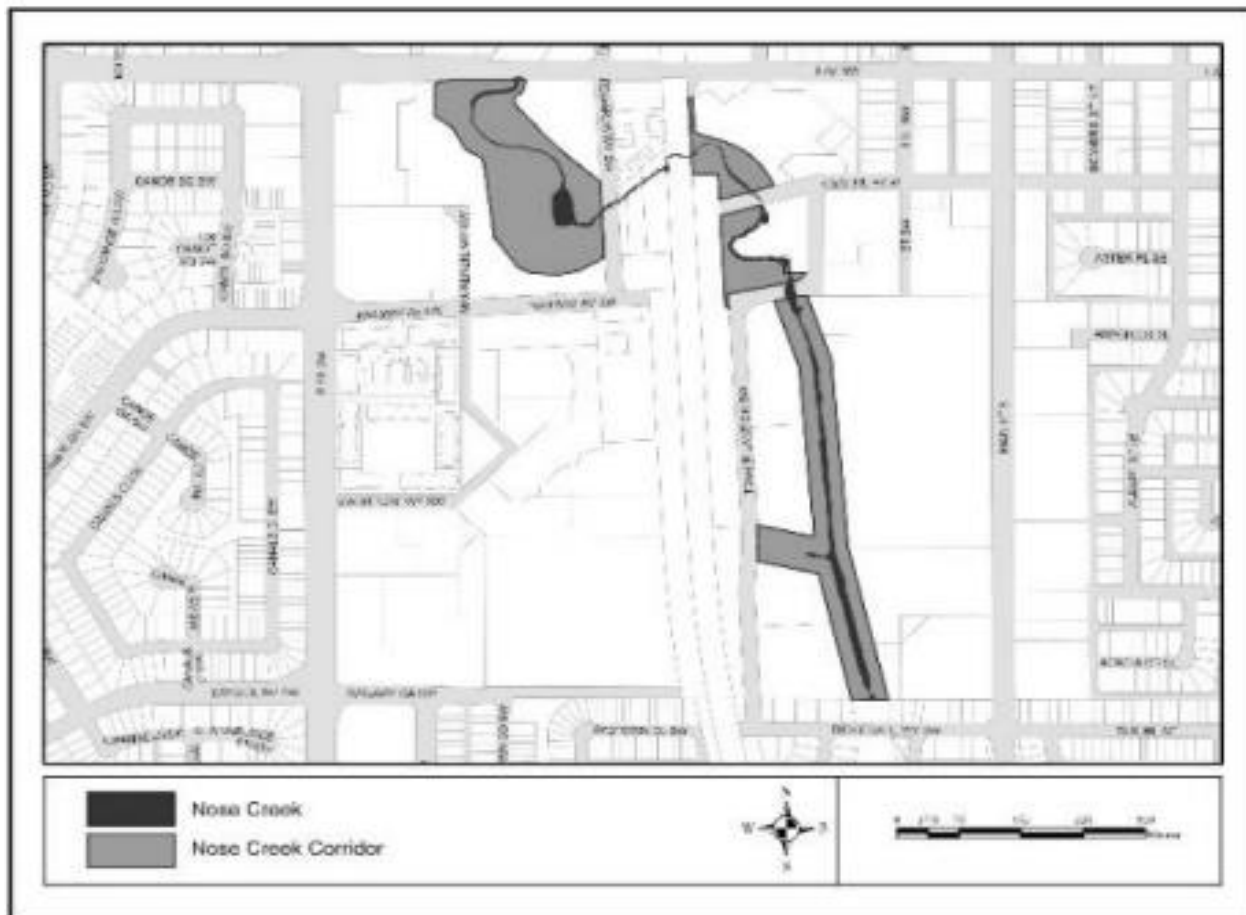

Development on land in the flood fringe shall comply with the following standards and requirements:

- (1) It is the responsibility of the development applicant to provide adequate protection against flooding, settlement and slumping and to engage professional assistance as necessary to protect any development.
- (2) It is the responsibility of the development applicant to demonstrate that adjacent properties will not be impacted or put at an increased risk of flooding as a result of any proposed development in the flood fringe.
- (3) No new buildings shall be allowed in the flood fringe, unless the applicant demonstrates to the satisfaction of the Development Authority that preventative engineering and construction measures can be used to make the site suitable as recommended through a qualified professional, which may take the form of a letter or certificate prepared by a registered professional engineer in good standing with APEGA.
- (4) Where development is allowed in the flood fringe, all buildings and additions shall be raised or otherwise flood proofed to the 1:100-year high water mark, ensuring that:
 - (a) Bottom joists of the first floor or the top surface of the slab on grade shall be located above this level;
 - (b) All electrical, heating, air conditioning and mechanical equipment shall be located above this level; and
 - (c) Backflow prevention valves shall be used.
- (5) Where a Development Permit has been issued pursuant to the above, the Development Authority may require that the developer enters into an agreement to ensure that the development is completed in accordance with the approved engineering and construction measures.
- (6) No grading, filling or removal of material of any kind is allowed in the flood fringe unless expressly approved in writing by the Alberta Environment and deemed appropriate by the Development Authority.

7.7 Development Along Nose Creek in Downtown

- (1) The Development Authority shall prohibit the placement of berms, wall, fences, utility apparatus for private benefit adjacent to the portion of Nose Creek for the Nose Creek Corridor described in Diagram 1, except as determined necessary in the opinion of the Development Authority to mitigate impacts to lands within the floodway of flood fringe.
- (2) Where exempted under Section 7.7(a), a berm shall be designed to integrate with adjacent development and incorporate Crime Prevention Through Environmental Design (CPTED) measures, to the satisfaction of the Development Authority.
- (3) The requirements of this section shall not be triggered by a Change of Use Development Permit and conformity with this section shall not be triggered by a development change in keeping with the exemptions of Section 1.9(2) for an existing, non-conforming land use or development.

Diagram 1

Bylaw B-03/2022

7.8 Development near Water Bodies and Watercourses

- (1) Land which is subject to flooding or subsidence, or which is marshy or unstable, shall not be developed in any way except as it satisfies the provisions of this section, to the satisfaction of the Development Authority.
- (2) No development shall be permitted in riparian areas or wetlands, except for renovations and maintenance to the following buildings and structures;
 - (a) Existing approved uses, buildings, and structures;
 - (b) Existing General Agricultural Operation uses;
 - (c) Existing parks;
 - (d) Existing playgrounds;
 - (e) Natural areas;
 - (f) Existing parking areas (limited to surface parking associated with recreational facilities, parks, or playgrounds);

- (g) Existing recreational facilities (outdoor);
- (h) Gates, fences, and other means of enclosure less than 1.8 metres in height;
- (i) Public and quasi-public installations and facilities;
- (j) Roads and pathways;
- (3) If development occurs in riparian areas or wetlands in accordance with the above requirements, the developer shall construct an equivalent riparian/wetland facility to replace the land that was destroyed through development.
- (4) Development shall be set back from riparian areas or wetlands to the satisfaction of the Subdivision or Development Authority.
- (5) A master drainage plan or a lot drainage plan, when the Subdivision or Development Authority requires one, shall be prepared to the satisfaction of the Subdivision or Development Authority.
- (6) Areas requiring topographic reconstruction shall be reconstructed in accordance with the approved master drainage plan or lot drainage plan, and the finished surface contours shall not direct surface drainage onto adjoining lots.
- (7) A stormwater management plan, when the Subdivision or Development Authority requires one, shall be prepared by a qualified professional, to the satisfaction of the Subdivision or Development Authority, and shall include but not necessarily be limited to:
 - (a) Geotechnical investigation to determine soil characteristics and the potential for erosion and bank instability;
 - (b) Hydrogeological investigations to determine the recharge/discharge characteristics of groundwater and general flow patterns;
 - (c) Inventory of existing drainage features and flow routes;
 - (d) Recommendations of methods for silt and erosion control;
 - (e) Recommendations and implementation plan to achieve greater percentage of pervious surfaces in all area of subdivision and development;
 - (f) Recommendations of most appropriate streetscapes, stormwater detention ponds, and landscapes to achieve no net increase in velocity to post-development off-site flows;
 - (g) Recommendations and implementation plan of nature scaping component for all post-development landscaped areas;
 - (h) Recommendations to minimize soil compaction during stripping, grading, servicing, and development;
 - (i) Recommendations on the most appropriate method of post-development stormwater routing and stormwater control.
- (8) An erosion and sediment control plan, when required by the Subdivision or Development Authority, shall establish methods of silt and erosion control.

7.9 Development within Airport Vicinity Protection Area

The purpose of this section is to ensure compatibility of land use and aviation operations on lands surrounding the Airdrie airport, allowing for continued use of the Airdrie airport for aviation and related/complementary uses. This Section applies to any development or proposed development within the boundary of an Airport Vicinity Protection Area as shown in Map 4 (Airport Vicinity Protection Area).

Administrative Requirements

- (1) In accordance with the provisions of **Section 2.4.2** (Development Permit Referral Process), the Development Authority shall refer any Development Permit application within the Airport Vicinity Protection Area to Transport Canada, and shall give consideration to any recommendations received through this referral process.
- (2) All development within the Airport Vicinity Protection Area shall have regard to the Aeronautics Act and its associated standards and regulations, as amended, including without limitation:
 - (a) Aerodrome Standards and Recommended Practices (TP 312)
 - (b) Land Use in The Vicinity of Aerodromes (TP 1247)
- (3) All Development Permit applications on parcels located, either in whole or in part, within the Airport Vicinity Protection Area shall provide:
 - (a) The relevant overlay information as part of the site plan for the application.
 - (b) The proposed height of all buildings and structures, in metric measurement, including the maximum height of all clearance lights, mechanical penthouses, antennas, building cranes used during construction, receiving or transmitting structures, masts, flagpoles, or similar structures.

7.11 Development within Interim Land Use Corridors

Interim use areas are identified through statutory plans and other studies, and are intended to accommodate temporary non-residential development on a limited term basis. The City anticipates that development can be accommodated in these areas provided that it does not limit or impede the intended future development concepts that is – or will be – established through long-range plans.

Administrative Standards

- (1) The regulations contained within this section apply to all areas defined as Interim Use Areas by **Map 7**.
- (2) The areas shown on **Map 7** and the other regulations within this section do not change the existing Land Use Districts which apply to any of the subject properties.
- (3) Within the areas shown on Map 7, the Development Authority is given discretion to impose restrictions on where a proposed interim use can locate within the parcel. In determining such restrictions, the Development Authority shall consider:
 - (a) The nature of the proposed interim use
 - (b) The anticipated traffic and intensity of the proposed use, and
 - (c) The interim use's compatibility with surrounding parcels and land uses.
 - (d) Potential visual and nuisance impacts on surrounding properties and visual impacts with site frontage onto major transportation corridors.

Interim Land Uses

- (4) For any site identified as an Interim Use Area in Map 7, in addition to Uses allowed by the underlying District and universal Land Use Permissions defined within **Section 8.4**, the following are considered Discretionary Land Uses:

Discretionary Land Uses <i>Under authority of the Development Officer</i>	Discretionary Land Uses <i>Under authority of the Planning Commission</i>
Auctioning Service Commercial School Government Service Heavy Vehicle Sales and Leasing Indoor Recreation, Limited Industrial Agriculture and Production Industrial Service and Sales Outdoor Recreation Facility Public Assembly, General Public Assembly, Limited RV Storage Storage Facility, Outdoor Temporary Storage Vehicle Sales and Leasing	Cannabis Facility Funeral Service, Limited Funeral Service, General Indoor Recreation, General Industrial Distribution Industrial Manufacturing and Operations Laboratory, General Laboratory, Limited Public Assembly, Major Salvage Yard Special Recreation Facility Storage Facility, Indoor Storage Facility, Public

- (5) Notwithstanding the land uses listed above, where a land use is listed in both the existing Land Use District and the above table, the regulations of the existing District shall prevail (e.g. where a Permitted Use is listed in the existing District but is shown as a Discretionary Use above, it shall be treated as a Permitted Use).
- (6) All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw, as well as any standards within the applicable Land Use District.
- (7) The Development Authority shall not approve Discretionary Uses within these areas where such approvals would be prejudicial to the future economical subdivision, servicing, and development of the subject lands for future urban Use on a planned basis.
- (8) Development Permit for any Discretionary Use listed above shall be issued on a temporary basis for a period specified by the Development Authority and not exceeding ten (10) years. The term of the Development Permit approval shall be determined having regard to the intent of **Section 7.11 (7)** above and the staging of future servicing and development for the subject land. At the expiry of the term of the Development Permit approval, applications for renewal may be considered by the Development Authority, having regard to the same intent and considerations above, as well as any new information or updated plans respecting the subject land.

Interim Use Development Standards

- (9) Notwithstanding any typical requirements within the general standards of this Bylaw, the following shall apply to any interim development pursuant to this section:
- (a) An interim development shall include a 5.0m landscape buffer adjacent to any property line that faces a road or is adjacent to a residential district, or in other locations as determined by the Development Authority where landscaping is required to properly address the interface with the adjoining property;
 - (b) Within a landscape buffer defined above, the number of plantings required should be provided in accordance with the 'Industrial Districts' standard within **Section 3.6(10)** of this Bylaw. Alternate standards may be considered at the discretion of the Development Authority for the purposes of appropriately addressing edge conditions of the interim development and providing an appropriate interface with adjoining parcels and the surrounding neighbourhood;
 - (c) Gravel or other similar materials may be used to provide parking or hard surfacing required for development in this district. This is intended to allow for alternate hard surfacing standards to facilitate the future removal of the development and remediation of the site for future urban uses;
 - (d) Notwithstanding **Section 7.11(11)(c)**, above, hard surfacing for interim developments must still meet any applicable engineering requirements and allow for safe access to the site by users and emergency service vehicles.
 - (e) The Development Authority may approve signs in accordance with the sign tables in **Section 5.7** (S.01-S.15) which apply to the underlying Land Use District.
 - (f) Where not already allowed in the typical sign table and standards which apply to the site, the Development Authority may consider a Monument or Pylon Sign that otherwise meets the standards of this Bylaw as part of an interim development. Such signs shall be considered Discretionary Uses under authority of the Development Officer where they have no or exterior illumination, and Discretionary Uses under authority of the Planning Commission where they have backlit illumination, digital media, or any other sign features or purpose not otherwise stated.
 - (g) The Development Authority may require a remediation plan outlining specific actions required in order to remove the interim development and return the site to its original condition, as may be required due to the term of the approved development and the staging of future servicing and development for the subject land.
 - (h) In accordance with **Section 2.5.1(6)**, the Development Authority may require a performance security to be provided to secure funds necessary to remediate the site following the expiration of the approved term for an interim development.

Development Permit Application Requirements

- (10) As part of a Development Permit application within this district, a Development Concept plan shall be provided and should detail the following information to the satisfaction of the Development Authority:
- (a) A site plan for the proposed development showing all buildings and structure, landscaped and parking areas, and emergency access routing;
 - (b) A context plan showing the public roads, environmental features, and land uses on surrounding parcels within 100m of the site;
 - (c) Photos showing current conditions of the site and surrounding features;
 - (d) A Fire Safety Plan outlining safety measures during construction as well as after the site is in use and occupied. This plan should address items such as controlling fire hazards in and around any buildings as well as maintaining facilities provided for occupant safety.
 - (e) Any Interim roadways and servicing infrastructure required for the proposed development;
 - (f) A remediation plan which will outline the anticipated location and timing of future urban development and demonstrate how the proposed interim development can either be integrated with future development plans, or removed and the site remediated to allow for future development to occur.
- (11) Without limiting the general considerations outlined in **Section 2.4.3(4)** of this Bylaw, when reviewing a Development Permit application for a Discretionary Use in this district the Development Authority may request and, if requested, shall have regard to the following items:
- (a) Emergency Service access and provision of services for the site, including water supply, access to the site and any buildings or structures, and fire safety considerations in building siting, orientation, and design.
 - (b) An Environmental Site Assessment Report prepared in accordance with the requirements outlined in **Section 2.3.5** (Supporting Plans and Documents);

- (c) The future subdivision and site design, as may be known through established CASP and NSP documents, so that the proposed interim development aligns with future prospective development and can facilitate a transition to urban development when required;
- (d) A market study prepared to the satisfaction of the Development Authority demonstrating that any proposed commercial or industrial uses will not have a negative impact on uses within established commercial areas of the City.

[Bylaw B-29/2020](#)

7.12 Driveways and Parking Areas

- (1) Driveways shall be designed to allow safe and efficient movement of vehicles to and from the intersecting street.
- (2) For all housing types where access is provided from a public street at the front of the property to a garage, notwithstanding the minimum setback requirements of the applicable residential district, a minimum setback of 6.0 metres is required from the face of a garage door to the back of sidewalk, or back of curb on streets where no sidewalk is provided.
- (3) In residential districts where a property with front-drive access is adjacent to a public space or public utility lot, the driveway must be placed on the side of the property furthest from the adjacent public space or public utility lot, to the satisfaction of the Development Authority;
- (4) In residential districts where front driveways are permitted, the width of a driveway shall not exceed the width of the garage or, other than for a pie lot, extend into a required side yard setback.
 - (a) Notwithstanding the provision above, a front driveway may be permitted to be widened up to 0.6m on the side opposite of the front entry where the lot is 10.36m wide or greater.
- (b) Notwithstanding the provision above, a front driveway may be permitted to be widened where it forms part of a contiguous walkway for pedestrian movement within the site, provides a minimum setback of 3.0 metres from the front lot line.
- (c) Notwithstanding the provision above, a second driveway may be permitted on corner lots where the second driveway is not contiguous to the driveway servicing the front attached garage, provides access to the rear yard only, is provided in a location deemed appropriate to the Development Authority, and has received Development Permit approval.
- (5) Driveway entrances for residential properties providing width to allow three contiguous (side-by-side) parking spaces may be permitted only on sites that have an authorized three car garage structure in place.
- (6) The Development Authority may direct the removal or alteration of any driveway (including any abandoned driveway location) which has not:
 - (a) Received Development Permit approval under this Bylaw, or other administrative approval or exemption prior to the adoption of this Bylaw;
 - (b) Been installed or altered in accordance with the applicable approval or exemption listed above;
 - (c) Been maintained in a good service condition to the satisfaction of the Development Authority.

[Bylaw B-41/2018](#)

[Bylaw B-12/2017](#)

7.13 Easements

Subject to the terms in a utility easement, no structure other than a fence shall be constructed or placed on a utility easement unless:

- (1) Written consent has been obtained from the person for which the use the utility easement has been granted; and
- (2) The proposed structure does not restrict access to the utility easement for the purpose of installation and maintenance of the utility in the opinion of the Development Authority.

7.14 Fencing and Screening

Fence requirements and standards:

- (1) No person shall construct a fence or wall on public property. This does not apply to sound fences or other City infrastructure and projects.
- (2) Within a Corner Visibility Triangle this area nothing is to be erected, placed, planted or allowed to grow in such manner as to limit or obstruct the sight distance of motorists entering or leaving the intersection.
- (3) In Residential Districts:

- (a) No person shall construct a fence in an interior side yard between the foundations of the adjoining dwellings. Notwithstanding this requirement, the Development Authority may permit such fencing on Multi-Residential Development sites.
- (b) Where fencing is constructed enclosing a rear yard, a gate at least 0.8m wide must be provided to ensure access for emergency services to the satisfaction of the Development Authority.
- (c) The maximum height of a fence as measured from grade shall be:
 - i. 1.2m if the fence is within a front yard;
 - ii. 2.0m in all other cases; and
 - iii. 2.5m for an entrance feature above a gate.
- (d) If, in the opinion of the Development Authority, a lot is located in proximity to an arterial road as identified in the applicable statutory plan, a solid 2.4m high fence may be permitted to provide noise attenuation and visual screening and will not require a Development Permit.
- (4) In Rural Districts, Livestock confinement fences and wind break fences may be permitted up to 3.7m in height.
- (5) The height of a fence shall be measured from grade. Where grades differ between properties, the average of the two elevations measured 0.3m from the fence shall be used.
- (6) The height of a retaining wall shall be measured from the lowest point of grade taken along the length of the retaining wall.
- (7) The Development Authority may approve, upon application for a Development Permit in a non-residential district, a higher fence or a fence with barbed wire or other security features for public safety, security or buffering reasons.
- (8) A fence or retaining wall must not obstruct or materially alter the drainage on a site.
- (9) Fence materials and design shall be to the satisfaction of the Development Authority.

Screening requirements and standards:

- (10) A garbage collection area, a dumpster, an open storage area, a commercial loading area and similar use, which is visible from an adjacent site in a residential district or from a public road other than a lane, shall be screened using a solid fence such that it visually hides the area from the adjacent site or road. Such fence shall be maintained to provide effective screening from the ground to a height of 2.0m.
- (11) All apparatus, including mechanical equipment, on the roof shall be screened from view from adjacent sites and public thoroughfares to the satisfaction of the Development Authority.
- (12) When a non-residential parcel, excluding Municipal Reserve, Environmental Reserve, or Public Utility Lots, shares a property line with a parcel designated as a residential district, a continuous screen of 2.0m in height is required. Screening may consist of a combination of a change in grade, fencing and/or planting. The Development Authority may at its sole discretion accept planting as part or all of the screening. If planting is to be used:
 - (a) It shall include a mix of deciduous and coniferous trees with at least 60% being coniferous;
 - (b) It shall include trees which are 2.0m in height when planted and at least 6.0m in height at maturity;
 - (c) It may include shrubs in addition to trees provided that the shrubs are at least 2.0m in height at maturity.
- (13) Where a residential district shares a property line with a commercial district, a PUL, or reserve lands, breaks in fencing and screening may be provided to facilitate pedestrian connections between sites.
- (14) For bulk outdoor storage where larger materials are stored, a fence, earth berm, or combination thereof shall be required with sufficient height to block the view from adjacent public roadways substantially. This includes but not limited to auto-wrecking, salvage yards, pipe storage yards, and similar storage uses.

7.15 Garage and Carport Requirements

The following general requirements apply to garages and carports under this Bylaw:

- (1) Where an attached or detached garage is provided to allow for two contiguous (side-by-side) parking stalls, the minimum exterior width of the garage shall be at least 5.70 metres. A garage with a minimum exterior width between 3.0 and 5.69 metres shall only be counted as one (1) parking space for the purposes of calculating parking requirements under this Bylaw. A garage with an exterior width of less than 3.0 metres shall not be counted as providing a parking space.

Bylaw B-30/2024

- (2) Carports shall not be developed within Mixed Use, or Commercial District, or the Office Park Employment District (IB-O).
- (3) Carports may be developed as either an Accessory Building or as an extension to the principal building on the site where it is attached to the same:
 - (a) In residential districts where it is subject to a Development Permit application and processed as a Discretionary Use;
 - (b) In any other districts where it is processed as a Permitted Use, Discretionary Use, or not required to obtain a Development Permit in accordance with the provisions of that district.

Bylaw B-26/2023

- (4) Within residential districts a detached garage shall meet all of the development standards outlined in **Section 6.1** (Accessory Buildings), as well as the following requirements:
 - (a) Where a site requires driveway access from the street to a garage at the rear of the property, the side yard accommodating the driveway shall be a minimum of 3.0m;
 - (b) Access from the property line to a garage must be hard surfaced.
 - (c) Where a garage is attached to the rear of a principal building, the side and rear yard setbacks may be reduced at the discretion of the Development Authority, provided that:
 - i. The garage meets the setbacks required of an Accessory Building (**Section 6.1**);
 - ii. The property meets the Minimum Landscaping requirements of the district;
 - iii. There is adequate area provided on the property as amenity space for the principal dwelling, and;
 - iv. The building design limits impacts on adjacent properties.

- (5) Within residential districts, a front-attached garage shall meet the following standards and requirements:
 - (a) Where the garage is visible from the street, the massing of the garage is intended to be secondary to the principal building, and the main door of the principal building shall be clearly visible from the street.
 - (b) The design and detailing of the garage shall be consistent with the architectural style of the principal building.
 - (c) Unless otherwise specified within the applicable land use district, the maximum garage width for a single detached dwelling with a front-attached garage shall be regulated in accordance with **Table 13**.

Bylaw B-24/0204

- i. For the purposes of calculating the width of the principal building, if the dwelling and garage are offset, a maximum offset of 1.2 metres may be counted towards the total dwelling width (Add Illustration).
 - (d) Where the front entry of the dwelling unit is recessed behind the garage, the maximum distance between the garage face and the entry shall be 2.44 metres. For the purposes of this calculation, the porch of the dwelling may be considered part of the front entry where it has significant massing and visibility from the street to warrant this interpretation by the Development Authority.

Bylaw B-41/2018

Bylaw B-24/2024

- i. Notwithstanding the above requirement, the distance between the garage face and the entry of the dwelling may be permitted to be increased to 3.0 metres where the design criteria identified in **Section 7.15(4)** have been met to the satisfaction of the Development Authority.
- (6) The Development Authority shall consider the following design criteria when applying the maximum garage width (with Design Criteria) as outlined in **Table 13** below, or any other variance to requirements for a front-attached garage:
 - (a) The garage is integrated with the façade of the principal building through the application of architectural elements (including roof lines, columns, landings etc.);
 - (b) The façade of the principal building presents an active face to the street, providing at least 40% of front wall area (except garage doors) as windows, doors, front porches or landings;

- (c) Design elements of the front façade of the building (materials, window treatments, etc.) are extended along the sides of the garage with the intent of enhancing all portions of the garage visible to the street, to provide an appropriate aesthetic between the front face of the garage and the front entry of the dwelling;
- (d) The face of the garage integrates glass panels, smaller divisions, and architectural details;
- (e) The design of both the principal building and garage apply sustainable building and design standards.
- (7) Notwithstanding the requirements of **Section 7.15(4)** (Design Criteria), a garage shall be deemed to meet the required Design Criteria required by **Table 13** if the face of the garage is recessed behind the front entry of the dwelling.
- (8) The design criteria noted above may also be addressed through a set of Architectural Controls provided by the developer, and shall be adhered to at the time of plot plan review to the satisfaction of the Development Authority.

Table 13: Maximum Front-attached Garage Width

Dwelling Width	Garage Width Base Standards	Garage Width with Design Criteria
Less than 7.9m	50% of Dwelling or 3.7m Whichever is greater	At the discretion of the Development Authority Not to exceed 4.7m
7.9m to 8.5m	65% of Dwelling	Not to exceed 6.1m
8.5m to 9.1m	65% of Dwelling	75% of Dwelling
9.1m to 9.7m	65% of Dwelling or 6.1m Whichever is greater	75% of Dwelling
9.7m to 10.36m	65% of Dwelling	75% of Dwelling Not to exceed 7.4m
10.36m to 11.0m	65% of Dwelling	Not to exceed 7.4m
11.0m to 11.6m	65% of Dwelling	Not to exceed 7.4m
11.6m and Over	At the discretion of the Development Authority Unless otherwise specified in the applicable land use district	

[Bylaw B-41/2018](#)
[Bylaw B-24/2024](#)

7.16 Garbage and Recycling Enclosures

Where a Garbage and Recycling enclosure is required for a development, materials shall:

- (1) Be stored in weatherproof and animal proof containers within enclosures that are of complementary design to the Principal Building or will provide an appropriate aesthetic to the satisfaction of the Development Authority;
- (2) Be located to the side or rear of the principal building;
- (3) Be placed in a location easily accessible to collection vehicles;
- (4) Be screened from adjacent sites and public thoroughfares, except for industrial sites adjacent to other industrial uses or sites.

7.17 Height Requirements and Exceptions

- (1) The height regulations contained in this Bylaw shall not apply to any air conditioner duct, ventilation stacks, barn, silo, church spire, church belfry, ornamental dome, cupola, clock tower, chimney, elevator penthouse, film or audio tower, flagpole, water storage tank, or any similar structure. The Development Authority may at its discretion limit any of the above noted features where the same are proposed at a height that is unreasonable or out of keeping with the purpose and intent of the District where the site is located.
- (2) In a Residential District, the maximum height of a radio or television tower antenna shall be 15.0m measured from the uppermost point of the tower or antenna to the established grade of the ground on which the structure is located.
- (3) If the average height of a proposed building exceeds the maximum height defined in the District the Development Authority may at its discretion approve the development provided that the height at the front elevation facing a road does not exceed 90% of the maximum height defined in the District.

7.18 Interface and Buffering Conditions

Interface adjacent to Environmental Protection District

- (1) Notwithstanding the setbacks provided in any given Land Use District, where any parcel is adjacent to a site in the Environmental Protection District (EP), the minimum setbacks for any building or development shall be at the discretion of the Development Authority.

Interface between adjacent Industrial and Non-Industrial uses:

- (2) Where an industrial use will be located on a site adjacent to a non-industrial use or district, the Development Authority may require mitigation of potential development impacts on the adjacent lands, including:
 - (a) Provision of noise attenuation walls;
 - (b) Increased landscaping;
 - (c) Relocation of parking areas or other high activity areas away from residential property lines;
 - (d) Screening or re-location of on-site lighting to avoid spillage onto residential properties;
 - (e) Restricting the location of outdoor speakers; or
 - (f) Changing the proposed structure to mitigate noise, light or glare impacts.

Interface adjacent to Sensitive Land Uses:

- (3) The following are considered Sensitive Land Uses for the purposes of this section:

- (a) Adult Entertainment
- (b) Cannabis Facility
- (c) Cannabis Retail
- (d) Drive Through
- (e) Heavy Vehicle Sales and Leasing
- (f) Heavy Vehicle Storage and Repair
- (g) Nightclub
- (h) Pawn Shop
- (i) Recreational Vehicle Sales and Service
- (j) Vehicle Sales and Leasing
- (k) Vehicle Service (Limited, General or Major)
- (l) Vehicle Service, Bulk Fuel Depot

Bylaw B-62/2021

- (4) Where a development for a sensitive land use is proposed to be located within 60 metres (measured from property boundary to property boundary) of the following uses, the Development Authority shall consider the context of the surrounding area and shall not approve the application unless it can show that the sensitive land use, including any proposed mitigation measures to address potential land use impacts, is compatible with surrounding land uses: Bylaw B-62/2021

- (a) Residential use;
- (b) Public Assembly;
- (c) Community Service Facility;
- (d) Child Care Facility;
- (e) Recreational Facility;
- (f) Supportive Housing;
- (g) Educational use, and;
- (h) The same or similar use.

- (5) Where a development for a sensitive land use is proposed to be located within 180 metres (measured from property boundary to property boundary) of the above-noted land uses (**Section 7.18(4)**), the Development Authority may consider mitigation measures and interface treatments to address potential land use impacts when evaluating the compatibility of the sensitive land use with the surrounding area.

Bylaw B-62/2021

- (6) The Development Authority, in consideration of the interface conditions between sensitive land uses may require mitigation of potential impacts on the adjacent lands, including the following:

- (a) Visual impacts including building orientation, screening, landscaping, view-shed analysis and signage;
- (b) Noise impacts including landscaping, noise attenuation, and building materials;
- (c) Hours of operation of the use, and;
- (d) Concentration of similar uses in the surrounding area.
- (e) Accommodation of parking and vehicle circulation, including service vehicles, garbage collection, or similar activities.

Interface adjacent to Rural land use districts:

- (7) Where any development abuts a Rural land use district, the Development Authority shall consider the interface conditions and potential impacts of the abutting uses and may require measures to be provided to mitigate potential development impacts on the adjacent rural areas. This may include:
 - (a) Provision of landscape screening and buffers above the minimum listed yard requirements.
 - (b) Additional restrictions on building height, setbacks, site coverage or site design above the requirements listed in the land use district.
 - (c) At Development Permit application, provision of a traffic impact assessment to ensure that the traffic of the proposed development will not materially impact the adjacent rural areas.

7.19 Keeping of Livestock

- (1) The keeping of any animals other than domestic animals shall be subject to the discretion of the Development Authority and in relation to defined Agricultural Uses under this Bylaw.
- (2) Where the keeping of livestock is considered as a part of a land use in a Rural District, the number of livestock that may be kept on the site shall be limited based on Animal Units (calculated as shown in **Table 14**). The maximum number of livestock that may be kept are as follows:
 - (a) No keeping of livestock may be permitted on parcels less than 1.6 hectares in size.
 - (b) A maximum of 1 Animal Unit per 1.6 hectares of area may be permitted on parcels between 1.6 hectares and 16.0 hectares in size.
 - (c) Additional animals up to a maximum of 2 Animal Units per 1.6 hectares of area may be permitted at the discretion of the Development Authority, and subject to specific Development Permit Conditions to address any environmental or off-site impacts related to the use.
 - (d) Additional animals on parcels over 16.0 hectares in area may be considered at the discretion of the Development Authority.
- (3) A Development Permit for keeping of livestock shall be limited to a maximum term of five (5) years.
- (4) In all areas where livestock is kept, Development Permit review and conditions shall ensure that:
 - (a) Pasture management shall be maintained to ensure that there is no overgrazing; and
 - (b) Manure management shall occur to ensure no runoff onto adjacent lands, riparian areas or to a watercourse and to reduce odour.

Table 14: Animal Unit Calculations

Animal Type	Number of Animals Per Animal Unit
Small Livestock, including Goats, Sheep, Deer (etc.)	5
Large Livestock, including Horses, Cows, Pigs ¹ (etc.)	1
Birds and Small Animals, including Poultry and Rabbits	20
Emu	4 Adults (or 40 Chicks)
Ostrich	2 Adults (or 20 Chicks)

Note¹: Wild Boars are not allowed under the regulations of this Bylaw.

7.20 Lighting Requirements

- (1) Lighting shall be designed and provided so that there are no impacts on adjacent properties. Notwithstanding this requirement, lighting for the purposes of ensuring safe arrival and departure of aircraft may be permitted at the discretion of the Development Authority, where all reasonable efforts have been employed to shield and control impacts on surrounding properties;
- (2) Outdoor lighting provided for security, display or attraction purposes for any development shall be arranged so that there is no overspill of light onto adjoining sites, streets, and open spaces;
- (3) No lighting shall be installed on any structure or site, which could be confused with traffic controls and traffic signals, or may otherwise impact the safety of motorists using adjacent public roadways;
- (4) At the discretion of the Development Authority, a comprehensive lighting plan prepared by a qualified electrical engineer may be required for a commercial, institutional, mixed use, or high density residential development. The lighting plan shall balance the need for safety and security with sustainability and energy conservation by:
 - (a) Ensuring that the above requirements are met;
 - (b) Ensuring all parking spaces and circulation routes are well-lit;

- (c) Ensuring that lighting is appropriately scaled to its purpose and avoids over-lighting;
- (d) Using energy efficient fixtures and bulbs; and
- (e) Coordinating the location of lighting with pedestrian routes, tree planting and other landscaping.

Multiple Land Uses on a Site

(Original Section 7.18)

Deleted in its entirety.

[Bylaw B-25/2019](#)

7.21 Objects Prohibited or Restricted in Required Yards

- (1) No person shall be allowed to keep or maintain any object or chattel that in the opinion of the Development Authority is unsafe, unsightly, derelict, or tends to affect adversely the amenities of the District.
- (2) No vehicle, including a Recreational Vehicle, bus, or similar vehicle may be parked in any yard unless the vehicle is parked on an approved parking pad and screened to the satisfaction of the Development Authority.
- (3) No vehicle (including a Recreational Vehicle, bus, or similar vehicle), object or materials are permitted to be stored or placed on a vacant lot in a residential district, unless required as part of the construction activity.
- (4) A motor vehicle, Recreational Vehicle, bus, tractor trailer, tractor engine, container designed for commercial transport, farm tractor, road building machine and any vehicle drawn, propelled or driven by any kind of power, whether or not its wheels have been removed, or similar vehicle or structure, shall not be used as a residence, or as a commercial building, or as an accessory building, or as a sign, in any residential, mixed use, or commercial district.
- (5) In any residential district:
 - (a) No dismantled or derelict motor vehicle or equipment may be stored on a site for more than fourteen (14) consecutive days.
 - (b) No vehicle, weighing in excess of 4,500kg GVW (Gross Vehicle Weight) used for commercial or industrial purposes, or shipping container may be stored on a site for longer than is reasonably necessary for loading or unloading the vehicle. This does not include Recreational Vehicles or school buses parked on approved driveway or roadway area (during school hours only).

7.22 Outdoor Display Areas

Outdoor Display Areas may be located in Non-residential districts providing:

- (1) They are not located on a site abutting a residential use;
- (2) They do not obstruct a pedestrian walkway or motor vehicle drive aisle;
- (3) They are not located within 2.0 m of a property line; and
- (4) They may not be placed over any landscaped area.

7.23 Outdoor Storage

Where any non-residential development includes outdoor storage, other than an Outdoor Storage Yard:

- (1) The land used must be screened from adjacent roads, and at the discretion of the Development Authority, from adjacent land uses;
- (2) Required screening shall not be less than 2.0m and not more than 2.5m in height;
- (3) The stored material shall not be piled higher than the height of the screening provided.
- (4) Shipping Containers/Sea Can Storage Containers may only be located in industrial, public, and rural districts providing that:
 - (a) They are not located in a front yard or exterior side yard;
 - (b) They are not stacked;
 - (c) They are not used to store any dangerous or hazardous materials;
 - (d) They are screened from view, to the satisfaction of the Development Authority; and
 - (e) There are no visual or material impacts on neighbouring properties, to the satisfaction of the Development Authority.

7.24 Parcels without Access

- (1) A parcel has access when it abuts a public roadway or a private roadway approved in a condominium plan of subdivision or plan of subdivision. When the only public roadway that the parcel abuts is an undeveloped road allowance, semi-private road or low maintenance road the parcel does not have access.

- (2) Except for Agriculture Operations, Utilities, and Accessory Buildings that meet all requirements and standards of this Bylaw, all listed uses shall be considered Discretionary Uses where a parcel does not have access as described.

7.25 Projections and Encroachments

- (1) A Residential property with an approved Garage Suite or Garden Suite must maintain at least one unobstructed side setback, which may be a corner side setback, with a clearance of not less than 1.2 metres, unless access for emergency services is otherwise provided to the satisfaction of the Development Authority. For the purposes of this section, all of the encroachments listed in **Table 15** below are considered to be obstructions, except for eaves and parapet walls.
- (2) The following projections or encroachments may be permitted into the required setbacks for any principal building, except where specific projections or encroachments are outlined within an individual Land Use District in Part 8 of this Bylaw. In the case of a conflict between projections and encroachments listed within a Land Use District and those listed in **Table 15** below, the standards within the Land Use District shall govern.

Table 15: Permitted Encroachments

Feature	Details
Building Access Steps, landings, wheelchair access ramps, or similar structures providing access to a building at the first storey level or into a basement.	<ul style="list-style-type: none"> May encroach up to 2.0m into a Front or Rear setback May encroach up to 1.2m into a Side setback Wheelchair access ramps or other accessibility devices may encroach any distance into a Front, Rear, or Corner Side setback Steps or landings providing direct access to a basement are not permitted in a Front setback Steps or landings providing direct access to a basement may encroach up to 1.2m into a Corner Side setback provided that appropriate screening or architectural detailing is provided to the satisfaction of the Development Authority.
Architectural Features Includes eaves, chimneys, cantilevers, parapet walls, awnings, window wells, and similar elements that are integral parts of the architecture of the building.	<ul style="list-style-type: none"> Window wells may encroach up to 0.8m into a setback less than 3.0m Other features may encroach up to 0.6m into a setback less than 3.0m All features May encroach up to 1.2m into a setback 3.0m or greater No wall may have a cantilever greater than 40% of its length
Amenity Features Includes decks, porches, verandahs, balconies, and similar elements that are attached to the building and provide amenity space for the property.	Porches, Verandahs and Balconies <ul style="list-style-type: none"> May encroach up to 1.5m into a Front, Rear, or Corner Side setback May not encroach into any other Side setback Decks <ul style="list-style-type: none"> May not encroach into a Front or any Side setback May encroach up to 3.0m into a Rear setback
Surface Features Includes patios and other similar features.	<ul style="list-style-type: none"> May encroach into any setback
Utility Features Includes satellite dishes, air conditioner units, environmental and/or renewable energy systems – including rainwater barrels, solar collectors and similar features.	<ul style="list-style-type: none"> Shall be at the full discretion of the Development Authority

[Bylaw B-53/2020](#)

7.26 Projections over Public Property

City of Airdrie

Land Use Bylaw B-01/2016

Except as otherwise provided in this Bylaw, no development may project or encroach into public property.

Bylaw B-18/2022

7.26.1 Landscaping Projections

The Development Authority may, through a Development Permit application, approve landscaping encroaching onto public property where:

- (1) The encroaching landscaping, in the opinion of the Development Authority, contributes to improve the streetscape and aesthetic quality of the site, enhances the pedestrian environment, improves the internal circulation, and allows for stormwater infiltration on the site;
- (2) The encroaching landscaping is maintained by developer/owner of the subject site, and;
- (3) The developer/owner of the subject site enters into Encroachment and/or Maintenance Agreement(s), where required by the Development Authority.

Bylaw B-18/2022

7.26.2 Awning or Canopy Projections

A Development Permit shall not be issued for the construction of any awning or canopy projecting over public property unless and until:

- (1) The applicant enters into an agreement that indemnifies the City against damage; and
- (2) The applicant files with the City, in a form satisfactory to the City, a public liability and property damage policy issued by an insurance company in an amount to be determined by the City, which shall:
 - (a) Insure against loss or damage, including personal injury or death, sustained by one or more persons or damage to property;
 - (b) Indemnify against liabilities, claims, actions, loss, damages, judgments, costs, and expenses that may accrue or be suffered by the City or by any person by reason of the erection, installation, suspension, alteration, maintenance and/or use of the canopy or awning;
 - (c) Be maintained in force by the lawful owner of the sign until the canopy or awning has been taken down and removed; and
 - (d) Provide proof of insurance which names the City as an Additional Insured.

Bylaw B-18/2022

7.26.3 Display Projections

Exterior displays associated with a commercial land use may encroach onto public property in Commercial and Mixed-Use Districts, subject to compliance with the following requirements:

- (1) Exterior displays located on Municipal property must be associated with the directly abutting business and are permitted only in the commercial land use districts. Examples of appropriate displays may include a portable clothing rack, small café-style tables and chairs, tables displaying goods such as house wares or art, etc.;
- (2) Exterior displays include displays of advertising, information or goods on directly adjacent municipal property by an abutting private business and is considered incidental and subordinate to the principal commercial use;
- (3) Exterior displays on adjacent municipal property are only permitted during the business hours of the abutting business and shall:
 - (a) Be set-up no more than 30 minutes prior to opening and removed within 30 minutes of closing;
 - (b) No displays are permitted on municipal property between the hours of 1:00 am and 7:00 am;
- (4) All displays are considered temporary and shall:
 - (a) Be located a minimum of 0.5 metres from either side of a doorway and provide a clear pathway to the sidewalk;
 - (b) Leave sufficient space between the display and the edge of the sidewalk for two-way, barrier-free movement of pedestrians, wheelchairs, strollers, etc.;
 - (c) Approaches to alleys, parking lots and driveways must not be restricted or obstructed by exterior displays so emergency vehicles can access these areas if and when required;
 - (d) Displays shall be placed minimum of 10.0 metres from a traffic control device, signage, signal or intersection;
 - (e) Displays shall not obstruct access to fire hydrants or fire protection appliances;
 - (f) Displays shall be weighted or otherwise secured so as not to pose a potential hazard in the case of extreme or unexpected weather events;

Bylaw B-18/2022

7.26.4 Outdoor Patio Projections

Commercial Outdoor Patios may encroach onto public property in Commercial and Mixed-Use Districts, subject to compliance with the following requirements:

- (1) The Commercial Outdoor Patio shall provide a clear pedestrian path of 2.0m width, which shall be maintained at all times.
- (2) Barrier-free access shall be provided to and throughout the patio including curb ramps to provide a safe passage for pedestrians
- (3)) All access to nearby public utilities, building entrances, crosswalks, and bus stops shall be maintained and unimpeded
- (4) The patio shall maintain a minimum clearance of 1.5m around street fixtures, fire hydrants, and Fire Department connections
- (5) Temporary traffic controls shall be provided to the satisfaction of the Development Authority where the patio interferes with on-street movement of people, cyclists, and/or vehicles
- (6) The Commercial Outdoor Patio and any associated structures and equipment shall be kept in a safe, responsible, and clean condition, and in good repair
- (7) Up to 50% of off-street private parking spaces counted for required parking of the associated principal use may be converted temporarily to patio areas to expand the footprint of the business operation. The converted use must be in conformance with all Fire Department requirements for building accessibility and must provide at least 1.8m spacing between tables and pathways.
- (8) Commercial Outdoor Patios shall only be permitted yearly from April 1st to October 31st.
- (9) Commercial Outdoor Patios shall not encroach onto public property
 - (a) on two-lane roads, unless two-way traffic can be maintained
 - (b) on streets with a speed limit over 50km/h
 - (c) within 5.0m of the corner of an intersection
 - (d) within 10.0m of the corner of an intersection with a stop/yield sign or a pedestrian crosswalk
- (10) Commercial Outdoor Patios shall not place shade structures (e.g., tents, canopies, pavilions) within public rights-of-way and must not interfere with adjacent parking lot traffic movement or traffic visibility

Bylaw B-18/2022

7.27 Private Water and Sewer Systems

No Development Permit shall be issued for a development to be served by private sewer and water systems until the systems have been approved by the appropriate Municipal and Provincial departments.

7.28 Renewable Energy Systems

Renewable energy systems are allowed in any district, and must meet the following standards and requirements. In making a decision to allow any renewable energy system or similar use, the Development Authority shall consider:

- (1) The visual and sound impact of the system;
- (2) The compatibility of the system with the nature and character of the underlying land use district; and
- (3) The effect of the system on wildlife, birds and pets.

7.29 Setback Requirements

- (1) Setbacks are measured from the property line to the foundation of the building.
- (2) Enclosed or covered decks are considered a part of the building and must meet the setbacks and other regulations as required of the building.
- (3) Setback requirements do not apply to any portion of a building or structure, or any other feature of the development that is located entirely below grade.

Setbacks from Railways:

- (4) The Development Authority shall have regard for the CN Rail and CP Rail Land Use Guidelines for Residential Uses abutting the Rail Right of Way when considering Development Permit applications within 60.0m of the railway right-of-way.
- (5) Any residential or institutional development proposed on a site adjacent to a railway must demonstrate, to the satisfaction of the Development Authority, that adequate development setbacks can be achieved.
- (6) Where any development is proposed within 60.0m of the railway right-of-way, the Development Authority may require that the applicant provide Noise and Vibration Impact Assessments, as well as an impact statement as part of the application for a Development Permit, indicating measures taken to ensure that the development location near the railway right-of-way will not negatively impact the development or use of the site.

Setbacks from Well-sites and Energy Infrastructure:

- (7) Setbacks shall be required for all development from well sites and energy infrastructure reflecting provincial standards established by the Alberta Energy Regulator's directives and regulations.

Special Setback Requirements for Future Road Widening:

- (8) In addition to the listed setback requirements in any Land Use District or other provisions of this Bylaw, setbacks to accommodate future road widening shall be provided in accordance with **Table 16**:

Table 16: Setbacks for Future Road Widening

Roadway	Side	Between	Required Road ROW	Required Setback
Main Street	East	2nd Avenue N to 1st Avenue N	24.385m	4.267m
1st Avenue N	South	CP Rail to 1st Street W	24.385m	4.267m
Centre Avenue	North	CP Rail to Smith Street	24.385m	4.267m
1st Street W	East West	1st Avenue N to Centre Avenue	24.385m	2.134m 2.134m
Bowers Street	East West	1st Avenue N to Centre Avenue	24.385m	2.134m 2.134m
Allen Street	West	Acacia Drive to Main Street	24.385m	4.267m
T&C Access Road	South North	Road Plan 153JK to T&C Lot	24.385m	3.000m 6.145m
1st Avenue N	South	8th Street W to Nose Creek	36.000m	8.000m
1st Avenue N	South North	Nose Creek to CP Rail	26.600m	4.500m 2.000m
1st Avenue N	North	1st Street W to CP Rail	26.600m	2.000m

[Bylaw B-25/2019](#)

- (9) Notwithstanding any other provisions of this Bylaw regarding Variance Authority, the Special Setbacks required by **Table 17** shall not be relaxed. The setbacks required by **Table 17** may be relaxed or modified at the discretion of Council only where:
- The applicant can show, to the satisfaction of Council, how the proposed development provides for the future required road right-of-way, and;
 - The applicant enters into an agreement satisfactory to the Development Authority, guaranteeing the future road right-of-way requirements.

Special Setback Requirements for Corner Cut-offs

- (10) In addition to the listed setback requirements in any Land Use District or other provisions of this Bylaw, setbacks to accommodate corner cut-offs shall be required. For the purposes of this section, setbacks for corner cut-offs shall be measured in both directions along the right-of-way boundaries of the intersection.
- (11) Standard corner-cut requirements having a dimension of 5.0 metres shall be required at all four corners of all streets intersecting with arterial roads within the Downtown Core Mixed Use District.
- (12) Special corner-cuts having a dimension of 10.0 metres in both directions along the right-of-way boundaries shall be provided at locations in accordance with the following table:

Table 17: Intersections where 10m Corner Cut-off Setbacks are Required

Intersection	Corner
1st Avenue N / Main Street	Northeast Northwest
Centre Avenue / Main Street	Southeast Southwest
1st Avenue N / 1st Street W	Southwest
Centre Avenue / 1st Street W	Northeast
1st Avenue N / Bowers Street	Southeast
Centre Avenue / Bowers Street	Northwest

7.30 Site Design

During review of any Development Permit application, the Development Authority shall consider the proposal's ability to meet appropriate site design and site planning principles, including the following considerations and requirements:

Site Orientation and Street Frontage

- (1) The development of any site should consider its fit in the surrounding context as a part of the City of Airdrie. Connectivity to adjacent (existing or planned) developments, land uses, activity nodes and amenity areas are strongly encouraged.
- (2) Development patterns should incorporate adjustments in density and form to achieve appropriate transitions between the site and adjacent developments.
- (3) Where practical, buildings are encouraged to face an abutting public roadway.
- (4) Buildings shall be located with the principal façade oriented to the street or a street-facing open space.
- (5) At least 50% of the site's frontage (not including access driveways) on any street shall be occupied by buildings oriented to the abutting street.
- (6) Building façades shall be articulated with horizontal and/or vertical elements that break up blank walls of 30.0m or longer. Façade articulation may be accomplished by articulating the building foundation, recessing or projecting of design elements, change in materials and/or change in contrasting colours.
- (7) Façade treatments should wrap around the side of the building to provide a consistent profile along the street.

Pedestrian Environment

- (8) Site design shall promote safe, attractive and usable pedestrian facilities and a direct pedestrian connection between the street and buildings on the site. Amenity spaces may form an integral component of this.
- (9) On-site pedestrian circulation system shall be continuous and connect streets abutting the site, ground level entrances to individual units or common building entrances, common buildings and facilities, parking and storage areas, shared open space and amenity spaces, abutting transit facilities, and any pedestrian amenities such as plazas, resting areas, and viewpoints.
- (10) Parking, loading service and vehicular circulation areas shall be located so as to allow primary uses and activities to face the street and to support pedestrian-oriented uses.

Landscaping and Sustainable Site Design

- (11) Residential units that occupy the ground floor shall incorporate elements such as landscaping, landings, and porch railings to create a transition between public and private spaces.
- (12) Open spaces (trails, parks, habitat areas and wildlife corridors) shall be designed to be connected through the site and, where possible, to adjacent sites.
- (13) Architecture and landscape features shall be used to enhance the pedestrian experience of all multi-dwelling and mixed-use projects, including elements such as special paving, enhanced landscaping, lighting, or other features as determined by the Development Authority.
- (14) Natural features such as topography, streams, wetlands, and tree groves should be maintained through development of the site in a manner that respects and integrates the site's existing natural features and surrounding topography.
- (15) Landscaping provided with a proposed development should be well-located on the development site to achieve the highest impact, usability, and value for the associated development and the surrounding area.
- (16) All development shall be required to preserve at least 50% of existing healthy trees on site that exceed the caliper or height requirements for a large tree as outlined in **Table 4**. In circumstances where more than 50% of existing healthy trees are permitted to be removed to facilitate the development, the trees in excess of 50% shall be replaced at a 3:2 ratio. Where this ratio leads to a fraction it shall be rounded up to the next whole number. This provision does not apply to Stripping and Grading applications unless there is a policy or provision in an adopted statutory plan, applicable to the site, indicating otherwise.

7.31 Solar Collectors

- (1) Solar collectors are allowed in all districts and shall be considered under the land use classification of a "Utility."
- (2) The Development Authority shall not require a Development Permit for a solar collector where the following requirements are met:
 - (a) The solar collectors are mounted to an approved building or structure;
 - (b) The solar collectors do not significantly extend the building's dimensions, height, setbacks, or coverage beyond those originally approved for the building or structure, and;
 - (c) The solar collectors and the building or structure to which they are mounted meet all other applicable Land Use Bylaw and Alberta Building Code requirements.

- (3) A Development Permit shall be required for a solar collector where it is independently sited on the ground or where it is mounted to a building or structure in another manner, inconsistent with the requirements of Section 7.31(2), above.
- (4) Where a Development Permit is required for solar collectors, the proposed development shall:
 - (a) Meet all Land Use Bylaw requirements for site coverage and landscaping applicable to the subject property, and;
 - (b) Be compatible with the purpose and intent of the District applicable to the subject property, as well as surrounding features and land uses.

[Bylaw B-56/2021](#)

7.32 Standalone Uses within Mixed Use Districts

While mixed use districts within this Bylaw encourage the horizontal or vertical mixing of residential and non-residential land uses, a single residential use comprising one (1) housing type or a single commercial use on a site may be permitted if the development adequately addresses the following to the satisfaction of the Development Authority:

- (1) Compatibility with the purpose and intent of the District;
- (2) Compatibility with adjacent buildings and development;
- (3) Transition between the site and surrounding development;
- (4) Traffic, site access, and parking impacts; and
- (5) Any other significant development consideration, at the discretion of the Development Authority.

[Bylaw B-25/2019](#)

7.33 Swimming Pools and Hot Tubs

Swimming pools and hot tubs shall:

- (1) Not be located within any required front or exterior side yard;
- (2) Be setback a minimum of 1.0m from any side or rear yard, and;
- (3) Require fencing in accordance with the *Alberta Building Code* or similar legislation, as may be amended from time to time.

7.34 Tele-Communication Facilities

- (1) In all cases, the process outlined in this section does not supersede any federal decision making authority, nor does it confer a right of veto to the City in the location of telecommunication facilities. Industry Canada is responsible for regulating telecommunication in Canada and for authorizing the location of telecommunication facilities. The City also has a Freestanding Telecommunication Antenna Structures Policy which addresses consultation requirements, exceptions, setback distances, and other concerns and recommendations.
- (2) The Development Authority shall consider the City of Airdrie *Telecommunication Infrastructure Policy* when evaluating a proposed telecommunication facility and determining whether to issue a Letter of Concurrence.
- (3) The Development Authority may provide recommendations to Industry Canada with respect to proposed telecommunication facilities, and will encourage the following:
 - (a) Telecommunication facilities to be located in a manner that minimizes the impact on the natural environment and residential communities while recognizing the unique location requirements for siting these facilities.
 - (b) Unless demonstrated to be impractical, transmission antennae to be mounted on existing structures (including buildings or towers) or within transportation or utility corridors.
 - (c) Co-location opportunities to be explored.
 - (d) Facilities and equipment to be camouflaged and have the appearance and aesthetic of the buildings in the affected land use district.
 - (e) Guy wire anchors to be setback at least 1.0m from the property line.

[Bylaw B-25/2023](#)

- (4) In making its decision regarding facilities, Industry Canada considers the following:
 - (a) The input provided by the municipality;
 - (b) Compliance with Transport Canada's painting and lighting requirements for aeronautical safety;
 - (c) Health Canada's guidelines respecting limits of exposure to radio frequency fields;
 - (d) Environment Canada may require an environmental assessment in order to comply with the Canadian Environmental Assessment Act.

[Bylaw B-25/2023](#)

7.35 Temporary Buildings

City of Airdrie

Land Use Bylaw B-01/2016

- (1) Temporary buildings shall not exceed one storey in height and shall not have a basement or a cellar.
- (2) Temporary buildings shall be finished with exterior materials that are compatible with the principal structure in style, color and quality, to the satisfaction of the Development Authority.
- (3) Temporary buildings shall be located to the satisfaction of the Development Authority so there is no impact on site access and circulation, landscaping, or parking on the site.
- (4) Temporary buildings shall be subject to the setbacks, height, coverage, and landscaping requirements and any other related requirements of the Land Use District where it is developed.

7.36 Temporary Residence during Construction

The Development Authority may issue a Development Permit for a Manufactured Home as a temporary residence in a Rural Land Use District in which a dwelling is a prescribed use, providing that:

- (1) A building permit has been issued for the construction of a principal dwelling on the site;
- (2) The term of the permit does not exceed 12 months;
- (3) An extension of the Development Permit shall not be issued unless the framing of the dwelling is complete and that construction has been proceeding with a reasonable dispatch during the term of the permit; and
- (4) The Development Permit contains a condition that requires the Manufactured Home to be removed from the parcel within thirty (30) days of the residential occupancy of the principal dwelling.

7.37 Temporary Uses

- (1) Temporary uses, buildings, or structures may be permitted in all Districts at the discretion of the Development Authority, provided that temporary buildings or structures are not placed on permanent foundations and provided that the use, building or structure is listed as a Permitted, Discretionary, or Similar Use in the relevant land use district.
- (2) Except as otherwise noted in this Bylaw, temporary uses, buildings, or structures may be approved for a period of up to three (3) years. Renewal of these approvals may be permitted but such renewals shall not extend the total length of a temporary approval beyond ten (10) years.
- (3) Where a person proposes to extend the temporary period beyond the time set out in the permit, he shall, not later than sixty days prior to the day on which the Development Permit will cease to be in effect, make written application to the Development Authority for renewal of the permit setting forth the reasons for the extension.
- (4) For any Temporary Use, the Development Authority may require the submission of a site remediation plan and securities to ensure that the use is properly removed and the site remediated.
- (5) The Development Authority may vary landscaping and hard-surfacing requirements for a temporary use(s), building(s), or structure(s), where there are concurrent applications for a principal use and meeting the requirements for the temporary use(s), building(s), or structure(s) would cause undue hardship for the final build-out of the site.

7.38 Townhouse Exemption Requirements

A Freehold Townhouse development may be exempt from a Development Permit application, as outlined in Section 2.3.2 (Development Not Requiring a Development Permit), provided that:

- (1) The townhouses are registered as individual lots and are considered Freehold Townhouses as defined in Section 1.13(5);
- (2) The development does not include or propose to include any shared private utility infrastructure not addressed within an approved Subdivision Plan or Subdivision Servicing Agreement that provides water, storm, and sanitary services to more than one parcel;
- (3) The lot grading design is fully in compliance with the subdivision developer's grade slip(s) signed off by the subdivision developer;
- (4) Landscaping is provided in accordance with Section 3 Landscaping Requirements;
- (5) All required plans and information have been provided to the satisfaction of the Development Authority, including:
 - (a) The delineation and dimensions of the current and future parking spaces must be provided on the site plan;
 - (b) The lot grading and drainage design shall be prepared and signed by a member in good standing of the Association of Professional Engineers and Geoscientists of Alberta (APEGA).
- (6) Documentation that security coverage for this development is provided through the Subdivision Servicing Agreement;
- (7) The Freehold Townhouse dwellings are street-oriented.

Bylaw B-09/2022

Bylaw B-09/2022

8. Land Use Districts

8.1 Establishment of Land Use Districts

- (1) The Land Use Bylaw divides the land within the City's jurisdictional boundaries into districts and identifies regulations pertaining to each district. The following table identifies districts within this bylaw:

Table 18: Land Use Districts

Residential Districts	R1, Single Detached Residential District R1-E, Estate Residential District R1-V, Village Residential District R1-W, Single Detached Wide Shallow District R1-U, Urban Standard Residential District R1-L, Narrow Lot Laned Residential District R1-L0, Laned Zero Lot Line Residential District R2, Low Density Residential District R2-T, Townhouse Residential District R2-A, Front-Attached Garage Townhouse District R-BTB, Back-to-Back Townhouse Residential District RMH, Manufactured Home Residential District R3, Low-Rise Multifamily Residential District R4, Mid-Rise Multifamily Residential District R5, High Density Residential District
Mixed-Use Districts	M1, Neighbourhood Mixed Use District M2, Community Mixed Use District M3, Downtown Core Mixed Use District
Commercial Districts	C1, Neighbourhood Commercial District C2, Community Commercial District C3, Regional Commercial District CS, Service Commercial District
Industrial Districts	IB-1, Mixed Business/Employment District IB-O, Office Park and Employment District IB-2, Industrial Employment District IB-3, Heavy Industrial Employment District AP, Airport Employment District
Public Districts	P-1, Public Open Space District P-2, Public Facilities District P-SR, Special Open Space/Recreation District EP, Environmental Protection District
Rural Districts	UH, Urban Holdings District AG, General Agriculture District AH, Agriculture Holdings District F, Rural Farmstead District RR-4, Rural Residential Four-Acre District RR-2, Rural Residential Two-Acre District RB-G, Rural Business: General District RB-R, Rural Business: Recreation District RB-A, Rural Agricultural Business District RB-AS, Rural Business: Agriculture Services District RB-H, Rural Business: Highway District

- (2) In this Bylaw, a land use district may be referred to by its full name or abbreviation as referenced in the title of each District.
- (3) District boundaries are shown in **Map 1** (Land Use Map).

8.2 Land Use District Boundaries

Should uncertainty or dispute arise relative to the precise location of any district boundary as depicted on the Land Use Districts Map, the location shall be determined in accordance with the following:

- (1) Where a Land Use District boundary is shown as approximately following the centre of streets, lanes or other public thoroughfares, it shall be deemed to follow the centre line thereof;
- (2) Where a Land Use District boundary is shown as approximately following the boundary of a Site, the Site boundary shall be deemed to be the boundary of the District for that portion of the Land Use District boundary which approximates the Site boundary;
- (3) Where a Land Use District boundary is shown approximately following City limits, it shall be deemed to be following City limits;
- (4) Where a Land Use District boundary is shown as approximately following the centre of pipelines, railway lines, or utility easements, it shall be deemed to follow the centre line of the right-of-way thereof;
- (5) Where a Land Use District boundary is shown as approximately following the edge or shore lines of bodies of water, it shall be deemed to follow such lines, and in the event of change in such edge or shorelines, it shall be deemed as moving with the same;
- (6) Where a Land Use District boundary is shown as being parallel to or as an extension of features noted above, it shall be so construed;
- (7) Where a Land Use District boundary is shown as approximately following a topographic contour line or a top-of-the-bank line, it shall be deemed to follow such line, and in the event of change in such line, it shall be deemed as moving with that line;
- (8) Where features on the ground are at variance with those shown on the Land Use District Map or in other circumstances not mentioned above, the Development Authority shall interpret the Land Use District boundaries. Any such decision may be appealed to the Subdivision and Development Appeal Board; and
- (9) Where a Land Use District boundary is not located in conformity to the provisions of the above, and in effect divides or splits a registered parcel of land, the disposition of such boundary shall be determined by dimensions indicated on the Land Use District Map or by measurements directly scaled from that Map.

8.3 Road and Highway Boundaries

- (1) No Land Use District shall be deemed to apply to any public road.
- (2) Where any public roadway is closed pursuant to the provisions of the Municipal Government Act, the land contained therein shall there upon be deemed to carry the same Zone as the abutting land, even where the abutting land is designated as a Direct Control District.
- (3) Where such abutting lands are governed by different Zones, the centre line of the public roadway shall be deemed to be the zoning boundary.
- (4) Where through the operation of a road closure outlined above, the boundaries of a Direct Control District are extended to include a closed portion of public roadway, the Area of Application for the Direct Control District, as set out in the regulations governing that district boundary, shall be automatically amended by the Development Authority to include reference to the closed portion of public roadway which becomes part of the Direct Control District.

8.4 Additional/Special Land Use Permissions

- (1) Notwithstanding the list of Permitted and Discretionary Uses provided in each district, the following land uses shall be considered Permitted Uses in all land use districts under this Bylaw:
 - (a) Community Garden
 - (b) Essential Public Service
 - (c) Mobile Vendors
 - (d) Park
 - (e) Utility

[Bylaw B-28/2023](#)

- (2) Notwithstanding the list of Permitted and Discretionary Uses provided in each district, a Residential Show Home shall be considered a Permitted Use in all Residential land use districts under this Bylaw.
- (3) Notwithstanding the list of Permitted and Discretionary Uses provided in each district, a Residential Sales Centre shall be considered a Discretionary Use in all Residential land use districts under this Bylaw.

[Bylaw B-26/2021](#)

- (4) Notwithstanding the list of Permitted and Discretionary Uses provided in each district, Stripping and Grading shall be considered a Permitted or Discretionary use in accordance with the considerations outlined in **Section 6.21(1)**.

[Bylaw B-57/2021](#)

8.5 Land Use Districts

8.5.1 R1, Single Detached Residential District

Purpose and Intent

The purpose of this district is to provide for residential development in the form of single detached dwellings.

Permitted Land Uses	Discretionary Land Uses
Dwelling, Single Detached Dwelling, Secondary Suite Dwelling, Garage Suite Bylaw B-30/2024 Accessory Building Home Business, Limited Child Care, Limited	Dwelling, Garden Suite Bylaw B-30/2024 Bed and Breakfast Home Business, General Public Assembly, Limited Child Care, General Bylaw B-31/2023 Supportive Housing, Limited Urban Agriculture Bylaw B-08/2021

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions		
Lot/Unit Type	Area	Width
District Standard	360m ²	11.0m
Corner Lot	380m ²	12.8m

Minimum Required Setbacks	
Front Yard	4.6m
Front Yard w/Rear Lane	3.5m
Side Yard	1.2m
Side Yard, Corner	3.0m
Rear Yard	8.0m

Massing and Coverage	
Maximum Building Height	11.0m
Maximum Site Coverage	55% of Lot Area
Minimum Landscaping	30% of Lot Area

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Notwithstanding the Development Dimensions listed above, no lot shall be created with a Site Frontage less than 6.0m.
- (3) No property in this district shall be permitted both front-drive and rear-lane access, except lots applied for prior to the adoption of this Bylaw, which were designed with the intention of providing both front-drive and rear-lane access, or where all of the following conditions are met:
[Bylaw B-13/2021](#)
 - (a) The lot provides a minimum width of 11.6m and a minimum area of 400m²;
 - (b) The Minimum Landscaping requirements listed above are met;
 - (c) The provision of a second access (i.e. for additional parking, accessory structures, storage, etc.) is, in the opinion of the Development Authority, in keeping with the purpose and intent of this district and would not impact surrounding properties or the amenities of the neighbourhood.
- (4) All lots in this district may be permitted to have garages capable of housing three cars or more, provided that the garage and lot are designed in accordance with one of the following:
 - (a) For front-entry garages providing three contiguous stalls as viewed from the street, lots shall have a minimum width of 15.2m (or 16.7m for a corner lot) where the garage is contiguous to or recessed behind the front foundation of the dwelling, or;

- (b) For front-entry garages providing three contiguous stalls as viewed from the street, lots shall have a minimum width of 18.29m (or 19.8m for a corner lot) where the garage extends beyond the front foundation of the dwelling or;
[Bylaw B-13/2021](#)
- (c) In all other circumstances, split driveways, side entry garages, or tandem configurations shall be employed.
- (5) Any front-entry garages extending beyond the front foundation of the dwelling and providing three contiguous stalls as viewed from the street must adhere to the Design Criteria outlined in **Section 7.15(4)** (Garage and Carport Requirements)

8.5.2 R1-E, Estate Residential District

Purpose and Intent

The purpose of this district is to provide for residential development in the form of single detached dwellings with the opportunity for larger yards and a detached housing form with front-drive access. Housing in this district is intended to have limited accessory business uses. This district is intended for limited use in a neighbourhood, based on the context, topography, and policies of the applicable Neighbourhood Structure Plan.

Permitted Land Uses

Dwelling, Single Detached
Dwelling, Secondary Suite
Dwelling, Garden Suite
[Bylaw B-30/2024](#)
Accessory Building

Discretionary Land Uses

Dwelling, Garage Suite
[Bylaw B-30/2024](#)
Home Business, General
Child Care, Limited
Urban Agriculture
[Bylaw B-08/2021](#)

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions (Two Car Garage)

Lot/Unit Type	Area	Width
District Standard	500m ²	14.0m
Corner Lot	570m ²	15.5m

Minimum Required Setbacks

Front Yard	6.0m
Side Yard	1.5m
Side Yard, Corner	3.0m
Rear Yard	9.0m

Massing and Coverage

Maximum Building Height	11.0m
Maximum Site Coverage	55% of Lot Area
Minimum Landscaping	30% of Lot Area

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Notwithstanding the Development Dimensions listed above, no lot shall be created with a Site Frontage less than 9.0m.
- (3) For any subdivision of less than 10 lots, the application of this district shall be at the discretion of the Development Authority.
- (4) No property in this district shall be permitted both front-drive and rear-lane access, except lots created prior to the adoption of this Bylaw, which were designed with the intention of providing both front-drive and rear-lane access, or where all of the following conditions are met:
 - (a) The lot provides a minimum width of 11.6m and a minimum area of 400m²;
 - (b) The Minimum Landscaping requirements listed above are met;
 - (c) The provision of a second access (i.e. for additional parking, accessory structures, storage, etc.) is, in the opinion of the Development Authority, in keeping with the purpose and intent of this district and would not impact surrounding properties or the amenities of the neighbourhood.
- (5) Notwithstanding the requirements outlined in **Section 7.15** (Garage and Carport Requirements), the maximum width of an attached garage that extends beyond the front foundation of the dwelling shall not be greater than the width necessary to accommodate the cars and shall not represent more than 60% of the building width.
- (6) All lots in this district are permitted to have garages capable of housing three cars or more, provided that the garage and lot are designed in accordance with one of the following:
 - (a) For front-entry garages providing three contiguous stalls as viewed from the street, lots shall have a minimum width of 15.2m (or 16.7m for a corner lot) where the garage is contiguous to or recessed behind the front foundation of the dwelling, or;
 - (b) For front-entry garages providing three contiguous stalls as viewed from the street, lots shall have a minimum width of 18.29m (or 19.8m for a corner lot) where the garage extends beyond the front foundation of the dwelling, or;

[Bylaw B-50/2021](#)

[Bylaw B-13/2021](#)

- (c) In all other circumstances, split driveways, side entry garages, or tandem configurations shall be employed.
- (7) Any front-entry garages extending beyond the front foundation of the dwelling and providing three contiguous stalls as viewed from the street must adhere to the Design Criteria outlined in **Section 7.15(4)** (Garage and Carport Requirements).
- (8) Notwithstanding the requirements outlined in **Section 7.21** (Objects Prohibited in Yards), no person shall be permitted to store or park a Recreational Vehicle on a lot in this district longer than 72 hours to provide for loading or unloading the vehicle.

8.5.3 R1-V, Village Residential District

Purpose and Intent

The intent of this District is to recognize and protect existing single detached residential located in the established neighbourhood of The Village by ensuring redevelopment that is compatible and sensitive to the scale and character of existing development.

Permitted Land Uses	Discretionary Land Uses
Dwelling, Single Detached Dwelling, Secondary Suite Dwelling, Garage Suite Bylaw B-30/2024 Accessory Building Home Business, Limited Child Care, Limited	Dwelling, Garden Suite Bylaw B-30/2024 Bed and Breakfast Home Business, General Public Assembly, Limited Child Care, General Bylaw B-31/2023 Supportive Housing, Limited Urban Agriculture Bylaw B-08/2021

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
District Standard	465m ²	15.0m

In addition to the requirements listed above, no lot shall be created or reduced in area through re-subdivision which would create a new lot from the rear portion of any existing lot.

Minimum Required Setbacks

Front Yard	4.6m
Side Yard	2.0m
Side Yard, Corner	3.0m
Rear Yard	8.0m

Massing and Coverage

Maximum Building Height	9.0m
Maximum Building Coverage	50% of Lot Area
Minimum Landscaping	40% of Lot Area

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Notwithstanding the Development Dimensions listed above, no lot shall be created with a Site Frontage less than 9.0m.

Infill Development

- (3) Infill development shall be in keeping with the scale and character of the surrounding area, having regard to siting, setbacks, principal and accessory building heights, site access, roof lines and architectural detailing.
- (4) In the case of an infill development proposal spanning multiple lots, consideration for re-subdivision applications may be given by the Approving Authority, as long as the proposed development is compatible with the surrounding area.
- (5) Notwithstanding the required setbacks listed above, for any infill development within this District the minimum front yard setback shall be within 1.5 metres of the average building setback from the front property line of the adjacent buildings on the same block face, to a minimum of 3.5 metres.
- (6) Notwithstanding the maximum building height listed above, for any infill development within this District, the maximum building height shall be limited to 1.5 times the average building height of the contiguous residential parcels surrounding the project site, as determined by the Development Authority.
- (7) Notwithstanding the above, the infill development shall be permitted to be 2 storeys, at the discretion of the Development Authority in consideration of the compatibility of the proposed infill development within the context of the area.

[Bylaw B-04/2024](#)

Parking and Access

- (8) Where an unobstructed 3.0m side yard is provided, vehicular access to a garage from a front yard may be permitted at the discretion of the Development Authority, even where there is access to a rear lane.
- (9) The width of the driveway/access to a property may not be more than 6.0 metres.

8.5.4 R1-W, Single Detached Wide Shallow District

Purpose and Intent

The purpose of this district is to provide for residential development in the form of single detached dwellings where geographic constraints, amenities, or pipeline corridors make standard lot depths and building orientations difficult to achieve. This district is not intended to be used contiguously (i.e. back to back) without a buffer such as a lane, amenity, or other district in between. This district may also be employed where low-rise housing forms, such as bungalows, with additional space between units, is deemed desirable.

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
District Standard	400m ²	20.5m
Corner Lot	425m ²	21.7m

Minimum Required Setbacks

Front Yard	4.0m
Side Yard	See Development Standards
Side Yard, Corner	3.0m
Rear Yard	5.5m
Rear Yard, Facing Municipal Reserve or Environmental Reserve	4.1m

Massing and Coverage

Maximum Building Height	11.0m
Maximum Building Coverage	55% of Lot Area
Minimum Landscaping	30% of Lot Area

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Excluding a corner lot, the minimum side yard requirement for this district shall total 3.6 metres, to be distributed at the discretion of the Development Authority, and shall not be less than 1.2 metres on either side.
- (3) The maximum lot depth for any lot shall be set at the discretion of the Development Authority.
- (4) An attached garage shall not extend further into the front yard setback than the foundation of the principal dwelling.
- (5) Where there is no living space accommodated above an attached garage and the garage is otherwise not integrated into the house design, the garage shall not represent more than 35% of the front elevation of the principal building. Otherwise the limitation shall be 45% of the front elevation of the principal building.
- (6) Notwithstanding **Section 7.25** (Projections and Encroachments), a deck in the rear yard shall not be permitted to extend more than 75% into the required rear yard setback.
- (7) Where a separated sidewalk is adjacent to the front yard of a lot in this district and street trees have been provided, front yard landscaping and plantings may be reduced or substituted at the discretion of the Development Authority.

[Bylaw B-31/2023](#)

8.5.5 R1-U, Urban Standard Residential District

Purpose and Intent

The purpose of this district is to provide for residential development in the form of single detached dwellings on narrow lots with front-attached garages. This district is intended to accommodate a range of small lot building typologies, including both wide/shallow and narrow/deep configurations that still maintain minimum standards of the Bylaw for streetscape design, landscaping, and amenity area.

Permitted Land Uses

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width ⁽²⁾
District Standard		
- Recessed Garage	240m ²	9.4m
- Projecting Garage ⁽³⁾	280m ²	9.7m
Corner Lot	300m ²	11.0m

Minimum Required Setbacks

Front Yard ⁽⁴⁾	3.0m
Side Yard ⁽⁵⁾	1.2m
Side Yard, Corner	3.0m
Rear Yard ^{(6), (7)}	8.0m

Massing and Coverage

Maximum Building Height	11.0m
Maximum Site Coverage	55% of Lot Area
Minimum Landscaping	30% of Lot Area
Minimum Private Amenity Area ⁽⁸⁾	60m ² per Lot Bylaw B-31/2023

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Notwithstanding the Development Dimensions listed above, no lot shall be created with a Site Frontage less than 6.0m.
- (3) Within this district, a “projecting garage” is where the front face of the garage projects towards the street and is closer to the street than the entry for the dwelling, comprised of the face of the dwelling unit, door, and adjoining porch. A “recessed garage” is where the front face of the garage is level with or recessed behind the entry for the dwelling.
- (4) Notwithstanding the minimum required front yard setback, some lot or building configurations may require a larger setback in order to maintain clearance from any Utility Right of Ways in the front yard, or to accommodate the required 6.0 metre setback from the face of a garage door to the back of sidewalk, or back of curb on streets where no sidewalk is provided (outlined within **Section 7.12** (Driveways and Parking Areas)).
- (5) Notwithstanding the minimum required setbacks listed above, one interior side yard on a lot is permitted to be reduced to 0.6m where the adjoining side yard on the adjacent lot provides a setback of at least 1.2m.
- (6) Notwithstanding the minimum required setbacks listed above, the minimum rear yard setback may be reduced by up to 0.5m for each corresponding 0.305m (1 foot) increase to the lot width above the minimum requirements listed in the dimensions table above. The minimum required rear yard setback cannot be reduced in this way to any less than 5.5m.
- (7) Notwithstanding the provisions of **Section 7.25** (Projections and Encroachments), a deck in the rear yard shall not be permitted to extend into the required rear yard setback in a manner that reduces the remaining rear yard to less than a minimum of 3.0 metres (measured from the edge of the deck to the rear property line).

- (8) In addition to the requirements outlined in **Section 7.4** (Decks and Amenity Areas), the amenity area required in this district shall be provided as one contiguous area with a minimum dimension of at least 5.5m. The overall amenity space may be split for different uses and functions (e.g. a raised deck and yard) as long as both are part of the same contiguous area.
- (9) Notwithstanding the standards outlined in **Section 7.15** (Garage and Carport Requirements), up to 35% of the lots within a subdivision phase are permitted to be designed with a width of less than 10.36m and accommodate a 6.1-metre-wide garage, provided that:
- (a) Any such lots are interspersed within the subdivision to the satisfaction of the Development Authority;
 - (b) The width of any such lots is not less than the minimum that would be applied by the District Standard under the Minimum Dimensions listed above;
 - (c) Any additional lots less than 10.36m wide shall be developed in accordance with the regulations in **Section 7.15** (Garage and Carport Requirements) unless otherwise approved through a Development Permit issued by the Development Authority, and;
 - (d) For any subdivision less than 10 lots, the application of this standard shall be at the discretion of the Development Authority.
- (10) As part of a Subdivision Application, the applicant shall provide a set of design criteria that would create a streetscape deemed acceptable to the Approving Authority. The design criteria may include part or all of the following elements:
- (a) Placement of houses with the same elevations and colour treatment next to each other;
 - (b) Separation of identical unit elevations;
 - (c) The intended mix of model types, elevations, and architectural styles;
 - (d) Locating and orientating the front façade wall as close to the front lot line where possible;
 - (e) Ensuring that entry doors are visible from the street;
 - (f) Wrapping façade treatments on corner lots around the side of the building to provide a consistent profile along both facing streets;
 - (g) Consistent treatment of all visible side and rear elevations where they are exposed and visible from a public space, including environmental reserve, school sites, arterial roads (etc.);
 - (h) Compatibility of buildings which are adjacent or opposite one another in massing and height to avoid extreme variation in massing.
- The Development Authority may accept these architectural controls or design criteria for multiple subdivision phases or as part of a Neighbourhood Structure Plan.
- (11) Notwithstanding the maximum required setbacks listed above, the maximum building height may be increased by up to 0.25m for each corresponding 1.0m increase to the lot width above the minimum requirements listed in the dimensions table above. The maximum building height cannot be increased in this way to any height greater than 12.0m.

 Metres

8.5.7 R1-L0, Laned Zero Lot Line Residential District

Purpose and Intent

The purpose of this district is to provide for residential development in the form of single-detached dwellings on small lots with access from a rear laneway.

Permitted Land Uses

Dwelling, Single Detached
Accessory Building
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Dwelling, Secondary Suite
Dwelling, Garage Suite
Home Business, General
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
District Standard	240m ²	7.6m
Corner Lot	290m ²	9.1m

Minimum Required Setbacks

Front Yard	3.5m
Side Yard	See "Development Standards" Below
Side Yard, Corner	3.0m
Rear Yard	8.0m

Massing and Coverage

Maximum Building Height	11.0m
Maximum Site Coverage	55% of Lot Area
Minimum Landscaping	30% of Lot Area
Minimum Private Amenity Area (2)	30m ² per Lot Bylaw B-31/2023

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) In addition to the requirements outlined in **Section 7.4** (Decks and Amenity Areas), the amenity area required in this district shall be provided as one contiguous area with a minimum dimension of at least 4.0m. The overall amenity space may be split for different uses and functions (e.g. a raised deck and yard) as long as both are part of the same contiguous area.
- (3) Notwithstanding the minimum dwelling width and required setbacks outlined in this district, individual lots within a subdivision phase shall be designed to accommodate any required utilities, infrastructure, rights of way, and/or easements without creating a conflict with the setbacks and associated building envelope of the principal or accessory buildings.
- (4) One side yard setback for the principal building may be reduced to zero metres where:
 - (a) the owner of the parcel proposed for development and the owner of the adjacent parcel register, against both titles, a minimum 1.5 metre private maintenance easement that provides for:
 - i. a 0.30 metre eave encroachment easement with the requirement that the eaves must not be closer than 0.90 metres to the eaves on a building on an adjacent parcel; and
 - ii. a 0.60 metre footing encroachment easement; and
 - (b) all roof drainage from the building is discharged through eavestroughs and downspouts onto the parcel on which the building is located.
- (5) Except for the provided encroachments for eaves and footings described above, no projections or encroachments shall be permitted for access, architectural, or amenity features described in **Section 7.25**.
- (6) Where a side yard setback for the principal building is reduced to zero metres in accordance with the above provision, the minimum side yard setback for the associated Accessory Building may have the same side yard reduced to zero metres.

Parking, Access and Connectivity

- (7) No vehicular access to the street shall be permitted from a front yard in this district.
- (8) Front attached garages shall not be permitted in this district.
- (9) Where a detached garage of sufficient width and depth has not been constructed on a property so as to meet the parking requirement of this bylaw for that property, then a parking pad of concrete or similar hard material must be provided so as to provide the required parking area for the approved use(s) on the property.

[Bylaw B-53/2020](#)

8.5.8 R2, Low Density Residential District

Purpose and Intent

The purpose of this district is to provide for residential development allowing up to two dwelling units per building, primarily accommodating Semi-Detached and Duplex Dwellings. This district also contemplates a mix of other low-density housing forms intended to have a prominent relationship with the adjacent public streets and designed to be consistent with the surrounding neighbourhood.

Permitted Land Uses

Dwelling, Duplex
Dwelling, Secondary Suite²
[Bylaw B-30/2024](#)
Dwelling, Semi-Detached
Accessory Building
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Dwelling, Garage Suite
Dwelling, Single Detached
Home Business, General
Supportive Housing, Limited
Urban Agriculture
[Bylaw B-08/2021](#)

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Note 2: Dwelling, Secondary Suite shall be subject to the special requirements outlined in Sections 8.5.8(5).

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
<u>Semi-Detached Dwelling</u> <u>- Lane Access or Front</u> <u>Access with Garages up</u> <u>to 4.7m wide</u>	220m ²	7.3m
<u>- Front Access with</u> <u>Garages over 4.7m wide</u>	260m ²	8.5m
<u>Single Detached Dwelling</u> <u>- Lane Access or Front</u> <u>Access with Garages up</u> <u>to 4.7m wide</u>	260m ²	8.5m
<u>- Front Access with</u> <u>Garages over 4.7m wide</u>	280m ²	9.7m
<u>Duplex Dwelling</u> <u>- Lane Access or Front</u> <u>Access with Garages up</u> <u>to 4.7m wide</u>	210m ² Per Unit	6.7m Per Unit
<u>- Front Access with</u> <u>Garages over 4.7m wide</u>	270m ² Per Unit	8.5m Per Unit

In addition to the list of minimum dimensions noted above, for a corner lot of any dwelling type, the corresponding listed minimum width shall be increased by 1.8m.

[Bylaw B-41/2018](#)

[Bylaw B-09/2023](#)

Minimum Required Setbacks

Front Yard	4.6m
Front Yard w/Rear Lane	3.5m
Side Yard	1.2m
Side Yard, Corner	3.0m
Rear Yard	8.0m

Massing and Coverage

Maximum Building Height	11.0m
Maximum Site Coverage	60% of Site Area
Minimum Landscaping	25% of Site Area
Minimum Amenity Area	40m ² per Unit

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) No lot shall be created with a Site Frontage less than 6.0m.

Limits on Single Detached Dwelling Land Uses

- (3) Notwithstanding the list of Permitted and Discretionary uses above, no more than 50% of the R2 lots within a subdivision phase shall accommodate Single Detached Dwellings as a Permitted Use. For any subdivision of less than 10 lots, the application of this standard shall be at the discretion of the Development Authority.

Exceptions for Front-Drive Garages

- (4) Notwithstanding the standards outlined in **Section 7.15** (Garage and Carport Requirements), up to 25% of the R2 lots within a subdivision phase are permitted to be designed with a width of less than 10.36m and accommodate a 6.1-metre-wide front-drive garage, provided that:
 - (a) The 25% limitation shall be applied separately to both Single Detached and Semi-Detached Dwellings.
 - (b) This provision shall not be applied to both adjoining units of any Semi-Detached Dwelling.

- (c) Any lots utilizing this provision shall be interspersed within the subdivision to the satisfaction of the Development Authority.
- (d) Any dwelling that provides a 6.1-metre-wide garage shall be subject to the additional design criteria provided in **Section 7.15(4)** (Garage Design Criteria).
- (e) All other lots within the subdivision phase shall be developed in accordance with all regulations in **Section 7.15** (Garage and Carport Requirements) unless otherwise approved through a Development Permit issued.
- (f) For any subdivision less than 10 lots, the application of this standard shall be at the discretion of the Development Authority.

Exceptions for Garage Suites

- (5) Notwithstanding the list of Permitted and Discretionary Uses described above, a Garage Suite shall be considered a Permitted Use where it is accessory to a Dwelling, Single Detached.

Exceptions of Secondary Suites

- (6) Notwithstanding the list of Permitted and Discretionary Uses above, a Secondary Suite shall be considered a Discretionary Use where it is accessory to a Dwelling, Semi-Detached.

[Bylaw B-30/2024](#)
[Bylaw B-06/2025](#)

Parking, Access, and Connectivity

- (7) Where a detached garage of sufficient width and depth has not been constructed on a property to meet the parking requirement of this bylaw for that property, then a parking pad of concrete or similar hard material must be provided so as to provide the required parking area for the approved use(s) on the property.
- (8) Notwithstanding the Minimum Dimensions provided above, the minimum width for a Semi-Detached Dwelling with Lane Access may be reduced to 6.7metres where a 6.1m-wide garage is provided sharing a common wall with another garage on an adjacent site and otherwise meets all of the requirements of **Section 6.1** (Accessory Buildings).

8.5.9 R2-T, Townhouse Residential District

Deleted

Purpose and Intent

The purpose of this district is to provide for townhouses and similar types of ground-oriented attached housing. The predominant form of development in this district is intended to be street-facing townhouses and urban brownstones, which would face onto major corridors and have the primary vehicle access and parking off of a rear lane.

Permitted Land Uses

Dwelling, Townhouse
Accessory Building
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Dwelling, Secondary Suite
Bylaw B-30/2024
Dwelling, Semi-Detached
Dwelling, Live-Work
Home Business, General
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

<i>Lot/Unit Type</i>	<i>Minimum Dwelling Width</i>
Townhouse	4.2m
Semi-Detached	5.5m

Development Density

Standard Density Range	24-49 Units/Ha 10-20 Units/Acre
Subject to Site Design Criteria	Up to 62 Units/Ha Up to 25 Units/Acre

Minimum Required Setbacks

Front Yard ⁽⁴⁾	3.0m
Side Yard, End Units	1.2m
Side Yard, Corner Units	3.0m
Rear Yard, Garage or Parking Pad	0.6m

Massing and Coverage

Maximum Building Height	13.0m 3 Storeys
Maximum Site Coverage	70% of Site Area
Minimum Landscaping (Per Building)	15% of Site Area
Minimum Amenity Area	25m ² per Unit
Max Continuous Building Frontage	
-District Standard	6 Units
-Subject to Design Criteria	8 Units

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.02

Site Access and Orientation

- (2) Access to garages and parking pads shall be provided only from lanes in this district.
- (3) Notwithstanding the Development Dimensions outlined above, all lots/units within this district shall accommodate the following elements, to the satisfaction of the Approving Authority, as part of the site design:
 - (a) Amenity space(s) required to meet the minimum area defined above, providing a minimum dimension of at least 2.0m.
 - (b) On-site parking required in accordance with Section 4.4 (Parking Stall Requirements) of this Bylaw, either within a garage or by a parking pad of concrete or similar hard material provided on the parcel.
 - (c) Landscaping, concentrated at the front of the site and meeting the requirements of Section 3.6 (Planting Requirements) of this Bylaw.
 - (d) Any utility rights-of-way or easements required to service the development, which shall be accommodated without creating a conflict with the setbacks and associated building envelope of any building or the required landscaping on the parcel.
- (4) If there are adjoining detached garages proposed along a lane, there shall be spacing provided between garages every 6-8 units to allow for an unobstructed 1.2m width for access by emergency services.

- (5) Notwithstanding the minimum setbacks specified above, the required Front Yard setback may be reduced to 1.2m where the following provisions are met to the satisfaction of the Development Authority:
- (a) Utility lines are accommodated within the road right of way in accordance with Engineering standards and specifications;
 - (b) The elevation of the townhouse block is articulated in a manner that provides variation, and reinforces common characteristics that visually unites the block.
 - (c) A variety of architectural elements, including but not limited to entry porch, dormers, and material detailing, are employed to create a distinctive character for each unit and block.
 - (d) Façade treatments on corner lots wrap around the side of the building to provide a consistent profile along both facing streets.
 - (e) Where side and rear elevations of units are exposed and visible from a public space, including environmental reserve, school sites, arterial roads (etc.), façade treatments on all visible sides of the unit are consistent in design quality with the front elevation. A continuation of the same materials and detailing is required on all visible façades. In cases where the first floor elevations are not visible due to visual buffers architectural treatments shall be provided on the remaining visible elevations, including the second floor and roof.
 - (f) Buildings adjacent or opposite one another are compatible in massing and height.

Site Design Criteria for Additional Development Density

- (6) The Development Authority may allow an increase in density above the standard range, shown above, subject to the merits of the application and the following considerations:
- (a) The location of the development site along a transit corridor or adjacent to a community commercial centre, as determined by the Development Authority.
 - (b) Incorporation of site design and site planning principles consistent with the standards outlined in **Section 7.30** (Site Design).
 - (c) The development's provision of additional amenities and features, above the minimum requirements of this Bylaw, that support broader policy goals and objectives outlined in the Airdrie City Plan or CASP/NSP.
 - (d) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (e) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

[Bylaw B-10/2021](#)

8.5.10 R2-A, Front-Attached Garage Townhouse District

Purpose and Intent

The purpose of this district is to provide for townhouses and similar types of ground-oriented attached housing with front-attached garages. Development in this district would serve as a transition between low-density residential districts and other townhouse, multi-residential, mixed use, and commercial districts at main nodes and corridors within the City. Accordingly, the massing and intensity of use in this district is intended to be less than main townhouse, multi-residential, and mixed use areas and should integrate more closely with other low-density housing forms within a neighbourhood.

Permitted Land Uses

Dwelling, Townhouse
Accessory Building
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Dwelling, Secondary Suite
Bylaw B-30/2024
Dwelling, Semi-Detached
Home Business, General
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

<i>Lot/Unit Type</i>	<i>Minimum Dwelling Width</i>
Townhouse	5.5m
Semi-Detached	6.1m

Development Density

Standard Density Range	24-49 Units/Ha 10-20 Units/Acre
Subject to Site Design Criteria	Up to 62 Units/Ha Up to 25 Units/Acre

Minimum Required Setbacks

Front Yard ⁽⁴⁾	3.0m
Side Yard, End Units	1.2m
Side Yard, Corner Units	3.0m
Rear Yard	5.0m

Massing and Coverage

Maximum Building Height	13.0m 3 Storeys
Maximum Site Coverage	65% of Site Area
Minimum Landscaping (Per Building)	20% of Site Area
Minimum Amenity Area	25m ² per Unit
Max Continuous Building Frontage	
-District Standard	4 Units
-Subject to Design Criteria	6 Units

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.02

Site Access and Orientation

- (2) Notwithstanding the Maximum Front-attached Garage Width set by **Section 7.15(3)(c)** and **Table 13**, for all dwelling types in this district, at least 2.4 meters of building frontage shall be provided facing the street that is not occupied by the face of a garage.
- (3) Notwithstanding the Development Dimensions outlined above, all lots/units within this district shall accommodate the following elements, to the satisfaction of the Approving Authority, as part of the site design:
 - (a) A single, contiguous amenity space meeting the minimum area defined above, and providing a minimum dimension of at least 4.0m.
 - (b) On-site parking required in accordance with Section 4.4 (Parking Stall Requirements) of this Bylaw, either within a garage or by a parking pad of concrete or similar hard material provided on the parcel.
 - (c) Landscaping, concentrated at the front of the site and meeting the requirements of Section 3.6 (Planting Requirements) of this Bylaw.

- (d) Any utility rights-of-way or easements required to service the development, which shall be accommodated without creating a conflict with the setbacks and associated building envelope of any building or the required landscaping on the parcel.
- (4) Notwithstanding the minimum setbacks specified above, the required Front Yard setback may be reduced to 1.2m where the following provisions are met to the satisfaction of the Development Authority:
 - (a) Utility lines are accommodated within the road right of way in accordance with Engineering standards and specifications;
 - (b) The elevation of the townhouse block is articulated in a manner that provides variation, and reinforces common characteristics that visually unites the block.
 - (c) A variety of architectural elements, including but not limited to entry porch, dormers, and material detailing, are employed to create a distinctive character for each unit and block.
 - (d) Façade treatments on corner lots wrap around the side of the building to provide a consistent profile along both facing streets.
 - (e) Where side and rear elevations of units are exposed and visible from a public space, including environmental reserve, school sites, arterial roads (etc.), façade treatments on all visible sides of the unit are consistent in design quality with the front elevation. A continuation of the same materials and detailing is required on all visible façades. In cases where the first floor elevations are not visible due to visual buffers architectural treatments shall be provided on the remaining visible elevations, including the second floor and roof.
 - (f) Buildings adjacent or opposite one another are compatible in massing and height.

Site Design Criteria for Additional Development Density

- (5) The Development Authority may allow an increase in density above the standard range, shown above, subject to the merits of the application and the following considerations:
 - (a) The location of the development site along a transit corridor or adjacent to a community commercial centre, as determined by the Development Authority.
 - (b) Incorporation of site design and site planning principles consistent with the standards outlined in **Section 7.30** (Site Design).
 - (c) The development's provision of additional amenities and features, above the minimum requirements of this Bylaw, that support broader policy goals and objectives outlined in the Airdrie City Plan or CASP/NSP.
 - (d) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (e) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

[Bylaw B-09/2021](#)

8.5.11 R-BTB, Back-to-Back Townhouse Residential District

Purpose and Intent

The purpose of this district is to provide for a rear back-to-back form of townhouse development where alternate road cross-sections and design standards have been accepted by the City. Development in this district is intended to be designed with front landscaping to enhance the compatibility with adjacent districts.

This district is intended to be used at community nodes and in close proximity to major corridors where higher density development is supported by transit and public amenity.

Permitted Land Uses

Dwelling, Back-to-Back
Townhouse
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Accessory Building
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
Interior Unit	80m ²	6.0m
End Unit	100m ²	7.2m
Corner Unit	120m ²	8.4m

Minimum Required Setbacks

Front Yard	4.5m
Front Yard Subject to Alternate Road and Site Design Standards	3.0m
Side Yard, Interior Unit	N/A
Side Yard, End Unit	1.2m
Side Yard, Corner Unit	2.4m
Rear Yard	N/A

Massing and Coverage

Maximum Building Height	13.0m
Maximum Site Coverage	80% of Site Area
Minimum Landscaping	10% of Site Area
Minimum Amenity Area	15m ² per Unit
Maximum Continuous Building Frontage	54.0m OR 8 Units, whichever is less

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.02
- (2) Notwithstanding the standards provided in **Part 3** (Landscaping), all lots shall provide a minimum of 2 trees and 2 shrubs or 1 tree and 1 shrub per 20m² of landscaped area, whichever is greater.
- (3) Where the placement of more than 1 tree is limited by utilities or other constraints, the Development Authority may allow a substitution of 7 additional shrubs for any tree required in this District. This shall not reduce the number of trees provided on any lot to less than 1.
- (4) Street trees adjacent to a proposed development in this district located in conjunction with a separate walk may be considered as part of the required tree count for this District. In circumstances where street trees are counted as a part of the requirements above, all lots shall provide a minimum of 1 tree and 5 shrubs.

8.5.12 RMH, Manufactured Home Residential District

Purpose and Intent

The intent of this District is to provide for the comprehensive development of a residential neighbourhood consisting exclusively of prefabricated or modular residential developments.

Permitted Land Uses

Manufactured Home
Accessory Building
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Home Business, General
Retail Store, Convenience
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Dimensions

Minimum Dimensions

Lot/Unit Type	Area	Width
Single-Wide Unit	320m ²	10.0m
Double-Wide Unit	370m ²	12.4m

Development Requirements

Maximum Site Area for MH Community	2.0 Hectares
Maximum Density	24 Units/Ha 10 Units/Acre

Minimum Required Setbacks

Front Yard	3.5m
Side Yard	2.0m
Rear Yard	5.0m
Separation Distance Between Units	3.2m

Massing and Coverage

Maximum Building Height	6.0m
Maximum Building Coverage	50% of Site Area
Minimum Landscaping	35% of Site Area

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.01
- (2) Units shall be located so as to create an attractive and coherent development pattern along the street based on unit orientation, colour, material, size and style.
- (3) A Manufactured Home shall be placed on a foundation that complies with the current Alberta Building Code;
- (4) The undercarriage of each Manufactured Home shall be suitably enclosed from view by skirting or other such means satisfactory to the Development Authority. Axles, wheels and trailer hitches shall be removed where they are not part of the frame. Where a hitch cannot be removed, it shall be skirted or covered from view using complementary materials to the satisfaction of the Development Authority.
- (5) Accessory buildings or accessory developments such as additions shall be designed and constructed to complement the principal building.
- (6) Notwithstanding the minimum setbacks listed above, one side yard may be reduced to a minimum of 1.2 metres. A side yard reduced in this way shall abut an interior side yard of 2.0 metres on the adjacent lot.
- (7) The height of any addition or accessory building shall not exceed the roof line of the original principal building.

Parking, Access and Connectivity

- (8) All roads in the manufactured home community shall be paved and of sufficient width to accommodate the passage of emergency vehicles.
- (9) A parking pad shall be provided on each site and shall be located:
 - (a) Where the lot has access to a lane, to the rear of the dwelling and constructed to accommodate a garage that meets the requirements of this Bylaw; or
 - (b) Where there is no access to a lane, at the front of the dwelling.

Site Plan Requirements

- (10) An approved comprehensive site plan shall be required prior to the development of land in this district, and all development must conform to the comprehensive site plan. The proposed plan must include the following to the satisfaction of the Development Authority:
- (a) Access, road systems, sidewalk and pathway system and site pattern showing dimensions and structures;
 - (b) Provision for on-site garbage and recycling collection facilities; and
 - (c) A minimum of 10% of the community must be provided in a suitable location for the common recreational use and enjoyment of the community.

8.5.13 R3, Low-Rise Multifamily Residential District

Purpose and Intent

The purpose of this district is to provide for Multi-Residential Development at a development density that would be compatible with either low density or high density adjacent districts, with a height not intended to exceed three storeys. This district is intended primarily for apartment buildings and similar forms of medium density housing. Townhouses and Semi-Detached dwellings are intended to be used to complement the primary housing forms and for transition to other districts.

Permitted Land Uses

Multi-Residential Development
Home Business, Limited
Child Care, Limited

Discretionary Land Uses

Dwelling, Townhouse
Dwelling, Secondary Suite
Bylaw B-30/2024
Dwelling, Semi-Detached
Dwelling, Live-Work
Accessory Building
Supportive Housing, Limited

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Minimum Dimensions

Development Site	Area	Width
Multi-Residential Development	800m ²	20.0m
Townhouse AND Semi-Detached	At the discretion of the Development Authority, subject to the standards set out in Section 7.30 (Site Design)	

Development Density

Standard Density Range	37-62 Units/Ha 15-25 Units/Acre
Subject to Site Design Criteria	Up to 74 Units/Ha Up to 30 Units/Acre

Minimum Required Setbacks

Front Yard, Townhouse	3.0m
Front Yard, All Other	4.5m
Side Yard, Townhouse Interior	N/A
Side Yard, Townhouse End	1.5m
Side Yards, All Other	3.0m
Rear Yard, Standard	7.0m
Rear Yard, Facing a Park or other Open Space	4.5m
Building Separation for Multi-Residential Development	3.0m

Massing and Coverage

Maximum Building Height	13.0m 3 Storeys
Maximum Site Coverage	65% of Site Area
Minimum Landscaping	20% of Site Area
Minimum Amenity Area	
- Townhouses	25m ² per Unit
- Multi-Residential Development	15m ² per Unit
Max Continuous Building Frontage (Townhouses/Other Uses)	
-District Standard	6 Units/45.0m
-Subject to Additional Design Criteria	8 Units/60.0m

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.02
- (2) For developments comprising multiple buildings, the Development Authority shall be granted discretion to determine the appropriate provisions for front, rear, and side yards and their associated setbacks.

Parking, Access and Connectivity

- (3) Where there is a private internal roadway, the design and location of parking shall meet the requirements of this Bylaw and shall be to the satisfaction of the Development Authority.
- (4) Visitor parking must be clearly marked and located within a surface parking area.
- (5) Development within this district must address the following to the satisfaction of the Development Authority:

- (a) Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and amenity areas, and cross-walks at the perimeter of the site;
- (b) Accessibility for transit and other forms of transportation;
- (c) Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.

Site Design Criteria for Additional Development Density

- (6) The Development Authority may allow an increase in density above the standard range, shown above, subject to the merits of the application and the following considerations:
 - (a) The location of the development site along a transit corridor or adjacent to a community commercial centre, as determined by the Development Authority.
 - (b) Incorporation of site design and site planning principles consistent with the standards outlined in **Section 7.30** (Site Design).
 - (c) The development's provision of additional amenities and features, above the minimum requirements of this Bylaw, that support broader policy goals and objectives outlined in the Airdrie City Plan or CASP/NSP.
 - (d) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (e) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

8.5.14 R4, Mid-Rise Multifamily Residential District

Purpose and Intent

The purpose of this district is to provide for Multi-Residential Development in a variety of forms, at moderate heights and intensities. This district is intended to be used at community nodes and in close proximity to major corridors where higher density development is supported by transit and public amenity.

Permitted Land Uses	Discretionary Land Uses

Development Standards

(1) Signs in this district shall be regulated in accordance with Table S.02

- (2) For developments comprising multiple buildings, the Development Authority shall be granted discretion to determine the appropriate provisions for front, rear, and side yards and their associated setbacks.

Additional Development Permit Application Requirements

- (3) Notwithstanding the requirements of **Section 2.3.3** (Requirements for a Development Permit Application), development in this district shall require plans and/or information that outline the following to the satisfaction of the Development Authority:
 - (a) The mix of land uses, dwelling types, street cross sections, building form and character.
 - (b) The relationship between buildings, structures and open space on the development site, the architectural treatment of buildings, the provision and design of landscaped areas, and the parking layout.

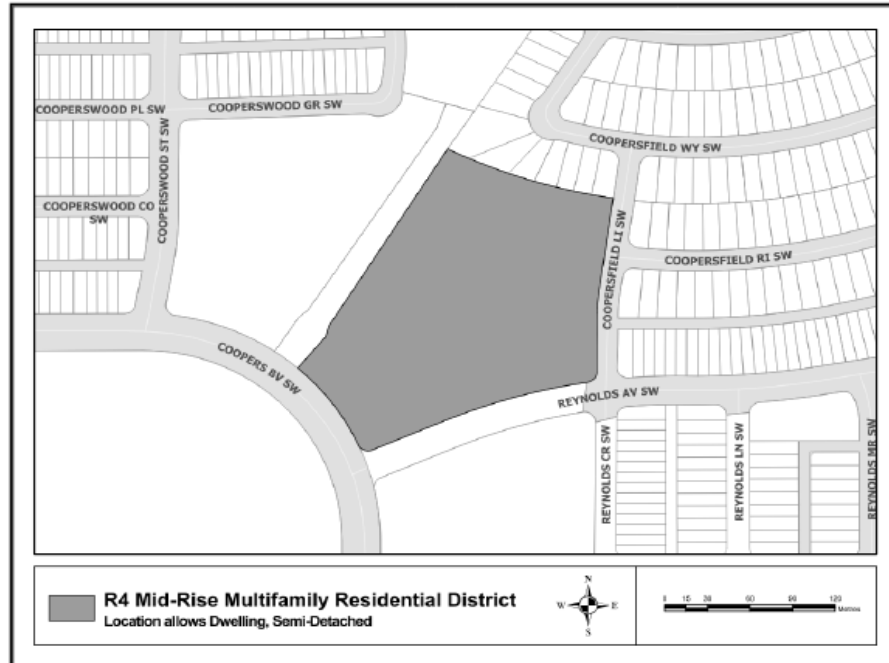

Parking, Access, and Connectivity

- (4) Where there is a private internal roadway, the design and location of parking shall meet the requirements of this Bylaw and shall be to the satisfaction of the Development Authority.
- (5) Visitor parking must be clearly marked and located within a surface parking area.
- (6) Development within this district must address the following to the satisfaction of the Development Authority:
 - (a) Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and amenity areas, and cross-walks at the perimeter of the site;
 - (b) Accessibility for transit and other forms of transportation;
 - (c) Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.

Site Design Criteria for Additional Development Density

- (7) The Development Authority may allow an increase in density above the standard range, shown above, subject to the merits of the application and the following considerations:
 - (a) The location of the development site along a transit corridor or adjacent to a community commercial centre, as determined by the Development Authority.
 - (b) Incorporation of site design and site planning principles consistent with the standards outlined in **Section 7.30** (Site Design).
 - (c) The development's provision of additional amenities and features, above the minimum requirements of this Bylaw, that support broader policy goals and objectives outlined in the Airdrie City Plan or CASP/NSP.
 - (d) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (e) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

Diagram 4: Locations for Semi-Detached Dwellings

Bylaw B-08/2023

8.5.15 R5, High Density Residential District

Purpose and Intent

The purpose of this district is to provide for Multi-Residential Development through large-scale apartment buildings and other multi-building development sites. This district is intended to be used within or adjacent to the downtown, and in proximity to major transportation corridors where higher density development is supported by transit and public amenity.

Permitted Land Uses

Multi-Residential Development
Home Business, Limited
Child Care, Limited
Public Assembly, Limited

Discretionary Land Uses

Dwelling, Townhouse
Dwelling, Live-Work
General Mixed Use Development
Bylaw B-31/2023
Accessory Building
Supportive Housing, Limited
Supportive Housing, General

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Minimum Dimensions

Development Site	Area	Width
Multi-Residential Development	1,200m ²	24.0m
Townhouse Units	At the discretion of the Development Authority, subject to the standards set out in Section 7.30 (Site Design)	

Development Density

Standard Density Range	74-112 Units/Ha 30-45 Units/Acre
Subject to Site Design Criteria	Up to 124 Units/Ha Up to 50 Units/Acre

Minimum Required Setbacks

Front Yard, Townhouse	3.0m
Front Yard, All Other	4.5m
Side Yard	3.0m
Additional Side Yard (Each Storey Above 3rd)	+0.5m
Rear Yard, Standard	7.0m
Rear Yard, Facing a Park or other Open Space	4.5m
Building Separation	
- Townhouse	3.0m
- Multi-Residential Development	6.0m

Massing and Coverage

Maximum Building Height	6 Storeys
Maximum Site Coverage	80% of Site Area
Minimum Landscaping	10% of Site Area
Minimum Amenity Area	15m ² per Unit
Max Continuous Building Frontage	N/A

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.02
- (2) For developments comprising multiple buildings, the Development Authority shall be granted discretion to determine the appropriate provisions for front, rear, and side yards and their associated setbacks.

Additional Development Permit Application Requirements

- (3) Notwithstanding the requirements of **Section 2.3.3** (Requirements for a Development Permit Application), development in this district shall require plans and/or information that outline the following to the satisfaction of the Development Authority:
 - (a) The mix of land uses, dwelling types, street cross sections, building form and character.
 - (b) The relationship between buildings, structures and open space on the development site, the architectural treatment of buildings, the provision and design of landscaped areas, and the parking layout.

Parking, Access and Connectivity

- (4) Where there is a private internal roadway, the design and location of parking shall meet the requirements of this Bylaw and shall be to the satisfaction of the Development Authority.
- (5) Visitor parking must be clearly marked and located within a surface parking area.
- (6) Development within this district must address the following to the satisfaction of the Development Authority:
 - (a) Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and amenity areas, and cross-walks at the perimeter of the site;
 - (b) Accessibility for transit and other forms of transportation;
 - (c) Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.

Site Design Criteria for Additional Development Density

- (7) The Development Authority may allow an increase in density above the standard range, shown above, subject to the merits of the application and the following considerations:
 - (a) The location of the development site along a transit corridor or adjacent to a community commercial centre, as determined by the Development Authority.
 - (b) Incorporation of site design and site planning principles consistent with the standards outlined in **Section 7.30** (Site Design).
 - (c) The development's provision of additional amenities and features, above the minimum requirements of this Bylaw, that support broader policy goals and objectives outlined in the Airdrie City Plan or CASP/NSP.
 - (d) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (e) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

8.5.16 M1, Neighbourhood Mixed Use District

Purpose and Intent

The purpose of this district is to provide low-intensity development accommodating a mix of residential and commercial uses. Development in this district is intended to be similar to a typical residential neighbourhood in form, with commercial uses at grade.

Permitted Land Uses	Discretionary Land Uses
Accessory Building Animal Service, Limited Artist Studio Bylaw B-25/3023 Business Support Service Child Care, Limited Dwelling, Live-Work Unit Dwelling, Secondary Suite ² Bylaw B-30/2024 Financial Service Government Service Health Care, Limited Home Business, Limited Bylaw B-26/3023 Indoor Recreation, Limited Mixed Use Development, Limited Bylaw B-13/2021 Office Personal Service Restaurant Retail Store, Convenience Retail Store, General Supportive Housing, Limited	Bed & Breakfast Cannabis Retail Bylaw B-62/2021 Child Care, General Bylaw B-31/2023 Dwelling, Duplex Dwelling, Semi-Detached Dwelling, Single Detached Home Business, General Home Business, Major Residential Sales Centre Bylaw B-26/2021 Residential Show Home Retail Store, Liquor Supportive Housing, General Temporary Event Urban Agriculture Bylaw B-08/2021

Special Requirements for Vehicle Sales and Leasing

- (5) Any Development Permit approval for *Vehicle Sales and Leasing* shall be limited to a term of up to 5 years, at the discretion of the Development Authority. Applications for renewal shall also be limited to an approval term of up to 5 years, at the discretion of the Development Authority.
- (6) In reviewing Development Permit applications for this use, the Development Authority shall have discretion with respect to the number, size, location and arrangement of rental vehicles to be placed on the site.
- (7) Notwithstanding Section 3.11(1) of the Land Use Bylaw, a landscaping strip shall be required adjacent to the interface with all adjacent roads to the satisfaction of the Development Authority.
- (8) Notwithstanding the landscaping requirements provided in **Table 4** of this Bylaw, landscaping for the development of any Vehicle Sales and Leasing use shall be required to:
 - (a) Provide one tree and three shrubs per 20m² of landscaping area provided;
 - (b) Provide 50% of the required tree and shrub counts as coniferous species, and;
 - (c) Meet the following landscaping standards:
 - i. Deciduous Tree (Large): 85mm
 - ii. Deciduous Tree (Small): 70mm
 - iii. Coniferous Tree (Large): 3.0m height
 - iv. Coniferous Tree (Small): 2.0m height
 - v. Shrubs: 0.75m minimum height or spread
- (9) Landscaping for this site shall be complemented with decorative fencing to the satisfaction of the Development Authority.

Diagram 12: Locations for Private Educational Institution Uses

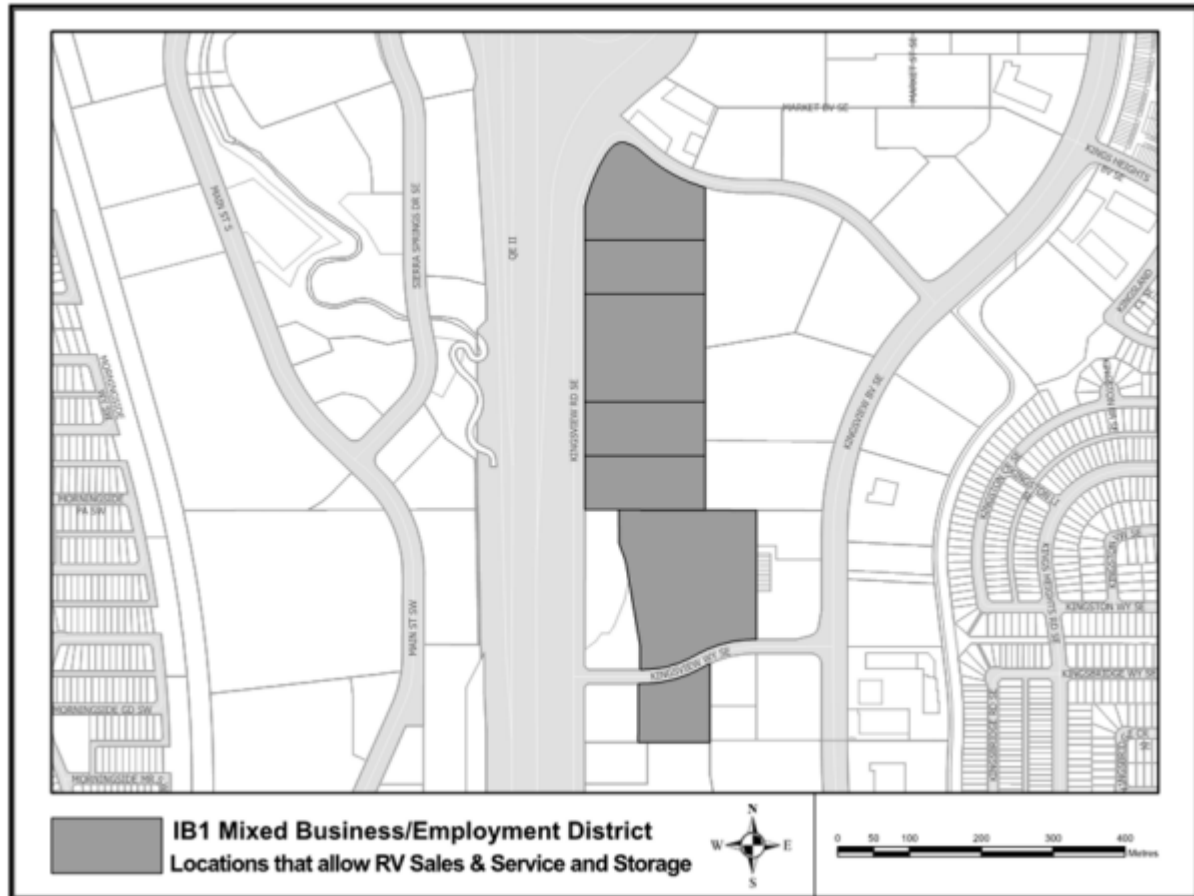

Bylaw B-36/2008

Special Requirements for Private Educational Institutions

- (2) In addition to the general requirements provided above, development of a Private Educational Institution within this district shall be subject limited to a maximum capacity not to exceed a maximum of 350 Students and 4,100m² Floor area (including all shared facilities and ancillary uses).
- (3) The development of a Private Educational Institution within this district shall be subject to a site plan and the application's ability to address the following site planning considerations, to the satisfaction of the Development Authority:
 - (a) Accessibility for pedestrian and vehicular traffic;
 - (b) Transportation capacity and any measures that may be required to limit conflict between school and industrial traffic;
 - (c) Adequate provision of parking, bus loading, and parent drop-off onsite;
 - (d) Provision for emergency access and an emergency response plan addressing evacuation procedures;
 - (e) Amount and location of outdoor amenity space and recreation areas
 - (f) Consideration of any impacts on adjacent sites or community facilities;
 - (g) Applicability and alignment with all statutory plans and policies;
 - (h) Such other information as deemed necessary by the Development Authority.
- (4) To address compatibility of a Private Educational Institution within this district, the Development Authority may require mitigation of potential development impacts on the adjacent lands, including the provision or design of:
 - (a) Landscaping and interface treatment;
 - (b) On-site lighting;
 - (c) Noise attenuation measures;
 - (d) Location and design of parking or other high activity areas, or;
 - (e) Changes to the proposed structure to mitigate impacts.

Diagram 13: Locations for RV Sales & Service and RV Storage Uses

Bylaw B-21/2022

Special Requirements for RV Sales & Service and RV Storage

- (5) Notwithstanding any other requirements of this Bylaw, the development of any RV Sales and Service or RV Storage use in this district shall be required to provide a minimum of 9.1m of landscaping and screening, designed to the satisfaction of the Development Authority in the front yard and the side yard of a corner lot.
- (6) Notwithstanding the landscaping requirements provided in **Part 3** of this Bylaw, landscaping for the development of any RV Sales and Service or RV Storage use shall be required to:
 - (a) Provide one tree and three shrubs per 30m² of landscaping area provided;
 - (b) Provide 2/3 of the required tree count as large trees, and;
 - (c) Meet the following landscaping standards:
 - i. Deciduous Tree (Large): 85mm
 - ii. Deciduous Tree (Small): 70mm
 - iii. Coniferous Tree (Large): 3.0m height
 - iv. Coniferous Tree (Small): 2.0m height
 - v. Shrubs: 0.75m minimum height or spread

8.5.24 IB-O, Office Park and Employment District

Purpose and Intent

The purpose of this district is to accommodate buildings for a range of office and complementary uses. The focus of this district will be on commercial business employment, generally office, research and development, and other related business uses. Secondary retail, service, and industrial uses may be developed at a smaller scale to support the employment base.

Diagram 16: Location for General Public Assembly

Special Requirements for General Public Assembly

- (4) Any Development Permit approval for a General Public Assembly land use shall be limited to a term of up to 3 years, at the discretion of the Development Authority. Applications for renewal shall also be limited to an approval term of up to 3 years, at the discretion of the Development Authority.
- (5) Notwithstanding the provisions of Section 2.1.2, Council shall be the Approving Authority for Change of Use Development Permit applications for this land use within this district.
- (6) The Development Authority shall consider whether the approval of the Development Permit application for a General Public Assembly could reasonably create incompatibility or impact surrounding land uses and supporting public infrastructure; and may require that the development of a Public Assembly land use on this site limit or mitigate potential impacts as a part of the Development Permit application.

For example: without limiting the generality of the above standard, the Development Authority may limit hours of operation, require improvements or reorientation of parking areas to address site access and circulation, and/or require screening or landscaping to be provided as a part of the Development Permit application for the Public Assembly use.

- (7) Notwithstanding the standards for Interfaces adjacent to Sensitive Land Uses provided in Section 7.17(3) through (6) of this Bylaw, the Development Authority shall consider the land use district of any surrounding parcels and the context around this site as a primarily industrial area. Accordingly:
 - (a) the Development Authority shall not limit or place undue requirements on any sensitive land uses in proximity to this site to ensure compatibility with the General Public Assembly land use, and;
 - (b) where there are concerns for development compatibility or potential impacts between this site and surrounding industrial parcels, the Development Authority shall consider interface conditions and mitigation of potential impacts under the scope of the development for the General Public Assembly land use.

- (8) In addition to the Requirements for a Development Permit Application outlined in Section 2.3.3 of this Bylaw, a development permit application for a General Public Assembly land use on this site shall provide a detailed breakdown of hours of operation and capacities of the Public Assembly as well as all accessory and ancillary uses and functions on the site.
 - (a) If the Development Authority determines that the anticipated intensity of the proposed use could create traffic greater than what would be expected of the surrounding industrial area or unduly impact traffic and circulation to surrounding parcels, the Development Authority shall require the submission of a Traffic Impact Analysis prepared by a qualified engineer to confirm any potential impacts and make recommendations that would address or mitigate the same.
- (9) In addition to the provisions for Variances outlined in Section 2.4.4 of this Bylaw, where there is any proposed variance to the parking requirements for a General Public Assembly land use on this site, the Development Authority shall require a Parking Study prepared by a qualified engineer to support the Variance and outline:
 - (a) how the site will accommodate access and circulation to the site and within the surrounding area, and;
 - (b) that there will be no impacts on public roadways or surrounding parcels as a result of the proposed variance.

Bylaw B-56/2022

8.5.27 AP, Airport Employment District

Purpose and Intent

The purpose of this district is to provide for development of business and supporting uses that occur on and around a regional airport facility.

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.11
- (2) Notwithstanding the Maximum Building Coverage listed above, at the discretion of the Development Authority, minor food and retail concessions may be permitted provided that the combined maximum gross floor area of such uses on a site does not exceed 100m².

8.5.29 P-2, Public Facilities District

Purpose and Intent

The purpose of this district is to provide for higher intensity civic and institutional uses that would normally exist within an urban context. This would include schools and more developed recreation uses, as well as Municipal offices, facilities and other essential public services.

Permitted Land Uses	Discretionary Land Uses
Community Service Facility	Accessory Building

Purpose and Intent

The purpose of this district is to provide for the preservation of natural open space and to protect environmentally sensitive lands from harmful or incompatible development.

Permitted Land Uses

N/A

Discretionary Land Uses

Community Service Facility
Temporary Event

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Regulations

- (1) Additional requirements (above minimum standards generally required of all development) shall be determined by the Development Authority. The Development Authority may impose standards regarding site dimensions, minimum setbacks, building massing and lot coverage, and minimum/maximum floor areas.
- (2) Any clearing, tree cutting, trail construction, irrigation, or similar activity within this district shall require Development Permit approval.
- (3) Any Development Permit applications or requests for clearing, tree cutting, trail construction, irrigation, or similar activity which requires the restoration and rehabilitation of a site upon completion of such activity shall be accompanied by detailed landscaping plan prepared to the satisfaction of the Development Authority.
- (4) Any Development Permit applications within this district shall be required to provide an environmental site inventory and impact assessment, prepared to the satisfaction of the Development Authority.
- (5) Notwithstanding the list of Permitted and Discretionary uses above, a Community Service Facility in this district shall be limited to an interpretive centre.

Sign Regulations

- (6) All signs in this District are considered Discretionary.
- (7) Unless otherwise provided under this District, the general requirements for signage contained in **Part 5** shall apply to this District.

8.5.32 UH, Urban Holdings District

Purpose and Intent

The purpose of this district is to provide for limited use and development in areas that are required for future urban subdivision and development. Urban development will not be supported until there is an amending bylaw designating the appropriate districts in conformity with the policies and provisions of the Municipal Development Plan and any adopted area structure plan or area redevelopment plan for the lands under consideration.

Permitted Land Uses	Discretionary Land Uses
Community Garden Essential Public Service Park	Accessory Building Agricultural Operation, General Agricultural Operation, Limited Dwelling, Single Detached Garden Centre Greenhouse Temporary Event Temporary Storage

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.13
- (2) The minimum front yard setback for a principal building, accessory development and parking shall be 20.0m
- (3) Additional requirements (above minimum standards generally required of all development) shall be determined by the Development Authority.
- (4) The Development Authority may impose standards regarding site dimensions, minimum setbacks, building massing and lot coverage, and minimum/maximum floor areas.
- (5) The Development Authority may specify the length of time a use is permitted in this district having regard to the servicing and future residential development of the subject land.

8.5.33 AG, General Agriculture District

Purpose and Intent

The purpose and intent of this District is to provide for agricultural activities as the primary land use on large parcels of lands remaining as a full quarter section or the balance of lands from a previous subdivision.

Permitted Land Uses	Discretionary Land Uses
Accessory Building Agricultural Operation, General Agricultural Operation, Limited Dwelling, Garage Suite Dwelling, Garden Suite Dwelling, Secondary Suite Dwelling, Single Detached Government Service Home Business, Limited	Agricultural Operation, Major Animal Service, General Animal Service, Limited Animal Service, Major Bed & Breakfast Community Service Facility Farmers Market Garden Centre Greenhouse Home Business, General Home Business, Major Manufactured Home Supportive Housing, Limited Supportive Housing, General Temporary Event

- From Any Other Road	15.0m
- All Other Side Yards	6.0m
Rear Yard Setbacks:	
- From Any Highway	30.0m
- All Other Rear Yards	15.0m

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.14
- (2) An Accessory Building may only be considered as a Permitted Use where it does not exceed 500m² in area, and shall otherwise be considered as a Discretionary Use.
- (3) At the discretion of the Development Authority, ancillary sales of agricultural produce from an Agricultural Operation may be permitted on the same site as the Agricultural Operation.
- (4) Where an Agricultural Operation, Major is proposed as an accessory use or as the principal use and where it would abut a residential neighbourhood or use, the developer shall provide the Development Authority with an off-site impact assessment as part of the application for a Development Permit, indicating measures taken to ensure that noise, visual, or environmental impacts from the proposed development will not negatively affect the adjoining residential neighbourhood.
- (5) Notwithstanding the site dimension regulations listed above, no further subdivision is permitted for existing parcels with no municipal servicing and for which there is no statutory plan supporting further subdivision of existing parcels. This provision shall not apply to lot line adjustments or other applications which do not result in an increase in the number of lots.
- (6) Notwithstanding the site dimension regulations listed above, this Bylaw is intended to maintain the subdivision rights granted to certain parcels under Land Use Bylaw C-1725-84 (former Land Use Bylaw applicable to Rocky View County lands). Accordingly, the subdivision of one (1) parcel or lot is permitted from the following properties:
 - (a) NE¼ 22-27-29 W4M (formerly designated AG-2)

- (7) Notwithstanding the regulations of **Section 6.22** (Suites):
- (a) All applications for suites are subject to water and septic capacity testing. On-site water supply and sewage disposal shall be provided to the standards required by the Province.
 - (b) A second Secondary Suite or Garage Suite may be considered in this district where the dwelling unit is used for the purposes of family care or farm help, and when associated with a dwelling used to accommodate persons engaged in farming operations as a part of the principal agricultural use on the site. Such applications shall be evaluated as a Discretionary Use.
- (8) Additional dwellings may be considered in this district where they are used for accommodation of persons engaged in farming operations as a part of the principal agricultural use on the site. Such applications shall be evaluated as a Discretionary Use.

8.5.34 AH, Agriculture Holdings District

Purpose and Intent

The purpose and intent of this District is to provide for a range of parcel sizes for agricultural uses, providing for traditional agricultural pursuits on large parcels of land while also recognizing emerging trends and new agricultural uses which may be successfully developed on smaller parcels of land.

Permitted Land Uses	Discretionary Land Uses
Accessory Building Agricultural Operation, General Agricultural Operation, Limited Dwelling, Garage Suite Dwelling, Garden Suite Dwelling, Secondary Suite Dwelling, Single Detached Government Service Home Business, Limited	Agricultural Operation, Major Animal Service, General Animal Service, Limited Animal Service, Major Bed & Breakfast Community Service Facility Farmers Market Garden Centre Greenhouse Home Business, General Home Business, Major Manufactured Home Temporary Event Urban Agriculture

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Minimum Site Dimensions

Site Area	1.6 Ha (4 Acres)
-----------	------------------

Massing and Coverage

Maximum Building Height	
- Principal Building	10.0m
- Accessory Buildings	5.5m

Minimum Required Setbacks

Front and Side Yard Setbacks:	
- From Any Highway	60.0m
- From Any Arterial/Collector	45.0m
- From Any Other Road	15.0m
- All Other Side Yards	6.0m
Rear Yard Setbacks:	
- From Any Road	30.0m
- All Other Rear Yards	15.0m

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.14
- (2) An Accessory Building may only be considered as a Permitted Use where it does not exceed 80m² in area, and shall otherwise be considered as a Discretionary Use.
- (3) At the discretion of the Development Authority, ancillary sales of agricultural produce from an Agricultural Operation may be permitted on the same site as the Agricultural Operation.
- (4) Notwithstanding the site dimension regulations listed above, no further subdivision is permitted for existing parcels with no municipal servicing and for which there is no statutory plan supporting further subdivision of existing parcels. This provision shall not apply to lot line adjustments or other applications which do not result in an increase in the number of lots.
- (5) Notwithstanding the regulations of **Section 6.22** (Suites), all applications for suites are subject to water and septic capacity testing. On-site water supply and sewage disposal shall be provided to the standards required by the Province.
- (6) No agricultural land uses, including agricultural operations, greenhouses, and garden centres shall be permitted on properties smaller than 6.0 hectares in area.

8.5.36 RR-4, Rural Residential Four-Acre District

Purpose and Intent

The purpose of this District is to provide a residential use on small parcels of land which also accommodate minor agricultural pursuits and associated accessory buildings.

Permitted Land Uses	Discretionary Land Uses

Development Standards

- (1) Signs in this district shall be regulated in accordance with Table S.15
- (2) Notwithstanding the site dimension regulations listed above, no further subdivision is permitted for existing parcels with no municipal servicing and for which there is no statutory plan supporting further subdivision of existing parcels. This provision shall not apply to lot line adjustments or other applications which do not result in an increase in the number of lots.
- (3) Where an Agricultural Operation, Major is proposed as an accessory use or as the principal use and where it would abut a residential neighbourhood or use, the developer shall provide the Development Authority with an off-site impact assessment as part of the application for a Development Permit, indicating measures taken to ensure that noise, visual, or environmental impacts from the proposed development will not negatively affect the adjoining residential neighbourhood.
- (4) At the discretion of the Development Authority, an Agricultural Operation in this district may allow facilities which provide for tourism ventures related to agriculture. This may include the provision of accommodation, retail establishments, food and beverage services, entertainment, agricultural tours, classes, workshops, retreats, outdoor and wildlife-related recreation, festivals and events, and demonstrations.
- (5) The design, character and appearance of all buildings shall be appropriate and compatible with the surrounding area and shall be constructed of durable materials designed to maintain the initial quality throughout the life of the project.

- (6) A Development Authority may require a greater building setback for a proposed development which, in the opinion of a Development Authority, may interfere with the amenity of adjacent sites.
- (7) A Development Authority may require an Environmental Impact Assessment where there is uncertainty as to potential impacts of potential significant risk from the proposed development.

8.5.42 RB-H, Rural Business: Highway District

Purpose and Intent

The purpose of this district is to allow for development along highways and major transportation corridors. Development is intended to provide services to the traveling public and tourists, and include businesses that require a high degree of visibility and ease of access to transportation routes. These areas represent 'gateway' development and are intended to maintain a high standard of visual quality.

9. Direct Control Bylaws

9.1 Special Land Use provisions for Direct Control Districts

Notwithstanding the list of Permitted and Discretionary Uses provided in any Direct Control Bylaw:

- (1) The provisions for land uses outlined in **Section 8.4** (Land Uses Permitted in All Districts) shall also apply to any Direct Control Bylaws;
- (2) The following standards shall apply to Accessory Suites:
 - (a) A Secondary Suite shall be considered a Permitted Use in any Direct Control Bylaw where a Dwelling, Single Detached is listed as either a Permitted or Discretionary Use. Any proposed Secondary Suites in a Direct Control Bylaw shall be subject to a Development Permit application and shall meet all requirements and standards provided in Section 6.22.3 (Secondary Suites), and other applicable standards, unless otherwise stated in the Direct Control Bylaw.
 - i. Notwithstanding the above, a Secondary Suite shall be considered a Discretionary Use where it is developed on the same site as a zero lot line development.
 - ii. Notwithstanding the above, a Secondary Suite shall be considered a Discretionary Use where it is listed as a Discretionary Use in a Direct Control Bylaw.
 - (b) A Secondary Suite shall be considered a Discretionary Use in any Direct Control Bylaw where a Dwelling, Semi Detached is listed as either a Permitted or Discretionary Use.
 - (c) A Garage Suite or Garden Suite shall be considered a Discretionary Use in any Direct Control Bylaw where a Dwelling, Single Detached is listed as either a Permitted or Discretionary Use. Any proposed Garage Suite or Garden Suite in a Direct Control Bylaw shall be subject to a Development Permit application and shall meet all requirements and standards provided in Section 6.22.1 (Garage Suite) and Section 6.22.2 (Garden Suite), and other applicable standards, unless otherwise stated in the Direct Control Bylaw.
 - (d) Where an Accessory Suite is developed on the same site as a zero lot line development, the entrance to the suite shall not be allowed on the same side yard where the private maintenance easement is provided.
- (3) For any Direct Control District, the Development Authority shall apply the standards and requirements of the Sign Table which applies to the closest comparable Land Use District.

Bylaw B-30/2024

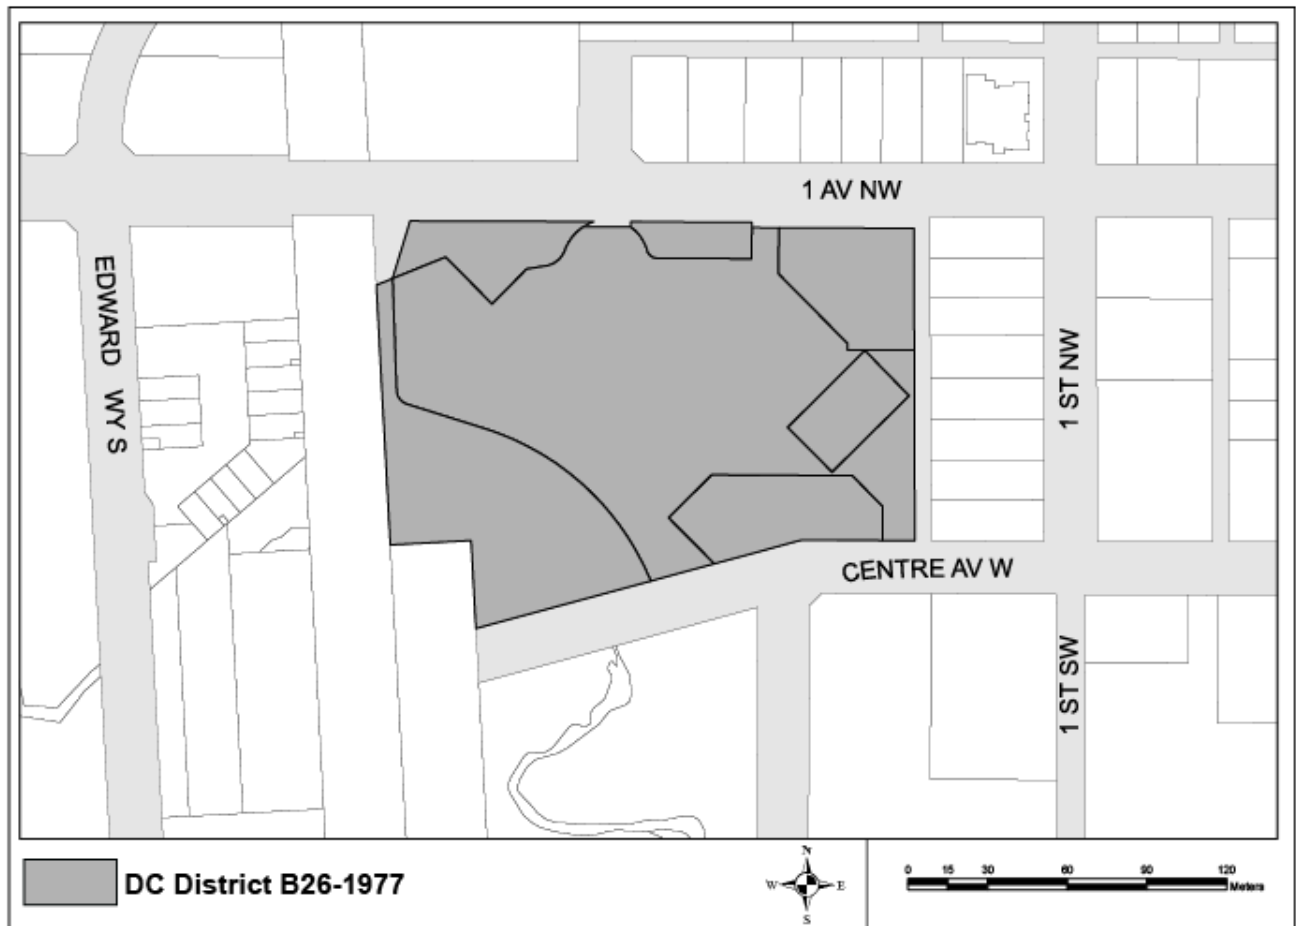

9.2 Direct Control Districts

9.2.1 Direct Control Bylaw 1 (DC-01)

Bylaw No. B26-1997

General/Administrative Regulations

- (1) Affected Lands: Block X, Plan 4000R within a portion of the South West Quarter of Section 12, Township 27, Range 1, West of the 5th Meridian, containing 2.43 hectares (6 acres) more or less as generally illustrated on the sketch plan which follows:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Development of the site is limited to a medium-density apartment building, 10 townhouse units, 3 commercial buildings along 1st Avenue, and extensive site landscaping.
- (4) While the site will contain primarily residential buildings, their use is limited to housing for seniors who may require some assistance in their day-to-day living, meals, housekeeping, maintenance of grounds, etc.
- (5) While the proposal contemplates no dedication of Reserves, the integrity of the Nose Creek corridor as a public open space / pedestrian corridor must be maintained by subdividing Environmental Reserve and/or Municipal Reserve along Nose Creek, to be negotiated.
- (6) The proposal contemplates a major reduction in the normal (2/unit) parking requirements for conventional residential developments. This development will provide a minimum ratio of 1 stall per unit for the residential buildings, with normal requirements applying to the commercial portions of the site.

- (7) As the site lies almost entirely within the currently designated Flood Risk Area, as per the Alberta Environmental Protection's Flood Risk Map, the site's development must be subject to approval of flood proofing measures by Alberta Environmental Protection, and to the satisfaction of the City.
- (8) As the current proposal is not supported by a set of "Development Permit level" drawings, the development of the site shall be considered to be discretionary under the Land Use Bylaw.
- (9) Parking must be provided in accordance with the Land Use Bylaw for any commercial or service component of the development which is open to the public.
- (10) The site is to be designed to allow for the development of buildings fronting directly to 1st Avenue as generally illustrated on the site plan submitted to the City on December 3, 1997. This frontage shall be developed to allow for uses listed under the Central Business District in the Land Use Bylaw, and shall be supplied with vehicular access and parking appropriate to this commercial component, to the satisfaction of the Municipal Planning Commission.

Land Use Regulations for Residential Developments

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (11) The purpose and intent of this District is to provide for the multi-dwelling residential developments with densities in the range of 13 to 26 units per net acre.

List of Permitted Uses	List of Discretionary Uses
Accessory Buildings Child Care, Limited Home Business, Limited	Bed and Breakfast Child Care, General Dwelling, Townhouse Home Business, General Multi-Residential Development
	<u>Bylaw B-31/2023</u>

Minimum Setbacks	
Front Yards	
Front Yard	5 m
Side Yards	
Sites without Lane Access	3 m for one side yard
Street Side of Corner Site	3 m
All Other Side Yards	1.5 m
Rear Yards	
Rear Yard	5 m

Massing and Coverage	
Maximum Building Height	10 m at eave line
Maximum Building Height	3 Storeys

Development Density	
Standard Density Range	32 – 64 Units/Ha 13 – 26 Units/Acre

Setback Requirements

- (12) No above grade decks shall encroach into required rear or side yards for townhouse dwelling units.

Landscaping Requirements

- (13) A minimum of 40% of the area of a site shall be provided for landscaping and recreational purposes. The areas of amenity and recreational facilities within the building (including patios, swimming pools, and communal lounges for the free use of the tenants) may be used in the calculation of total requirements for recreational landscaping.
- (14) The location of recreational and landscaping areas is subject to the approval of the Development Authority.
- (15) Where a landscaped area is required, it shall be provided in accordance with a landscape plan and in conformity with the following requirements and standards:
 - (a) Existing soft landscaping retained on a site may be considered in fulfilment of the total landscaping requirement.
 - (b) Except for municipal boulevards, trees shall be planted in the overall minimum ratio of 1 tree per 35m² of landscaped area and 1 tree per 20m² of required parking area islands.

- (c) A substitution of the tree requirement with a combination of trees and shrubs to the satisfaction of the Development Authority may be permitted in accordance with the general landscaping requirements of the Land Use Bylaw.

Amenity Requirements

- (16) Each unit of a multi-dwelling complex shall be provided with a private outdoor amenity space as follows:
- (a) Patios and Courtyards: A minimum dimension of 2.4 metres and a minimum area of 7.4m² for each dwelling unit located at or below grade.
 - (b) Balconies and Terraces: A minimum dimension of 1.5 metres and a minimum area of 4.5m² for each dwelling unit located not more than 4 storeys above grade, OR a minimum dimension of 1.8 metres and a minimum area of 5.6m² for each dwelling unit located more than 4 storeys above grade.
 - (c) Private outdoor amenity space shall be located immediately adjacent to and be accessible from the dwelling unit.
 - (d) Private outdoor amenity space shall be designed to provide visual privacy.
 - (e) In addition to any required private outdoor amenity space, all developments with less than 20 dwelling units (except where all dwelling units have frontage along public roadways), shall provide a minimum of 2.5m² of amenity area per unit as communal recreation space, which shall be aggregated into a single contiguous and useable area.

Land Use Regulations for Commercial Developments

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (17) The purpose and intent of this District is to provide for a wide range of commercial, retail, office, and entertainment uses serving the City and the surrounding region.

List of Discretionary Uses	
Accessory Building	Government Service
Secondary Suite ¹	Health Care, Limited
Animal Service, Limited	Hotel
Business Support Service	Indoor Recreation, Limited
Cannabis Retail	Office
Child Care, General	Personal Service
	Restaurant
Community Service Facility	Retail, General ²
Commercial School	Retail, Liquor
Educational Institution, Private	Vehicle Service, Limited
Entertainment, General	
Financial Service	
Funeral Service, Limited	

- Note 1: Secondary Suites may be permitted at the discretion of the Development Authority in a mixed use development on the ground floor provided it is behind a commercial store front or on a second storey.
- Note 2: This includes uses which allow the Repair, Rental, or Service of any article or commodity of which the sale and location is allowed within this District.

Minimum Setbacks	
Front Yards	
Front Yard	0 m
Side Yards	
Adjacent to a Residential District	6m
If Provided	1.2 m
Rear Yards	
Rear Yard	0 m

Minimum Dimensions		
Site/Use	Area	Width
Site	140 m ²	4.5 m

Massing and Coverage	
Maximum Building Height	15 m

Additional Development Requirements

- (18) Surface parking must be screened to the satisfaction of the Development Authority.

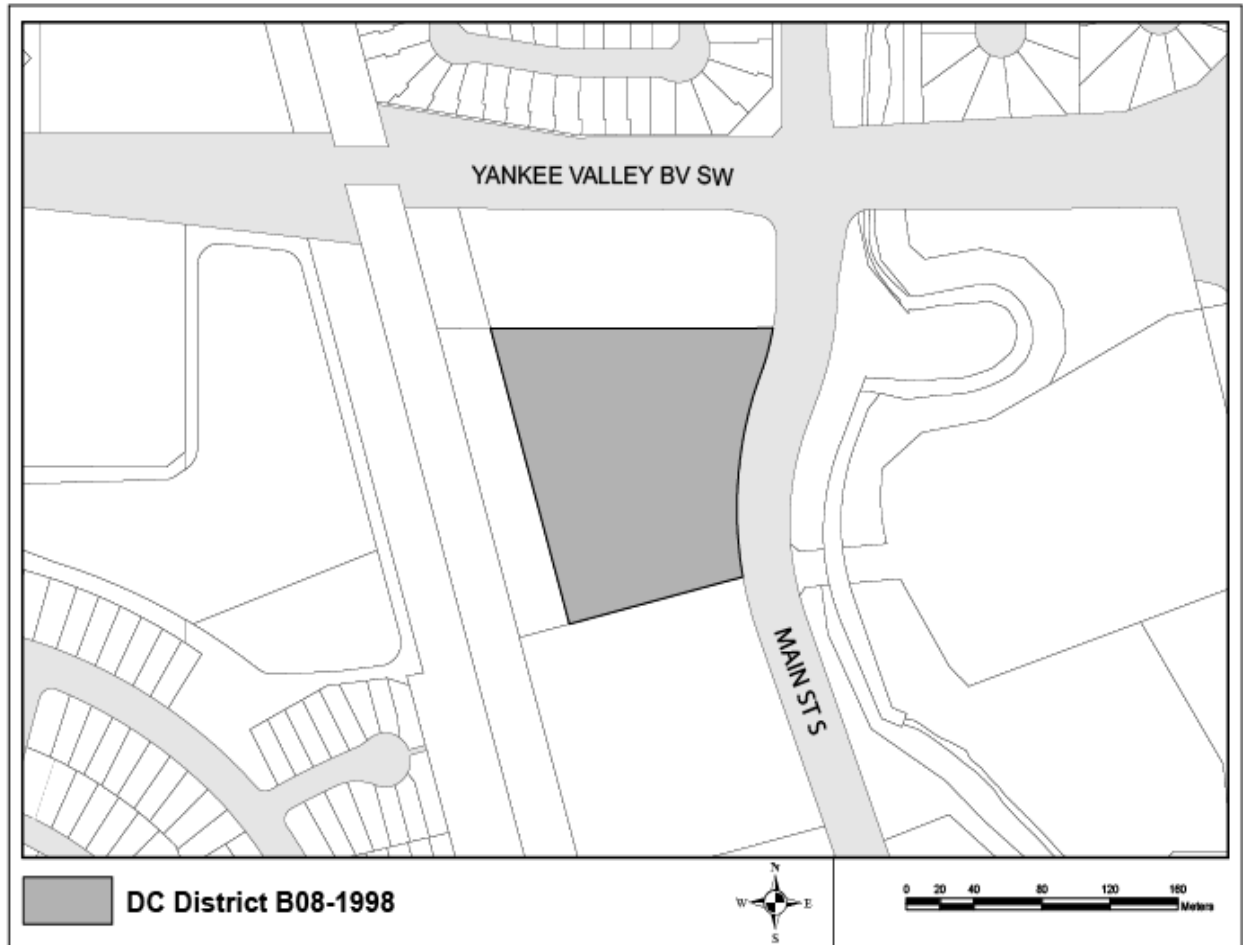

- (19) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping in this District must:
- (a) Enhance store entryways,
 - (b) Ensure adequate screening,
 - (c) Enhance the pedestrian environment, and
 - (d) Provide a tree canopy along streets and parking facilities.

9.2.2 Direct Control Bylaw 2 (DC-02)

Bylaw No. B08-1998

General/Administrative Regulations

- (1) Affected Lands: A portion of the NE¼ 36-26-1-W5M, containing ±1.95 hectares (±4.82 acres), as generally illustrated on the sketch below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Prior to any Development Permit approval or any site work commencing, a revised Storm Water Management Plan is to be submitted (by an engineer of demonstrated expertise in this field) and approved by the City of Airdrie Engineering Department. This revised plan will address the storm water management scheme as a system. It will limit direct creek outfalls with sites combining their runoff facilities where appropriate. Where rights of way are needed they should be shown and surface “natural” drainage courses be incorporated wherever feasible to aid in improving runoff water quality.
- (4) A Parks Concept Plan is to be submitted to and approved by City of Airdrie Staff prior to any site work commencing. Several technical recommendations respecting soils and vegetation types found in the AXYS

Environmental Report are to be addressed in a Parks Concept Plan. The primary purpose to the open space at the northern edge of the Plan is to be a buffer.

- (5) Servicing details are to be submitted to and approved by the City of Airdrie Engineering Department prior to any Development Permit approval or to any site work commencing. These are location, at least schematically, of a sanitary sewer lift station and an alignment of water and sanitary service lines off site which connect this development cell to existing City of Airdrie services. Prior to any Development Permit approval or to any site work commencing, a Historical Resources Study is to be submitted to the City of Airdrie. The developer undertakes to abide by any recommendations contained within that study at the discretion of City of Airdrie staff.
- (6) The applicant is advised that further details of construction of the buffer areas will be addressed at the Development Permit stage for adjacent commercial lots.
- (7) The hawk nesting sites found in the treed area are to be moved or protected in accordance with the recommendations in the AXYS Environmental Report.
- (8) The re-designation is subject to approval from Alberta Environmental Protection respecting the channelizing of Nose Creek as may be required to develop this site.
- (9) Except for the above noted conditions, the Municipal Planning Commission will exercise full discretion in the approval of a Development Permit for this site.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (10) The purpose and intent of this District is to provide for a range of commercial uses for the benefit of the travelling public. This District shall have a high standard of appearance, facilities, and performance.

Maximum Height for All Other Buildings	10 m

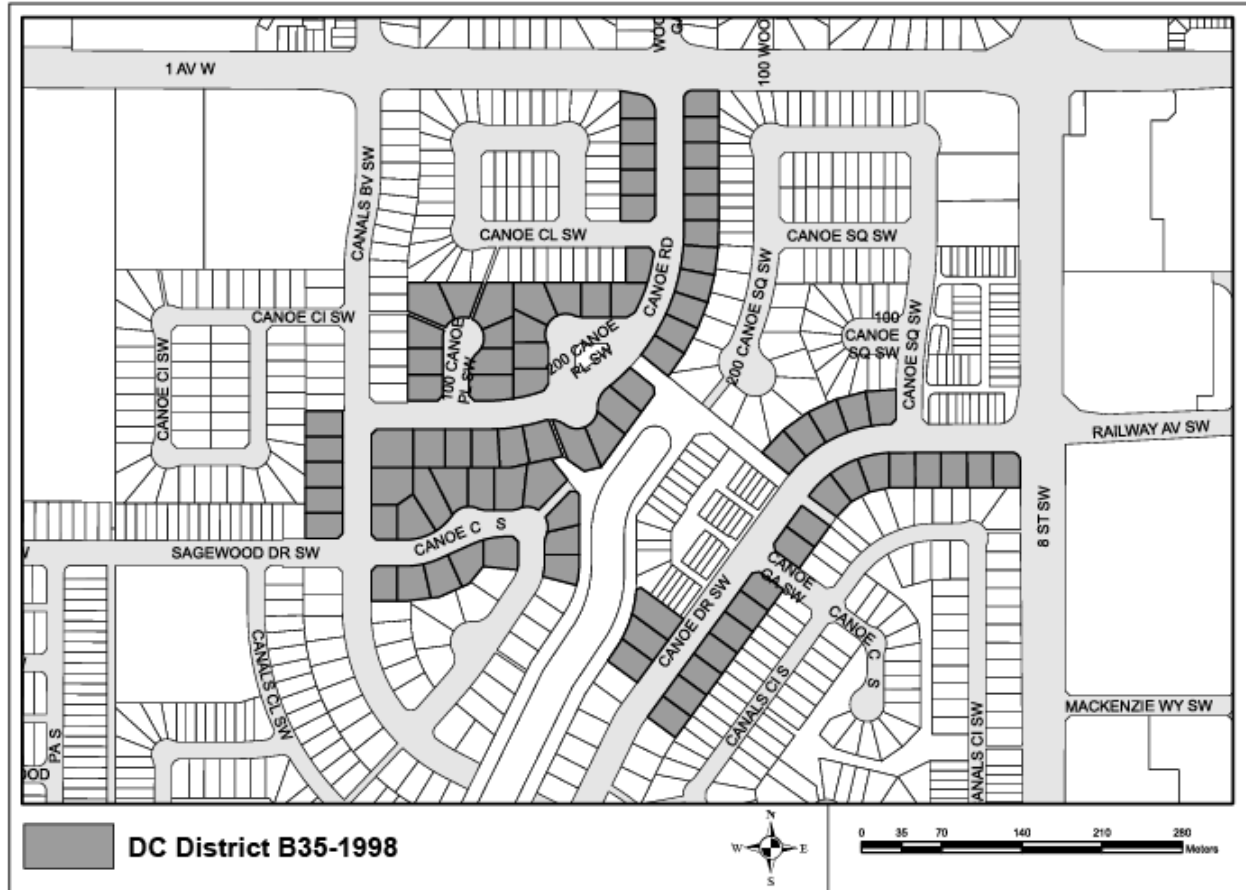

Development Requirements

- (11) A minimum of 10% of the area of a site shall be provided for landscaping and recreational purposes. This shall include a minimum 6 metre landscape buffer adjacent to the property line along fronting roads.
- (12) Additional landscaping for rear yards that are visible from Highway 2 may be required at the discretion of the Development Authority.
- (13) One hundred percent (100%) of the development's required parking shall be provided onsite.

Bylaw No. B35-1998

General/Administrative Regulations

- (1) Affected Lands: A portion of the SE ¼ 11-27-1-W5M, containing ±1.54 hectares (±3.81 acres), as generally illustrated on the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) The following direct control rules shall apply specifically to lots with side entry garages:
 - (a) Minimum Front Yard Setback of 3.5 metres.
 - (b) Minimum Rear Yard Setback of 6.5 metres.
 - (c) Maximum Encroachment of 1 metre into the rear yard setback for raised decks.
 - (d) Maximum Building Height of 10m where buildings incorporate a minimum 5:12 roof pitch.
 - (e) Maximum Lot Coverage of 40% of the site area.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (4) The purpose and intent of this district is to provide for residential development in the form of single-detached dwelling housing.

9.2.5 Direct Control Bylaw 5 (DC-05)

Bylaw No. B26-1999

General/Administrative Regulations

- (1) Affected Lands: Plan 8103JK, Block "B", containing ± 7.88 hectares (± 19.49 acres), as generally illustrated on the sketch plan below:

[Bylaw B-41/2018](#)

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Commercial uses shall not exceed 66% of the total site area, including required parking and loading areas.
- (4) Residential uses shall not exceed 50% of the total site area, including parking and landscaped areas.
- (5) Intensive soft landscaping shall be provided along the entire northern strip of the site to the satisfaction to the Development Authority to buffer adjacent residential development. The buffer shall be thirty (30) metres in width from the north property line to the foundation of the closest building.
- (6) Access to the site shall be limited and subject to the approval of the Engineering services Department prior to Development Permit issuance.

Residential Medium Density Multi Dwelling Land Use Regulations (Site A)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (7) The purpose and intent of this district is to provide for a multi-dwelling residential neighbourhood with more than 6 residential dwelling units. The maximum net density of 63 units per net hectare (26 units per net acre) shall be permitted.

Landscaping Requirements

- (9) A minimum of 40% of the area of a site shall be provided for landscaping and recreational purposes. The areas of amenity and recreational facilities within the building (including patios, swimming pools, and communal lounges for the free use of the tenants) may be used in the calculation of total requirements for recreational landscaping.
- (10) The location of recreational and landscaping areas is subject to the approval of the Development Authority.
- (11) Where a landscaped area is required, it shall be provided in accordance with a landscape plan and in conformity with the following requirements and standards:
- Existing soft landscaping retained on a site may be considered in fulfilment of the total landscaping requirement.
 - Except for municipal boulevards, trees shall be planted in the overall minimum ratio of 1 tree per 50m² of landscaped area provided.
 - A substitution of the tree requirement with a combination of trees and shrubs to the satisfaction of the Development Authority may be permitted in accordance with the general landscaping requirements of the Land Use Bylaw.
 - The quality and extent of the landscaping established on a site shall be the minimum standard to be maintained on the site for the life of the development. Adequate means of irrigation shall be provided.

Amenity Requirements

- (12) Each unit of a multi-dwelling complex shall be provided with a private outdoor amenity space as follows:
- (a) Patios and Courtyards: A minimum dimension of 2.4 metres and a minimum area of 7.4m² for each dwelling unit located at or below grade.
 - (b) Balconies and Terraces: A minimum dimension of 1.5 metres and a minimum area of 4.5m² for each dwelling unit located not more than 4 storeys above grade, OR a minimum dimension of 1.8 metres and a minimum area of 5.6m² for each dwelling unit located more than 4 storeys above grade.
 - (c) Private outdoor amenity space shall be located immediately adjacent to and be accessible from the dwelling unit.
 - (d) Private outdoor amenity space shall be designed to provide visual privacy.
- (13) For senior citizen housing projects, communal indoor amenity space at a minimum of 4.6m² per dwelling unit may be substituted for private outdoor amenity space.

Commercial Shopping Centre Land Use Regulations (Site B)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (14) The purpose and intent of this District is to provide sites for the retail sale of convenience goods and services.

9.2.6 Direct Control Bylaw 6 (DC-06)

Bylaw No. B05-2000

General/Administrative Regulations

- (1) Affected Developments: The rules within this district shall apply to new construction commenced or applied for after December 17, 1990.
- (2) Affected Lands: Lots 1 and 2, Block D, Plan 4445K, as generally illustrated on the sketch plan below:

- (3) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (4) The purpose and intent of this district is to provide for single dwelling housing on existing lots of varying widths and areas, to protect lands within the district from new developments which are not in keeping with the character and appearance of existing development, and to provide for the development of homes of traditional architectural character.

List of Permitted Uses	List of Discretionary Uses

Maximum	9 m

Special Development Requirements

- (5) No lot shall be created or reduced in area through re-subdivision which would create a new lot from the rear portion of any existing lot.
- (6) In addition to the general requirements for landscaping contained in the Land Use Bylaw, a minimum of 2 trees shall be planted on each lot unless otherwise noted on an approved landscaping plan.
- (7) No above grade decks shall encroach into required rear or side yards for townhouse dwelling units.

Additional Guidelines Respecting Design, Character and Appearance

- (8) Front Drive garages shall not be permitted.
- (9) Despite the general requirements outlined in the Land Use Bylaw, the Development Authority shall not grant variances on yards or height for any development within this District.
- (10) Residential construction shall be, in the opinion of the Development Authority, traditional in character. The following architectural and design elements may be used to achieve this character:
 - (a) Gabled or Hip roofs, steeper pitches;
 - (b) Multi-paned or mullioned windows;
 - (c) Horizontal clapboard style siding;
 - (d) Front Porches;
 - (e) Natural or Traditional materials, e.g. cedar shakes, brick, etc.;
 - (f) Bay or Bow windows, Arched windows;
 - (g) All mechanical roof apparatus to be contained within chimneys structures;
 - (h) Richness of detail as to trim, exposed structural and decorative elements, etc.
- (11) In addition, site plans shall show the continuation of the architectural theme. Elements which may contribute to this are:
 - (a) No removal of mature trees;
 - (b) Traditional fence and landscaping design;
 - (c) Screened parking area;
 - (d) Compatible design for Accessory Buildings.

Definitions

- (12) Unless otherwise defined in this Direct Control Bylaw, all words and uses shall be defined as per Part One (Definitions) of the City of Airdrie Land Use Bylaw, as amended.

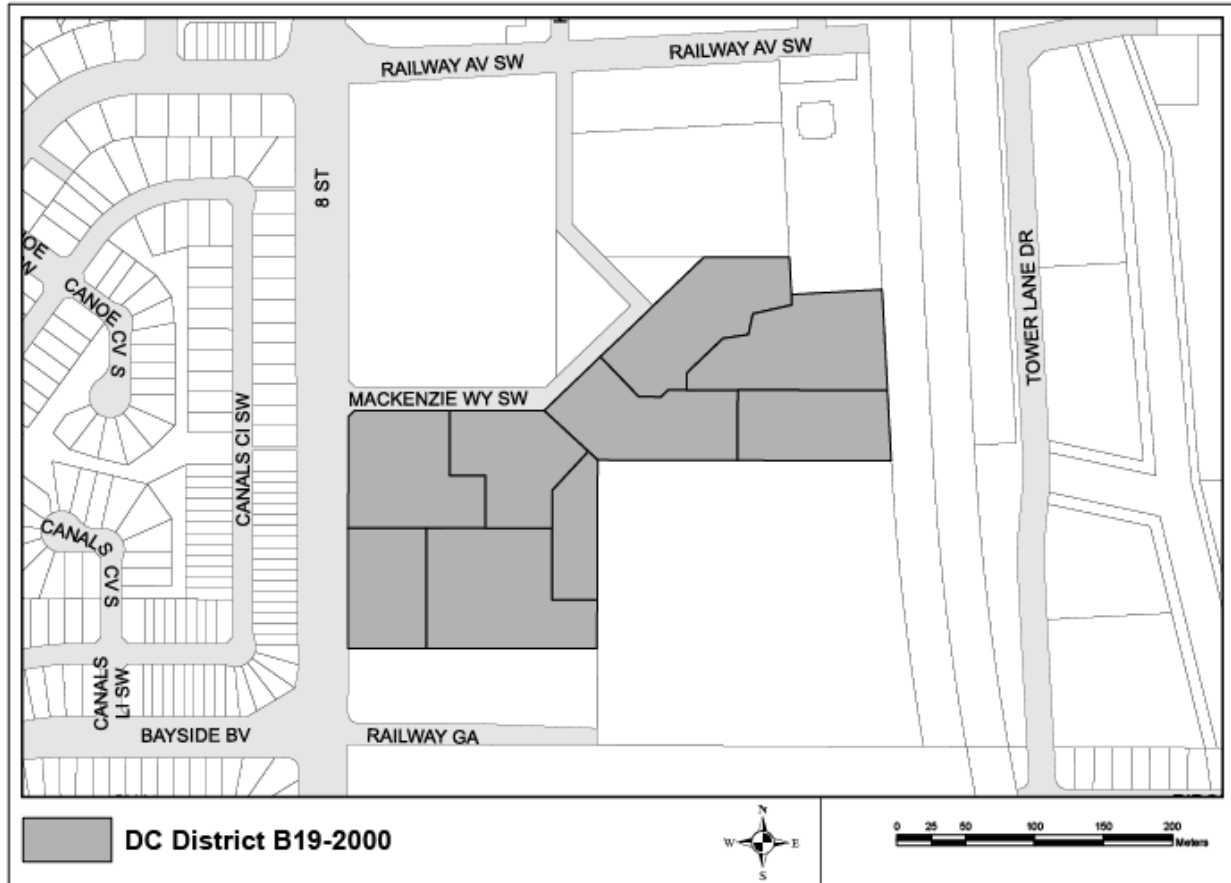

Parking Lot means: an area of land used principally for the parking of vehicles.

9.2.7 Direct Control Bylaw 7 (DC-07)

Bylaw No. B19-2000

General/Administrative Regulations

- (1) Affected Lands: A portion of the SW ¼ 12-27-1-W5M, containing ±13.57 hectares (±35.00 acres), as generally illustrated on the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this district is to provide for high density multi-dwelling residential.

Adjacent to a Residential District	6 m
If Provided	1.2 m
Rear Yards	
Rear Yard	0 m

Development Requirements

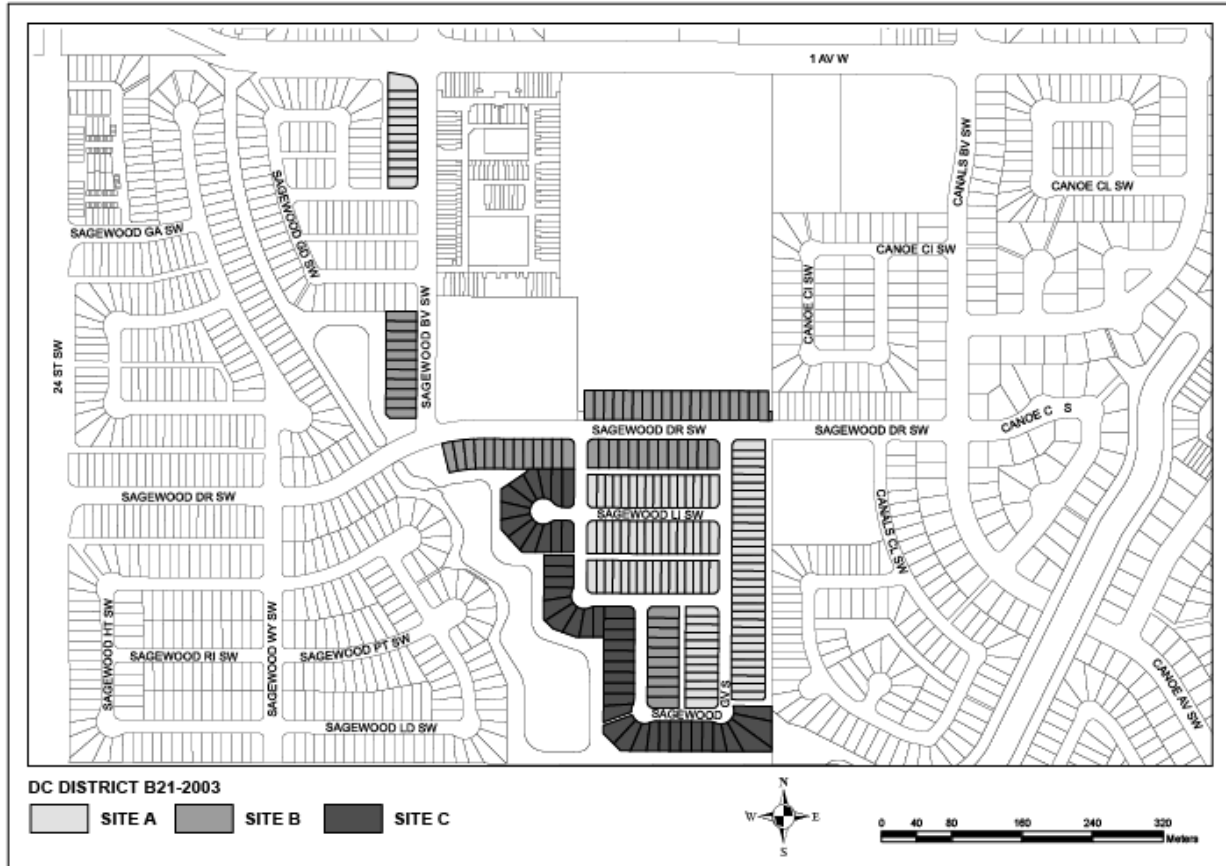

- (4) Surface parking must be screened to the satisfaction of the Development Authority.
- (5) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping in this District must:
 - (a) Enhance store entryways,
 - (b) Ensure adequate screening,
 - (c) Enhance the pedestrian environment, and
 - (d) Provide a tree canopy along streets and parking facilities.

9.2.11 Direct Control Bylaw 12 (DC-12)

Bylaw No. B21-2003

General/Administrative Regulations

- (1) Affected Lands: A portions of the SW¼ 11-27-1-W5M containing ±11.918 hectares (±29.45 acres), as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Prior to any approvals, Development Design Guidelines shall be submitted for review and approval, addressing the following requirements to the satisfaction of the Development Authority:
 - (a) Design Guidelines shall allow for a compatible variety of building massing, colours and styles;
 - (b) Building façades adjacent to public roadways, open spaces and parks shall have equal treatment for the purposes of architectural detailing;
 - (c) Sidewalks shall be located directly adjacent to curbs in all yards abutting public roadways to ensure a substantial and cohesive landscape area except where separated sidewalks are approved along north/south and east/west collector roads by engineering services;
 - (d) Porch and portico entries shall have a minimum depth of 1.8 metres and a minimum width of 2.24 metres to allow for useable amenity space;
 - (e) Rear parking areas shall be asphalt surfaced and be delineated by an edge treatment that complements the surrounding landscape.
- (4) Prior to the acceptance of any building permit application by the municipality, the building permit drawings shall be stamped and approved by the developer to ensure conformance with approved development design guidelines.
- (5) The developer shall place a caveat on titles relating to the style of fencing, including materials and finish, where required to enclose rear and side yards which abut public roadways and parks.

- (6) The developer shall place a caveat on titles ensuring that site grading and drainage is maintained in accordance with a lot grading certificate.
- (7) In addition to the general requirements for landscaping contained in the Land Use Bylaw, a minimum of 2 trees shall be planted on each lot unless otherwise noted on an approved landscaping plan.

Land Use Regulations (Site A)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (8) The purpose of this district is to provide for smaller single dwelling housing on narrower lots which are serviced by lanes. This District shall only be applied to lands specified for this use in a comprehensively planned subdivision area. All development within this District shall conform to high standards of appearance and design detail as specified in approved Development Design Guidelines.

9.2.13 Direct Control Bylaw 14 (DC-14)

Bylaw No. B39-2004

General/Administrative Regulations

- (1) Affected Lands: A portion of the SW ¼ 11-27-29-W5M, a portion of Lot 1, Block 1, Plan 0410883, and water well site plan 6835 JK, containing 4.489 hectares, (11.092 acres) more or less, as generally illustrated on the sketch plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Prior to any approvals, Development Design Guidelines shall be submitted for review and approval, addressing the following requirements to the satisfaction of the Development Authority:
 - (a) Design Guidelines shall allow for a compatible variety of building massing, colours and styles;
 - (b) Building façades adjacent to public roadways, open spaces and parks shall have equal treatment for the purposes of architectural detailing;
 - (c) Sidewalks shall be located directly adjacent to curbs in all yards abutting public roadways to ensure a substantial and cohesive landscape area except where separated sidewalks are approved along north/south and east/west collector roads by engineering services;
 - (d) Porch and portico entries shall have a minimum area of 4.03m² (43.40ft²) and a minimum width of 1.67 metres (5 ft. 6 inches);
- (4) Prior to the acceptance of any building permit application by the municipality, the building permit drawings shall be stamped and approved by the developer to ensure conformance with approved development design guidelines.
- (5) The developer shall place a caveat on titles relating to the style of fencing, including materials and finish, where required to enclose rear and side yards which abut public roadways and parks.

- (6) The developer shall place a caveat on titles ensuring that site grading and drainage is maintained in accordance with a lot grading certificate.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (7) The purpose and intent of this district is to provide for smaller single dwelling housing on narrower lots which are serviced by lanes. This District shall only be applied to lands specified for this use in a comprehensively planned subdivision area. All development within this District shall conform to high standards of appearance and design detail as specified in approved Development Design Guidelines.

Maximum	3 Storeys

Development Density	
Maximum Number of Dwelling Units	230 Seniors Assisted Living Housing units Bylaw B-12/2017

Development Requirements

- (4) A minimum of 40% of the site area shall be provided for landscaping and recreational purposes.
- (5) The number of parking spaces provided shall be subject to a site plan review and the distribution of parking stalls for residents, visitors, staff, and barrier-free spaces shall be to the satisfaction of the Development Authority.
- (6) All parking stalls shall be marked according to their designation (i.e. resident, visitor, staff, and barrier-free stalls).
[Bylaw B-12/2017](#)

Definitions

- (7) Unless otherwise defined in this Direct Control Bylaw, all words and uses shall be defined as per Part One (Definitions) of the City of Airdrie Land Use Bylaw, as amended.

Seniors Assisted Living Housing Facility means:

A living arrangement in which personal care services such as meals, housekeeping, transportation, and assistance with the activities of daily living are available on an as needed basis

9.2.15 Direct Control Bylaw 16 (DC-16)

Bylaw No. B60-2004

General/Administrative Regulations

- (1) Affected Lands: All of those lands generally described in the sketch provided below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) For all developments in this District, in addition to the general requirements for landscaping contained in the Land Use Bylaw, a minimum of 2 trees shall be planted on each lot unless otherwise noted on an approved landscaping plan.

Land Use Regulations (Site A)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (4) The purpose and intent of this district is to provide for single dwelling housing in a residential environment located in the NE ¼ 1-27-1-W5M. Housing is primarily based on the zero lot line concept which provides access to the rear yard and accessory buildings in a laneless subdivision. This area provides for over dedication of municipal reserve land.

Applicability

- (5) This section shall apply only to those plans of subdivision approved by the Development Authority or those areas designated R-1X-AHC prior to May 3, 1983.

 - (a) Design Guidelines shall allow for a compatible variety of building massing, colours and styles;
 - (b) Building façades adjacent to public roadways, open spaces and parks shall have equal treatment for the purposes of architectural detailing;
 - (c) Sidewalks shall be located directly adjacent to curbs in all yards abutting public roadways to ensure a substantial and cohesive landscape area except where separated sidewalks are approved along north/south and east/west collector roads by engineering services;
- (5) Prior to the acceptance of any building permit application by the municipality, the building permit drawings shall be stamped and approved by the developer to ensure conformance with approved development design guidelines.
- (6) The developer shall place a caveat on titles relating to the style of fencing, including materials and finish, where required to enclose rear and side yards which abut public roadways and parks.
- (7) The developer shall place a caveat on titles ensuring that site grading and drainage is maintained in accordance with a lot grading certificate.
- (8) In addition to the general requirements for landscaping contained in the Land Use Bylaw, a minimum of 2 trees shall be planted on each lot unless otherwise noted on an approved landscaping plan.
- (9) The ratio between the front face exposure of the garage and the remainder of the front of the principal building shall not exceed 2:1.

9.2.17 Direct Control Bylaw 19 (DC-19)

Bylaw No. B19-2005

General/Administrative Regulations

- (1) Affected Lands: A portion of Lot 2, Block 1, Plan 0412940 within SE ¼ 13-27-1-W5M containing 9.476 hectares (23.42 acres) more or less, as generally illustrated on the sketch plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide for large-scale commercial use buildings along the Highway #2 Corridor that provide goods and services to the entire community and surrounding region. The district accommodates development that cannot feasibly locate in other commercial nodes of the City due to land area and access requirements. Uses in this district incorporate quality signage, landscaping, site design, and building appearance.

Parking

(4) Parking is to be provided at a minimum of 1 parking stall per 23 m² of GFA.

Landscaping Requirements

- (5) Surface parking will be screened through the provision of low, decorative fencing and/or landscaping.
- (6) All parking lots shall be screened from major roads with a minimum 6 meter landscaped area.
- (7) All parking lot islands shall be landscaped in accordance with the relevant sections of the Land Use Bylaw.
- (8) Landscaping shall be of superior design and quality reflecting the high visibility nature of sites along the Highway #2 Corridor, to the satisfaction of the Development Authority.
- (9) Parking lots exceeding 50 parking stalls shall provide parking lot islands, and a parking lot island for every 25 additional stalls, which shall contain a minimum of two (2) trees per island.
- (10) The applicant shall provide an estimate of the cost of landscaping including all site work and irrigation work to the Development Authority as part of any Development Permit Application.
- (11) A Letter of Credit shall be provided for 100% of the established costs of Landscaping, which shall be held by the City of Airdrie until such time as it has been determined that all landscaping, has been provided and has survived at least one season.

Building Design Requirements

(12) Building façades shall be articulated through use of wall projections and recessions.

- (13) Animating features such as arcades, display windows, entry ways, and awnings shall be included as part of the building façade.
- (14) Building façades shall have architectural features and patterns that are visually interesting, that reduce massive aesthetic affects, and that recognize local character.
- (15) Roof design shall include variations in height and style.
- (16) Roof design shall conceal flat roofs and rooftop equipment.
- (17) Building materials and colours shall be compatible with adjoining neighbourhoods.
- (18) A variety of building materials and colours shall be used.
- (19) Building entryways shall be articulated so that a clear presence to the street is created.
- (20) All lighting shall be designed in accordance with CPTED principles.
- (21) External area lighting shall be designed such that glare over any adjacent residential areas is minimized.
- (22) Buildings shall include design elements providing weather protection to pedestrians including but not limited to awnings, canopies, and screening.
- (23) Internal pedestrian movement and safety shall be enhanced through the provision of crosswalk areas, crosswalk treatments, and external pedestrian linkages.

Other Requirements

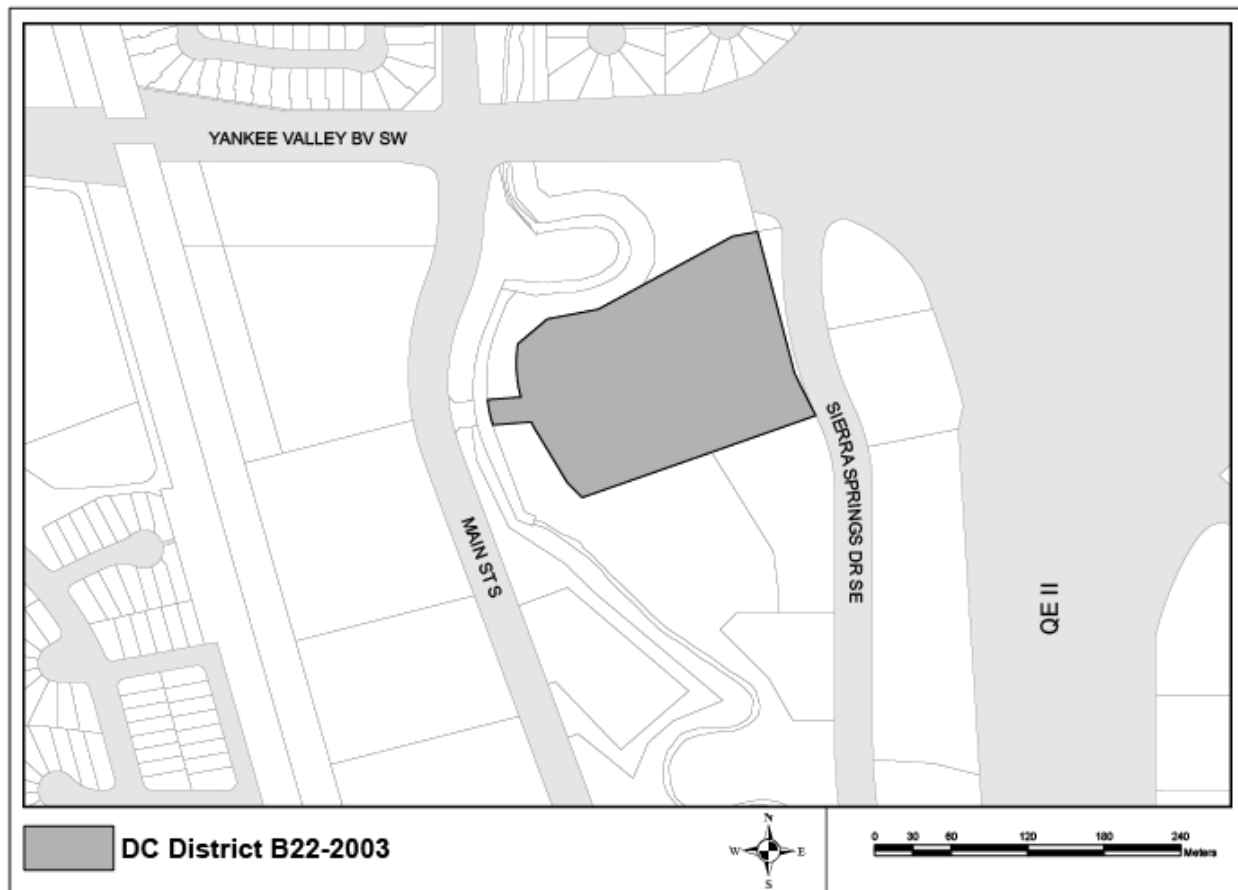

- (24) Signs shall be integrated with the building façade through colour and graphic style.
- (25) All signage shall meet the regulations of the Land Use Bylaw and be of superior design and quality reflecting the high visibility nature of the Highway #2 Corridor.
- (26) No outside storage of materials is allowed in this District, except for seasonal displays and outdoor garden centres.

9.2.18 Direct Control Bylaw 20 (DC-20)

Bylaw No. B22-2003

General/Administrative Regulations

- (1) Affected Lands: Lot 2, Block 2, Plan 0010851, as generally illustrated on the sketch plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide sites for the retail sale of convenience goods and services.

List of Discretionary Uses

Accessory Building	Health Care, General
Secondary Suite ²	Health Care, Limited
Animal Service, General	Indoor Recreation, General

9.2.19 Direct Control Bylaw 23 (DC-23)

Bylaw No. B36-2005

General/Administrative Regulations

- (1) Affected Lands: Condominium Plan 0510132, within a portion of SW ¼ 1-27-1-W5M, containing 0.835 hectares (2.06 acres) more or less, as generally illustrated on the sketch plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide sites for the retail sale of convenience goods and services to the surrounding neighbourhood.

List of Discretionary Uses

Accessory Building	Personal Service
Animal Service, Limited	Restaurant
Child Care, General	Retail Store, General
	Retail Store, Convenience
Commercial School ¹	Vehicle Service, General
Government Service	Vehicle Service, Limited
Health Care, Limited	

Bylaw B-31/2023

Minimum Setbacks

Front Yard	6 m
Side Yards	6 m
Rear Yard	6 m

Development Requirements

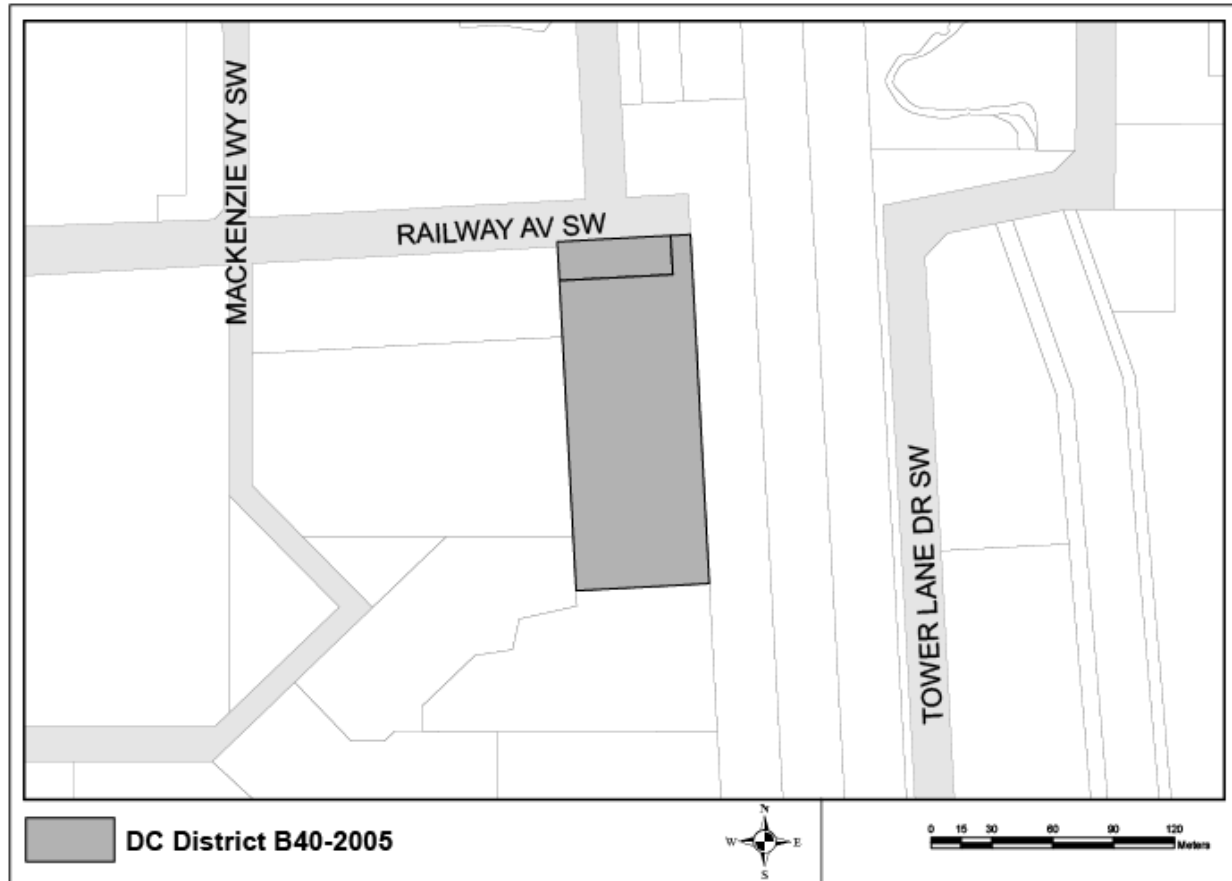

- (4) Notwithstanding the list of Discretionary Uses above, a Commercial School may be permitted at the discretion of the Development Authority under the following conditions:
- (a) Commercial School use is limited to activities that take on office and/or classroom functions and appearances including for purposes on interpretation but not limited to uses such as adult learning schools, dance schools, and martial arts schools and the like.
 - (b) Uses sometimes associated with the general Commercial School use group such as mechanic schools, driving schools, or other schools related to specific trades are not permitted on this site.
 - (c) No outside activities are permitted in association with Commercial School uses.
 - (d) Commercial School uses are limited to the second floor only.

9.2.20 Direct Control Bylaw 24 (DC-24)

Bylaw No. B40-2005

General/Administrative Regulations

- (1) Affected Lands: A portion of Lot A, Plan 051 1583 and Lot 2, Plan 4000R containing ± 1.13 hectares (2.8 acres), as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this district is to provide for a residential/retail/office mixed use development area in the City's downtown, consisting of a maximum of 80 Residential units in a mixed use development on ground floor provided it is located behind a commercial store front or on a second storey and approximately 10,000 ft² of Retail/Office Mixed Use units. Airdrie's Downtown Area Redevelopment Plan, illustrates and depicts the approximate intended positioning of the Retail, Office and Residential/Mixed Use units.

List of Discretionary Uses

Accessory Building	Government Service

Development Requirements

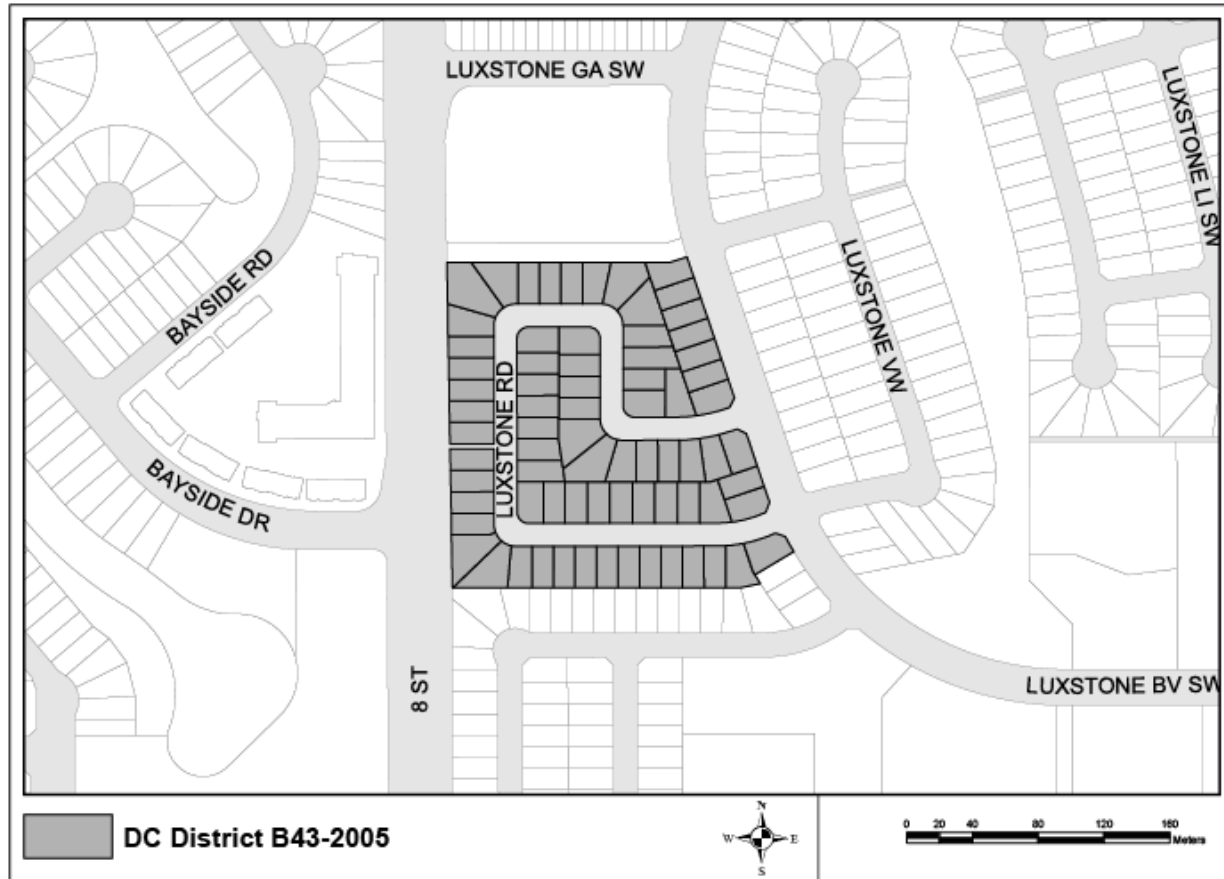

- (4) Surface parking must be screened to the satisfaction of the Development Authority.
- (5) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping in this District must:
 - (a) Enhance store entryways,
 - (b) Ensure adequate screening,
 - (c) Enhance the pedestrian environment, and
 - (d) Provide a tree canopy along streets and parking facilities.

9.2.21 Direct Control Bylaw 25 (DC-25)

Bylaw No. B43-2005

General/Administrative Regulations

- (1) Affected Lands: Part of the SW¼ 1-27-1-W5M, containing ±3.73 hectares (±9.22 acres) as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide for residential development in the form of single-detached dwellings.

- (5) In addition to the general requirements for landscaping contained in the Land Use Bylaw, a minimum of 2 trees shall be planted on each lot unless otherwise noted on an approved landscaping plan.
- (6) The ratio between the front face exposure of the garage and the remainder of the front of the principal building shall not exceed 2:1.

9.2.22 Direct Control Bylaw 27 (DC-27)

Bylaw No. B47-2005

General/Administrative Regulations

- (1) Affected Lands: A portion of SE 13-27-1-W5M, as generally illustrated in the plan below:

Bylaw B-25/2023

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) Intensive soft landscaping shall be provided for all lands adjacent to Main Street North, Veterans Boulevard, and all internal roads in accordance with City of Airdrie standards and to the satisfaction to the Development Authority;
- (4) Access to all sites may be limited by and shall be subject to the approval of the City of Airdrie Engineering Services Department prior to Development Permit issuance;
- (5) The maximum allowable development within the combined Gateway NSP (Stage 1) and Gateway NSP (Stage 2) lands is approximately 250,000 square feet of Commercial development and 1,000,000 square feet of Industrial development. These maximums shall not be exceeded unless supported through appropriate traffic impact analyses;
- (6) A maximum Floor Area Ratio (FAR) of 1.0 FAR is permitted provided the total building square footage for the entire area covered by this Bylaw does not exceed 840,000 square feet.
- (7) Notwithstanding the above, the maximum building area may be adjusted at the discretion of the Development Authority based on the use specific criteria and the demonstrated availability of road volume capacities, to the overall satisfaction of the City of Airdrie

Land Use Regulations (Site A)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (8) The purpose and intent of this District is to provide for a range of industrial and commercial uses that are characterized by exceptional design and site development. Operations shall not create nuisances and shall be compatible with adjacent non-industrial and non-commercial districts. The Development Authority will, at its sole discretion, require each development within this District to meet high standards of landscaping, aesthetics and efficient, comprehensive site design.

- (9) Outside storage, including the storage of trucks and trailers, shall not be allowed except where:
- Storage areas do not include any required minimum yards,
 - The storage is visually screened from public thoroughfares, and
 - All storage is related to the business or industry on the site.
- (10) Outside display shall be limited to examples of equipment or items sold by the business or industry on the site and located outside any required minimum yards.
- (11) All display areas shall be shown on the approved Development Permit and shall be paved.
- (12) All roof mechanical equipment shall be screened to the satisfaction of the Development Authority.
- (13) External area lighting shall be designed such that glare over any adjacent residential areas is minimized.

- (14) In addition to the general landscaping requirements in the Land Use Bylaw, landscaping shall be of design and quality reflecting the highly visible nature of sites along the Queen Elizabeth 2 Highway corridor.

Land Use Regulations (Site B)

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (15) The purpose and intent of this District is to provide for light manufacturing, warehousing and service industrial uses that are carried on within the primary building and accessory buildings with limited outside storage. No industrial uses that are likely to become a nuisance by reason of the emission of odour, dust, smoke, gas, fumes, refuse matter, wastes, or water-carried waste; or by reason of vibration; or is likely to create a hazard to persons on the property, are to be carried on in this District.

9.2.24 Direct Control Bylaw 29 (DC-29)

Bylaw No. B06-2007

General/Administrative Regulations

- (1) Affected Lands: Lot 13, Block 7, Plan 061 3904 containing approximately ± 1.5 hectares (± 3.7 acres), as generally illustrated on the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide for a high density multi-dwelling residential development project.

List of Permitted Uses	List of Discretionary Uses
Accessory Building Multi-Residential Development	N/A

Rear Yard	8 m

Development Density	
Density Range	64 to 128 Units/Ha <i>26 to 52 Units/Acre</i>

Landscaping Requirements

- (4) A minimum of 40% of the area of a site shall be provided for landscaping and recreational purposes. The areas of amenity and recreational facilities within the building (including patios, swimming pools, and communal lounges for the free use of the tenants) may be used in the calculation of total requirements for recreational landscaping.
- (5) The location of recreational and landscaping areas is subject to the approval of the Development Authority.
- (6) Where a landscaped area is required, it shall be provided in accordance with a landscape plan and in conformity with the following requirements and standards:
 - (a) Existing soft landscaping retained on a site may be considered in fulfilment of the total landscaping requirement.
 - (b) Except for municipal boulevards, trees shall be planted in the overall minimum ratio of 1 tree per 35m² of landscaped area and 1 tree per 20m² of required parking area islands.
 - (c) A substitution of the tree requirement with a combination of trees and shrubs to the satisfaction of the Development Authority may be permitted in accordance with the general landscaping requirements of the Land Use Bylaw.

Amenity Requirements

- (7) Each dwelling unit of a multi-dwelling complex shall be provided with a private outdoor amenity space as follows:
 - (a) Patios and Courtyards: A minimum dimension of 2.4 metres and a minimum area of 7.4m² for each dwelling unit located at or below grade.
 - (b) Balconies and Terraces: A minimum dimension of 1.5 metres and a minimum area of 4.5m² for each dwelling unit located not more than 4 storeys above grade, OR a minimum dimension of 1.8 metres and a minimum area of 5.6m² for each dwelling unit located more than 4 storeys above grade.
 - (c) Private outdoor amenity space shall be located immediately adjacent to and be accessible from the dwelling unit.
 - (d) Private outdoor amenity space shall be designed to provide visual privacy.
 - (e) In addition to any required private outdoor amenity space, all developments with less than 20 dwelling units (except where all dwelling units have frontage along public roadways), shall provide a minimum of 2.5m² of amenity area per unit as communal recreation space, which shall be aggregated into a single contiguous and useable area.

Other Requirements

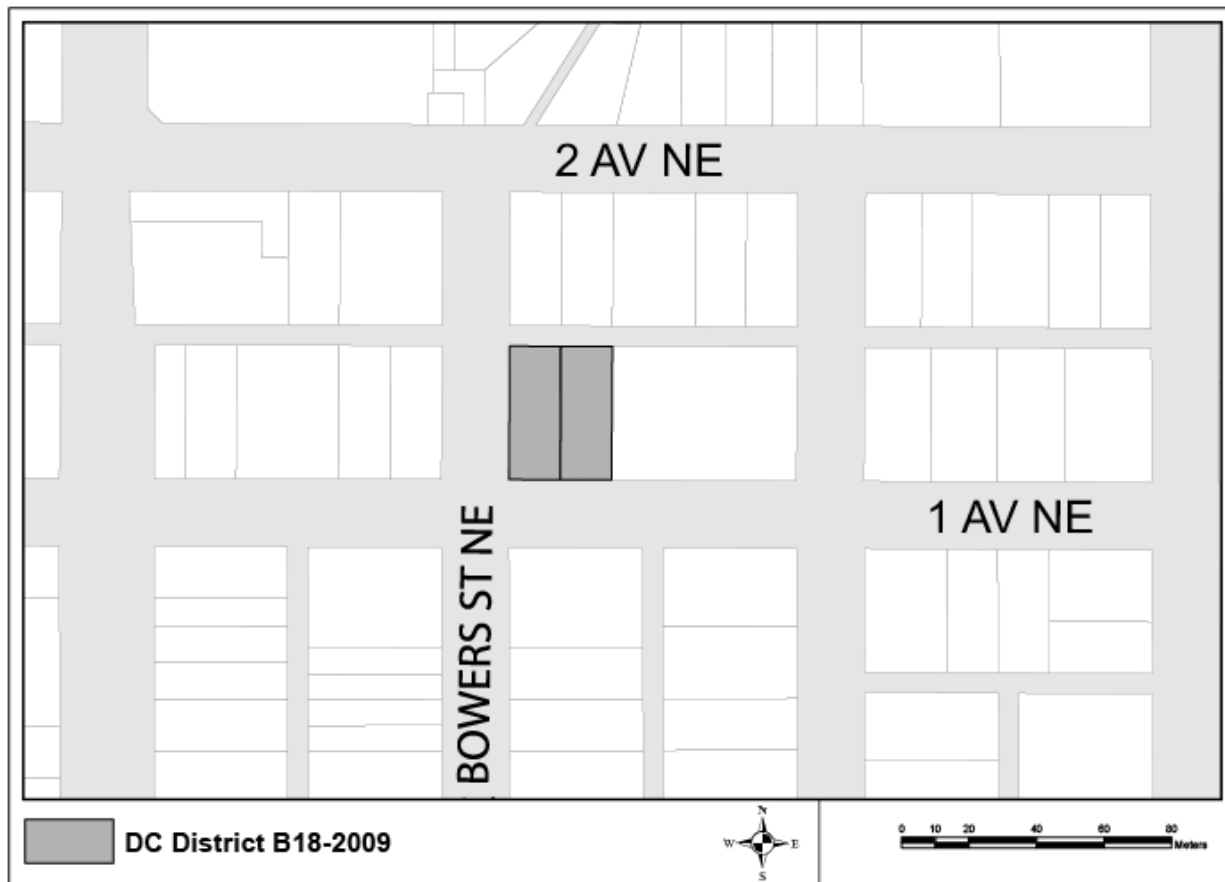

- (8) The design, character and appearance of any development must be acceptable to the Development Authority, having due regard to its effect on neighbouring development and general amenities of the District, and any statutory plan affecting the district.
- (9) Parking is to be provided in accordance with the general requirements of the Land Use Bylaw, except, in attaining the on-site parking requirements for the additional maximum density proposed by the development project, tandem parking stalls may be considered in the design of the underground parking areas of the development project. The location and design of tandem parking stalls shall be to the satisfaction of the Development Authority.

9.2.25 Direct Control Bylaw 31 (DC-31)

Bylaw No. B18-2009

General/Administrative Regulations

- (1) Affected Lands: Lots 7 and 8, Block 1, Plan 11270 containing 0.120 hectares (0.298 acres) more or less, as generally illustrated on the sketch below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide for a limited range of commercial uses which do not conflict with existing single-dwelling residential uses, and which make use of existing residential buildings.

List of Discretionary Uses

Accessory Building	Indoor Recreation, Limited
Business Support Service ¹	Multi-Residential Development

Design Standards

- (6) The design and placement of buildings shall be the subject of Architectural Controls, designed by the developer in conjunction with the Development Authority, that include, but are not limited to:
- Building design;
 - Building interface treatments;
 - Site lighting;
 - Outside storage;
 - Landscaping, and;
 - Pedestrian circulation.

Development Requirements

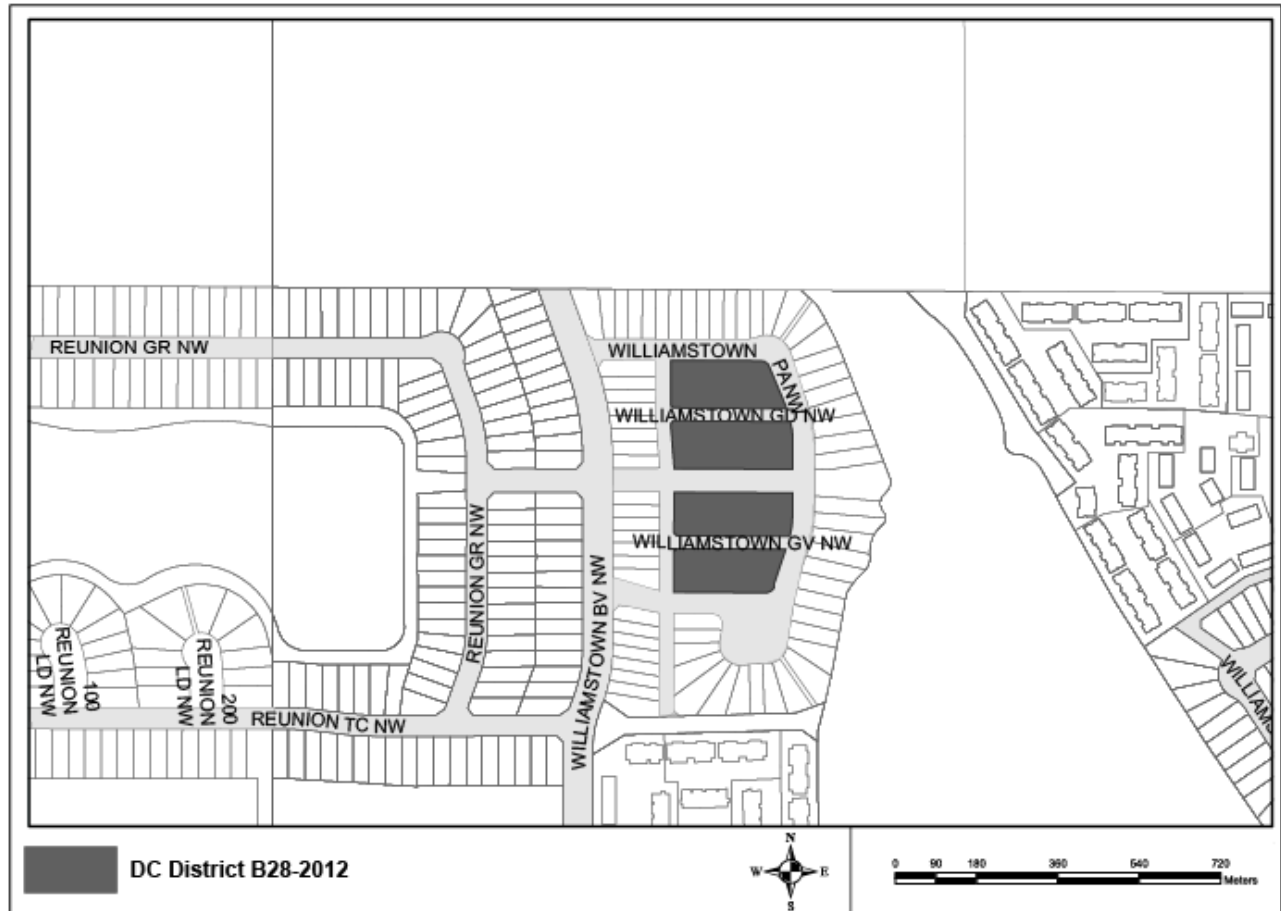

- (7) Outside storage, including the storage of trucks and trailers, shall not be allowed except where:
 - (a) Storage areas do not include any required minimum yards,
 - (b) The storage is visually screened from public thoroughfares, and
 - (c) All storage is related to the business or industry on the site.
- (8) Outside display shall be limited to examples of equipment or items sold by the business or industry on the site and located outside any required minimum yards.
- (9) All display areas shall be shown on the approved Development Permit and shall be paved.
- (10) All roof mechanical equipment shall be screened to the satisfaction of the Development Authority.
- (11) External area lighting shall be designed such that glare over any adjacent residential areas is minimized.
- (12) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping shall be of design and quality reflecting the highly visible nature of sites along the Queen Elizabeth 2 Highway corridor.

9.2.29 Direct Control Bylaw 36 (DC-36)

Bylaw No. B28-2012

General/Administrative Regulations

- (1) Affected Lands: A portion of the SE¼ 14-27-1-W5M and a portion of Lot 3, Block 11, Plan 111 3172, containing ±1.45 hectares (±3.58 acres), as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this District is to provide for row house and/or semi-detached type residential developments with densities in the range of 9 to 13 units per net acre, developed on fee simple lots.

Development Requirements

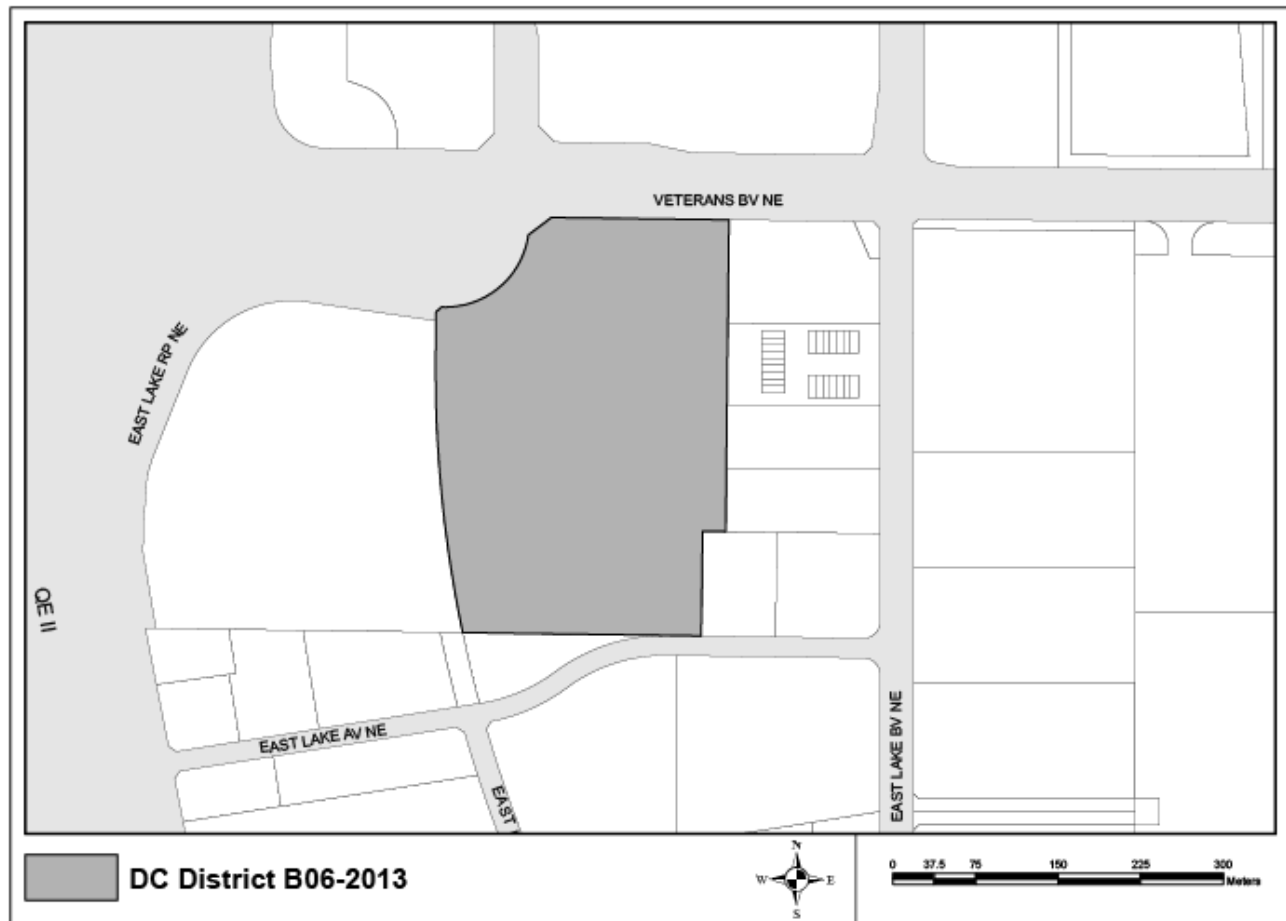

- (4) Two on-site residential parking stalls shall be provided per unit.
- (5) Visitor parking is to be accommodated on the street.
- (6) Residential units in this District shall be accessed by way of public right-of-ways
- (7) Prior to subdivision endorsement, party wall agreements shall be registered for all walls shared by dwellings and garages and such agreements shall set forth the rights, privileges, easements and covenants that exist with respect of such walls.

9.2.30 Direct Control Bylaw 37 (DC-37)

Bylaw No. B06-2013

General/Administrative Regulations

- (1) Affected Lands: All of Lot 1, Block 7, Plan 991 1930 containing 9.00 ha (22.23 ac), as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) A Landscaping Plan shall be prepared at the time of submission of a Development Permit to illustrate the type, location and extent of plantings, and shall detail the specific type, height and location for screen fencing to the satisfaction of the Development Authority.
- (4) In addition to the general requirements for landscaping contained in the Land Use Bylaw, additional intensive soft landscaping shall be provided within the northern portion of the site, as illustrated on the plan, forming part of this Bylaw to the satisfaction of the Development Authority.
- (5) The additional “intensive soft landscaping” shall include the use of deciduous and coniferous trees, shrubs and berms for the purpose of visual screening to the satisfaction of the Development Authority.
- (6) Landscaped improvements shall generally be concentrated south of the pipeline right-of-way extending parallel to Veterans Boulevard.
- (7) The outside storage yard area facing Veterans Boulevard shall provide visual screening with a combination of solid fencing and soft landscaping to the satisfaction of the Development Authority.
- (8) All other outside storage areas shall provide visual screening to the satisfaction of the Development Authority.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (9) The purpose of this Direct Control District is to allow for industrial uses including manufacturing, goods processing and goods storage. The District accommodates a range of supportive uses such as office and business support services. This District recognizes the high visibility of the industrial corridor along Veterans Boulevard and incorporates high levels of landscaping along the street edge.

Special Side Yard Requirements:

- (10) When a firewall is provided and the material would normally require a minimum amount of maintenance, no side yard is required.
- (11) On a laneless site, one unobstructed side yard shall be a minimum of 6 metres excluding corner sites with an alternate rear access.

Definitions

- (12) Unless otherwise defined in this Direct Control Bylaw, all words and uses shall be defined as per Part One (Definitions) of the City of Airdrie Land Use Bylaw, as amended.

Laboratory means:

The use of a building, or part of a building for scientific or technical work which may be hazardous, including research, quality control, testing, teaching or analysis; such work may involve the use of chemicals including dangerous goods, pathogens and harmful radiation, or processes including electrical or mechanical work which could be hazardous; the laboratory includes such support areas as instrument and preparation areas, laboratory stores and any offices attached or adjacent to the laboratory; has no clients coming to the facility and does not include **Health Care** as defined in this Bylaw

9.2.31 Direct Control Bylaw 38 (DC-38)

Bylaw No. B34-2013

General/Administrative Regulations

(1) Affected Lands: All of Lots 4 and 5, Block 3, Plan 111 2528, as generally illustrated in the plan below:

(2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) This District recognizes the high visibility of the industrial corridor along Highway 2 and Veteran's Boulevard as well as being adjacent to an open space and pathway network. Additional site specific regulations shall apply in order to mitigate the following impacts:
- (a) Pedestrian movement and interface sensitivity with the existing open space and pathway network;
 - (b) Visual impact on the surrounding streets and adjacent properties;
 - (c) Visual impact of outside storage on surrounding lands;
 - (d) Aesthetic and architectural control respecting building design.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (4) The purpose and intent of this District is to accommodate a wider range of uses than Industrial Business Park Districts. Development in this district is intended to integrate industrial and commercial uses and ensure that operations do not create nuisances for surrounding lands. The Development Authority will, at its sole discretion, require development within this District to meet high standards of landscaping, aesthetics and efficient, comprehensive site design.

Architectural Control and Building Design

- (5) The design, character and appearance of all buildings shall be appropriate and compatible with the surrounding area.
- (6) All exterior finishing materials exposed to public view shall be selected having regard to the objective of ensuring a high standard of appearance appropriate to the location of this site and visual appearance on major public roadways and public open space located to the south of the site.
- (7) The roof-line and building façade shall include design elements and variations that reduce the perceived mass of buildings and add architectural interest.

Landscaping and Screening

- (8) A Landscaping Plan shall be prepared at the time of submission of a Development Permit.
- (9) The submitted Landscaping Plan shall address the interface area between the proposed outside storage area and the Public Utility Lot located adjacent to the subject lands and be sensitive to the pedestrian environment and high visual prominence of the site.

- (10) Landscaping adjacent to exterior walls that are visible from adjacent public lands are to be designed to minimize the perceived mass of the building and to improve the visual appearance of long expanses of blank walls.
- (11) Screening techniques shall be incorporated into the Landscape Plan with respect to outside storage areas located within view of adjacent public roadways and lands.
- (12) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping shall be of design and quality reflecting the highly visible nature of sites along the Queen Elizabeth 2 Highway corridor.

Transportation and Access

- (13) An update to the Transportation Impact Assessment shall be submitted with consideration of the proposed access locations onto Highland Park Boulevard and Highland Park Cove.
- (14) The Transportation Impact Assessment shall consider design of the proposed new access points and their impacts on pedestrian movement in the area associated with the existing regional trail and sidewalk. Recommendations of improved level of service and safety associated with potential pedestrian, vehicle conflicts shall be included.

Other Requirements

- (15) Outside storage, including the storage of trucks and trailers, shall not be allowed except where:
 - (a) Storage areas do not include any required minimum yards,
 - (b) The storage is visually screened from public thoroughfares, and
 - (c) All storage is related to the business or industry on the site.
- (16) Outside display shall be limited to examples of equipment or items sold by the business or industry on the site and located outside any required minimum yards.
- (17) All display areas shall be shown on the approved Development Permit and shall be paved.
- (18) All roof mechanical equipment shall be screened to the satisfaction of the Development Authority.
- (19) External area lighting shall be designed such that glare over any adjacent residential areas is minimized.

9.2.33 Direct Control Bylaw 41 (DC-41)

Bylaw No. B13-2014

General/Administrative Regulations

- (1) Affected Lands: A portion of the NW ¼ Section 1, Township 27, Range 1, W5M containing ±36.20 hectares (±89.45 acres), as generally illustrated on the sketch plan below and identified in the Midtown NSP (Bylaw No. B-26/2013):

[Bylaw B-41/2018](#)

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose of this district is to guide site development so that the residential built forms and streetscapes are consistent with the design and planning objectives of the Midtown Neighbourhood Structure Plan. The predominant housing forms are intended to be street-oriented townhouses and urban brownstones, mixed in with a variety of live-work dwelling units. Housing forms will have rear lane access to parking and contain three or more dwelling units. Each dwelling unit is intended to be two or three storeys above grade. Front yards are intended to incorporate a stoop or porch with stairs leading to the front door of each unit. Special attention should be paid to the interface between streetscape and built form along Midtown Gate as the primary entrance into the community.

- All other Circumstances	65% of Site Area
Maximum Accessory Building Size	45m ² or 10% of the Lot/Unit Area, whichever is greater
Max Continuous Building Frontage	42.0m

Development Standards

- (4) Encroachments or projections are only permitted in one side yard per lot when side yard setbacks are both less than 1.5m

Landscaping Requirements

- (5) A minimum of 25% of the site area must be provided for landscaping. This must include a minimum of 40% of the area provided for the front yard.
- (6) All areas not required for buildings, parking and driveways shall be landscaped.
- (7) A minimum of 28m² private amenity space shall be provided for each lot with a depth less than 31.0m
- (8) A minimum of 30m² private amenity space shall be provided for each lot with a depth equal to or greater than 31.0m

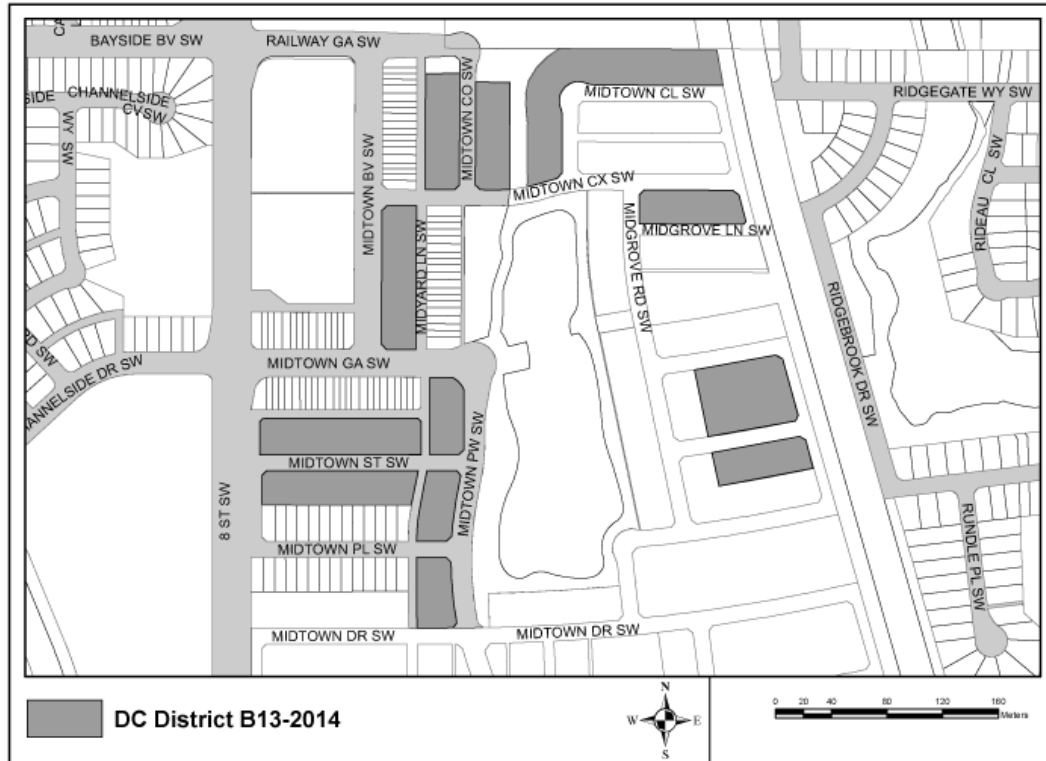

Parking, Access and Connectivity

- (9) All units require a minimum of two (2) off-street parking spaces.
- (10) If no garage is provided, a two (2) vehicle concrete parking pad shall be constructed in the back of the lot. The dimensions and setbacks of the concrete parking pad must meet the requirements of a detached garage to allow future construction.
- (11) Any garage with an exterior wall-to-wall width of less than 5.5m shall count as a single parking space.
- (12) Vehicle access shall be from the rear lane only.

Bylaw No. B13-2014

General/Administrative Regulations

- (1) Affected Lands: A portion of the NW ¼ Section 1, Township 27, Range 1, W5M containing ±36.20 hectares (±89.45 acres), as generally illustrated on the sketch plan below and identified in the Midtown NSP (Bylaw No. B-26/2013):

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose of this district is to ensure that development is consistent with the design and planning objectives of the Midtown Neighbourhood Structure Plan. This district is primarily intended to accommodate a variety of semi-detached and duplex dwelling types and a limited range of supportive uses. Depending on if lane access is available, semi-detached housing products will provide for the ability to construct a front-attached, rear-attached, or rear-detached garage.

- Garage	1.0m

Massing and Coverage	
Maximum Building Height	12.0m
Maximum Site Coverage	60% of Site Area
Maximum Accessory Building Size	45m ² or 10% of the Lot/Unit Area, whichever is greater

Development Standards

- (4) The Development Authority shall only approve the development of a Single-Detached Dwelling if the lot cannot meet the minimum dimensional requirements, as stated in this DC, for a semidetached or duplex dwelling.
- (5) Only one (1) Single-Detached Dwelling per block will be permitted
- (6) Encroachments or projections are only permitted in one side yard per lot when side yard setbacks are both less than 1.5m

Landscaping Requirements

- (7) A minimum of 30% of the site area must be provided for landscaping.
- (8) All areas not required for buildings, parking and driveways shall be landscaped.
- (9) A minimum of 30m² private amenity space shall be provided for each residential dwelling unit.

Parking, Access and Connectivity

- (10) All units require a minimum of two (2) off-street parking spaces.
- (11) If no garage is provided, a two (2) vehicle concrete parking pad shall be constructed in the back of the lot. The dimensions and setbacks of the concrete parking pad must meet the requirements of a detached garage to allow future construction.
- (12) Any garage with an exterior wall-to-wall width of less than 5.5m shall count as a single parking space.

Design Requirements

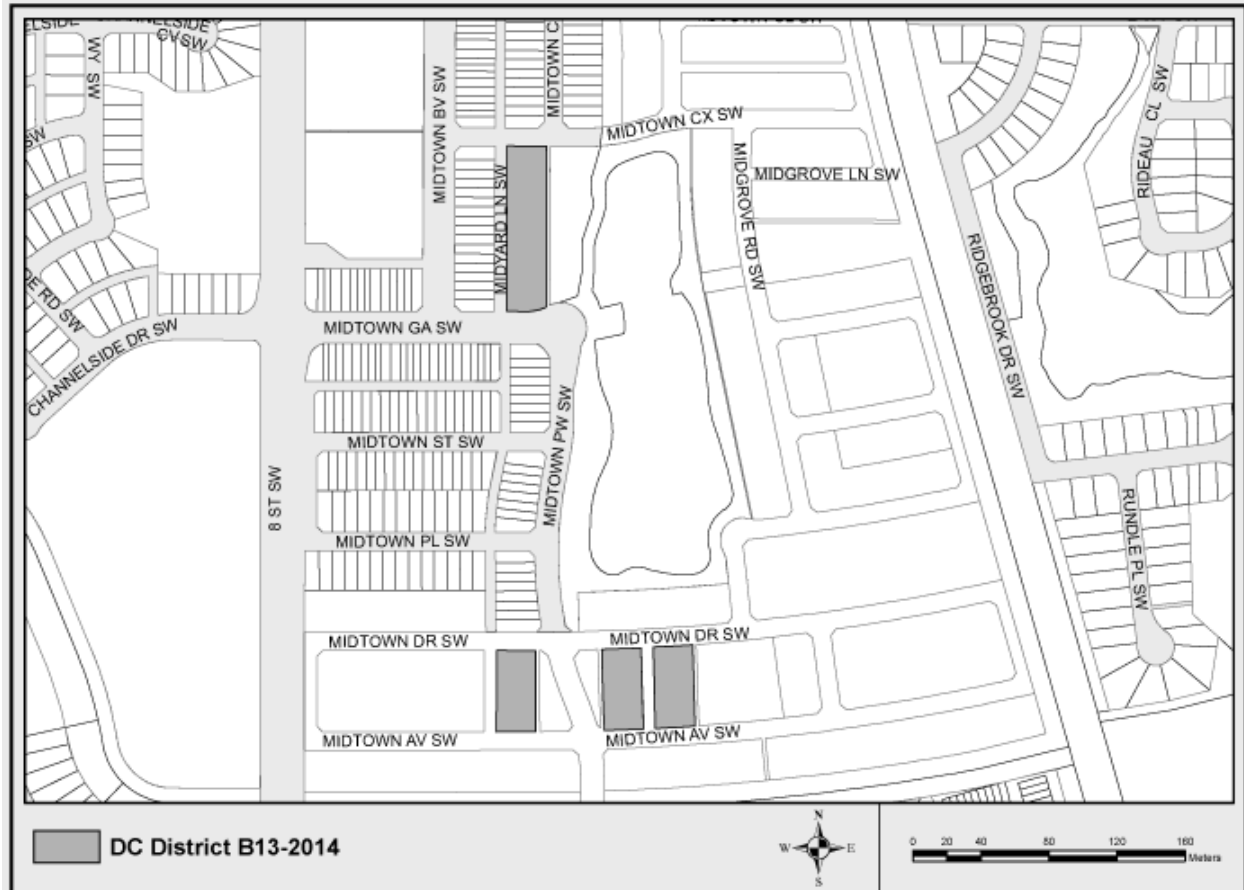

- (13) Notwithstanding the Maximum Front-attached Garage Width set by **Section 7.15(3)(c)** and **Table 13**, for all dwelling types in this district, at least 2.4 meters of building frontage shall be provided facing the street that is not occupied by the face of a garage. [Bylaw B-12/2017](#)
- (14) Street-fronting garage doors are to be designed to the satisfaction of the Development Authority in a manner such that a decorative architectural component that is in keeping with the character of the community is incorporated.

9.2.35 Direct Control Bylaw 43 (DC-43)

Bylaw No. B13-2014

General/Administrative Regulations

- (1) Affected Lands: A portion of the NW ¼ Section 1, Township 27, Range 1, W5M containing ±36.20 hectares (±89.45 acres), as generally illustrated on the sketch plan below and identified in the Midtown NSP (Bylaw No. B-26/2013):

[Bylaw B-41/2018](#)

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose of this district is to provide for residential development consistent with the design and planning objectives of the Midtown Neighbourhood Structure Plan. The primary intent is to accommodate ground-oriented, townhomes that will front onto park space. Each building is intended to provide entry to the rear yard lane and to the front yard park space. Units are foreseen as two or three levels above grade. Vehicle access will be from rear lanes to enhance unobstructed pedestrian access to the park space and to provide a complimentary interface to the open space network.

Deleted in its entirety.

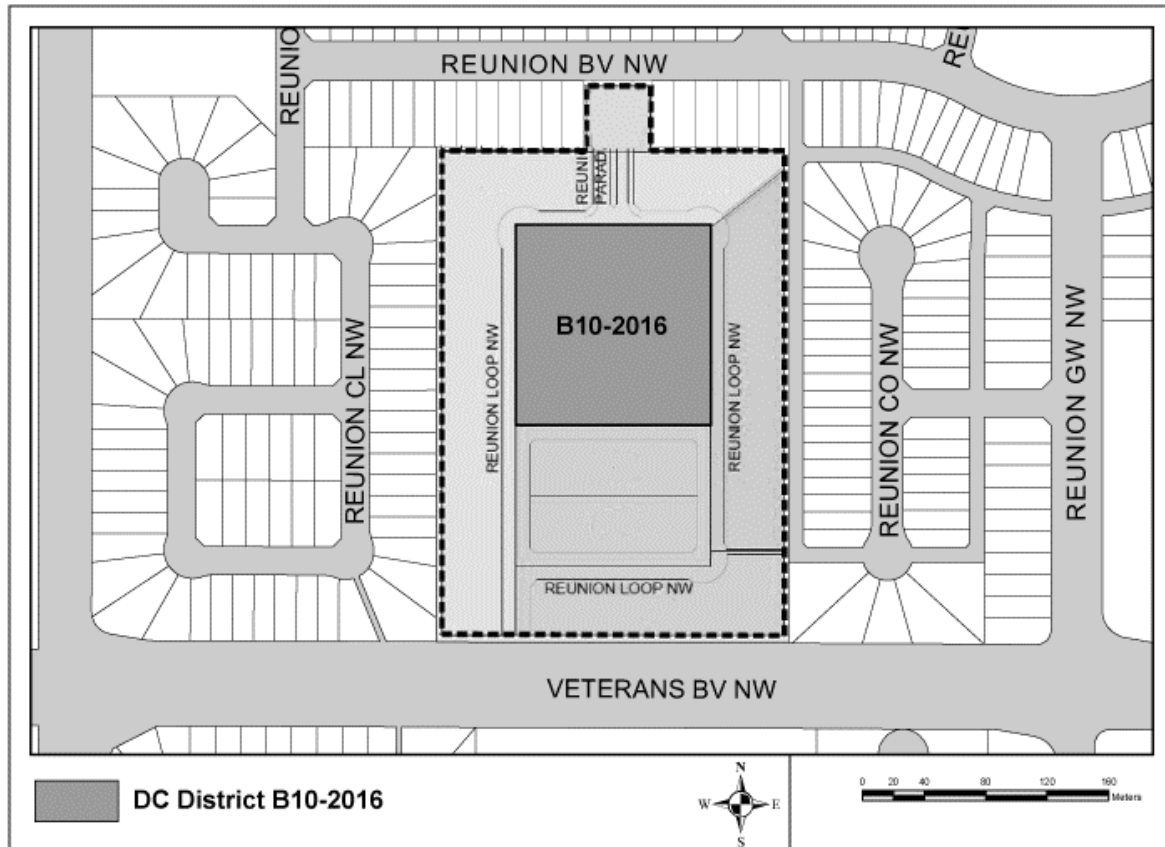

[Bylaw B-24/2024](#)

9.2.37 Direct Control Bylaw 46 (DC-46)

Bylaw No. B10-2016

General/Administrative Regulations

- (1) Affected Lands: A portion of Lot 20, Block 1, Plan 0714778, located within the neighbourhood of Reunion, containing ± 0.85 hectares (± 2.1 acres), as generally illustrated on the sketch plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose of this district is to allow for a housing development of street-oriented homes surrounding a private common space area. The housing typology will be reasonably compatible with housing in the surrounding neighbourhood, having low to medium density.

List of Permitted Uses	List of Discretionary Uses
Accessory Building Dwelling, Duplex Dwelling, Semi-Detached Dwelling, Single Detached	Dwelling, Townhouse ¹ Home Business, Limited

Note 1: A Dwelling, Townhouse in this district shall be limited to a maximum of three (3) contiguous units.

Maximum Site Coverage	40% of Site Area
Maximum number of Housing Units	30
Minimum Landscaped Area	40% of Site Area
Minimum Area provided for Common Amenity/Recreation	1,500m ²

Site Design Requirements

- (4) The common amenity/recreation area required by this District may include ancillary structures, such as a club house for meetings and social functions, as well as outdoor recreational functions, including (but not limited to) a swimming pool, tennis courts, gardens, and picnic facilities, at the discretion of the Approving Authority.
- (5) Residences within this District may have private backyard space that is separate from the common area. Yards may be demarcated with a fence that does not exceed 1.8 metres in height, or by use of other landscaping treatments to the satisfaction of the Development Authority.
- (6) Garage treatments shall be provided in accordance with **Section 7.15** (Garage and Carport Requirements).

Other Requirements

- (7) Outside storage of materials is prohibited in this district.
- (8) Notwithstanding the requirements outlined in **Section 7.21** (Objects Prohibited in Yards), no person shall be permitted to store or park a Recreational Vehicle on a lot in this district for longer than 72 hours to provide for loading or unloading the vehicle.

Direct Control Bylaw 47

(Section 9.2.38)

Deleted in its entirety.

[Bylaw B-24/2024](#)

9.2.39 Direct Control Bylaw 48 (DC-48)

Bylaw No. B29-2017

General/Administrative Regulations

- (1) Affected Lands: Lots 1 and 2, Block 3, Plan 1543X containing 0.130 hectares (0.320 acres), as generally illustrated on the sketch below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.
- (3) Airdrie City Council shall be the Approving Authority for all new construction Development Permit applications in this district, unless otherwise specified in this Direct Control Bylaw.
- (4) In reviewing a Development Permit application for any listed use in this district, Council shall be entitled to add conditions to an approval decision in accordance with Section 2.4.5 of the Land Use Bylaw. Council shall also have the discretion to include a condition(s) that will mitigate any potential impacts on the use, enjoyment, amenity and value of adjacent properties.
- (5) Administration shall be the Approving Authority for Change of Use Development Permit applications and any revisions to the exterior of the building(s) in this district. However, Administration shall have the discretion to bring such applications to Municipal Planning Commission for decision in accordance with Section 2.1.2(13) of Land Use Bylaw B-01/2016. For such applications, Administration shall have the discretion to add conditions of approval in accordance with Section 2.4.5 of the Land Use Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

The purpose and intent of this District is to provide for a limited range of commercial uses that would provide an acceptable transition between surrounding residential and commercial development in the area.

- (7) The use of Restaurant shall be limited to units on the main floor of the building with the principle entrances fronting Main Street.
- (8) An individual Restaurant use shall be limited to 100 square meters of gross floor area and the maximum combined area of all Restaurant uses within the district shall not exceed 200 square meters.
- (9) The design character and appearance of any buildings in this district shall be of a high standard, having due regard to their impact on neighboring developments and general amenities of the area, to the satisfaction of the Development Authority.
- (10) Unless otherwise specified in this bylaw, all landscaping is subject to the regulations and standards outlined in Section 3 of Land Use Bylaw B-01/2016, as amended from time to time.
- (11) Unless otherwise specified in this bylaw, all parking in this district is subject to the regulations and standards outlined in Section 4 of Land Use Bylaw B-01/2016, as amended from time to time.
- (12) This Direct Control district shall be eligible for an M3 District parking reduction of up to 25%, at the discretion of the Development Authority, as outlined in Section 4.4(10) of Land Use Bylaw B-01/2016.
- (13) All signs and sign features are subject to the regulations and standards provided in Part 5, Section 5.7 and Table S.05 of Land Use Bylaw B-01/2016.
- (14) Unless otherwise specified in this bylaw, development in this district shall adhere to the regulations of Land Use Bylaw B-01/2016.

[Bylaw B-29/2017](#)

9.2.40 Direct Control Bylaw 49 (DC-49)

Bylaw No. B-20/2022

General/Administrative Regulations

- (1) Affected Lands: All of Lot 3, Block 7, Plan 7711567 containing 2.108 hectares (5.21 acres) as generally illustrated on the sketch below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) The following direct control bylaw is intended to provide for commercial and industrial uses that will support the continued use of an existing site and remain compatible with the surrounding industrial area.
- (4) Any new development on the subject lands that will increase the building area or coverage on the site shall be subject to a new Development Permit application. Without limiting the general requirements and review process outlined in Part 2 of the Land Use Bylaw, such applications shall address the following elements to the satisfaction of the Development Authority:
- (a) A description and plans that show the proposed uses to be accommodated on the site, and how any associated traffic, access, circulation, loading, parking requirements are to be met.
 - (b) A detailed landscape plan of the entire site to show grading, tree planting, any tree removals, grassed areas including the location and species of shrubs and trees.
- (5) Any development application which requires a variance to the Maximum Floor Area standards outlined in this Bylaw or the Parking standards provided in Part 4 of the Land Use Bylaw shall provide traffic impact and parking analyses, addressing impact of adjacent public roadways and surrounding industrial sites, vehicle circulation and access on and off the site, and any other information required, to the satisfaction of the Development Authority.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

The purpose of this district is to accommodate a mix of commercial and industrial uses within the established site and buildings on the affected lands. Development within this Bylaw should support the continued operation of the site and remain compatible with surrounding industrial uses.

Discretionary Land Uses

Animal Service, Limited	Microbrewery
Artist Studio	Office
Business Support Service	Personal Service
Cannabis Facility, General	Public Assembly, General
Cannabis Facility, Limited	Public Assembly, Limited
Community Service Facility	Public Assembly, Major
Entertainment, General	Restaurant
Financial Service	Retail Store, General
Government Service	Security Suite
Health Care, Limited	Storage Facility, Indoor
Indoor Recreation, Limited	Temporary Event
Indoor Recreation, General	Vehicle Sales and Leasing
Industrial Services and Sales	Vehicle Service, General
Industrial Manufacturing and Operations	Vehicle Service, Limited
Industrial Manufacturing, Limited	Warehouse Sales
Laboratory, Limited	

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Site Dimensions

Minimum Site Area	4,000m ²
Minimum Site Width	48.0m
Minimum FAR	0.2

Minimum Floor Area

Microbreweries Restaurants Entertainment Uses Public Assemblies Community Service Facilities	450m ²
Health Care Uses Personal Services Artist Studios	600m ²
All Other Uses	At the discretion of the Development Authority

Required Setbacks

Minimum Exterior Setback	12.2m
Minimum Interior Setback	At the discretion of the Development Authority
Minimum Building Separation	20.0m

Massing and Coverage

Maximum Building Height	18.5m
Maximum Building Coverage	45% of the Site Area
Minimum Landscaping	At the discretion of the Development Authority

Development Standards

- (6) Signs in this district shall be regulated in accordance with [Table S.09](#)
- (7) In addition to the Maximum Floor Area standards outlined above which are administered on a per unit basis, the maximum combined floor area for all listed land uses with a Parking Standard greater than or equal to 3.0 stalls per 100m² gross floor area (as defined in Table 5: Minimum Required Parking) shall be 25% of the overall development site defined by this Direct Control Bylaw.
- (8) Any outdoor storage in association with an approved land use under this Bylaw:
 - (a) shall meet the requirements of [Section 7.23 \(Outdoor Storage\)](#), and
 - (b) shall not interfere with any existing soft landscaping, parking, sidewalks, or loading areas.

Access and Connectivity:

- (9) Development within this district must address the following to the satisfaction of the Development Authority:
 - (a) Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and amenity areas, and crosswalks at the perimeter of the site.
 - (b) Accessibility for transit and other forms of transportation.
 - (c) Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.

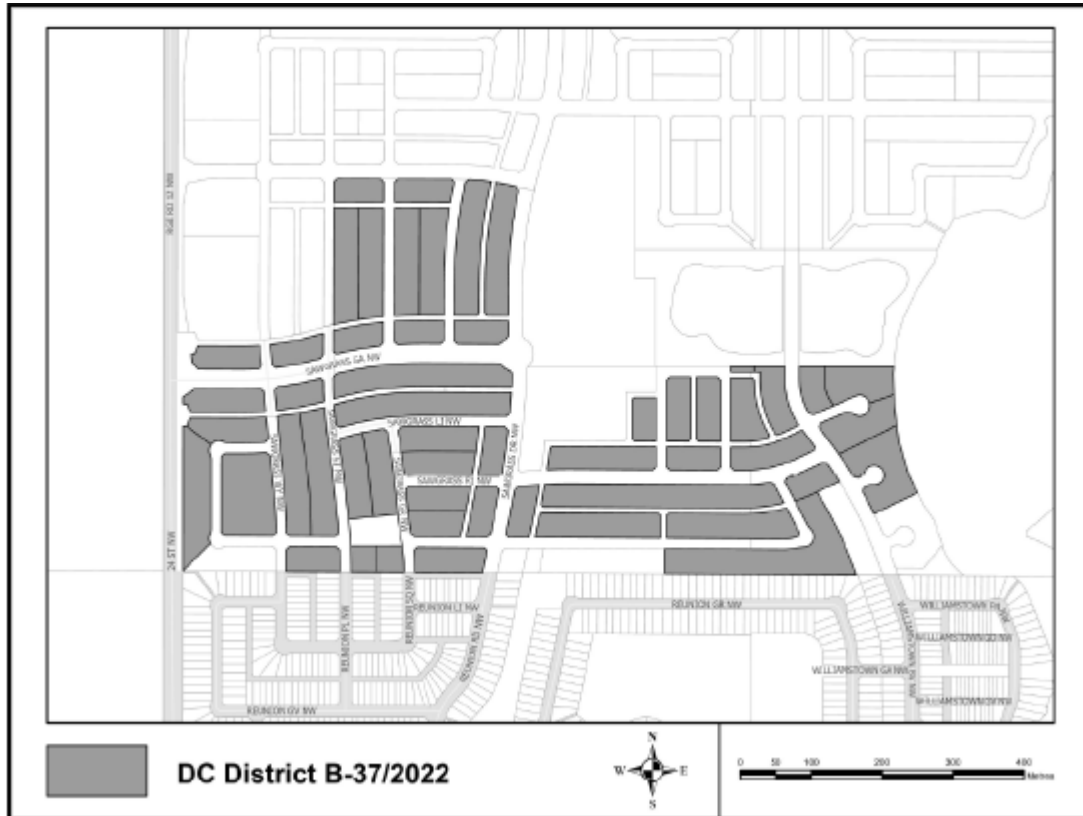

[Bylaw B-20/2022](#)

9.2.41 Direct Control Bylaw 50 (DC-50)

Bylaw No. B-37/2022

General/Administrative Regulations

- (1) Affected Lands: A portion of North East Quarter of Section 14, Township 27, Range 1, West of the 15th Meridian and portion of North West Quarter Section 14, Township 27, Range 1, West of the 5th Meridian, containing 77.87 hectares (192.42 acres), as generally illustrated on the sketch below.

Bylaw B-19/2024

- (2) All development in this Direct District Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this bylaw.

Direct Control Regulations

- (3) Application of this District shall adhere to the land use concept and supporting policies established in the applicable Neighborhood Structure Plan (NSP).
- (4) This District is intended to generally support the following mix of residential land uses and housing forms.

Housing Form/Land Use Diversity	
<i>Dwelling/Land Use Type</i>	<i>% Of Units in Approved NSP</i>
Traditional Single Detached Dwellings	Minimum 10% of Total Units within the entire NSP
Narrow Single Detached Dwellings (Including such dwellings with Front Garages and Zero Lot Line configurations)	Maximum 35% of Total Units within the entire NSP (Maximum 5% of Total Units within the entire NSP to accommodate Front Garages and Zero Lot Line Configurations)
Other Single Detached Dwellings (Including such dwellings with Lanes Access and Zero Lot Line configurations)	N/A (Maximum 10% of Total Units within the entire NSP to accommodate Lane Access and Zero Lot Line configurations)
Semi Detached, Duplex, Townhouse and/or other Attached Dwelling Types	Minimum 15% of Total Units within the entire NSP

- (5) With each Subdivision application, a Housing Mix table shall be submitted which includes the up to date existing, proposed, and anticipated future number of units for each of the categories in the table above across both the Direct Control District and the applicable NSP.
- (6) Where the Housing Mix table included with a Subdivision application indicates the maximum proportion of units in the table above will be exceeded, or the minimum proportion of units will not be met, across this Land Use District, the Development Authority may evaluate such additional units as Discretionary Uses within this District.
- (7) Where the Development Authority deems a residential land use as a Discretionary Use pursuant to subsection (6), such uses are subject to a Development Permit application and shall be evaluated with specific regard to:
 - (a) Alignment with Purpose and Intent if this district,
 - (b) Alignment with policies in the applicable Neighbourhood Structure and other supporting policy plans,
 - (c) Continuance of long-term housing choice and variety of dwelling forms and types within the Affected Lands of this District
 - (d) Inclusion of affordable housing, sustainable development practices, or other innovation that supports the long-term development of complete communities, to the satisfaction of the Development Authority.

Bylaw B-37/2022

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent The purpose of this district is to support a wide range of fee-simple residential housing types, allowing flexibility between forms to provide a range of housing choices. This district is intended to create diverse and interesting streetscapes that can incorporate various housing types within individual blocks.	<table><tr><th>Permitted Land Use²</th><th>Discretionary Land Uses</th></tr><tr><td>Dwelling, Single Detached Dwelling, Semi-Detached Dwelling, Duplex Dwelling, Townhouse Accessory Building Home Business, Limited Child Care, Limited</td><td>Dwelling, Garage Suite Dwelling, Secondary Suite Home Business, General Supportive Housing, Limited</td></tr></table> <p><i>Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.</i></p> <p><i>Note 2: Some uses listed as Permitted Uses in this District may need to be evaluated as Discretionary Uses in specific circumstances – See Section 9.2.A (6), (7) and (10).</i></p>	Permitted Land Use ²	Discretionary Land Uses	Dwelling, Single Detached Dwelling, Semi-Detached Dwelling, Duplex Dwelling, Townhouse Accessory Building Home Business, Limited Child Care, Limited	Dwelling, Garage Suite Dwelling, Secondary Suite Home Business, General Supportive Housing, Limited

Maximum Amenity Area	30m ² per Unit
Max Continuous Building Frontage	4 Units

Development Standards

- (8) Signs in this district shall be regulated in accordance with Table S.01
- (9) Notwithstanding the Development Dimensions listed above, no lot accommodating any Single detached Dwelling shall be created with a Site Frontage less than 6.0m.
- (10) No property in this District shall provide both front-drive and rear-lane access, except where the secondary access is subject to a Development Permit application, which shall be evaluated as a Discretionary Use under the authority of the Development Officer, and ensure that:
 - (a) The Minimum Landscaping requirements listed above are met, and
 - (b) The provision of a second access (i.e., for additional parking, accessory structures, storage, etc.) is, in keeping with the purpose and intent of this district and would not impact surrounding properties or the amenities of the neighbourhood.
 - (c) For the purposes of this section, the Development Authority shall determine which access is primary and which is secondary, having regard to the street network and orientation of other surrounding properties and the timing of the development, as may be necessary.
- (11) Notwithstanding the minimum setbacks listed above, on interior side yard on a lot is permitted to be reduced to 0.6m where the adjoining side yard on the adjacent lot provides a setback of at least 1.2m.
- (12) In addition to the requirements outlined in Section 7.4 (Decks and Amenity Areas), the amenity area required for a Dwelling, Single Detached in this district shall be provided as one contiguous area with a minimum dimension of at least 4.0m. The overall amenity space may be split for different uses and functions (e.g., a raised deck and yard) as long as both are part of the same contiguous area.

Front-Drive Garage Standards on Narrow-Lot Dwellings:

- (13) Notwithstanding the standards outlined in **Section 7.15** (Garage and Carport Requirements), Narrow Single Detached dwellings may provide a garage up to a maximum of 6.1-metres wide. Any additional lots less than 10.36m wide shall be developed in accordance with the regulations in Section 7.14 (Garage and Carport Requirements) unless otherwise approved through a Development Permit issued by the Development Authority.

Parking, Access, and Connectivity:

- (14) Where a detached garage of sufficient width and depth has not been constructed on a laned property so as to meet the parking requirement of this bylaw for that property, then a parking pad of concrete or similar hard material must be provided so as to provide the required parking area for the approved use(s) on the property.

Provisions for Zero Lot Line Development:

- (15) The standards on this section are intended to provide for lotting configurations for Zero Lot Line development and may be applied to any Single Detached Dwellings within this district, provided that all other requirements of this Bylaw are met.

- (a) One side yard setback for the principal building may be reduced to zero metres where the owner of the parcel proposed for development and the owner of the adjacent parcel register, against both titles, a minimum 1.5 metre private maintenance easement that provides for:
 - i. A 0.30 metre eave encroachment easement with the requirement that the eaves must not be closer than 0.90 metres to the eaves on the building on the adjacent parcel, and;
 - ii. A 0.60 metre footing encroachment easement:
- (b) All roof drainage from the building is discharged through eavestroughs and downspouts onto the parcel on which the building is located.
- (c) Except for the provided encroachments for eaves and footings described above, no projections or encroachments shall be permitted for access, architectural, or amenity features described in **Section 7.25**.
- (d) Where a side yard setback for the principal building is reduced to zero metres in accordance with the above provision, the minimum side yard setback for the associated Accessory Building may have the same side yard reduced to zero metres.
- (e) Fences are supported in accordance with **Section 7.14** but shall not block the neighbouring properties' right to access the areas covered by the maintenance easement described in subsection (16), above.
- (f) No dwelling unit may provide a building access on the side of the dwelling where the side yard has been reduced to zero metres in accordance with this section.

Provisions for Utility Infrastructure and Rights of Way:

- (16) Notwithstanding the minimum dwelling width and required setbacks outlined in this district, individual lots within a subdivision phase shall be designed to accommodate any required utilities, infrastructure, rights of way, and/or easements without creating a conflict with the setbacks and associated building envelope of the principal or accessory buildings.

Definitions

- (17) Unless otherwise defined in this Direct Control Bylaw, all words and uses shall be defined as per Part One (Definitions) of the City of Airdrie Land Use Bylaw, as amended.

Traditional Single Detached Dwelling means:

A sub-category of the "Single Detached Dwelling" land use – where dwelling provides a lot width of at least 11.0m, and generally in keeping the minimum standards of the R1, Single Detached Residential District in Land Use Bylaw No. B-01/2016, as may be amended from time to time.

Narrow Single Detached Dwelling means:

A sub-category of the "Single Detached Dwelling" land use – where the dwelling provides a lot width equal to or less than 10.36m includes a garage up to 6.1m wide.

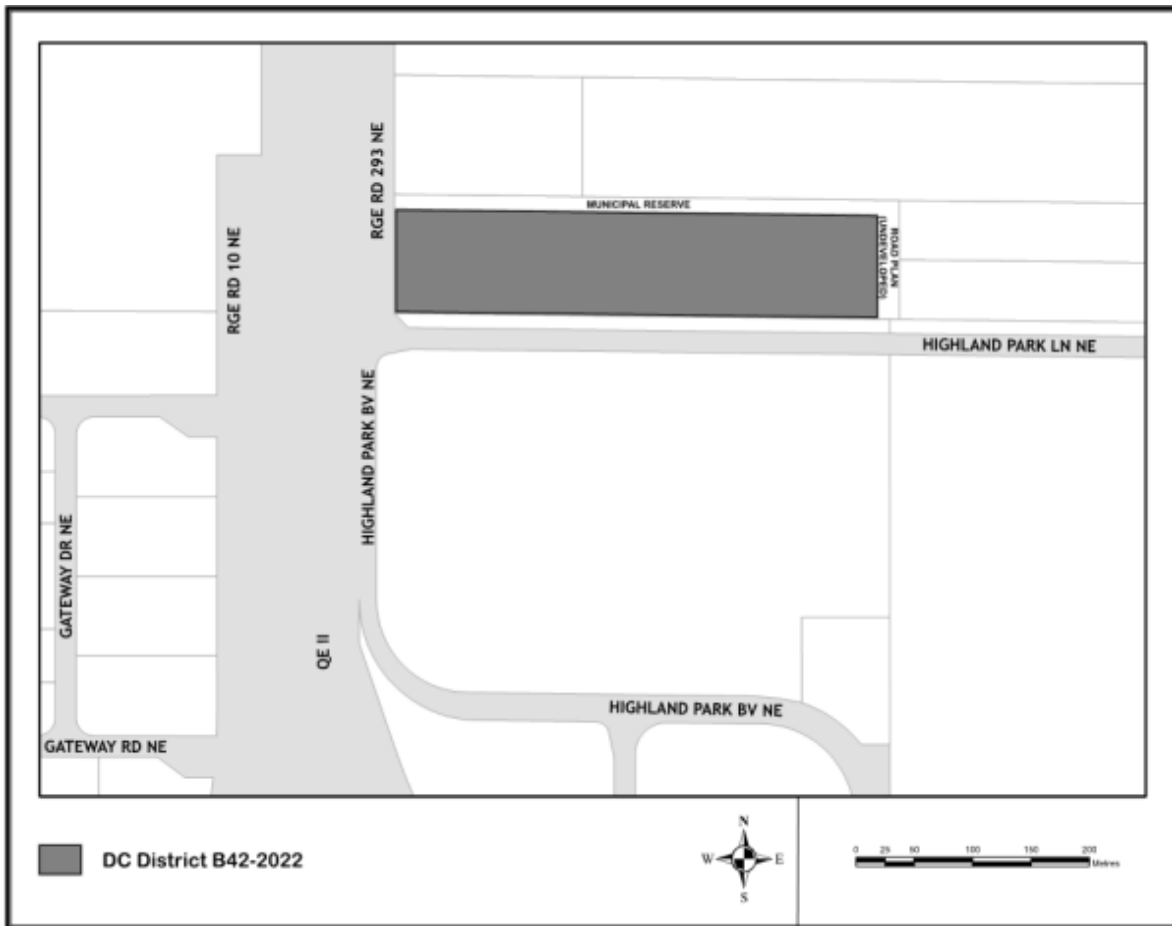

Bylaw B-37/2022

9.2.42 Direct Control Bylaw 51 (DC-51)

Bylaw No. B42/2022

General/Administrative Regulations

(1) Affected Lands: Lot 1, Block 1, Plan 891 0316, as generally illustrated in the plan below:

(2) All this District to meet high standards of landscaping, aesthetics, and efficient, comprehensive site design.

Massing and Coverage	
Maximum Building Height	18.5 m
Maximum Building Coverage	70% of Site Area
Maximum Landscaping	5% of Site Area

Architectural Control and Building Design

- (3) The design, character and appearance of all buildings shall be appropriate and compatible with the surrounding area.
- (4) All exterior finishing materials exposed to public view shall be selected having regard to the objective of ensuring a high standard of appearance appropriate to the location of this site and visual appearance on major public roadways and rural residential properties located to the north and east of the site.
- (5) The roof-line and building façade shall include design elements and variations that reduce the perceived mass of buildings and add architectural interest.

Development Standards

- (6) A Landscaping Plan shall be prepared at the time of submission of a Development Permit.
- (7) The submitted Landscaping Plan shall address the interface area between the proposed development and the rural residential properties adjacent to the subject lands and be sensitive to the pedestrian environment and high visual prominence of the site.
- (8) Landscaping adjacent to exterior walls that are visible from adjacent public lands are to be designed to minimize the perceived mass of the building and to improve the visual appearance of long expanses of blank walls.
- (9) Screening techniques shall be incorporated into the Landscape Plan with respect to adjacent rural residential properties located within view of adjacent public roadways and lands.
- (10) In addition to the general requirements for landscaping contained in the Land Use Bylaw, landscaping shall be of design and quality reflecting the highly visible nature of sites along the Queen Elizabeth 2 Highway corridor.
- (11) All roof mechanical equipment shall be screened to the satisfaction of the Development Authority.
- (12) External area lighting shall be designed such that glare over any adjacent residential areas is minimized.
- (13) To address compatibility of an industrial uses within this district, the Development Authority may require mitigation of potential development impacts on adjacent lands, include the provision or design of:
 - (a) Landscaping and interface treatment;
 - (b) On-site lighting;
 - (c) Noise attenuation measures;
 - (d) Location and design of parking or other high activity areas; or
 - (e) Changes to the proposed structure(s) to mitigate impacts.
- (14) Signs in this district shall be regulated in accordance with Table S.09

Transportation and Access

- (15) At the time of submission of a Development Permit a Transportation Impact Assessment shall be submitted with consideration of any proposed access locations onto Highland Park Boulevard.
- (16) The Transportation Impact Assessment shall consider design of any proposed new access points onto the proposed road network with attention of future traffic flow the north of the parcel. Traffic impacts to pedestrian movement will be assessed at relevant intersections to promote safe and logical connectivity to the existing regional trail and sidewalk. Recommendations of improved level of service and safety associated with potential pedestrian, vehicle conflicts shall be included.

Bylaw B-42/2022

9.2.43 Direct Control Bylaw 52 (DC-52)

Bylaw No. B-20/2023

General/Administrative Regulations

- (1) Affected Lands: Lot 2, Block 1, Plan 1610657 containing ± 0.96 hectares (± 2.36 acres), as generally illustrated on the sketch below:

- (2) That Council shall be responsible for the issuance of all any Development Permit for a multi-family uses on the Lands subject to this Bylaw. The Development Authority will be responsible for all other development permits on Lands subject to this Bylaw.
- (3) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (4) Where a development does not comply with the approved Direct Control regulations for the site, the Development Authority may, if satisfied that the proposed variance will not unduly interfere with the amenities of the neighborhood nor materially interfere with or affect the use, enjoyment, or value of neighboring properties.
- (5) The Development Authority may allow an increase in density, subject to the merits of the application and the following considerations:
 - (a) Incorporation of site design and site planning principles consistent with the standards outlined in
 - (b) **Section 7.30** (Site Design).
 - (c) The development's ability to support sustainability objectives of AirdrieONE, and the provision of additional amenities and features to support Sustainable Design, Low-Impact Development, or similar initiatives.
 - (d) Other innovative design and planning elements, which may be considered at the discretion of the Development Authority.

Land Use Regulations

Requirements for the uses and regulations of this District are as follows:

Purpose and Intent

The purpose of this district is to provide for Multi-Residential Development on the subject site. This district uses modified density standards to support a more compact development and smaller units in the same overall development form, and is intended to support an urban form of multi-residential development at a community node where there is supporting transportation, services, and amenities in place.

Permitted Land Uses	Discretionary Land Uses
Multi-Residential Development Home Business, Limited Child Care, Limited	Dwelling, Townhouse Dwelling, Live-Work Apartment, Mixed Use Accessory Building Public Assembly, Limited Supportive Housing, Limited Supportive Housing, General

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

Minimum Site Dimensions

Development Site	Area	Width
Multi-Residential Development	900m ²	20.0m

Development Density

Standard Density Range	Min 112 Units/Ha Min 45 Units/Acre
Subject to Site Design Criteria	Up to 136 Units/Ha Up to 55 Units/Acre

Minimum Required Setbacks

Exterior Setback, from Municipal Road	4.5m
Interior Setback, abutting another parcel	3.0m
Building Separation	6.0m

Massing and Coverage

Maximum Building Height	4 Storeys
Minimum Site Coverage	80% of Site Area
Minimum Landscaping	10% of Site Area
Minimum Amenity Area - Multi-Residential Development	15m ² per Unit

Development Standards

(6) Signs in this district shall be regulated in accordance with Table S.02

Additional Development Permit Application Requirements:

- (7) Notwithstanding the requirements of Section 2.3.3 (Requirements for a Development Permit Application), development in this district shall require plans and/or information that outline the following to the satisfaction of the Development Authority:
- The mix of land uses, dwelling types, street cross sections, building form and character.
 - The relationship between buildings, structures and open space on the development site, the architectural treatment of buildings, the provision and design of landscaped areas, and the parking layout.

Parking, Access and Connectivity

- Where there is a private internal roadway, the design and location of parking shall meet the requirements of this Bylaw and shall be to the satisfaction of the Development Authority.
- Visitor parking must be clearly marked and located within a surface parking area.
- Development within this district must address the following to the satisfaction of the Development Authority:
 - Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and amenity areas, and cross-walks at the perimeter of the site;
 - Accessibility for transit and other forms of transportation;
 - Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.

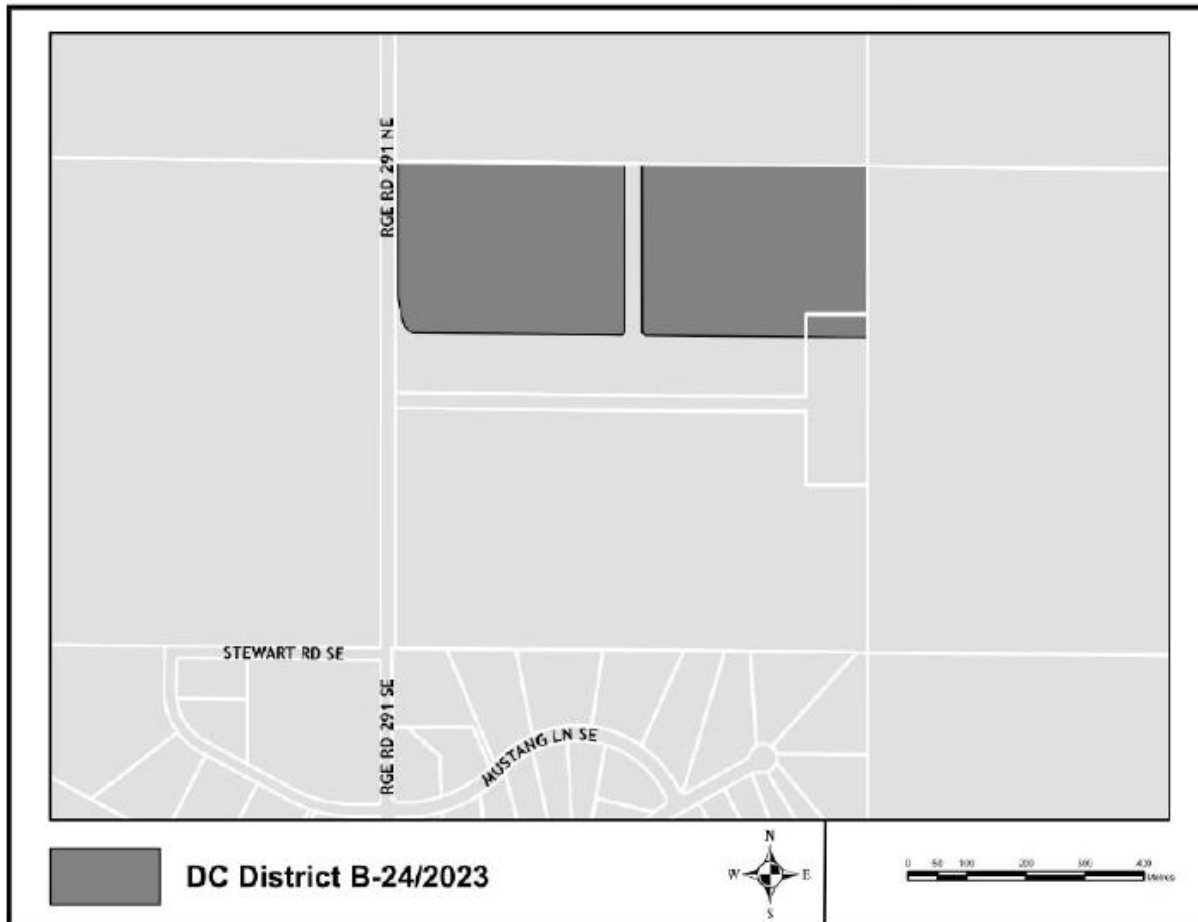

Bylaw B-20/2023

9.2.44 Direct Control Bylaw 53 (DC-53)

Bylaw No. B-24/2023

1.0 General/Administrative Regulations

- (1) Affected Lands: Portions of the SW 12-27-19-W4M and Lot 1, Block 1, Plan 0715033 containing ± 21.66 ha as generally illustrated in the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

2.0 Direct Control Regulations

Purpose and Intent

- (1) To apply the use and regulations of the Industrial – Mixed Business/Employment (IB-1) District, as amended; and
- (2) Allow a limited number of uses to operate at a larger scale than currently allowed by the IB-1 District, subject to meeting the supplementary regulations included within this Direct Control District.

Land Use Regulations

- (3) Unless otherwise indicated below, the uses and regulations of the Industrial – Mixed-Use / Employment (IB-1) District, as amended, apply for sites within this Direct Control District.
- (4) The following table lists the Permitted and Discretionary Uses of this Direct Control District:

List of Permitted Uses	List of Discretionary Uses
Permitted Uses of the IB-1 District, as amended;	Discretionary Uses listed of the IB-1 District, as amended

Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.

(5) Site Dimensions		(7) Required Setbacks	
Maximum Site Area	11.0 Hectares	Data Centre Industrial Manufacturing, Limited Industrial Service & Sales Warehouse Sales	Setback areas adjacent to Residential Districts or Public Open Space uses (excluding streets): 9.0 m
(6) Maximum Floor Area		(8) Massing and Coverage	
Data Centre Industrial Manufacturing, Limited Industrial Service & Sales Warehouse Sales	N/A	Data Centre Industrial Manufacturing, Limited Industrial Service & Sales Warehouse Sales	Setback areas adjacent to Residential Districts or Public Open Space uses (excluding streets) must be fully landscaped.

9) Development Standards

- Signs in this district shall be regulated in accordance with Table S.09
- Notwithstanding the list of Permitted and Discretionary uses, Offices and Business Support Services may only be considered as Permitted Uses where such use does not exceed 950m² in Floor Area and shall otherwise be considered as Discretionary Uses within this district.
- Outdoor storage areas may not be located between principal building(s) and areas adjacent to Residential or Public Open Space Districts.
- Setback areas adjacent to Residential or Public Open Space Districts, excluding streets, shall emphasize trees over shrubs in providing a high-quality landscaped interface between the Industrial and Residential Districts.
- Development Permit applications for sites adjacent to Residential Districts, excluding streets, must incorporate adequate noise attenuation to limit noises emanating from the site.
- Development Permit applications for a use other than Data Centre may require an updated Transportation Impact Assessment and any other report submitted in support of the Neighbourhood Structure Plan for the area shall be submitted.
- All uses are required to adhere to Design Guidelines – which will be registered on title for each parcel prior to approval of any subdivisions within the area of this Direct Control District.

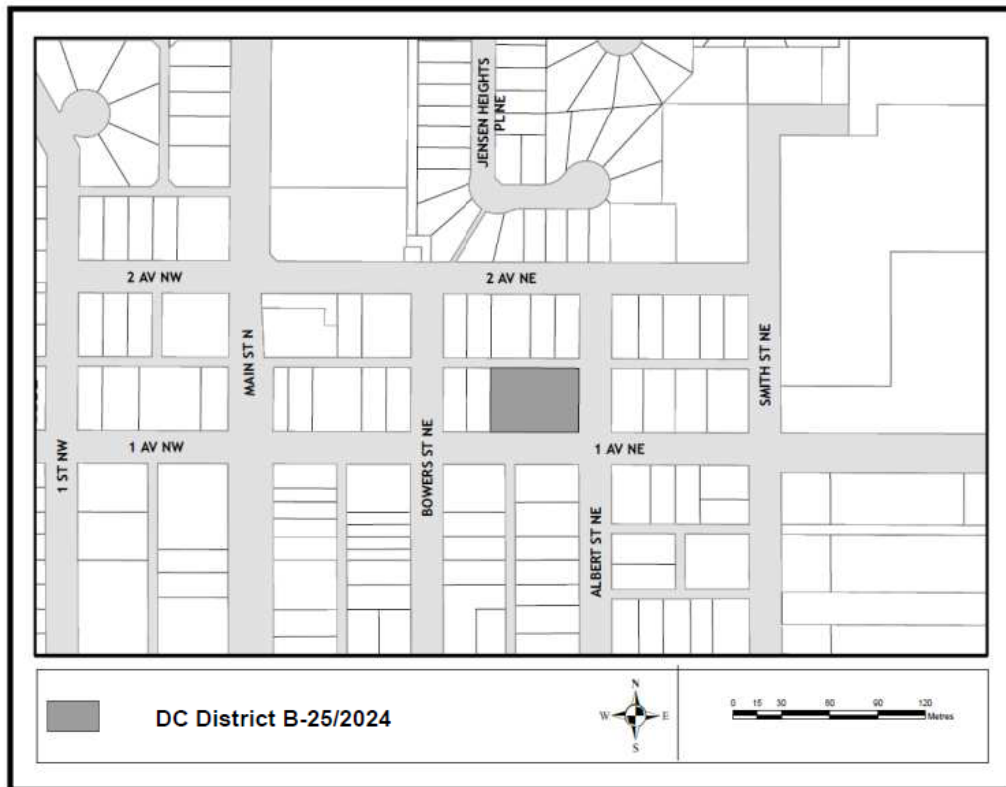

Bylaw B-24/2023

9.2.45 Direct Control Bylaw 54 (DC-54)

Bylaw No. B-25/2024

General/Administrative Regulations

- (1) Affected Lands: Lots 9-12 Block 1, Plan 11270 containing 0.219 hectares (0.54 acres), as generally illustrated on the sketch below:

- (2) All development in this Direct District Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this bylaw.
- (3) Airdrie City Council shall be the Approving Authority for all new construction Development Permit applications in this district, unless otherwise specified in this Direct Control Bylaw.

Direct Control Regulations

- (4) The principal development of the site shall comprise two Supportive Housing buildings within the same form and massing as the existing buildings on the site.
- (5) Discretionary Uses within this district are intended to complement the principal Supportive Housing land use. Such uses shall be subject to a Development Permit application and evaluated with specific regard to:
 - (a) Alignment with the Purpose and Intent of this district.
 - (b) Alignment with policies in the applicable Neighbourhood Structure Plan and other supporting policy plans.
 - (c) Provision of additional services to complement the Supportive Housing facility and improve services and quality of life for its residents and the surrounding community.
 - (d) Inclusion of sustainable development practices or other innovation that supports the long-term development of complete communities, to the satisfaction of the Development Authority.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

<p>Purpose and Intent</p> <p>The purpose and intent of this District is to provide a Supportive Housing development within the form and footprint of the existing buildings. The development should be designed in a manner which respects the heritage of the site, provides a good pedestrian interface along the street frontages, and is integrated sensitively with the surrounding area.</p>	<table border="1"> <thead> <tr> <th>Permitted Land Uses</th><th>Discretionary Land Uses</th></tr> </thead> <tbody> <tr> <td>Accessory Building</td><td>Artist Studio</td></tr> <tr> <td>Security Suite</td><td>Child Care, General</td></tr> <tr> <td>Supportive Housing, General</td><td>Farmer's Market</td></tr> <tr> <td>Urban Agriculture</td><td>Health Care, Limited</td></tr> <tr> <td></td><td>Public Assembly, Limited</td></tr> <tr> <td></td><td>Retail, Convenience</td></tr> </tbody> </table> <p><i>Note 1: All land uses are subject to general and use-specific regulations and standards provided in Parts 6 and 7 of this Bylaw.</i></p>	Permitted Land Uses	Discretionary Land Uses	Accessory Building	Artist Studio	Security Suite	Child Care, General	Supportive Housing, General	Farmer's Market	Urban Agriculture	Health Care, Limited		Public Assembly, Limited		Retail, Convenience

Development Standards

- (6) Signs in this district shall be regulated in accordance with Table S.01 and shall incorporate character and design elements consistent with those outlined in the Village Area Redevelopment Plan, Bylaw No. B-31/2006, as may be amended from time to time.
- (7) The main public entrance to a building must face the property line shared with a street.
- (8) Site landscaping shall be provided along 1st Avenue NE to complement and enhance the boulevard.
- (9) Landscaping improvements to the Albert Street boulevard should be completed in tandem with construction of any development on the site.
- (10) Vehicular access to the site shall not be permitted along 1st Avenue NE.
- (11) Parking or service spaces should be located along the lane or screened from views along 1st Avenue NE with building frontage, amenity spaces, and/or landscaping.

Architectural Requirements

- (12) The development of this site should incorporate, to the satisfaction of the Development Authority, architectural elements to address the character and design language outlined in the Village Area Redevelopment Plan, Bylaw No. B-31/2006, as may be amended from time to time.
- (13) Architectural elements for any proposed buildings on this site shall:
 - (a) Wrap façade treatments along all exterior yards to provide a consistent profile toward facing streets.
 - (b) Ensure a consistent level of architectural detailing on all elevations where they are visible from any surrounding public space, including school sites, public roads, etc.
 - (c) Ensure that buildings facing directly onto a public road or shared amenity area are designed, to the satisfaction of the Development Authority, at an appropriate scale and incorporate architectural elements to break up any continuous building frontage more than 12.2m in length. Such elements may include but are not limited to:
 - i. integration of pillars or balconies along the length of the façade
 - ii. landscaping along the length of the building façade
 - iii. changes of building materials
 - iv. articulation (varying the setback) of the building façade.

(18) the Development Authority may require:

- (a) servicing studies including water, sanitary and stormwater management plans to confirm servicing capacity and availability for the proposed development.
- (b) a traffic impact assessment prepared by a qualified professional engineer addressing:
 - i. the impact of the proposed development on the operational capacity of surrounding streets,
 - ii. potential impacts and any improvements that may be required to the surrounding intersections and supporting road network, and
 - iii. access management to support the proposed development, including for loading, service, and emergency vehicles.

9.2.46 Direct Control Bylaw A32 (DC-A32)

Bylaw No. C3924-1992

General/Administrative Regulations

(1) Affected Lands: A portion of the NW ¼ 36-26-29-W4M, as generally illustrated on the plan below:

(2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) A Development Permit is required for all uses.
- (4) The Municipal Planning Commission shall consider and decide on applications for Development Permits for those listed in this Bylaw.

Land Use Regulations

Special Requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (5) The purpose and intent of this district is to allow the primary use of Helicopter Repair and Maintenance Facility and a secondary and ancillary use of a Dwelling, Single Detached.

List of Permitted Uses	List of Discretionary Uses
N/A	Accessory Buildings Dwelling, Single Detached ¹ Helicopter Repair and Maintenance Facility

Note 1: A Single Detached Dwelling must be secondary and ancillary to the use of Helicopter Repair and Maintenance Facility.

Maximum Dimensions	
Site/Use	Area
Site	20,200 m ² 2.02 Ha

Minimum Setbacks	
Front Yard (Measured from most northerly property line)	60 m
Side Yards (Measured from most easterly/westerly property line)	15 m
Rear Yard (Measured from most southerly property line)	15 m

Massing and Coverage	
Maximum Coverage	
Buildings Related to Helicopter Repair and Maintenance Facility	10% of Site Area

Minimum Floor Area (Excluding Basement)	
Single Storey Dwelling, Includes Bungalow and Bi-Level	92 m ²
Combined Area of Any Two Levels in a Split-Level Unit	92 m ²
Main Floor of a Split Entry or Bi-Level	74 m ²
Second Floor of a Split Entry or Bi-Level	18 m ²
Main Floor of a Two-Storey Dwelling	74 m ²
Second Floor of a Two-Storey Dwelling	18 m ²
Main Floor of a Dwelling, Moved-In	92 m ²

Development Requirements

- (6) Landscaping, fencing, berming and visual screening shall be compatible with adjacent land uses and shall be as required by the Municipal Planning Commission through the consideration of a Development Permit for any development on the site.
- (7) All applications for Development Permits in Noise Exposure Forecast (NEF) areas over 25 shall be referred to the Regional Office of the Ministry of Transport, Edmonton, and comments shall be received prior to a decision being made.
- (8) Construction of buildings at a location where the NEF is 25 or greater shall be in accordance with Part 11 of the Alberta Building Code.
- (9) Should the Helicopter Repair and Maintenance Facility cease to operate the residential use of the land shall also cease within three (3) months thereof.
- (10) That the occupants of the residence shall be involved in the operation of the Helicopter Repair and Maintenance Facility.
- (11) The location and appearance of buildings and structures shall be to the satisfaction of the Municipal Planning Commission as a consideration of any Development Permit issued for the site.

Definitions

- (12) Unless otherwise defined in this Direct Control Bylaw, all words and uses shall be defined as per Part One (Definitions) of the City of Airdrie Land Use Bylaw, as amended.

Helicopter Repair and Maintenance Facility means:

A development used for the servicing, washing and repairing of helicopters and other incidental related operations and supporting uses. This does not include other large-scale operations that would be permitted under the general "Airport Operations" land use.

9.2.47 Direct Control Bylaw A39 (DC-A39)

Bylaw No. C4105-1993

General/Administrative Regulations

- (1) Affected Lands: A portion of the NE ¼ 15-27-29-W4M, as generally illustrated on the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this district is to provide for a home enterprise to allow for residential and commercial land uses.

List of Permitted Uses	List of Discretionary Uses
Accessory Buildings Agricultural Operation, Limited Dwelling, Single Detached	Agricultural Operation, General Industrial Service and Sales RV Storage

Bylaw B-16/2023

Number of Accessory Buildings	2
Total Building Area for all Accessory Buildings	636.4m ²
Commercial Development	
Number of Principal Buildings	2
Number of Employees	10
Total Area for All Commercial Buildings	510.9 m ²

Development Requirements

- (4) Landscaping, visual appearance, berming and screening shall be to the satisfaction of the Development Authority and as determined through a Development Permit.
- (5) Fire protection measures are to be provided to the satisfaction of the Fire Chief and included in a Development Permit where deemed necessary by the Development Authority.
- (6) The design, character and appearance of any buildings, or series of buildings, structures or signs proposed to be erected or located on lands that have an existing country residential subdivision or development must be acceptable to the Development Authority, having due regard to its effect on neighbouring development and general amenities of the District, and any statutory plan affecting the district.

Special Requirements for RV Storage

- (7) Any Development Permit approval for RV Storage use shall be limited to a term of up to 5 years, at the discretion of the Development Authority. Applications for renewal shall also be limited to an approval term of up to 5 years, at the discretion of the Development Authority. At the expiry of the term of the Development Permit approval, applications for renewal may be considered by the Development Authority, having regard to any policy or outline plans, or any vision, purpose, and intent established for the future development of the site and surrounding area.
- (8) The Development Authority shall not approve any RV Storage use where such approvals would be prejudicial to the future economical subdivision, servicing, and development of the subject lands for future urban use on a planned basis.
- (9) In reviewing an application for a Development Permit for any RV Storage use, the Development Authority shall consider:
 - (a) The nature of the proposed use
 - (b) The anticipated traffic and intensity of the proposed use

- (c) The compatibility with surrounding parcels and land uses
 - (d) Potential visual and nuisance impacts on surrounding properties and visual impacts with site frontage onto major transportation corridors
 - (e) Landscaping and interface treatment
 - (f) On-site lighting
 - (g) Noise attenuation measures
 - (h) The location and design of parking or other high activity areas
 - (i) Applicability and alignment with all statutory plans and policies
- (10) Notwithstanding any other requirements of this Bylaw, the development of any RV Storage use in this district shall be required to provide a minimum of 9.1m of landscaping and screening, designed to the satisfaction of the Development Authority from any property line around internal storage areas, RV and large vehicle parking pads, and drive aisles.
- (11) Notwithstanding the landscaping requirements provided in Part 3 of this Bylaw and in this district, landscaping for the development of RV Storage use shall be required to:
- (a) Provide one tree and two shrubs per 30m² of landscaped area provided. For the purpose of this calculation, the landscaped area shall be a minimum of 7.5% of the site.
 - (b) Meet the following landscaping standards:
 - a. Deciduous Tree (Large): 85mm caliper
 - b. Deciduous Tree (Small): 70mm caliper
 - c. Coniferous Tree (Large): 3.0m height
 - d. Coniferous Tree (Small): 2.0m height
 - e. Shrubs: 0.75m minimum height or spread
- (12) The Development Authority may require a remediation plan outlining specific actions required in order to remove the RV Storage use and return the site to its original condition, as may be required due to the term of the approved development and the staging of future servicing and development for the subject land.

Bylaw B-16/2023

9.2.48 Direct Control Bylaw A40 (DC-A40)

Bylaw No. C4122-1993

General/Administrative Regulations

- (1) Affected Lands: A portion of the NE ¼ 15-27-29-W4M, as generally illustrated on the plan below:

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (3) The purpose and intent of this district is to provide for a home enterprise to allow for residential and commercial land uses.

List of Permitted Uses	List of Discretionary Uses
Accessory Buildings Agricultural Operation, Limited Dwelling, Single Detached	RV Sales and Service

Minimum Dimensions	
Site/Use	Area

Number of Surface and Marked Employee Parking Stalls	4

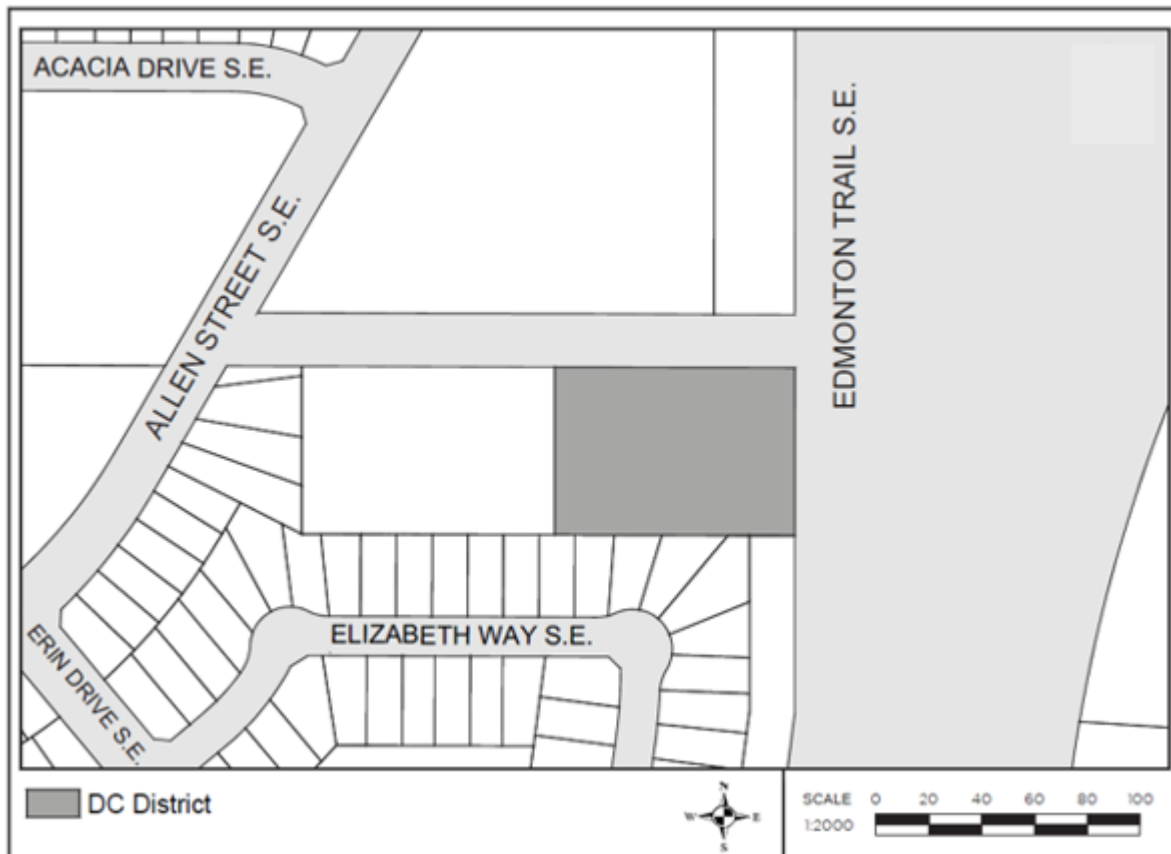

Development Requirements

- (4) Landscaping, visual appearance, berming and screening shall be to the satisfaction of the Development Authority and as determined through a Development Permit.
- (5) Fire protection measures are to be provided to the satisfaction of the Fire Chief and included in a Development Permit where deemed necessary by the Development Authority.
- (6) The design, character and appearance of any buildings, or series of buildings, structures or signs proposed to be erected or located on lands that have an existing country residential subdivision or development must be acceptable to the Development Authority, having due regard to its effect on neighbouring development and general amenities of the District, and any statutory plan affecting the district.

9.2.49 Direct Control Bylaw 55 (DC-55)

General / Administrative Regulations

- (1) Affected Lands: A portion of the NE ¼ 1-27-1-W5M containing +/- 0.57 hectares (+/-1.42 acres) as generally illustrated in the plan below.

- (2) All development in this Direct Control (DC) District shall comply with the applicable requirements of the Land Use Bylaw, as amended from time to time, unless otherwise stated in this Bylaw.

Direct Control Regulations

- (3) The uses listed within this Bylaw are considered Permitted Uses and will require a Development Permit in accordance with the regulations set forth in the City of Airdrie Land Use Bylaw B-01/2016 and this Direct Control Bylaw.
- (4) Development shall adhere to Crime Prevention Through Environmental Design (CPTED) principles and will be supported through a lighting plan at time of Development Permit.

Architectural Control and Building Design

- (5) The design, character, and appearance of the building shall complement the surrounding area.
- (6) All exterior finishing materials exposed to public view shall be selected having regard to the objective of ensuring a high standard of appearance appropriate to the location of this Site and visual appearance on major public roadways and adjacent existing development.
- (7) The roof-line and building façade shall include design elements and variations that reduce the perceived mass of buildings and add architectural interest.

Landscaping and Screening

- (8) Screening techniques, such as fencing, landscaping, or a combination thereof, shall be incorporated into the landscape plan at time of Development Permit to aid in visual and sound mitigation against the subject site and those respective adjacent properties, particularly along the south and western property lines.

Land Use Regulations

Special requirements for the uses and regulations of this District are as follows:

Purpose and Intent

- (9) The purpose and intent of this District is to provide good access and visibility to a medium density mixed-use development, including residential, commercial, office and health care uses that are located within the same building.

List of Permitted Uses
Accessory Building Animal Service, Limited Artist Studio Business Support Service Child Care, General Commercial School Community Service Facility Entertainment, General Financial Services Health Care, Limited Health Care, General Home Based Business, Limited Indoor Recreation, Limited Mixed Use Development, General Office Personal Service Residential Sales Centre Residential Show Home Restaurant Retail Store, Convenience Retail Store, General Retail Store, Liquor Utility

Maximum Dimensions	
Site / Use	Area
Site	5775m2

Massing and Coverage	
Maximum Building Height	5 Storeys
	18.5m
Maximum Site Coverage	40%
Minimum Landscaping	10% of Site Area
Minimum Amenity Area Per Dwelling	4.5m2 per Unit
Minimum On-Site Amenity Area	50m2

Maximum Development Density	
Number of Dwelling Units	56

Maximum Commercial Floor Area	
Commercial Floor Area	1,600m ²

Minimum Required Setbacks	
Front Yard	3.0m
Side Yard	3.0m
Rear Yard	7.0m

Development Standards

- (10) Signs in this district shall be regulated in accordance with Section 9.1(3)
- (11) Sign uses that are permitted within this district are as follows:
 - a. Fascia Sign
 - b. Free Standing Sign
 - c. Projecting Sign
 - d. Portable Sign
 - e. Pylon Sign
 - f. Window Sign
- (12) All roof mechanical equipment shall be screened to the satisfaction of the Development Authority.
- (13) Amenity Area shall be designed to provide visual privacy with particular emphasis to respect privacy of adjacent development.
- (14) On-site Amenity Area shall be designed to provide a complimentary visual aesthetic to the overall building design.
- (15) Child Care, General outdoor play area may be located on the second floor Amenity Area of the building and form part of the on-site Amenity Area. A separate access and screening divider should be installed to separate users from Child Care, General use and residential tenant use Amenity Area.
- (16) Projections into side and front yard setbacks are permitted in accordance with Section 7.24 Table 14: Permitted Encroachments.

Parking, Access and Connectivity

- (17) Where there is a private internal roadway, the design and location of parking shall meet the requirements of this Bylaw.
- (18) No idling signs shall be marked on vehicle stalls abutting adjacent existing residential development.
- (19) Development within this district must address the following to the satisfaction of the Development Authority:
 - a. Pedestrian access, sidewalks, and walkway connections through the site between buildings, parking and Amenity Areas, and cross-walks at the perimeter of the site.
 - b. Vehicular access and circulation routes, including loading facilities, waste/recycling collection, and snow storage or removal.
- (20) Vehicular access shall be limited to and provided only from Edmonton Trail SE and in accordance with an approved Transportation Impact Assessment.
- (21) Retention of the Regional Pathway located within the southeast segment of the site shall be preserved.
- (22) Notwithstanding Section 4.1 (3) additional overflow parking for non-residential related uses may utilize existing off-site perpendicular parking located directly adjacent and north of the subject site within Public Right-of-Way at the discretion of the Development Authority at the time of Development Permit.
- (23) Notwithstanding Section 4.4 Parking Stall Requirements within Land Use Bylaw B-01/2016, on-site parking provisions for the site shall be as follows and in accordance with an approved Parking Study:

On-Site Parking Provisions	
Residential	84
Visitor	14
Commercial	40
Total On-Site Parking	138

- (24) On-site parking provisions shall be provided through a combination of surface and underground parking arrangements.
- (25) Notwithstanding Section 4.12 (2) a parking stall may be located within a rear and side yard setback, subject to the following:

- (a) A new 2.0m tall wood fence along the southern property line with tight spread landscaping, to the satisfaction of the Development Authority.
- (b) Improvements to the existing wood fence with tight spread landscaping along the west property line that results in the creation of an enhanced wooden fence to mitigate noise and sightlines from the subject site, to the satisfaction of the Development Authority.
